THE SUMMER SESSIONS

THE UNIVERSITY IN THE NATIONAL EMERGENCY

The George Washington University is responding to the demands of the Government for professionally and technically trained men and women by expanding the educational program of the 1942 Summer Sessions from one nine weeks' term to two six weeks' terms. Most of the basic courses of the regular year are now included in the course offerings of the Summer Sessions. By taking advantage of this opportunity for intensive summer study, the student may accomplish the equivalent of the work of a full semester, and materially shorten the time required for his degree.

The opening date of the Summer Sessions has been set so that a student graduating from High School in June may begin his college work immediately and by attending continuously, complete a four-year college program in two and one-half years. The student will be assisted to plan a program of study, so that, should it become necessary for him to enter the armed forces, the civilian public service, or a war production industry before he is graduated, he will be better prepared to make his contribution to the war effort.

The University is cooperating with the Navy Department in offering approved courses in the V-1, V-5, and V-7 programs which permit students to continue their college work in preparation for active service as enlisted men or officers. The University is also cooperating with the War Department in its program of air-cadet training. Full information regarding these and other training programs may be obtained in the Office of the Junior College.

Recognizing that college women will be called upon to assume additional responsibilities in business, industry, and the public service, the University is establishing a new curriculum to train administrative assistants. This program of studies which will culminate in a Bachelor of Science degree will be immediately useful in preparing women for war services as clerks, secretaries, supervisors, accountants, and

junior executives. The details of this program are described in a special bulletin which will be sent upon request.

Because of the vastly increased importance of Latin America in world affairs, the University is offering special courses in Spanish, Portuguese, and Latin American geography, economics, and political science. The details of this program are outlined in a special bulletin.

The professional schools of Engineering, Law, and Medicine are offering complete programs which are the equivalent of a full semester's work. Special catalogues of these schools will be sent upon request.

With the exception of the Law School and the School of Medicine, the first term of the Summer Sessions will extend from June 19 to August 4; the second term from August 5 to September 18. Courses in the School of Engineering and certain courses in chemistry and physics will continue throughout the thirteen-week Summer Sessions in one unbroken term. In the Law School the first term will be from June 15 to July 27; the second term, from July 28 to September 5.

THE UNIVERSITY

HISTORY AND ORGANIZATION

The idea of a university in the Capital of the Nation was sponsored by George Washington, who during his public life urged the establishment of such an institution and who in his will left fifty shares of stock in the Potomac (Canal) Company for the endowment of a university to be established in the District of Columbia "to which the youth of fortune and talents from all parts thereof might be sent for the completion of their Education in all the branches of polite literature;—in arts and Sciences,—in acquiring knowledge in the principles of Politics & good Government".

The George Washington University is the successor of Columbian College in the District of Columbia, which was chartered by an act of Congress of February 9, 1821. In 1873 the name was changed to "Columbian University" and in 1904 to "The George Washington University".

The University as it is now organized consists of the Junior College, comprising the work of the freshman and sophomore years; Columbian College, the senior college of liberal arts, which offers work leading to the Bachelor's and Master's degrees; the Graduate Council, which offers work leading to the degree of Doctor of Philosophy; the professional schools, which include Medicine, Law, Engineering, Pharmacy, Education, and Government; the Division of University Students, which leads to no degree but makes the work of the University accessible to the mature student; the Division of Extension; the Inter-American Center; and the Summer Sessions.

ACADEMIC STATUS

The George Washington University is on the approved list of the Association of American Universities, the standard accrediting body for the United States. This fact not only assures to students the academic standards of this accrediting body, but also is important to those who desire to transfer credits from one institution to another.

The University is also accredited by its regional accrediting agency, the Middle States Association of Colleges and Secondary Schools, and is on the approved list of the American Association of University Women.

The Law School is a charter member of the Association of American Law Schools and is approved by the Council of Legal Education of the American Bar Association. The School of Medicine is a member of the Association of American Medical Colleges, is one of the medical colleges which have been designated continuously as "class A" by the American Medical Association, and is accredited for all its work by the Combined (Royal) Medical Examining Boards in England. The School of Pharmacy is accredited by the American Council on Pharmaceutical Education and is a member of the American Association of Colleges of Pharmacy. The School of Engineering is on the accredited list of the Engineers' Council for Professional Development.

LOCATION

The George Washington University is in downtown Washington, four blocks west of the White House and east of the Potomac River with its extensive parkway. Within a few blocks are the buildings housing the offices of many of the departments of the Government, including the Department of State, the Department of the Treasury, the Department of War, the Department of Justice, the Department of the Navy, the Department of the Interior, the Department of Agriculture, the Department of Commerce, and the Department of Labor. The Corcoran Gallery of Art, the Pan American Union Building, and the National Academy of Sciences are also near by; and the Capitol and the Library of Congress are readily accessible.

EDUCATIONAL FACILITIES

Buildings, grounds, and equipment of the University are valued at \$4,500,000. The buildings of the colleges, schools, and divisions offering Summer Sessions work are in the vicinity of Twenty-first and G Streets NW., except for the School of Medicine which is at 1335 H Street NW.

The University Library.—The University Library contains more than 135,000 volumes, and with the exception of the law and medical collections is housed in the modern six-story Library building. The reserve reading room and the two-story main reading room are well appointed and invitingly cool for summer study. Periodicals are in the first-floor periodical room and the other facilities of the Library also readily accessible to the student are the reference room, card catalogue, and circulation desk on the second floor.

Regulations governing the use of the library: the circulation of books, and the use of reserve books and periodicals are available for distribution at the service desks of the Library.

The University Library, in Lisner Hall, is open from 8:30 A.M. to 9:30 P.M. Monday to Friday, and from 10:00 A.M. to 2:00 P.M. on Saturday.

The Law Library, in Stockton Hall, is open from 10:00 A.M. to 10:00 P.M. Monday to Friday, and from 1:00 to 5:00 P.M. on Saturday.

OTHER LIBRARY FACILITIES IN WASHINGTON

The student has access also to the Library of Congress; the Public Library of the District of Columbia and its branches; the Library of the Carnegie Endowment for International Peace; the Library of the Pan American Union; the Library of the Bureau of Railway Economics; the Library of the United States Department of Agriculture, with its scientific departmental collections; the Library of the United States Office of Education; the Army Medical Library; the Library of the Smithsonian Institution; and many other great special collections of the government departments.

RESEARCH FACILITIES OF WASHINGTON

The arrangement of the summer schedule of classes permits the full-time student to avail himself of the opportunity to study, at first hand, the working of the Federal Government and so to form a background for intelligent and useful citizenship.

In the departmental libraries of the Federal Government are a multitude of reports made by eminent specialists in all fields of science on the results of study and research in the bureaus, experimental stations, laboratories, museums, and observatories of the Nation.

In addition to the governmental collection the student has access to the research facilities of such scientific and educational groups, whose headquarters are situated in Washington, as the Carnegie Institution, the American Council on Education, the National Academy of Science, the National Research Council, the National Education Association, and the National Geographic Society.

THE SUMMER SESSIONS

ADMISSION

Applicants for admission must apply from the office of the Registrar, University of Alabama, in a written form which is available on request, and return to the office of the Registrar, University of Alabama, for consideration and action in the summer session and in the fall, winter, and spring. Further details may be obtained from the Registrar, University of Alabama.

For further information, applications for the Summer Session should reach the Registrar as early as possible.

THE SUMMER SESSIONS

ADMISSION

A student desiring admission must obtain from the Office of the Director of Admissions an application blank which he must fill out completely and return to the Office of the Director of Admissions.

Entrance requirements are stated in this bulletin under the various colleges, schools, and divisions. Further details may be obtained from the Director of Admissions.

To insure prompt action, applications for the Summer Sessions should be filed as early as possible.

METHODS OF ADMISSION

FOR THE STUDENT SEEKING A DEGREE

An applicant from a secondary school must send the high school record form furnished by the University to his high school principal, with the request that the principal fill out the form and mail it direct to the Office of the Director of Admissions.

An applicant who has previously attended an institution of higher learning should request the registrar of that institution to mail directly to the Office of the Director of Admissions a transcript of his record. If he has attended more than one such institution he must request the registrar of each institution to send to the Office of the Director of Admissions a transcript of his record, even though credits were not earned, together with an honorable dismissal.

FOR THE STUDENT NOT SEEKING A DEGREE

The student will be admitted to those courses for which he has adequate preparation and the approval of the instructor.

The student in this group will register in the Division of University Students.

REGISTRATION

Before a student may be admitted to registration he must have satisfied the Office of Admissions that he is qualified for entrance to the University. (See "Admissions".)

A student previously matriculated in the University but not in attendance during the semester preceding this registration must file an application for readmission in advance of registration.

TIME AND PLACE OF REGISTRATION

Registration, except in the Law School, will be conducted in the Hall of Government, 710 Twenty-first Street NW., from 11:00 A.M. to 7:00 P.M., Friday and Saturday, June 19 and 20, for the first term; Wednesday, August 5, for the second term.

Registration in the Law School will be conducted in Stockton Hall from 11:00 A.M. to 7:00 P.M., Monday, June 15, for the first term; Tuesday, July 28, for the second term.

LATE REGISTRATION

A fee of \$5 will be charged for all registrations after the stated registration days, except that in the Law School this fee will be charged for registrations after June 17 for the first term and after August 2 for the second term.

Registration for credit, except in the Law School, closes June 27 for the first term and August 12 for the second term. Registration for credit in the Law School closes June 22 for the first term and August 4 for the second term.

CHANGE IN REGISTRATION

Change in registration may be made only with the permission of the adviser or major professor and the dean or director of the college, school, or division concerned.

FEES AND FINANCIAL REGULATIONS

By authorization of the Board of Trustees, the following fees have been adopted, effective at the beginning of the Summer Sessions of 1942.

UNIVERSITY FEE

For each term or any part thereof*	\$4.00
For the student registered for credit.....	2.00
For the auditor†.....	

TUITION FEES

For each semester hour.....	8.00
-----------------------------	------

* Students registered for only those courses which extend over a single period of thirteen weeks (courses in engineering and certain courses in chemistry and physics) must pay a University fee of \$8.

† Payment of this fee does not entitle auditors to the general privileges to which payment of the preceding fee entitles resident students.

ADDITIONAL FEES AND DEPOSITS

Additional fees and deposits, such as laboratory and material fees and breakage deposits, are charged in certain courses as indicated in the course descriptions. Such fees are due with the tuition fee for the course. Breakage of apparatus is charged against the individual student, and the amount of breakage deposit paid in excess of actual breakage will be credited to the student's account at the end of the course.

SPECIAL FEES

Late-registration fee, for failure to register within the designated period	5.00
Service fee, for late payment of tuition, i.e., payment which is due on August 5 and is paid between August 6 and August 11, inclusive...	1.00
Reinstatement fee, for reinstatement after suspension for delinquency in fees	5.00
For examinations to qualify for advanced courses, and for all special examinations, for each subject.....	5.00

UNIVERSITY FEE

Payment of the University Fee covers all expenses incident to registration and, in addition, secures to each student in the Summer Sessions the following University privileges: (1) the issuance of three certified transcripts of record, if and when desired; (2) the use of the University library facilities, except as otherwise designated; (3) summer issues of the student newspaper; (4) medical and hospital services described below. These privileges, with the exception of the issuance of transcripts, cease when the student withdraws or is dismissed from the University.

Medical and Hospital Services.—These services include: (1) three visits by the University physician or surgeon, office or residence (District of Columbia) in any one illness, exclusive of a specialist, surgical operation, laboratory, or X-ray examinations; (2) hospitalization, including board, medicine, and nursing in the University Hospital for not more than two weeks during a school year—the necessity to be determined by the Director of Health Administration. The duration of hospitalization period (maximum, two weeks) is also to be determined by the Director of Health Administration.

The student is allowed, if he so desires, to engage physicians and nurses of his own choice, but when he does so he will be responsible for the fees charged.

This medical benefit does not apply to illness or disability incurred previous to the University term or prior to payment of the University registration fee.

PAYMENT OF FEES

All fees are payable at the Office of the Cashier, 725 Twenty-first Street NW. No student is permitted to complete registration or to attend classes until all fees are paid. Fees for each term are due in advance at the time of registration.

In exceptional cases, subject to the approval of the Comptroller, the student may sign a contract for the fees for courses in engineering and certain courses in chemistry and physics which are taught throughout one unbroken thirteen-week term, permitting two payments as follows: one half plus the University fee and deposits at the time of registration, and one half on August 5. The student whose fees are paid between August 6 and August 10 is charged a service fee of \$1.00. A student who fails to make this payment by August 11 will be suspended and may not attend classes until he has been officially reinstated and has paid all accrued fees and a reinstatement fee of \$5.00. A suspended student may not be reinstated for the session after one week from the date of suspension. Applications for reinstatement are to be made to the dean of the college or school or the director of the division in which the student is registered.

An auditor pays a University fee of \$2.00 a term and all other fees chargeable to the student registered for credit except the late-registration fee.

WITHDRAWALS AND REFUNDS

Registrations, except for courses in engineering and certain courses in chemistry and physics, are for the term, and no refunds or rebates are allowed, unless the registration is in advance and the course is dropped before the day of registration for the term involved.

If notice of withdrawal or change in schedule involving courses in engineering or those courses in chemistry and physics which extend over an unbroken term of thirteen weeks is received by the dean of the college or school or the director of the division concerned on or before August 4, the second payment will be cancelled or adjusted. Notification to an instructor is not an acceptable notice.

In no case will the University fee or any part of the initial payment of tuition be refunded because of nonattendance upon classes.

Payments apply only to the session for which registration charges are incurred and in no case will these payments be credited to another session or term.

Any student in chemistry who fails to check out of the laboratory on or before the date set by the instructor, unless excused by the instructor, shall forfeit the balance of his deposit. A student dropping a course before the end of the term must check out of the laboratory at once.

No permission to withdraw and no certificate to work done will be given a student who has not a clear financial record.

As the fiscal year of the University ends on August 31, no requests for refunds can receive consideration after that date.

STUDENT LIFE

SOCIAL AND RECREATIONAL PROGRAM OF THE UNIVERSITY

Provision is made for the social and recreational side of student life during the Summer Sessions. The Annual Summer Sessions Party opens the season and is followed by the Starlight Dances each Friday evening on the Lisner Terrace. Teas are arranged so that new students will have a chance to become acquainted with their fellow students.

The city of Washington affords a variety of recreational opportunities. Wooded trails for hiking, riding, and picnicking wind through Rock Creek Park. Water sports are available on the Potomac River and at nearby beaches on Chesapeake Bay. Tennis courts, golf courses, and other outdoor sports facilities are conveniently located near the University.

The National Symphony Orchestra presents a series of weekly concerts at the Potomac Watergate.

The Director of Recreation, whose office is in Building H, makes arrangements for recreational and social activities and each student is urged to make known to her any particular interests and any requests for assistance in making recreational plans.

LIVING ACCOMMODATIONS

Application for room reservations should be made well in advance of the term for which such accommodations are desired.

Forms for application, together with detailed information may be obtained from the Director of Personnel Guidance.

The prices stated below are subject to change without notice.

Women Students.—The Hattie M. Strong Residence Hall is open to women students. Single rooms with breakfast and dinner are \$52.50 a month. Double rooms with the same service are \$45.50 a month a person.

A woman student under twenty-three years of age who carries twelve or more semester hours of academic work must have her residence approved by the Director of Personnel Guidance before her University registration can be completed. Such approval should be secured at least one week before the beginning of registration.

Men Students.—Limited dormitory facilities are provided for men. Single rooms with breakfast and dinner are \$47.50 a month. Double rooms with the same service are \$42.50 a month a person. The men's fraternities have houses which provide living accommodations for their members.

A registry of near-by rooms is kept in the Office of the Director of Personnel Guidance where inquiries in respect to housing should be addressed. Single rooms range in price from \$20 to \$30 a month, double rooms from \$15 to \$20 a month a person. Rooms with board consisting of breakfast and dinner cost from \$40 to \$50 a month a person.

UNIVERSITY REGULATIONS

Academic Credit.—The Summer Sessions are an integral part of the University. Academic credit for completed work will be given toward the appropriate degrees in the various colleges and schools of the University in accordance with their separate regulations and requirements.

Residence.—Summer Sessions work may be counted in residence but the candidate for a degree must satisfy the residence requirements of the school or college concerned as stated in the general catalogue.

Amount of Work.—No full-time student may take more than nine semester hours of work during either term; no employed student, more than six semester hours. By carrying work in both terms, a full-time student may earn as much as eighteen semester hours; an employed student, twelve semester hours.

Any exception to these general regulations must be approved by the dean or director of the college, school, or division concerned.

The right is reserved to drop any student whenever, in the interest of the student or the University, the Faculty deems it advisable to do so.

The University is not responsible for the loss, in any University building, of personal property belonging to a student.

The University and its various colleges, schools, and divisions reserve the right to modify or change the requirements, rules, and fees of the University. Such regulations shall go into force whenever the proper authorities may determine and shall apply to every student of the University.

Detailed information concerning admission; scholarship requirements of the individual colleges, schools, and divisions; requirements for degrees may be obtained from the general catalogue, which is available on request at the Office of the Director of Admissions.

THE COLLEGES, SCHOOLS, AND DIVISIONS

The University is divided into three main divisions: the College of Arts and Sciences, the College of Business Administration, and the College of Education. Each division is further divided into several schools and departments.

THE JUNIOR COLLEGE

The Junior College provides the first two years of college work. It is designed for students who wish to enter the University after completing high school. The curriculum is similar to that of the College of Arts and Sciences, but with a greater emphasis on the liberal arts.

THE COLLEGES, SCHOOLS, AND DIVISIONS

The University is divided into three main divisions: the College of Arts and Sciences, the College of Business Administration, and the College of Education. Each division is further divided into several schools and departments.

The College of Arts and Sciences

The College of Arts and Sciences is the largest of the three divisions. It offers a wide range of programs in the liberal arts, sciences, and social sciences.

Liberal Arts Department

The Liberal Arts Department provides a broad-based education in the humanities, social sciences, and natural sciences. It emphasizes critical thinking, communication, and problem-solving skills.

Schools of Instruction

The College of Arts and Sciences is divided into several schools and departments. The School of Arts and Sciences is the largest and offers a wide range of programs. The School of Business Administration offers programs in business management, marketing, and finance. The School of Education offers programs in elementary and secondary education. The School of Law offers a Juris Doctor degree. The School of Medicine offers a Doctor of Medicine degree. The School of Nursing offers a Bachelor of Science degree. The School of Public Health offers a Master of Public Health degree. The School of Social Work offers a Bachelor of Social Work degree. The School of Journalism offers a Bachelor of Science degree. The School of Music offers a Bachelor of Music degree. The School of Fine Arts offers a Bachelor of Fine Arts degree. The School of Architecture offers a Bachelor of Architecture degree. The School of Engineering offers a Bachelor of Science degree. The School of Computer Science offers a Bachelor of Science degree. The School of Environmental Science offers a Bachelor of Science degree. The School of Geology offers a Bachelor of Science degree. The School of Chemistry offers a Bachelor of Science degree. The School of Physics offers a Bachelor of Science degree. The School of Mathematics offers a Bachelor of Science degree. The School of Statistics offers a Bachelor of Science degree. The School of Economics offers a Bachelor of Science degree. The School of Political Science offers a Bachelor of Science degree. The School of History offers a Bachelor of Science degree. The School of Anthropology offers a Bachelor of Science degree. The School of Sociology offers a Bachelor of Science degree. The School of Psychology offers a Bachelor of Science degree. The School of Philosophy offers a Bachelor of Science degree. The School of Religion offers a Bachelor of Science degree. The School of Interdisciplinary Studies offers a Bachelor of Science degree. The School of Honors offers a Bachelor of Science degree. The School of International Studies offers a Bachelor of Science degree. The School of Global Studies offers a Bachelor of Science degree. The School of Environmental Studies offers a Bachelor of Science degree. The School of Health Studies offers a Bachelor of Science degree. The School of Leadership Studies offers a Bachelor of Science degree. The School of Public Administration offers a Bachelor of Science degree. The School of Urban Studies offers a Bachelor of Science degree. The School of Community Development offers a Bachelor of Science degree. The School of Social Policy offers a Bachelor of Science degree. The School of Human Services offers a Bachelor of Science degree. The School of Criminal Justice offers a Bachelor of Science degree. The School of Forensic Science offers a Bachelor of Science degree. The School of Cybersecurity offers a Bachelor of Science degree. The School of Data Science offers a Bachelor of Science degree. The School of Artificial Intelligence offers a Bachelor of Science degree. The School of Robotics offers a Bachelor of Science degree. The School of Space Science offers a Bachelor of Science degree. The School of Oceanography offers a Bachelor of Science degree. The School of Atmospheric Science offers a Bachelor of Science degree. The School of Earth Science offers a Bachelor of Science degree. The School of Planetary Science offers a Bachelor of Science degree. The School of Astrophysics offers a Bachelor of Science degree. The School of Cosmology offers a Bachelor of Science degree. The School of Particle Physics offers a Bachelor of Science degree. The School of Nuclear Physics offers a Bachelor of Science degree. The School of Quantum Physics offers a Bachelor of Science degree. The School of String Theory offers a Bachelor of Science degree. The School of Superstring Theory offers a Bachelor of Science degree. The School of M-Theory offers a Bachelor of Science degree. The School of Loop Quantum Gravity offers a Bachelor of Science degree. The School of String Theory offers a Bachelor of Science degree. The School of Superstring Theory offers a Bachelor of Science degree. The School of M-Theory offers a Bachelor of Science degree. The School of Loop Quantum Gravity offers a Bachelor of Science degree.

THE COLLEGE, SCHOOLS, AND DIVISIONS

THE COLLEGES, SCHOOLS, AND DIVISIONS

Information concerning specific requirements for certificates and degrees is omitted from this bulletin. For such information, the student is referred to the general catalogue.

THE JUNIOR COLLEGE

The Junior College includes the first two years of college work. Its curricula are intended to continue the studies of a general cultural nature begun in secondary school, and to lay a foundation for the more specialized work which is to follow.

The Junior College also provides the preprofessional work required for admission to the schools of Law, Pharmacy, Education, and Government, and the first two years of premedical and prelegal work.

In addition it provides a two-year terminal curriculum in Secretarial Studies and a two-year terminal curriculum in Accounting for students who wish strictly vocational training in these subjects.

THE CERTIFICATE

The Junior College offers work leading to the Junior Certificate.

ENTRANCE REQUIREMENTS

An acceptable certificate of graduation from an accredited secondary school is required. The acceptability of the certificate depends upon the student's character and the quality of his work.

COURSES OF INSTRUCTION

A Junior College student may not take second-group courses (courses numbered 101-200) without the written permission of the instructor and of the Dean of the Junior College. A student will not be permitted to postpone a first-group course, required under the curriculum for which he is registered, in order to take a second-group course for elective credit. The principle that first-group courses must be taken in the Junior College years, and advanced courses in Columbian College and the professional schools, will be rigidly adhered to in approving student programs.

COLUMBIAN COLLEGE

Columbian College, the senior college of liberal arts and sciences, comprises the work of the junior and senior years and the Master of Arts and Master of Science disciplines.

THE DEGREES

Columbian College offers work leading to the following degrees: Bachelor of Arts, Bachelor of Science, Master of Arts, and Master of Science.

In cooperation with the School of Medicine, Columbian College offers work leading to the combined degrees of Bachelor of Arts and Doctor of Medicine.

In cooperation with the Law School, Columbian College offers work leading to the combined degrees of Bachelor of Arts and Bachelor of Laws.

ENTRANCE REQUIREMENTS

For the Bachelor's Degrees.—A Junior Certificate based on the appropriate curriculum in the Junior College, or the equivalent, is required. Scholarship requirements may be somewhat higher than those for graduation from the Junior College.

For the Master's Degrees.—An approved Bachelor's degree from an accredited institution and a transcript of studies previously pursued, which show a superior quality of work in the major field, are required.

THE GRADUATE COUNCIL

The Graduate Council offers work leading only to the degree of Doctor of Philosophy. Because the basis for work under the Graduate Council is primarily creative research, regular study in specific courses is considered quite incidental and is therefore not emphasized in connection with the curricula of the Summer Sessions. A student wishing to work under the disciplines of the Graduate Council will consult the Chairman of the Graduate Council for information concerning credentials and candidacy.

THE SCHOOL OF MEDICINE

The George Washington University School of Medicine, recognizing the urgent need for medical services during the war period, reorganized its traditional course in the summer of 1941 so that

Chemistry Laboratory

students could take advantage of the summer months to advance themselves toward early graduation.

Each year of the medical curriculum has traditionally been divided into two semesters of sixteen weeks each. Under the accelerated program the calendar year will be divided into three terms of sixteen weeks each, and it will thus be possible in one calendar year to accomplish the work previously done in one and one-half academic years. The regular four-year course may thus be completed in three years.

Formerly students have been admitted only at the beginning of the fall term. Under the present plan two classes will be admitted each calendar year. The first class will be admitted in June 1942, the second class in February 1943, and succeeding classes every alternate term.

In approving the plan adopted by the Faculty of the School of Medicine, the Board of Trustees authorized its continuance for the period of the war.

For specific information concerning the School of Medicine, see the catalogue of the School of Medicine.

THE LAW SCHOOL

The Law School is continuing in the Summer Session the plan of instruction adopted in September 1941 to enable students to meet national defense needs. The work is organized into two terms of six weeks each. Each subject is given for a term and is completed at the end of the six weeks with final credit upon passing the examination.

The Dean's Council will endeavor in every way consistent with proper educational standards to approve such special arrangements as may be necessary to meet the individual problems arising from the demands made upon students by the National Emergency. Students who have such problems are requested to submit them to the Dean of the Law School for the full and immediate consideration of the Dean's Council.

For specific information concerning the Law School, see the catalogue of the Law School.

THE SCHOOL OF ENGINEERING

Beginning with the 1942 Summer Sessions, the School of Engineering is accelerating its program by the addition of a full third term of thirteen weeks. This summer term, equivalent to one semester of the regular academic year, makes it possible for stu-

COURSES OF INSTRUCTION

The courses of instruction herein listed are subject to change without notice. They are offered in the Junior College, Cambridge College, the School of Business, the School of Medicine, the Law School, the School of Engineering, the School of Education, the School of Agriculture, and the Division of University Studies.

Classes meet daily except Saturday unless otherwise indicated.

Instruction in Liberal Studies

The following courses, numbered from 1 to 100, are planned for the first two years of instruction. With the approval of the faculty, they may also be taken by a student who has completed the first year of instruction.

COURSES OF INSTRUCTION

The following courses, numbered from 101 to 150, are planned for the third and fourth years of instruction. They may be required for graduation, or they may be taken for elective credit. The student is advised at the beginning of the course by the dean of the college, and by the faculty of instruction, to determine the amount of additional work that has been assigned by the faculty of instruction.

The following courses, numbered from 151 to 200, are planned for the graduate student. They are open with the approval of the faculty of instruction to the qualified student, and may be taken in the Junior College, or in any other university.

Instruction in the Faculty of Arts

The number of semester hours of credit given for the various courses is indicated in the column indicated in parentheses at the end of the course.

BRIEF

First Term

Instruction in the Faculty of Arts

The student who is a member of the faculty of instruction, and who is a member of the faculty of instruction, is advised at the beginning of the course by the dean of the college, and by the faculty of instruction, to determine the amount of additional work that has been assigned by the faculty of instruction.

COURSES OF INSTRUCTION

COURSES OF INSTRUCTION

The courses of instruction listed below are subject to change. Courses are offered in the Junior College, Columbian College (the senior college), the School of Medicine,* the Law School, the School of Engineering,* the School of Education, the School of Government, and the Division of University Students.

Classes meet daily except Saturday unless otherwise indicated.

EXPLANATION OF COURSE NUMBERS

First-group courses, numbered from 1 to 100, are planned for the student in the freshman or sophomore year. With the approval of the adviser and the dean, they may also be taken by a junior or senior. In certain instances, they may be taken by a graduate student to make up undergraduate deficiencies or as prerequisite to advanced courses, but they may not be credited toward a higher degree.

Second-group courses, numbered from 101 to 200, are planned for the student in the junior or senior year. They may be credited toward higher degrees only when registration for graduate credit has been approved at the beginning of the course by the dean responsible for the graduate work and by the officer of instruction, and when the completion of additional work has been certified by the officer of instruction.

Third-group courses, numbered from 201 to 300, are planned primarily for the graduate student. They are open, with the approval of the officer of instruction, to the qualified senior; they are not open to the Junior College student or any other undergraduate.

INDICATION OF THE AMOUNT OF CREDIT

The number of semester hours of credit given for the satisfactory completion of a course is in most cases indicated in parentheses after the name of the course.

BOTANY

FIRST TERM

- 1 *Structure and Functions of the Flowering Plant* (3) Yocum

The typical plant as a working mechanism, with the emphasis on the general biological significance of plant physiology. Material fee, \$4.50. 10:30 A.M. and two hours of laboratory to be arranged. (Room: C-200)

* See special bulletin.

SECOND TERM

- 2 *Survey of the Plant Kingdom* (3) Yocum
Study of the different kinds of plants, with emphasis on the evolution of the plant kingdom; practice in identifying flowering plants. Material fee, \$4.50. 10:30 A.M. and two hours of laboratory to be arranged. (Room: C-200)

BUSINESS ADMINISTRATION

FIRST TERM

- 51 *Principles of Accounting* (3) Kennedy
Principles and procedures of double-entry accounting with special reference to single proprietorships. 6:00 P.M. (Room: Gov. 200)
- 115 *Business Finance* (3) Kennedy
Survey of financial policies involved in new enterprises; study of capital structures, promotion, earnings, surplus, reorganization, and governmental regulation. 7:00 A.M. (Room: Gov. 200)
- 151 *Advanced Accounting* (3) Kennedy
Corporation accounting and advanced valuation problems. 7:10 P.M. (Room: Gov. 202)

SECOND TERM

- 52 *Principles of Accounting* (3) Owens
Accounting principles applied to partnerships and corporations; the valuation problem. 6:00 P.M. (Room: Gov. 200)
- 101X *Business Organization and Control* (3) Owens
Simple and interrelated forms of business enterprise and their control by government. 7:00 A.M. (Room: Gov. 203)
- 102 *Business Management* (3) _____
Organization and management of a business with particular reference to a manufacturing concern. 6:00 P.M. (Room: Gov. 202)
- 152 *Advanced Accounting* (3) Owens
Consolidated statements, actuarial science, insolvency, and estates and trusts. 7:10 P.M. (Room: Gov. 102)

CHEMISTRY

FIRST TERM

- 11 *General Chemistry** (4) Van Evera, Van Horn
For students who are beginning the study of chemistry and for those with high school chemistry who fail the qualifying examination in Chemistry 12. Material fee, \$9; breakage deposit, \$10. 9:20 A.M. to 1:20 P.M. (Room: Cor. 39)

* This is the first half of a full course and no credit is allowed until the second half is completed. The second half, bearing the next successive number, is offered in the second term of the Summer Sessions and during the next academic year.

- 21 *Inorganic Qualitative Analysis* (4) Knowles
Prerequisite: Chemistry 12. Required of all students of engineering and pharmacy, and recommended for premedical students. Material fee, \$9; breakage deposit, \$10. 9:20 A.M. to 1:20 P.M. (Room: Cor. 35)
- 131 *Advanced Inorganic Chemistry** (2) Naeser
Chemistry and its theories from the standpoint of the periodic table, with major emphasis on the more common elements. Prerequisite: Chemistry 112 and 152. 6:00 P.M. (Room: Cor. 37)
- 151 *Organic Chemistry** (4) Mackall, Wrenn
Chemistry of the acyclic carbon compounds. Prerequisite: Chemistry 12; however, students are advised to take Chemistry 21 and 22 before entering this course. Lecture (3), laboratory (1). Material fee, \$9; breakage deposit, \$10. 9:20 A.M. to 1:20 P.M. (Room: Cor. 37)
- 297 *Research* The Staff
Hours, credits, and fees to be arranged.
- 299 *Thesis* (3) The Staff
Material fee, \$12; breakage deposit, \$10. Hours to be arranged.

SECOND TERM

- 12 *General Chemistry* (4) Van Evera, Van Horn
Prerequisite: Chemistry 11 or high school chemistry with the permission of the instructor. Material fee, \$9; breakage deposit, \$10. 9:20 A.M. to 1:20 P.M. (Room: Cor. 39)
- 22 *Inorganic Quantitative Analysis* (4) Knowles
Prerequisite: Chemistry 21 or the equivalent. The principles of gravimetric and volumetric analysis. Material fee, \$12; breakage deposit, \$10. 9:20 A.M. to 1:20 P.M. (Room: Cor. 35)
- 132 *Advanced Inorganic Chemistry* (2) Naeser
Continuation of Chemistry 131. Prerequisite: Chemistry 131. 6:00 P.M. (Room: Cor. 37)
- 152 *Organic Chemistry* (4) Mackall, Wrenn
Chemistry of the cyclic carbon compounds. Continuation of Chemistry 151. Lecture (2), laboratory (2). Material fee, \$12; breakage deposit, \$10. 9:20 A.M. to 1:20 P.M. (Room: Cor. 37)
- 155x *Organic Chemistry: Preparations* (2) Wrenn
The synthesis of carbon compounds, and a study of the fundamental techniques of purification. Prerequisite: Chemistry 22 and 152. Material fee, \$12; breakage deposit, \$10. 10:00 A.M. to 1:00 P.M. (Room: Cor. 41)

* This is the first half of a full course and no credit is allowed until the second half is completed. The second half, bearing the next successive number, is offered in the second term of the Summer Sessions and during the next academic year.

- 191X *History of Chemistry* (2) Mackall
The development of Chemistry and the biographies of eminent contributors to the science. Prerequisite: Chemistry 152; prerequisite or concurrent registration: Chemistry 22. 7:00 P.M. (Room: Cor. 35)
- 298 *Research* The Staff
Continuation of Chemistry 297. Hours, credits, and fees to be arranged.
- 300 *Thesis* (3) The Staff
Continuation of Chemistry 299. Material fee, \$12; breakage deposit, \$10. Hours to be arranged.

FIRST AND SECOND TERMS

- 122 *Advanced Quantitative Analysis* (4) Naeser
Application of the fundamental principles of analysis to more difficult separations and determinations. Prerequisite: Chemistry 22. Material fee, \$12; breakage deposit, \$10. June 19 to September 18. 7:00 to 10:00 P.M. (Room: Cor. 34)
- 253 *Advanced Synthetic Organic Chemistry* (3) Wrenn
A critical study of the reactions employed in the synthesis of organic compounds. June 19 to September 18. 7:00 P.M. (Room: Cor. 37)

ECONOMICS

FIRST TERM

- I *Introductory Economics** (3) Watson
Survey of the major economic institutions and economic problems in contemporary society.
Section A: 8:10 A.M. (Room: Gov. 202)
Section B: 7:10 P.M. (Room: Gov. 200)
- 105 *Economic Theory* (3) Burns
Analysis of several major types of contemporary economic theory. 7:00 A.M. (Room: Gov. 201)
- 115 *Economic Geography of Latin America* (3) ———
Physical geography, climate, natural resources, crops, and industrial development of Latin America. 6:00 P.M. (Room: Gov. 203)
- 169 *Economics of War* (3) Watson
The problems of production, price control, and finance in the defense preparation and war economies; post-war problems. 6:00 P.M. (Room: Gov. 300)
- 179 *The Level of Employment and Income* (3) Burns
Intensive study of the theories of Keynes and of other modern economists. 7:10 P.M. (Room: Gov. 303)
- 186X *Economic Problems of Latin America* (3) Corliss
Recent trade and financial problems and government policies. 7:10 P.M. (Room: Gov. 305)

* Economics 1-2 is prerequisite to all other courses in economics.

SECOND TERM

- 2 *Introductory Economics** (3) Kerr
Continuation of Economics 1.
Section A: 8:10 A.M. (Room: Gov. 202)
Section B: 7:10 P.M. (Room: Gov. 200)
- 144 *Current Labor Problems* (3) Fairley
Labor allocation in a war economy; problems of social insurance; trend in labor unions. 6:00 P.M. (Room: Gov. 305)
- 164 *Federal Finance* (3) Musgrave
Intensive study of the finances of the Federal Government; budget making; operations of the Treasury; federal expenditures, taxes, and debt. 7:10 P.M. (Room: Gov. 306)

EDUCATION

FIRST TERM

- 130x *The Use of the Community in the Teaching of the Social Studies* (3) Coyner
Class will visit points of historical interest in and around Washington and work out units in the social studies in connection with them. 11:40 A.M. (Room: Lis. 402)
- 156x *Secondary Education: The Junior and Senior High School* (3) Jarman
Development; purpose; relation to elementary education; organization and administration; guidance; program of studies; community relationships. 6:00 P.M. (Room: D-207)
- 187 *Organization and Administration of Guidance* (3) Hager
For graduate students and teachers of experience. A survey of the principles and techniques of guidance with particular reference to the organization of a guidance program in a school system. 11:40 A.M. (Room: D-201)
- 206x *Instruction and the Curriculum* (3) Hall
Basic reasons for improving instruction; a pragmatic approach to curriculum revision; aims, procedures, scope, sequence, and materials of instruction; evaluation, supervision, and teacher preparation. 8:10 A.M. (Room: D-202)
- 209 *Principles of Teaching* (3) Hall
Child growth and development; the social heritage; principles of learning; the teacher and his preparation; techniques of teaching. 9:20 A.M. (Room: D-202)
- 217 *Contemporary Problems in Education* (3) Jarman
Designed to help students formulate a personal philosophy of education. Discussion of conflicting points of view in present-day education. 8:10 A.M. (Room: D-203)

* Economics 1-2 is prerequisite to all other courses in economics.

- 225 *Seminar: Elementary Education in the Intermediate Grades* (3) Coyner
Unique function of these grades; their problems; research studies reported; curricular development. 10:30 A.M. (Room: Lis. 402)
- 255 *Secondary Education* (3) Fox
For experienced teachers. A review of recent developments. 10:30 A.M. (Room: D-205)
- 271 *Administration: The Teacher and School Administration* (3) Fox
For teachers and prospective administrators. Organization of public education—local, state, and federal; administrative problems of concern to teachers; effective human relationships in administration. 9:20 A.M. (Room: D-205)
- 293 *Individual Study* (3) The Staff
A limited number of students will be permitted to enroll on an individual study basis for the following courses regularly offered in the winter sessions:
History of American Education
Extra-classroom Activities in Secondary Schools
Teaching of Geography
Adult Education
Early Childhood Education
Problems in Secondary School Science
Administration of Secondary Education
The Teacher and School Supervision
Organization and Administration of a School System
Management Problems of the Superintendent
- 297-98 *Thesis* (3-3) Consultative Committee
Program of research arranged with committee.
(See also announcements of courses under other departments; especially Psychology and Sociology.)

ENGLISH

FIRST TERM

- I *Freshman English* (3) Adams
Grammatical review, exercises in composition, study and criticism of literary forms.
Section A: 9:20 A.M. (Room: C-202)
Section B: 6:00 P.M. (Room: C-202)
- 51 *Introduction to English Literature* (3) Tupper
From the beginnings to about 1800. 6:00 P.M. (Room: D-202)
- 71 *Introduction to American Literature* (3) Bolwell
From 1620 to the Civil War. 10:30 A.M. (Room: D-201)
- 136x *Shakespeare's Principal Tragedies* (3) Tupper
A study of Shakespeare's literary and theatrical technique in his principal tragedies. 7:10 P.M. (Room: D-202)

- 165 *Recent trends in Contemporary Literature* (3) Baker
A study of contemporary poetry and prose, chiefly British. 9:20 A.M.
(Room: D-102)
- 176x *The American Novel* (3) Bolwell
Chronological development of fiction from the beginnings to the present day. 6:00 P.M. (Room: D-201)
- 193 *Introduction to the Study of Poetry* (3) Baker
The teaching and interpretation of poetry. 8:10 A.M. (Room: D-102)

SECOND TERM

- 2 *Freshman English* (3) Smith, Clark
Continuation of English I.
Section A: 9:20 A.M. (Room: C-202)
Section B: 6:00 P.M. (Room: C-202)
- 52 *Introduction to English Literature* (3) Shepard
From 1800 to the present day. 6:00 P.M. (Room: D-202)
- 72 *Introduction to American Literature* (3) Cole
From the Civil War to the present day. 10:30 A.M. (Room: D-201)

CALENDAR

The Summer Session will include two terms of six weeks each. Classes in the first term will begin Monday, June 15, and end Friday, July 24. Examinations will be held July 27. Classes in the second term will begin Tuesday, July 28, and end Friday, September 4. Examinations will be held Saturday, September 5.

THE LAW SCHOOL IN THE NATIONAL EMERGENCY

The Law School is continuing in the summer the plan of instruction adopted in September 1941 to enable students to meet national defense needs. The work is organized into two terms of six weeks each. Each subject is given for a term and is completed at the end of the six weeks with final credit upon passing the examination. Students may take work in either or both terms.

The Dean's Council will endeavor in every way consistent with proper educational standards to approve such special arrangements as may be necessary to meet individual problems arising from the demands made upon students by the National Emergency. Students who have such problems are requested to submit them to the Dean of the Law School for the full and immediate consideration of the Dean's Council.

In the field of Public Law, made doubly important by the present emergency, the course in Administrative Law I is given during the first term.

ACADEMIC AND RESIDENCE CREDIT

The Summer Session is a regular part of the work of the School. Credit, both academic and residence, is given for subjects completed by qualified students.

CHANGED ADMISSION REQUIREMENTS

For the duration of the present national emergency students will be admitted to regular standing who present scholastic records showing the satisfactory completion of not less than three-fourths of the work required for graduation from an approved college.

Students in regular standing in other approved law schools may be admitted as unclassified students for the Summer Session only.

Qualified students are permitted to begin the study of Law in either term of the Summer Session.

REGISTRATION

Students will be registered only when proper credentials have been filed and approved. The registration days will be Monday, June 15, for the first term; Tuesday, July 28, for the second term. A late-registration fee of \$5 will be charged students registering on or after July 17 for the first term and on or after August 2 for the second term.

FEES

Fees are as follows: University fee for each term, \$4; tuition fee, for each semester hour of credit, \$8; late-registration fee, \$5; reinstatement fee, \$5.

Fees for each term are payable in advance at the beginning of the term. No refund of fees can be granted because of withdrawal during a term or because of absence from classes. A student who is compelled to withdraw before the end of the term should notify the Dean of the Law School in writing as promptly as possible.

HOURS OF INSTRUCTION AND CREDITS

Classes are held in the forenoon from 10:30 A.M. to 12:40 P.M. and in the evening from 6:30 P.M. to 8:40 P.M., Monday to Thursday, inclusive.

Full time students may obtain a maximum of eight semester hours in each term by taking work in the forenoon and in the evening.

Students with substantial outside employment may obtain a maximum of four semester hours each term by attending in either the morning or the evening.

COURSES OF INSTRUCTION

(First-year courses, 101-200; second-year courses, 201-300; third-year courses, 301-400.
Graduate students may take third-year courses not already completed.)

FOREWORD

IN THE year 1821, by an act of the Congress of the United States, this University received its charter. It was under this law that two groups of men, members of the Baptist church under the guidance of Luther Rice, and national leaders under the direction of James Monroe, President of the United States, and John Quincy Adams, Secretary of State, worked together to establish an institution of learning which was to carry out the plan of George Washington, "the establishment of a University . . . to which the youth of fortune and talent from all parts (of this country) might be sent for the completion of their education in all the branches of Polite Literature, in the Arts, and in the Sciences—in acquiring knowledge in the principles of Politics and good Government."*

Down through the years this University, named for the Father of Our Country, and dedicated to his educational ideal, has aided thousands of young men and women to grow in intellect and to strengthen character.

* From the will of General George Washington.

Now, the needs of our nation are such that our national leaders urge students, however difficult it may be for them, to remain in college that they may obtain intellectual equipment for their chosen work, and more than that, develop an eager and understanding attitude toward their place in life. Each one must be willing and able to impose upon himself a high degree of discipline under which he will forego many of his individual desires in order that he can assume the serious duties of militant citizenship.

In presenting this bulletin we have prepared for you, we have tried to depict the University environment in which our students discipline themselves—develop courtesy, resourcefulness, personality, character, and statesmanship by means of the spirit and liberty of true learning.

THE ACCELERATED PROGRAM

THE George Washington University is meeting the educational responsibilities of war-time with an accelerated program, designed to satisfy immediate war needs and the needs of the post-war future. Through a readjustment of its educational program, the University is giving full attention to the present national requirements, and at the same time is recognizing the necessity for young men and women to plan for careers after the war.

The accelerated program of study, made possible by means of year-round instruction on a three-term basis, is established to reduce the time required for the completion of college work. The University has traditionally operated on a schedule of two winter terms and one summer session. In order to establish the accelerated program, however, the summer session has been extended to two six-weeks' sessions to form one University term. Students may register for either or both of these, except in the Schools of Medicine and Engineering where the summer term is unbroken. By registering in both sessions, students may earn a full term's credit—a maximum of eighteen credit

hours for the full time student, twelve credit hours for the part-time student. Under the accelerated plan, students have the opportunity of completing a regular four year course leading to a degree in two and two-thirds years. The University courses are arranged so that high school graduates and students transferring from other institutions may enter at the beginning of any term.

In response to the demand of the Government for college-trained men in the armed forces, The George Washington University is cooperating actively with the War and Navy Departments in the establishment of student military reserve courses.

Along a campus walk, students meet and linger.

Enrollment in one of these programs permits the student to complete his college course before entering the service. The following courses are offered:

Navy V-1 Program. The University is one of the institutions providing the approved Navy Course for students wishing to enlist in the Navy, carry on college work, and train for officers' commissions.

Army Air Force Enlisted Reserves. The George Washington University has been designated by the Army Air Force as one of the universities in which students may be enrolled who have enlisted in the Army Air Force Enlisted Reserve.

Army Enlisted Reserve. The University is cooperating with the United States Army in its program to enlist college students in a reserve status and thus to permit them to continue their studies until called to active service.

In addition to these, the University offers the following courses to meet special war needs:

C. A. A. Courses. Since 1939, The George Washington University has provided primary ground courses and primary flight training courses for students wishing to become pilots. Many of these students have already been accepted in the Army and Navy Air Corps.

Specialized Defense Courses. The School of Engineering has provided more than fifty defense courses in such varied subjects as naval architecture, map making and reading, contracts, and radio. More than 5,000 students have been enrolled in these courses. Most of these students were sent to the University by the Government agencies in which they were employed for added training to increase their proficiency in the government service.

THE UNIVERSITY'S ACADEMIC STATUS

The George Washington University is approved by the Association of American Universities, the standard accrediting body for institutions of higher education in the United States, and is accredited by the Middle States Association of Colleges and Secondary Schools. It is on the approved list and is a corporate member of the American Association of University Women. The colleges and schools of the University are accredited members of their respective professional associations.

Phi Beta Kappa, Sigma Xi, Omicron Delta Kappa, and Mortar Board Senior Society, the leading national academic and activity honor societies, have chapters in the University.

COLLEGES, SCHOOLS, AND DIVISIONS OF THE UNIVERSITY

THE JUNIOR COLLEGE

The Junior College offers freshman and sophomore courses leading to the Junior Certificate. This Certificate is the basis of admission to advanced cultural courses in Columbian College and to the professional courses in the several schools of the University. The Junior College requirements which usually take two full years may be completed under the accelerated program in a year and two summer terms. This will enable the high school graduate at seventeen or eighteen years of age to complete at least two years of college work before registration for selective service.

In response to the constantly increasing demand of business employers for men and women who have general or special college training in addition to business preparation, the University has established a two-year curriculum leading to the Junior Certificate in Secretarial Studies, and a two-year curriculum leading to the Junior Certificate in Accounting.

COLUMBIAN COLLEGE

Columbian College, where students complete their studies for undergraduate degrees and carry on through the Master's work in arts and sciences, is accelerating its program to meet the needs of its students. Through the liberalized elective program greater opportunity is provided for specialized training which will aid the student to prepare himself for service in the armed forces, in public administration, or in industry.

THE GRADUATE COUNCIL

The Graduate Council supervises the studies of candidates for the degree of Doctor of Philosophy and has no specific residence requirements. Students may register at any time and proceed in their research under the direction of the Consultative Committees and the appointed Master without regard to the University calendar.

Because of the proximity of the Law School to the Federal and District courts, George Washington students are constant observers of their procedures.

THE LAW SCHOOL

Students taking advantage of the three terms may complete their study in two years. A student who has satisfactorily completed two years' work in Arts and Sciences or in Engineering may enter the Law School. Under the accelerated program a student may finish his pre-legal training and the law school course in three and one-third years.

THE SCHOOL OF ENGINEERING

The School of Engineering program is accelerated by the establishment of a single thirteen-week summer term, the equivalent of one term's work.

THE SCHOOL OF PHARMACY

The School of Pharmacy is training students for specialized service in the armed forces and offers courses for those who wish to work in Civilian Defense. Under the accelerated program, a student may complete one term's work in the summer toward the fulfillment of the requirements for the degree in Pharmacy.

THE SCHOOL OF EDUCATION

Our country faces a shortage of teachers. The young man or woman holding a degree from the School of Education is virtually assured of a position in either an Elementary or Secondary school. The School of Education has adopted its program to meet the needs of students wishing to begin work in any session.

Experiments in laboratory testing require concentration and exactness of electrical engineers-to-be.

The School of Pharmacy develops leaders for the profession and in its laboratories conducts drug studies.

ENROLLMENT AND FACULTY

As the University has sought to keep pace with the needs of this fast-growing city, new courses of instruction, new schools, colleges, and divisions have been added to the University.

In the period of more than 120 years, the University's schools, colleges, and divisions have increased until today approximately 10,000 students register yearly. This figure includes students in the Engineering Defense Training Courses and those in the Extension Division, which offers classes to groups in states of Virginia, West Virginia, and Maryland. The University has had for many years the largest enrollment of schools located in the South Atlantic Section.

Its highly trained Faculty of more than 450 offers training in the Nation's Capital comparable to that given by the Universities in the other capitals of the world.

Mechanical engineering is highly important today. In this laboratory students meet all types of machines "face to face".

The School of Government offers specialized training as suggested by its curricula in Public Affairs, Foreign Service, Foreign Commerce, Public Administration, Business Administration, Business and Government Statistics, Public Finance, Public Accounting, and Public Personnel Administration.

THE DIVISION OF UNIVERSITY STUDENTS

Those who seek the stimulus that comes from study and classroom contacts, but who are not working toward a degree, are served through the Division of University Students. The Division offers the opportunity for mature students to take courses with the view to increasing their efficiency in the job or in the national effort. Students from other universities and colleges who are located temporarily in Washington will find here a means of continuing their academic work until such time as they are able to resume study in their home institutions.

THE SCHOOL OF MEDICINE

Due to the great demand for medical officers, Selective Service officials are permitting students enrolled in medical schools to complete their courses. These students upon graduation are commissioned in the medical corps of some branch of the service.

The George Washington University Medical School is operating on a three term basis. Under this plan students may be graduated in two and two-thirds years. Formerly students have been admitted only at the beginning of the fall term. Under the present plan two classes will be admitted each calendar year. The first class was admitted in June 1942; the second class will enter in February 1943, and succeeding classes every alternate term.

Cooperation with the Army and Navy Medical Centers and the Surgeons' General Library gives the University's medical students a scholarly advantage that is reflected in the quality of professional attainment.

GUIDANCE FOR STUDENTS

The officers of the University are glad to consult with students or prospective students upon their educational and vocational problems. Under the Department of Psychology a corps of trained persons aid in such guidance by making available to students educational aptitude and pre-professional testing. Every student, as he or she becomes a member of the University, is assigned an adviser.

THE EXTENSION DIVISION

The Extension Division offers courses in Maryland, Virginia, West Virginia, and the District for students unable to attend classes on the campus proper. The courses are of two types, credit and non-credit. The credit courses are the equivalent of those given on campus. The non-credit courses are designed to develop self-expression and to promote cultural development.

In the physiological laboratory of the School of Medicine rigorous training is given in experimental method and in standards of scientific proof.

STUDENT SPORTS

The University sponsors teams for intercollegiate competition in football, basketball, baseball, golf, rifle, tennis, and handball. A full program of intramural sports is maintained which includes participation in touch football, basketball, softball, golf, tennis, bowling, volley ball, table tennis, badminton, boxing, swimming, horseback riding, and wrestling.

Sports for women are promoted through the Women's Athletic Association, which conducts all inter-class activities, and through the Intramural Board, which promotes inter-sorority competition. Soccer, hockey, modern dance, golf, tennis, horseback riding, ice skating, rifle, canoeing, swimming, archery, badminton, and basketball compose the physical education program.

The Hattie M. Strong Hall, gift of Mrs. Henry Alvah Strong, is the college residence of one hundred ten women students. It affords a beautiful home equipped with all modern conveniences. An illustrated booklet with full details may be had on request.

Staughton Hall provides dormitory facilities for approximately eighty men. For the benefit of students, a register of rooms is kept in the Office of the Director of Personnel Guidance. The men's fraternities have residence houses to accommodate their members.

HEALTH ADMINISTRATION

A staff of eight physicians administers the student health service of the University. The staff is composed of specialists in eye, ear, nose, and throat care, a surgeon, a dentist, and general practitioners. A physician is in residence on the University campus at all times. A student may apply to any of these physicians, according to his special needs, for personal attention. All entering students are given a thorough medical examination, and all who wish to participate in athletics are required to pass a rigid examination at the beginning of each semester. Through student reports and those of University officials, the University attempts to keep informed as to all cases of illness among its students. This service is primarily diagnostic in its intent. First aid is provided also in the event of an emergency.

The University Health Service aids students in "keeping fit."

THE UNIVERSITY AND THE COMMUNITY

The Lisner Auditorium, like other campus buildings, is a medium through which the University serves the community. At all times responsive to community needs, the University has made its buildings available to organizations of Washington and has planned its curricula to meet local and national problems.

As part of its community service, the University stages debate and journalistic meetings for high school students, sponsors conferences for the Parent-Teacher Association of Washington, holds public lectures on subjects of national and international import, and conducts an Extension Service for the education of adults in the outlying areas of Washington. A post-graduate clinic in medicine, for the discussion of modern medical problems, is an outstanding feature of the University's

WAR SERVICE OPPORTUNITIES IN THE GEORGE WASHINGTON UNIVERSITY

THE UNIVERSITY AND WAR SERVICE

The George Washington University is meeting the educational responsibilities of war-time with an accelerated program, designed to satisfy immediate war needs and the needs of the post-war future. Through a readjustment of its educational program, the University is giving full attention to the present national requirements, and at the same time is recognizing the necessity for young men and women to plan for careers after the war.

THE ACCELERATED PROGRAM

The accelerated program of study made possible by year-round instruction on a three term basis and set up to meet the demands of a nation at war for professionally and technically trained men and women is established to reduce the time required for the completion of college work.

This program will enable students entering from high schools to complete what has formerly been considered a four-year college program in two and two-thirds years. Under special guidance the students entering The George Washington University will be assisted to plan their study so that, should it become necessary for them to enter the armed forces, the civilian public service, or a war production industry before they are graduated, they will be better prepared to make their contributions to the war effort.

PREPARATION FOR THE ARMED SERVICE

The George Washington University cooperates with the several services in the following ways:

Registered students may:

(a) Accept a commission while in college. Such commissions are available in the Army Medical Corps; the Naval Reserve Class H-V(P); Medical Corps; and the Naval Volunteer Reserve, which includes aviation, engineering, and ordnance.

(b) Enlist while in college in the Army Reserve which includes Army Enlisted Reserve Corps, the Army Air Forces Enlisted Reserve; the Naval Reserve under Class V-1, Class V-5 (naval aviation), Class V-7 (engineering); or the Marine Corps Candidates Class for Commission.

(i)

Such students have the opportunity of meeting the qualifications for a commission and at the same time of completing college work.

(c) Apply during the senior year for Coast Guard Reserve Cadetships.

Students following plans *a*, *b*, or *c* will be deferred until such time as they have completed the course undertaken or until the emergency becomes so great that it is necessary for them to be called into active service. Full information concerning these opportunities is available at the Office of the Junior College.

PREPARATION FOR WARTIME BUSINESS, INDUSTRY, OR THE PUBLIC SERVICE

Administrative Assistants Curriculum.—Recognizing the need for office executives and that college women will be called upon to assume the responsibilities of many men who enter the Armed Service, the University is establishing a new curriculum to train as administrative assistants. This program of studies will lead to a Bachelor of Science degree.

Latin American Program.—The University is offering courses in Spanish and Portuguese, and in Latin American literature, geography, economics, history, and political science.

Oriental Languages.—Courses are offered in elementary and advanced Japanese and in elementary Chinese.

Full information concerning these courses is available at the Office of the Director of Admissions.

ENGINEERS DEFENSE TRAINING PROGRAM

The School of Engineering of The George Washington University was the first school in the country to start classes in the Engineers Defense Training Program of the Federal Government. Since December 1940, when the program was inaugurated, 5,500 students have received training in this University in one or more of the following fields: Construction, Electrical Motor Applications and Control, Drafting, Factory Production Procedures, Fire Protection Engineering, Map Making, Ship Construction, Radio, Vacuum Tubes, Water Supply, Sewerage, and Camp Sanitation.

For further information consult the Director of the Defense Training Program in the School of Engineering.

THE UNIVERSITY AND CIVILIAN TRAINING

The University has established a program of Civilian Defense both to meet the specific problems of its own protection in the event of air raids and to train individuals for service in their home communities as first aid workers and fire fighters.

HISTORY AND ORGANIZATION

HISTORY

The idea of a university located in the Capital of the Nation was conceived by George Washington, who desired for the city the highest educational institution of which he had dreamed and which he felt was the basis of all that he wished to build. The first step was the establishment of a university to be situated in the District of Columbia. In 1790 the first act of Congress was passed, known as the "Act for the Establishment of a University in the District of Columbia." This act provided for the creation of a university to be situated in the District of Columbia, and for the appointment of a board of trustees to manage the same. The act also provided for the appointment of a president and a faculty of the university.

THE UNIVERSITY

HISTORY AND ORGANIZATION

HISTORY

The idea of a university located in the Capital of the Nation was sponsored by George Washington, who during his public life urged the establishment of such an institution and who in his will left fifty shares of stock in the Potomac (Canal) Company for the endowment of a university to be established in the District of Columbia "to which the youth of fortune and talents from all parts thereof might be sent for the completion of their Education in all the branches of polite literature;— in arts and Sciences,—in acquiring knowledge in the principles of Politics & good Government".

It was George Washington's hope that the "General Government" would extend toward such an institution "a fostering hand". No steps were taken by Congress to carry out the provision of Washington's will, and the stock that he had bequeathed for the establishment of a university in the District of Columbia became valueless owing to the failure of the Potomac Canal properties.

Meanwhile, however, a movement was started by private persons under the leadership of Luther Rice to establish an institution of higher learning at the seat of the National Government for the education of the Baptist ministry and to afford general collegiate training. In 1819 an association was formed by Luther Rice, Obadiah B. Brown, Spencer H. Cone, and Enoch Reynolds for the purpose of raising funds to buy land for the use of the college.

A group of the Nation's leaders who were especially interested in Washington's idea became patrons of the college and contributed to funds raised for the purchase of land and erection of buildings. Among them were James Monroe, President of the United States; William H. Crawford, Secretary of the Treasury; John C. Calhoun, Secretary of War; William Wirt, Attorney General; Return J. Meigs, Postmaster General; and thirty-two members of the Congress.

Legally to implement the college a petition was made to Congress for the incorporation of "the General Convention of the Baptist Denomination in the District of Columbia for evangelical and literary purposes". This petition was denied by Congress, on April 26, 1820, because of its sectarian character.

Failing to obtain a denominational charter, members of the association enlarged their objective to embrace national aims, and with the sponsorship of Government leaders there was presented in Congress a

bill for the incorporation of "the Columbian Society for literary purposes", it being proposed to realize in this way "the aspirations of Washington, Jefferson and Madison for the erection of a university at the seat of the federal government".

Acting upon this second petition, on February 9, 1821, Congress chartered Columbian College in the District of Columbia, inserting in the charter by special action the provision "That persons of every religious denomination shall be capable of being elected Trustees; nor shall any person, either as President, Professor, Tutor or pupil, be refused admittance into said College or denied any of the privileges, immunities or advantages thereof, for or on account of his sentiments in matters of religion".

Thus Columbian College in the District of Columbia was chartered by Congress as one of the early nonsectarian institutions of higher learning in the United States, under the distinguished favor of President James Monroe and members of his Cabinet.

A tract of approximately forty-seven acres, extending about one-half mile northwest of Boundary Street (Florida Avenue) between 14th and 15th Streets, was purchased and by 1822 the main building was completed sufficiently to use.

Two years later, when the first Commencement was held on December 15, 1824, Congress and the Supreme Court adjourned their sessions to enable their members to attend the exercises. President Monroe, John Quincy Adams, John C. Calhoun, Henry Clay, and the Marquis de Lafayette headed the eminent company in attendance.

The School of Medicine, established in 1821, was formally opened in 1825 and has been in continuous operation since that time. The Law School, organized in 1826, was discontinued the following year, and was reestablished in 1865. It is the oldest law school in Washington.

By an act of Congress of March 3, 1873, the name of the college was changed to "Columbian University", in recognition of the enlarged scope of the institution. The following year the University was moved from its first location on "College Hill", now Columbia Heights, to the new University Hall built for it at Fifteenth and H Streets. Near-by buildings accommodated the School of Medicine.

For a period of six years, from 1898 to 1904, the University was placed under control of the Baptist Denomination. In 1904 an act restoring the original secular character of the University and authorizing change of name to The George Washington University was passed by Congress.

Subsequently all the colleges, schools, and divisions of the University except the School of Medicine, which is situated on H Street between Thirteenth and Fourteenth Streets NW., were brought together at the present location in the city block bounded by Twentieth, Twenty-first, G, and H Streets NW., and in the blocks adjacent.

In 1930 a new plan of academic organization for the liberal arts work was effected. The Junior College was established, comprising the work of the freshman and sophomore years. The junior and senior years were retained in Columbian College, which was designated the senior college of letters and sciences. As a further step, the year of study leading to the Master's degree was separated from the graduate work for the Doctor's degree and assigned to Columbian College. The Graduate Council was organized to administer the work for the degree of Doctor of Philosophy. These innovations were accompanied by the establishment of a carefully controlled independent study plan, the grouping of departments of instruction under the divisional type of organization, and the institution of a new plan of administration both for the undergraduate major and for the Master's work.

THE COLLEGES, SCHOOLS, AND DIVISIONS

The George Washington University includes thirteen colleges, schools, and divisions, as follows: the Junior College; Columbian College, the senior college of letters and sciences; the Graduate Council; the School of Medicine; the Law School; the School of Engineering; the School of Pharmacy; the School of Education; the School of Government; the Division of University Students; the Division of Extension; the Inter-American Center; and the Summer Sessions.

ACADEMIC STATUS

The George Washington University is on the approved list of the Association of American Universities, the standard accrediting body for the United States. This fact not only assures to students the academic standards of this accrediting body, but also is important to those who desire to transfer credits from one institution to another.

The University is also accredited by its regional accrediting agency, the Middle States Association of Colleges and Secondary Schools, and is on the approved list of the American Association of University Women.

The Law School is a charter member of the Association of American Law Schools and is approved by the Council of Legal Education of the American Bar Association. The School of Medicine is a member of the Association of American Medical Colleges, is one of the medical colleges which have been designated continuously as "class A" by the American Medical Association, and is accredited for all its work by the Combined (Royal) Medical Examining Boards in England. The School of Pharmacy is accredited by the American Council on Pharmaceutical Educa-

tion and is a member of the American Association of Colleges of Pharmacy. The School of Engineering is on the accredited list of the Engineers' Council for Professional Development.

LOCATION

The George Washington University is in downtown Washington, four blocks west of the White House and an equally short distance from the Potomac River with its extensive parkway. Within a few blocks are many of the departments of the Government, including the Department of State, the Department of the Treasury, the Department of War, the Department of Justice, the Department of the Navy, the Department of the Interior, the Department of Agriculture, the Department of Commerce, and the Department of Labor. The Corcoran Gallery of Art, the Pan American Union Building, and the National Academy of Sciences are also near by, and the Capitol, the Library of Congress, and the National Gallery of Art are readily accessible to the University.

GOVERNMENT

The government and general educational management of The George Washington University are vested in a self-perpetuating Board of Trustees, with the President of the University as member *ex officio*. The members of the Board are named for a period of three years and are divided into three classes. The members of one class are elected at each annual meeting to fill the places of the members whose terms of office expire. Two members of each class are nominated by the Alumni Association.

ENDOWMENT

The endowment of the University is \$2,394,802. This figure does not include funds temporarily functioning as endowment.

EDUCATIONAL FACILITIES

BUILDINGS

Buildings, grounds, and equipment are valued at approximately \$6,000,000.

The buildings of the Junior College, Columbian College, the Graduate Council, the Law School, the School of Engineering, the School of Pharmacy, the School of Education, the School of Government, and the Division of University Students are grouped in the vicinity of Twenty-first and G Streets NW. The School of Medicine, the University Hospital, and the Dispensary are situated at Fourteenth and H Streets NW. The buildings of the University are as follows:

Corcoran Hall, 725 Twenty-first Street. Named in honor of the late William W. Corcoran, benefactor of the University and a former member of the Board of Trustees. Office of the Comptroller; offices of the School of Pharmacy; the School of Engineering; the chemistry, electrical engineering, pharmacy, and physics laboratories; classrooms.

Faculty Club House, 714 Twenty-first Street.

Gymnasium, 2010-12 H Street.

Hall of Government, 710 Twenty-first Street. The gift of Mrs. Henry Alvah Strong, Trustee of the University. Offices of the School of Government; of the departments of Business Administration, Economics, History, Political Science, and Statistics.

Hospital and Dispensary, 1339 H Street.

International House, 2121 G Street. Offices of the Adviser to Students from Foreign Countries and the Director of the Inter-American Center; club rooms.

Lisner Auditorium, 730 Twenty-first Street. The gift of Abram Lisner, late Trustee of the University. The Auditorium; offices and classrooms of the Department of Public Speaking.

Mechanical Engineering Building, 735 Twenty-first Street. Offices of the School of Engineering; engineering testing laboratories, general laboratories, drafting rooms, and classrooms.

Office of the President, 2003 G Street.

School of Medicine, 1335 H Street. Offices of the Staff of the School of Medicine; anatomy, bacteriology, biochemistry, histology and embryology, pathology, pharmacology, and physiology laboratories; the Medical Library; lecture rooms; classrooms; students' rooms.

Sorority Halls:

2129 G Street, Apartments of Pi Beta Phi, Sigma Kappa, Phi Mu, Alpha Delta Pi, Delta Zeta, Zeta Tau Alpha, and Kappa Kappa Gamma sororities.

802 Twenty-first Street, Apartments of Chi Omega and Kappa Delta sororities.

Stockton Hall, 720 Twentieth Street. Named in honor of the late Rear Admiral Charles Herbert Stockton, President of the University from 1910 to 1918. Offices, library, and lecture halls of the Law School.

- Staughton Residence Hall for Men, 717 Twenty-second Street. Named in honor of William Staughton, the first President of the University (1821-1827).
- Strong Residence Hall for Women, 620 Twenty-first Street. Named in honor of the donor, Mrs. Henry Alvah Strong.
- University Library, 2023 G Street. The gift of Abram Lisner, late Trustee of the University. The library; rooms of the Board of Trustees and the Graduate Council.
- Woodhull Building, 2033 G Street. Gift of the late General Maxwell Van Zandt Woodhull, former Trustee of the University. Offices of the Director of Personnel Guidance, the Alumni Secretary; University Women's Club.
- Building A, 2026 G Street. Offices of the departments of Geology and Romance Languages.
- Building B, 2024 G Street. Laboratories and classrooms of the Department of Home Economics.
- Building C, 2029 G Street. Offices of the Registrar, the Director of Admissions, the Dean of the Junior College, and the Dean of Columbian College; offices and laboratories of the departments of Biology, Botany, and Zoology; the Student Club; classrooms.
- Building D, 2013 G Street. Offices of the Dean of University Students, the Dean of the Summer Sessions, and the Business Manager; offices of the departments of Art, Classical Languages, English, Germanic Languages, Mathematics, Philosophy, and Psychology; classrooms.
- Building F, 700 Twentieth Street. Offices of the Dean of the School of Education, the Division of Extension, the Department of Education, and the Department of Sociology.
- Building G, 712 Twentieth Street. Offices of the University Physician for Women and of the Department of English.
- Building H, 714-16 Twentieth Street. Offices and locker rooms of the Department of Physical Education for Women.
- Building I, 716 Twenty-first Street. Offices of the Department of Physical Education for Men.
- Building J, 718 Twenty-first Street. Pharmacy research laboratories.
- Building K, 2113 H Street, Office of the Department of Journalism; office of student publications.
- Building L, 2131 G Street. Offices of the Press Bureau, the Student Life Committee, student organizations; engineering drafting rooms; heating and ventilating, soils, mechanics, and welding laboratories.

THE UNIVERSITY LIBRARY

The University Library contains more than 135,000 volumes. The well equipped six-story Library building houses all of the library except the law and medical collections. The Library includes, in addition to the general collection, the library of the late Professor Richard Heinzel, of the University of Vienna, which contains 7,200 books and pamphlets on Germanic philology and literature and cognate branches; the library of the late Professor Curt Wachsmuth, of the University of Leipzig, which contains 7,900 books and pamphlets on Greek and Roman literature, archeology, and history; the Mount Vernon Alcove, which contains 4,000

volumes on political history, international law, and the social sciences; a representative collection of Spanish American books, the gift of the governments of Hispanic America; the Chauncey Mitchell Depew Public Speaking Library of approximately 500 volumes, the gift of the late Mrs. Chauncey M. Depew; and the Art Collection, which contains over 2,000 volumes, mainly on architecture, and the Russell Sturgis collection of 7,500 mounted photographs. About 1,000 of the last-named volumes constitute a collection made available by the American Institute of Architects.

OTHER LIBRARY FACILITIES

The student has access also to the Library of Congress; the Public Library of the District of Columbia and its branches; the Library of the Carnegie Endowment for International Peace; the Library of the Pan American Union; the Library of the Bureau of Railway Economics; the Library of the United States Department of Agriculture, with its scientific departmental collections; the Library of the United States Office of Education; the Army Medical Library; the Library of the Smithsonian Institution; and many of the other great special collections of the government departments.

GOVERNMENTAL INSTITUTIONS ACCESSIBLE TO STUDENTS

The Congress of the United States has made the scientific resources of the Government accessible to students under the terms of the following joint resolution, approved April 12, 1892:

Resolved by the Senate and House of Representatives of the United States of America, in Congress assembled, That the facilities for research and illustration in the following and any other Governmental collections now existing or hereafter to be established in the city of Washington for the promotion of knowledge shall be accessible, under such rules and restrictions as the officers in charge of each collection may prescribe, subject to such authority as is now or may hereafter be permitted by law, to the scientific investigators and to students of any institution of higher education now incorporated or hereafter to be incorporated under the laws of Congress or of the District of Columbia, to wit:

- One. Of the Library of Congress.
- Two. Of the National Museum.
- Three. Of the Patent Office.
- Four. Of the Bureau of Education.
- Five. Of the Bureau of Ethnology.
- Six. Of the Army Medical Museum.
- Seven. Of the Department of Agriculture.
- Eight. Of the Fish Commission.
- Nine. Of the Botanic Gardens.
- Ten. Of the Coast and Geodetic Survey.
- Eleven. Of the Geological Survey.

ADMISSION

All departments of the University accept men and women.

Students may enter any college, school, or division of the University except the School of Medicine at the beginning of the fall term, the winter term, or either session of the summer term.

Entrance to the School of Medicine is permitted only at the opening of alternate terms, beginning in June 1942.

GENERAL ADMISSION REQUIREMENTS

The following factors are considered in determining the eligibility of an applicant for admission:

1. The adequacy of previous academic work as preparation for the course of study now contemplated—including quantity and quality of work and the standing of the institution in which it was done.
2. The aptitude of the student for the course contemplated.
3. The character of the student.

The University reserves the right to refuse admission to any student who has a previous academic record of such grade as to create doubt of his ability to pursue college work successfully, or who for any other reason would not be a desirable student.

APPLICATION FOR ADMISSION

An applicant for admission must obtain from the Office of the Director of Admissions an application blank which he must fill out completely and return.

A recent photograph, with signature, of the applicant must be attached to the blank.

To insure prompt action, applications should be filed not later than July 1 for the fall term, January 1 for the winter term, and May 1 for the summer term. Applications for admission to the School of Medicine should be filed as far in advance as possible because qualified applicants far outnumber the capacity of the School.*

An applicant from a secondary school must send the high school record form provided by the University to his high school principal with the

* A fee of \$3 to defray the costs of completing the records for final consideration for admission to the School of Medicine must accompany each application.

request that the principal fill out the form and mail it *direct* to the Office of the Director of Admissions.

An applicant who has previously attended an institution of higher learning must request the registrar of that institution to mail directly to the Office of the Director of Admissions a transcript of his record. If he has attended more than one such institution he must request the registrar of each institution to send to the Office of the Director of Admissions a transcript of his record, *even though credits were not earned*, together with an honorable dismissal from the institution last attended.

METHODS OF ADMISSION

FROM SECONDARY SCHOOLS

An applicant from a secondary school may be admitted by certificate or examination.

By Certificate

A certificate of graduation with a minimum of fifteen "units"* from an accredited secondary school and the recommendation from the principal of the secondary school that the applicant is prepared to undertake college work will be accepted subject to the following conditions:

1. If the school is accredited by the regional accrediting association, the student must rank not lower than the fourth fifth of his class.
2. If the school is not listed by the regional accrediting association, but has been accredited by the state accrediting agency, the student must rank in the upper two fifths of his class. The Committee on Admission and Advanced Standing may review the case of a student in the third or fourth fifth and, when such action is warranted by evidence of progress in the last two years of work, may permit such a student to take a special aptitude test, from the results of which the committee will determine his eligibility or ineligibility.

By College Entrance Board Examinations

An applicant who cannot be admitted by certificate may qualify by passing satisfactorily College Entrance Board examinations as prescribed by the Director of Admissions. These examinations are given at The George Washington University in 1943 on April 10, June 4 and 5, and September 8 and 9.

Arrangements for the examinations should be made with the College Entrance Examination Board, 431 West 117th Street, New York City, not less than one month before the date of the examinations.

* A unit represents a year's study in a secondary school subject, including in the aggregate not less than 120 sixty-minute periods of prepared classroom work.

FROM HIGHER INSTITUTIONS*

An applicant for advanced standing is admitted upon the presentation of satisfactory credentials from an accredited institution of higher learning. The student must be in good standing as to scholarship and conduct, and must be eligible to return to the previously attended institution in the term for which he seeks admission to this University.

If the transcript of record from such an institution includes the record of his secondary school work, it is not necessary for the applicant to have forwarded a separate record directly from the principal of the secondary school. High school work is considered only as fulfilling entrance requirements; it is never credited toward advanced standing.

Properly certified courses taken at accredited colleges or universities may be applied toward a degree at this University, subject to the curriculum requirements and regulations of the school or college to which admission is sought. Work of low pass grade (such as *D* or the equivalent) may not be considered for transfer.

ENTRANCE REQUIREMENTS

THE JUNIOR COLLEGE

An acceptable certificate of graduation from an accredited secondary school, or the satisfactory passing of College Entrance Board examinations selected with the approval of the Director of Admissions is required. (See "Methods of Admission".)

Distribution of Units for All Curricula except Premedical.—Except for admission to the premedical curriculum, certification by the principal that the student has satisfied all curriculum requirements of the school will be accepted in lieu of any prescribed distribution of units. Attention is called, however, to the necessity of completing stated prerequisite studies during the secondary school period for admission to certain curricula. For a statement of the foreign-language requirements, see page 57.

Distribution of Units for the Premedical Curriculum.—The several state medical boards govern the granting of licenses to practice; hence their requirements as to high school credits must be met exactly. The fifteen units required must include three in English, two in one foreign language, one in algebra, one in geometry, one in history, and one in science (botany, chemistry, physics, or zoology). Eleven of the units offered must be in the above subjects.

* The University reserves the right to refuse advance credit in whole or in part, or to allow it provisionally. Credit so given may be withdrawn for subsequent poor work.

COLUMBIAN COLLEGE (THE SENIOR COLLEGE)

Two years of Junior College work leading to the Junior Certificate, or the lower-division work in institutions not organized on the junior-senior-college plan, following a specified curriculum, meet the minimum requirements of Columbian College. In addition, however, scholarship requirements for admission may be set somewhat higher than those for graduation from the Junior College.

For the Bachelor's Degrees

Bachelor of Arts.—A Junior Certificate based on curriculum A-I* in the Junior College, or the equivalent (see page 55 and table facing page 58), is required.

Bachelor of Science.—A Junior Certificate based on curriculum A-II in the Junior College, or the equivalent (see page 55 and table facing page 58), is required.

For the Master's Degree

An approved Bachelor's degree from an accredited higher institution is required. A student from an unaccredited institution may be admitted at the discretion of the Committee on Admission and Advanced Standing, but he will be required to take such extra work above the minimum requirements as may be prescribed. A superior quality of work in the major field is essential.

Applications for admission must be approved by the department or division and by the Dean.

Master of Arts.—The student's undergraduate curriculum must include a program of study substantially equivalent to a major in his chosen field, together with an appropriate distribution of courses in other fields, or he must complete this prerequisite work in addition to that required for the Master's degree.

Master of Science.—The student's undergraduate curriculum must include the equivalent of the undergraduate major of the scientific department under which he desires to work.

THE GRADUATE COUNCIL

Doctor of Philosophy.—The student must possess an adequate academic preparation for advanced study in the proposed field, as evidenced by approved Bachelor's and Master's degrees, or the equivalent, together with acceptable personal qualities and capacity for creative work.

* A Junior Certificate based on curriculum A-II is acceptable for the combined Bachelor of Arts and Doctor of Medicine degrees. For details see "Curriculum Requirements", under Columbian College.

THE SCHOOL OF MEDICINE

Doctor of Medicine.—Ninety* credit hours of work, exclusive of physical education, in an accredited higher institution are required. Pre-medical college requirements must be completed.

Specific Educational Requirements

SECONDARY SCHOOL REQUIREMENTS

Of the fifteen secondary school units required, three must be in English, two in one foreign language (ancient or modern), one in algebra, one in geometry, one in history, and one in science (botany, chemistry, physics, or zoology). Eleven of the units offered must be in English, foreign language, mathematics, science, and history.

PREMEDICAL COLLEGE REQUIREMENTS

NINETY CREDIT HOURS

1. Chemistry, sixteen credit hours as follows: (a) eight credit hours in general inorganic chemistry, of which at least four credit hours are laboratory work (qualitative analysis may be counted as general inorganic chemistry); (b) eight credit hours of organic chemistry, of which four credit hours are laboratory work.

2. Physics, eight credit hours, of which at least four credit hours are laboratory work. It is recommended that this course be preceded by one in trigonometry.

3. Biology, eight credit hours, of which at least four credit hours are laboratory work. This requirement may be satisfied by a course of eight credit hours in either general biology or zoology, or by four credit hours each in zoology and botany, but not by botany alone.

4. English composition and literature, six credit hours: the usual introductory college course or the equivalent. The student should develop facility in speaking and writing English.

5. Modern foreign language: a reading knowledge, preferably of French or German.

6. Electives. It is recommended that the remaining credit hours required include: (a) comparative vertebrate anatomy; (b) qualitative and quantitative chemical analysis; (c) social science and psychology.

Advanced Standing

A student who has satisfactorily attended another "class A" medical school for one or more years, and who has the necessary preliminary

* Students registered in the premedical curriculum of this University during the academic year 1940-41 may satisfy this requirement with a Junior Certificate or the equivalent from an accredited higher institution. Premedical college work for such students must total at least sixty credit hours including the premedical college requirements

educational requirements, may be admitted to advanced standing. No student, however, will be admitted to advanced standing in the senior class.

THE LAW SCHOOL

For the Degrees in the Professional Course

Bachelor of Laws.—During the present national emergency, not less than one half the work necessary for graduation from an approved college or university is required.

Juris Doctor.—The degree of Bachelor of Arts or the equivalent from an approved college or university is required.

ADVANCED STANDING

Advanced standing toward the degree of Bachelor of Laws may be granted for work successfully completed in other law schools which are members of the Association of American Law Schools.

Advanced standing toward the degree of Juris Doctor will not be granted for work in other law schools.

For the Degrees in the Graduate Course

Master of Laws.—The degree of Bachelor of Arts or the equivalent from an approved college or university and the degree of Bachelor of Laws from an approved law school are required.

Doctor of Juridical Science.—The following are required: (1) the degree of Juris Doctor from this Law School; or (2) the degree of Bachelor of Arts from an approved college, the degree of Bachelor of Laws or the equivalent (earned with high rank), from an approved law school, outstanding capacity for scholarly work in the field of law, and acceptance as a candidate by the Dean's Council of the Law School.

Unclassified Students

A person eligible for admission to regular standing but not a candidate for a degree may, at the discretion of the Dean, be admitted as an unclassified student.

A person who is in good standing as a candidate for a degree in another approved law school may, at the discretion of the Dean, be admitted as an unclassified student. Work taken by an unclassified student will not be accepted for credit toward a degree at this Law School.

THE SCHOOL OF ENGINEERING

An acceptable certificate of graduation from an accredited secondary school, or the satisfactory passing of College Entrance Board examinations in secondary school subjects selected with the approval of the Director of Admissions is required.

Nine and one-half of the fifteen units required for entrance must be distributed as follows: three in English, two in algebra, one in plane geometry, one-half in plane trigonometry, one in physics or chemistry, and two in one foreign language or history. A graduate of an approved high school who does not offer for admission the particular subjects required for the engineering curriculum, but who does present not less than fifteen acceptable units, may be admitted on condition, if such deficiency in the distribution of units does not exceed two units. If the deficiency is more than two units, it is frequently possible to admit an otherwise qualified student to the Junior College (liberal arts college) as an unclassified student for such period as may be necessary to permit him to make up such units by taking college courses designed for this purpose.

THE SCHOOL OF PHARMACY

A Junior Certificate based on the curriculum in Pharmacy* in the Junior College, or the equivalent is required.

A student who has received a Bachelor's degree from an accredited institution or who has completed work in the general cultural or foundational subjects of the pharmacy curriculum may be admitted to advanced standing. No more than one year of advanced standing will be granted a student from any institution other than an accredited college of pharmacy.

THE SCHOOL OF EDUCATION

Bachelor of Arts in Education, Bachelor of Science in Home Economics, Bachelor of Science in Physical Education.—A Junior Certificate based on curriculum D-I,* D-II,* or D-III-IV* in the Junior College, or the equivalent from another accredited higher institution, or a certificate of graduation from an approved normal school or the equivalent is required.

For the Degree of Master of Arts in Education

A Bachelor's degree from an accredited institution, or the completion of a course of study that is the equivalent is required. A student from an unaccredited institution whose work is judged by the Faculty to be not more than twelve credit hours short of that required for an approved Bachelor's degree may remove his deficiencies while registered for the Master's degree.

For the Degree of Doctor of Education

The degree of Master of Arts in Education or the equivalent, and at least three years of satisfactory educational experience are required.

* See page 55 and the chart facing page 59.

THE SCHOOL OF GOVERNMENT

For the Bachelor's Degree

A Junior Certificate based on curriculum E* in the Junior College, or the equivalent is required.

For the Master's Degree

A Bachelor's degree from an accredited institution, or evidence of a course of study that is judged by the Faculty to be the equivalent is required. A student from an unaccredited institution may be admitted at the discretion of the Dean's Council, but he will be required to take such extra work above the minimum requirements as may be prescribed.

The course of study pursued for the Bachelor's degree must be approved by the Dean as having provided the proper basic training. If this course of study is deemed inadequate, additional undergraduate work will be required. The Dean may permit deficiencies to be made up concurrently with work for the degree.

THE DIVISION OF UNIVERSITY STUDENTS

The student who is twenty-one years of age or over (or in special cases arising out of the national emergency, nineteen years of age or over) and who has not attended another institution within the year preceding his application to this University may register without filing records.

The student twenty-one years of age or over who has attended another institution within the year preceding application to this University must request a statement of good standing and honorable dismissal from the last institution attended.

The student under twenty-one years of age must submit complete and satisfactory credentials.

In special instances, with the permission of the instructor, a person may be registered as an "auditor" in a class without being required to take active part in the exercises or to pass examinations, but no credit will be allowed for such attendance.

For the adult student who does not present the work of a satisfactory high school certificate, a program of studies of college grade may be outlined by the Office of the Director of Admissions. Such work completed with a grade of at least *C* in the Division of University Students, may be converted into the equivalent of high school units in the ratio of three credit hours to one unit and applied toward the entrance requirements of the college or school to which admission is sought.

* See page 55 and the chart facing page 59.

CLASSIFICATION OF STUDENTS

REGULAR STUDENTS

Regular students are those who have met the entrance requirements for candidacy and are registered for certificates or degrees.

UNIVERSITY STUDENTS

Persons of mature age, as specified in the rules of the Division of University Students, may be admitted to that Division to pursue courses for which they have had adequate preparation. In special instances, with the permission of the instructor, a person may register as an auditor in a class without being required to take active part in the exercises or to pass examinations, but no credit will be allowed for such attendance. (See the announcement of the Division of University Students.)

Additional information concerning curricula, courses offered, entrance requirements, or admission procedure may be obtained from the Office of the Director of Admissions.

REGISTRATION

Before a student may be admitted to registration he must have satisfied the Office of the Director of Admissions that he is qualified for entrance to the University. (See "Admission", pages 10-18.)

A student who has previously matriculated in the University, but who has not been in attendance during the term prior to registration, should file an application for readmission in advance of registration.

Registration is for the term unless otherwise indicated on the registration paper. No registration is accepted for less than a term or one summer session.

A student may not register concurrently in The George Washington University and another institution without the permission of the dean of the college, school, or division in which he is registered in The George Washington University. Allowance of credit for work done concurrently will be at the discretion of the appropriate Committee on Admission and Advanced Standing.

TIME AND PLACE OF REGISTRATION

Registration for the fall term will be conducted on September 23, 1942, for entering freshmen, and on September 24, 25, and 26, 1942, for all other students. Registration for the winter term will be conducted February 2, 3, and 4, 1943, for all students. Registration for all colleges, schools, and divisions of the University except the Law School will be conducted in the Hall of Government, 710 Twenty-first Street NW., from 11:00 A.M. to 7:00 P.M. Registration for the Law School will be conducted in Stockton Hall, 720 Twentieth Street NW., from 11:00 A.M. to 7:00 P.M.

LATE REGISTRATION

For registration after September 26 in the fall term, and after February 4 in the winter term, a late-registration fee of \$5 will be charged. In all courses, registration for credit closes on October 10 for the fall term, and on February 19 for the winter term.

REGISTRATION CHANGES AND WITHDRAWALS

A student may not change or drop courses or change his status to that of auditor except with the permission of the dean of the college, school, or division in which he is registered, upon the presentation of adequate reasons for such change. (See "Withdrawal from Courses", page 38.)

Changes from one section to another of the same course may be made at any time with the permission of the dean of the college, school, or division concerned.

A student desiring to change his major subject should make application to his dean. In making such change all requirements specified in the course of study to which the change is made must be satisfied before graduation.

A student desiring to transfer from one college, school, or division to another should make application to the Director of Admissions. Such change may be made only with the approval of the deans concerned.

A student who is obliged to withdraw from the University during the term must immediately report in person or in writing to the dean of the college, school, or division in which he is registered. No permission to withdraw from the University will be given to a student who has not a clear financial record. (See "Fees and Financial Regulations", pages 21-23.)

A student is liable for all charges for courses for which he has registered unless changes have been made with the approval of the dean, as stated above. Reporting the dropping of a course to an instructor does not effect its discontinuance.

FEES AND FINANCIAL REGULATIONS

By authorization of the Board of Trustees, the following fees have been adopted, effective at the beginning of the fall term of 1942-43:

UNIVERSITY FEE (see explanation below)

For each term or any part thereof.....	\$8.00
For each session of the summer term or any part thereof.....	4.00
For auditors,* for each registration.....	2.00
For extension students*.....	5.00

TUITION FEES

For each credit hour for which the student registers (except work taken by a candidate for a Doctor's degree§).....	8.00
For the degree of Doctor of Medicine, for two terms†.....	534.00
For the degree of Doctor of Philosophy:	
For work leading to and including the Council Fellowship examination 	240.00
For work leading to and including the final examinations 	240.00
For the degree of Doctor of Education:	
For work leading to and including the general examination 	240.00
For work leading to and including the final examinations 	240.00
For the degree of Doctor of Juridical Science:

ADDITIONAL COURSE FEES AND DEPOSITS

In certain courses additional fees and deposits, such as laboratory and material fees and breakage deposits, are charged as indicated in the course descriptions. These fees are charged by the term and, unless otherwise indicated, may be defrayed in three payments when the tuition is paid in this manner. Fees and deposits payable in advance are due in full at the time of registration. Breakage of apparatus is charged against the individual student, and the amount paid in excess of breakage will be credited to the student account at the end of the course.

GRADUATION FEES

Wherein a degree is granted.....	\$20.00
Wherein a certificate is granted.....	10.00

FEE FOR BINDING MASTER'S THESIS.....	3.00
--------------------------------------	------

* Payment of this fee does not entitle auditors or extension students to the general privileges to which payment of the preceding fees entitles resident students.

† Registration in the School of Medicine is for a period of two terms. After the student has entered the courses of instruction, he is obligated for the full tuition for two terms. No part of the tuition will be refunded upon withdrawal or dismissal for any cause.

§ Payment of tuition for the thesis will entitle the candidate, during the academic year of registration, to the advice and direction of the member of the faculty under whom the thesis is to be written. In case a thesis is unfinished, an additional successive academic year may be granted without further tuition payment. If the preparation of the thesis extends beyond the second academic year, it must be registered for again, and tuition paid on the same basis as for a repeated course.

|| When a limited schedule is carried which extends the time of either the preparation period or the examination period to more than one year, the proportionate part of the charge may be fixed by the Comptroller.

FEE FOR THE PROFESSIONAL THESIS IN THE SCHOOL OF ENGINEERING....	50.00
An annual fee: one half, plus the University fee, payable in advance at the time of each registration.

For examining admission credentials in the School of Medicine.....	3.00
Student Bar Association fee, charged each student in the Law School for each term or any part thereof except the summer term.....	2.50
For examinations to qualify for advanced courses and for all special examinations	5.00

UNIVERSITY FEE

Payment of the University fee covers all expenses incident to registration and, in addition, secures to each student the following University privileges: (1) the issuance of three certified transcripts of record, if and when desired; (2) the services of the Placement Office; (3) the use of University library facilities, except as otherwise designated; (4) gymnasium privileges; (5) admission to all athletic contests, unless otherwise specified; (6) subscription to the *University Hatchet*, the student newspaper; (7) admission to University debates; (8) medical attention and hospital services as described under the Department of Health Administration. These privileges, however, with the exception of the issuance of transcripts, terminate, and a student is no longer in residence, when he withdraws or is dismissed from the University.

PAYMENT OF FEES

All fees are payable at the Office of the Cashier, 725 Twenty-first Street NW. No student is permitted to complete registration or to attend classes until all fees are paid. Fees for each term are due and payable in advance at the time of registration.

In exceptional cases, subject to the approval of the Comptroller, the student may sign a contract for term charges, except for the University fee and other fees payable in advance, permitting payments as follows:

Fall term—one third at the time of registration, plus the University fee and deposits; one third on November 17; one third on December 17.

Winter term—one third at the time of registration, plus the University fee and deposits; one third on March 17; one third on April 17.

Students in the School of Medicine are not privileged to sign contracts for term charges.

A student who fails to meet payments when due, on the seventeenth day, but who pays his fees between the eighteenth and twenty-third days, inclusive, of the month in which payment is due is charged a service fee of \$1. A student who fails to meet payments by the twenty-third day of the month in which payment is due will be suspended and may not attend classes until he has been officially reinstated and has paid all accrued fees and a reinstatement fee of \$5. A suspended student may not be reinstated for the term after two weeks from the date of suspension. Applications for reinstatement are to be made to the dean of the college, school, or division in which the student is registered.

An auditor pays a University fee of \$2 and all other fees chargeable to the student registered for credit except the late-registration fee.

WITHDRAWALS AND REFUNDS

Application for withdrawal from the University or for change in class schedule must be made in person or in writing to the dean of the college, school, or division in which the student is registered. Notification to an instructor is not an acceptable notice (see "Withdrawal from Courses", page 38).

In authorized withdrawals and changes in schedules, financial adjustments will be made as follows:

Fall term—withdrawal dated on or before November 15, cancellation of the second and third payments; withdrawal dated on or before December 15, cancellation of the third payment. No refund or reduction will be allowed on a withdrawal dated subsequent to December 15.

Winter term—withdrawal dated on or before March 15, cancellation of the second and third payments; withdrawal dated on or before April 15, cancellation of the third payment. No refund or reduction will be allowed on a withdrawal dated subsequent to April 15.

In no case will the University fee or any part of an initial payment of fees be refunded, and in no case will tuition be reduced or refunded because of nonattendance upon classes.

Payment applies only to the term for which a registration charge is incurred and in no case will this payment be credited to another term.

Any student in chemistry who fails to check out of the laboratory on or before the date set by the instructor, unless excused by the instructor, will forfeit the balance of his deposit. A student who drops a course before the end of the term must check out of the laboratory at once.

Authorization to withdraw and certification for work done will not be given a student who has not a clear financial record.

FELLOWSHIPS, SCHOLARSHIPS, PRIZES, LOANS

FELLOWSHIPS

The following fellowships are available to graduate students. Applications should be submitted for consideration not later than March 1 preceding the period for which the fellowship is to be awarded.

The applicant for a University Teaching Fellowship or a Special Fellowship is expected to be a prospective candidate for the degree of Doctor of Philosophy, and to have the Master of Arts degree, or the equivalent, in the general field of his future doctoral study and research. Forms on which to make application for these fellowships may be obtained from the Chairman of the Graduate Council.

University Teaching Fellowships.—These are assigned for the academic year 1942-43 in the following departments of instruction: Bacteriology, Biochemistry, Botany, Chemistry, Economics, English, History, Physics, Psychology, Romance Languages, Statistics, Zoology. Each fellow receives a stipend of \$600, plus full tuition in the Graduate Council for whatever schedule of study or research his fellowship duties permit him to carry. The occupant of each of these fellowships renders a designated unit of service to the department of instruction in his major field of doctoral study, usually in classroom or laboratory assignments.

Special Fellowships.—A number of special fellowships are supported by endowment, and are awarded to doctoral students of unusual promise and ability. The stipend is not fixed but varies in amount with the need of the individual receiving the award. In applying for one of these fellowships it is advantageous that the student appear personally for an interview with the Chairman and such other members of the graduate Council as would be interested in the research investigations proposed. These fellowships include the following:

ISABELLA KING RESEARCH FELLOWSHIP.—Of the value of \$1,200 annually, offered in the general field of biology, and intended to foster research for which the libraries and scientific establishments in Washington provide special facilities.

THOMAS BRADFORD SANDERS FELLOWSHIPS.—Established by Miss Addie Sanders in memory of her brother, Thomas Bradford Sanders, and offered in various academic fields of study, with stipends designated by the Chairman of the Graduate Council.

SCHOLARSHIPS

Scholarships are awarded for two terms unless otherwise specified and are credited in equal parts for each term. Each holder must carry a full schedule of academic work (fifteen credit hours or in the professional schools the full prescribed schedule) during the period for which the scholarship is awarded. Except in the case of the Columbian Women's Scholarships, the High School Scholarships, the Metzertott Scholarship, the National League of Masonic Clubs Scholarships, the Order of the Eastern Star Scholarship, and the Trustee Scholarships, applicants must have established an academic record in courses at this institution and should apply on prescribed forms which must be filed in the Office of the Registrar not later than May 15th preceding the academic year for which the scholarship is to be awarded. Further information may be obtained from the Registrar of the University.

Byron Andrews Scholarships.—Three scholarships, in the amount of \$100 each, founded by Mrs. Belle Fisk Andrews in memory of her husband, Byron Andrews, are available "for ambitious and needy students, who desire to pursue courses in English, Latin, journalism, history, literature, or political science".

Emma K. Carr Scholarships.—Four scholarships in the amount of \$240 each and twelve in the amount of \$100 each, founded in 1932 by Mrs. Emma K. Carr, are awarded annually to "young men (of the white race) for undergraduate or postgraduate work, considering character, capacity, and need".

Henry Harding Carter Scholarships.—These three scholarships, founded in 1896 by Mrs. Maria M. Carter in memory of her husband, Henry Harding Carter, are of the annual value of \$50 each and may be awarded to deserving students who are preparing for the civil-engineering profession.

Maria M. Carter Scholarship.—This scholarship, in the amount of \$30 to be awarded annually to a young man, was given to the University in 1871 by Mrs. Maria M. Carter.

Isaac Davis Scholarship.—This scholarship, in the amount of \$30 to be awarded annually, was given to the University in October 1869 by the Honorable Isaac Davis, of Massachusetts. Nominations for the scholarship may be made "by the founder or his eldest lineal descendant". In case no such nomination is made, the scholarship is to be awarded by the University.

Charles Worthington Dorsey Memorial Scholarship.—This scholarship, established as a memorial to Charles Worthington Dorsey, Bachelor of Laws, '81, Master of Laws, '82, is awarded upon the recommendation of the Faculty of the Law School to a needy and promising graduate of Columbian College or other division of the University, with a Bachelor

of Arts or other equivalent degree, who has maintained an average of *B* as an undergraduate student and who desires to pursue the study of law as a full-time student. The scholarship covers tuition for the course leading to the first degree from the Law School, Bachelor of Laws or Juris Doctor, provided that the holder maintains an average of *B*. The right is reserved to suspend the benefits of the scholarship for cause at any time. The scholarship is awarded ordinarily once every three years.

Robert Farnham Scholarship.—This scholarship, in the amount of \$30 to be awarded annually to a student in Columbian College, was given to the University in 1871 by Mrs. Robert Farnham.

Elma Lewis Harvey Scholarship.—This scholarship, of the annual value of \$200, was founded in 1921 by Mrs. Emma Elizabeth Harvey in memory of her daughter, and is to be awarded every four years, or as often as vacant, to a young woman student in Columbian College of the Protestant faith and of the Caucasian race who shall be selected for scholarship and moral qualifications.

High School Scholarships.—Two University scholarships, one for a man student, the other for a woman, are assigned for award to each of the following schools: Anacostia, Central, Coolidge, Eastern, McKinley, Roosevelt, Western, and Woodrow Wilson High Schools (District of Columbia); Bethesda-Chevy Chase High School (Maryland); Washington-Lee and George Washington High Schools (Virginia). The *Amos Kendall Scholarship*, founded by the late Honorable Amos Kendall, is one of the two assigned to the Central High School. Each of the above scholarships is awarded annually, on the recommendation of a committee consisting of the Dean of the Junior College of The George Washington University, the principal of the high school concerned, and an alumnus of both the high school and the University, to a member of the graduating class who intends to enter the Junior College and to continue in Columbian College. A principal and an alternate may be recommended.

The holders of these scholarships are exempt from tuition fees, but are charged the University fee, laboratory, graduation, and other fees. The scholarships are valid for eight terms. Beginning with the summer of 1942 the University is expanding its program to permit a student to accomplish, during the summer, the work of a full term. As long as this accelerated program is in force, the high school scholarships may be used during the summer which becomes a part of the regular academic year. In any case they must be used for no less than two terms during a calendar year. The principal, or, if the principal declines, the alternate, must register in either June or September following the award.

To retain any high school scholarship a student must carry a full program of study (a full program being defined as at least fifteen hours of work each term), unless otherwise determined in individual cases by the

Committee on Student Loans and Scholarships upon recommendation of the dean of the college concerned. An average of *B* and a high standard of deportment must be maintained. In case the holder of the scholarship, after registering in the University, does not continue the use of it, the scholarship will not be reassigned.

John Hitz Metzerott Scholarship.—This scholarship in the amount necessary to cover tuition charges, exclusive of special fees, was established in 1923 in memory of John Hitz Metzerott, M.D., '91, by members of his family, and is to be awarded every six years, or as often as vacant, to a young man preparing to enter the medical profession. The donors reserve the right to nominate the holder of this scholarship. The holder of the scholarship may be a student pursuing a premedical course in the Junior College or Columbian College, or the professional course in the School of Medicine.

A. Morehouse Scholarship.—This scholarship was founded by Mr. A. Morehouse, of Washington, D. C., in 1861. It carries an annual stipend of \$45, which is available for an undergraduate intending to enter the Christian ministry.

The National League of Masonic Clubs Scholarships.—Twelve scholarships, in the amount of \$600 each, are offered for the academic year 1942-43 by the National League of Masonic Clubs. These scholarship awards, based upon competitive examinations, are available to Masons and sons of Masons affiliated with the National League of Masonic Clubs. Information in regard to the regulations governing these awards may be obtained from the Executive Secretary, Board of Trustees and Administration, Educational Foundation, National League of Masonic Clubs, P. O. Box 56, Station H, New York City.

Newspaper Scholarships.—Four scholarships are to be awarded each year to candidates recommended by the following newspapers: *The Washington Daily News*, *The Washington Post*, *The Evening Star*, and *The Times-Herald*. These scholarships cover tuition for four years, but do not include the University fee, laboratory fees, graduation fee, or other special fees.

Order of the Eastern Star Scholarship.—This scholarship in the amount of \$125 was established by the Order of the Eastern Star of the District of Columbia and is to be awarded to a woman of the Order or to a daughter of a member in good standing. The donors reserve the right to nominate the holder of this scholarship.

David Spencer Scholarship.—This scholarship, established in 1918 by Louisa J. Spencer, is available under conditions stated in the bequest.

Mary Lowell Stone Scholarship.—This scholarship, founded in 1893 in memory of Mary Lowell Stone, is in the amount of \$60, to be awarded annually to a woman student of science in Columbian College.

Charles Clinton Swisher Scholarship.—This scholarship, founded in 1941 by the late Professor Charles Clinton Swisher, is in the amount of \$240 and is awarded annually under the terms of the bequest to a student having a special interest in and aptitude for the study of medieval history.

Trustee Scholarships.—Five scholarships are awarded each year, upon the recommendation of regional alumni clubs, to outstanding male graduates of accredited high schools. The scholarships cover tuition costs for four terms of full-time work but do not include the University fee, special fees such as laboratory charges, room, board, or other expenses. To retain the scholarship, the student must maintain a *B* average. Additional information may be obtained from the Alumni Secretary.

William Walker Scholarship.—This scholarship was founded in 1824 by William Walker, Esq., of Putnam County, Georgia. It carries an annual stipend of \$75, which is available for an undergraduate intending to enter the Christian ministry.

John Withington Scholarship.—This scholarship was founded in 1830 by the New York Baptist Theological Seminary, to be known as the John Withington Scholarship. It has an annual stipend of \$60.

Ellen Woodhull Scholarship.—This scholarship, founded by the late Ellen M. E. Woodhull, is in the amount of \$20, to be awarded annually to a student in Columbian College.

THE COLUMBIAN WOMEN SCHOLARSHIP FUNDS

The Columbian Women Scholarships, granted under any of the funds hereinafter described, are awarded by the Scholarship Committee of the Columbian Women. Applications for the Columbian Women Scholarships should be addressed to the Chairman of the Scholarship Committee, the Columbian Women, The George Washington University, Washington, D.C., not later than May 15 preceding the academic year for which the scholarship is to be awarded; or, in the case of award for the winter term, not later than January 1.

Founders of Columbian Women Scholarship Fund.—The income from this fund of \$5,000, established in 1920 by the Columbian Women, is available for scholarships.

Lillian Young Herron Scholarship Fund.—The income from this fund of \$5,000, established by the Columbian Women in 1925 and named in 1930 in memory of a former president, is available for scholarships.

Elizabeth V. Brown Scholarship Fund.—This fund of \$1,200 was established in 1925 by the College Women's Club of Washington, D.C.,

in memory of the late Elizabeth V. Brown. The scholarship granted thereunder is available for a woman student in the School of Education.

College Women's Scholarship Fund.—The income from this fund of \$500, established in 1926 through the courtesy of the College Women's Club of Washington, D.C., is available for scholarship aid.

Lewes D. and Myrtie H. Wilson Memorial Scholarship Fund.—This fund of \$1,000 was established by Miss Elizabeth Wilson in 1926 as a memorial to her parents, Lewes D. and Myrtie H. Wilson. The income is available for a scholarship in the School of Medicine.

Grace Ross Chamberlin Scholarship Fund.—The income from this fund of \$2,300, established in 1932 by the Columbian Women in honor of a former president, is available for scholarship aid.

PRIZES

Alpha Chi Sigma Prizes.—Alpha Pi Chapter of Alpha Chi Sigma Fraternity offers annually the following prizes:

A "Handbook on Chemistry and Physics" is awarded to each of the three male students who carry at least eighteen credit hours during the freshman year and attain the highest averages in freshman chemistry.

The fraternity will have engraved on a bronze plaque in Corcoran Hall the name and year of graduation of the graduating male student who has attained the highest quality-point index in courses in chemistry, exclusive of the work of the final term, provided that he has completed the requirements for a major in chemistry and has done three fourths of this work in The George Washington University.

Alpha Delta Pi Prize.—Alpha Pi Chapter of Alpha Delta Pi Fraternity offers an annual prize of \$10 to the student doing the best work in third-year French.

Alpha Kappa Psi Prize.—Beta Mu Chapter of Alpha Kappa Psi Fraternity awards annually a scholarship medallion to the male student who has completed ninety credit hours at The George Washington University and has attained the highest average grade of the students enrolled in economics, business administration, public accounting, public finance, and foreign commerce.

American Institute of Chemists Prize.—The District of Columbia Chapter of the American Institute of Chemists offers an annual prize of a medal and junior membership in the American Institute of Chemists to be awarded to that graduating student, majoring in chemistry, who is judged by the Faculty of the Department of Chemistry to excel in scholarship and in the personal qualities of integrity and leadership.

Byrne Thurtell Burns Memorial Prize.—This prize, in the amount of \$30, is awarded to the senior majoring in chemistry who shows the

greatest proficiency in organic chemistry, as evidenced by a comprehensive examination, and who possesses such qualifications of mind, character, and personality as to give promise of future achievement.

Chi Omega Prize.—Phi Alpha Chapter of Chi Omega Fraternity offers annually a prize of \$25 to be awarded to the woman student in the graduating class with the highest record in the following social sciences: economics, sociology, political science, and history; combined with general excellence.

Colonial Dames Prize.—The Society of the Colonial Dames of America, Chapter III, offers annually a medal to be awarded to the student who, having maintained a record of distinction in American history, submits the best essay upon a topic in Colonial history.

George Howland Cox Prize.—This prize, in the amount of \$25, is awarded annually to that student in European history whose essay on some assigned topic shall be deemed the best submitted.

DeWitt Clinton Croissant Prize.—This prize, founded by the late Professor DeWitt Clinton Croissant, consists of \$30, which is awarded annually to the undergraduate student who as a member of one of the University courses in drama or as a participant in University dramatics submits to the English Department the best essay on drama or the theatre.

E. K. Cutter Prize.—The E. K. Cutter Prize in English was founded by the late Marion Kendall Cutter "for excellence in the study of English". An annual prize of \$35 is awarded to the member of the graduating class whose record in English, combined with general excellence, shows most marked aptitude for and attainment in English studies.

Daughters of the American Revolution Prize.—This prize, founded by the Daughters of the American Revolution of the District of Columbia, consists of \$15, which is awarded annually to the student who, having maintained a record of distinction in American history, submits the best essay upon a topic in the period of the American Revolution.

Harry Cassell Davis Prizes.—These prizes are offered annually by Dr. Davis, who is a graduate of the University and a member of its Board of Trustees, to those students, registered in Public Speaking I or II, who, selected to take part in a speaking contest at the end of the course, are judged the best speakers. A committee of three judges will be selected by the Department of Public Speaking for each contest. At the end of the fall term three prizes will be awarded, as follows: first prize, \$25; second prize, \$15; third prize, \$10. At the end of the winter term two prizes will be awarded, as follows: first prize, \$15; second prize, \$10.

Isaac Davis Prizes.—These prizes, founded by the Honorable Isaac Davis, of Massachusetts, in 1847, are awarded annually to such members of the senior class as shall have made the greatest progress in public

speaking during their connection with the University. The prizes are as follows: first prize, \$15; second prize, \$10; third prize, \$5.

The award of these three prizes is determined by a public-speaking contest in which the participants deliver original orations. Only members of the senior classes who are candidates for the degree of Bachelor of Arts or Bachelor of Science are eligible to compete. Students wishing to enter the competition should report to the Executive Officer of the Department of Public Speaking not later than three weeks before the contest and should submit their orations not later than two weeks before the contest. The prizes are awarded by a committee of three members, appointed by the Department of Public Speaking.

William Thornwall Davis Prize.—This prize, offered by Dr. William Thornwall Davis and consisting of a current monograph or set of monographs dealing with the field of ophthalmology, is awarded annually to the student doing the most outstanding work in ophthalmology.

Delta Sigma Rho Prizes.—Two cups presented by Delta Sigma Rho are engraved each year, one with the name of the fraternity and the other with the name of the sorority whose team wins the Intramural Debate. Each winning team retains the cup for the year following the award. A third victory, not necessarily consecutive, earns for that organization permanent possession of the cup.

Delta Zeta Prize.—Delta Zeta Sorority offers annually a prize of \$10, to be awarded to the student maintaining the highest average in general botany.

Ellsworth Prize.—The Ellsworth Prize of \$25, established by the late Mr. Fritz von Briesen, is awarded to the student doing the best work in the subject of Patent Law Practice.

Joshua Evans III Prize in the Political and Social Sciences.—This memorial prize in the amount of \$30, "established by friends because of an outstanding life", is awarded annually to that man in the graduating class of The George Washington University "who has demonstrated his signal ability in the social and political sciences and who has given promise of the interpretation of that ability in good citizenship among his fellows". The selection of the recipient will be made by the President of the University and a committee from the Faculty of the Division of the Social Sciences.

Willie E. Fitch Prize.—The Willie E. Fitch Prize for highest excellence in all branches of chemistry, founded in 1883 by James E. Fitch, Esq., in memory of his son, consists of \$40, which is awarded annually to a senior student for the best general examination in chemistry.

Alice Douglas Goddard Prize.—This prize of \$35 was founded in 1941 by Frederick Joseph Goddard of Georgetown, D.C., in memory of Alice Douglas Goddard, and is awarded annually to the upper division student making the highest average in American literature.

Edward Carrington Goddard Prize.—This prize, consisting of \$35, was founded in 1923 by Mary Williamson Goddard, Alice Douglas Goddard, and Frederick Joseph Goddard, of Georgetown, D.C., in memory of Edward Carrington Goddard, class of '81, and is awarded to the junior or senior student making the highest average in the French language and literature.

James Douglas Goddard Prize.—This prize, consisting of \$35, was founded in 1923 by Mary Williamson Goddard, Alice Douglas Goddard, and Frederick Joseph Goddard, of Georgetown, D.C., in memory of James Douglas Goddard, class of '01, and is awarded to the senior student making the highest average in pharmacy.

Morgan Richardson Goddard Prize.—This prize, consisting of \$35, was founded in 1923 by Mary Williamson Goddard, Alice Douglas Goddard, and Frederick Joseph Goddard, of Georgetown, D.C., in memory of Morgan Richardson Goddard, and is awarded to the junior or senior student making the highest average in the following fields: economics, business administration, foreign commerce, and public accounting.

The Gardiner G. Hubbard Memorial Prize in American History.—This prize of \$40 was established by Mrs. Gertrude M. Hubbard in memory of her husband, the late Gardiner G. Hubbard, and is awarded annually to that member of the graduating class majoring in history who has maintained the highest standing in courses in American history.

Kappa Kappa Gamma Prize.—Kappa Kappa Gamma Sorority offers annually a prize of \$10 to the full-time freshman who achieves the best record in Botany 1 and 2.

John Bell Larner Prize.—This prize, established by the bequest of John Bell Larner, consists of a medal which is awarded annually to that member of the graduating class in the Law School who attains the highest average grade in the entire course for the degree of Bachelor of Laws.

Mortar Board Prize.—This prize, consisting of a silver cup, is awarded annually to the woman student in the sophomore class having a scholarship average of B or higher and the most outstanding record in activities.

Omicron Delta Kappa Prize.—Alpha Delta Circle of Omicron Delta Kappa Fraternity offers annually a plaque to be awarded to "that member of the senior class who throughout his course at The George Washington University has done the most constructive work in the furtherance and upbuilding of the University student activities".

John Ordronaux Prizes.—These prizes were established in 1909 by the bequest of John Ordronaux.

The amount of \$70 is awarded to the member of the graduating class in the School of Medicine who has the highest scholastic standing.

The amount of \$35 is awarded annually to the student in the Law School who has attained the highest average grade in the first-year, full-time, regular course; and \$35 to the student who has attained the highest average grade in the second-year, full-time, regular course.

Phi Eta Sigma Prize.—The George Washington University Chapter of Phi Eta Sigma, freshman honorary scholarship society, offers each year to the beginning male student attaining the highest scholastic average in his first full term of work, a choice book selected from the field of the recipient's major interest. In addition, the winner's name will be engraved on a permanent plaque to be preserved in the Office of the Dean of the Junior College.

Phi Sigma Kappa Prize.—Phi Sigma Kappa Fraternity offers annually a silver cup to the winner of an oratorical contest, open to all freshmen.

Phi Sigma Sigma Prizes.—Kappa Chapter of Phi Sigma Sigma Fraternity offers annually the following prizes:

The amount of \$10 is awarded to the woman student with the highest average in first-year zoology.

A key, known as the Nileen Cooper Phi Sigma Sigma Award, is given to the senior woman doing the most outstanding work in psychology.

Pi Beta Phi Prize.—A prize of \$20 is awarded annually by the District of Columbia Alpha Chapter of Pi Beta Phi Fraternity to that woman member of the senior class who throughout her college course has done the most constructive work in the promotion of student activities among the women of the University.

Pi Lambda Theta Prize.—Alpha Theta Chapter of Pi Lambda Theta Fraternity offers an annual prize of \$25 to the student who produces the most meritorious Master's thesis in education.

Ruggles Prize.—The Ruggles Prize, founded by Professor William Ruggles in 1859, consists of \$15 awarded annually to a candidate for a baccalaureate degree for excellence in mathematics.

Sigma Kappa Prizes.—Zeta Chapter of Sigma Kappa Sorority offers an annual prize of a set of books of the value of \$10 to the student who, in the opinion of the English composition staff, has shown the greatest aptitude for writing during his course in Freshman English; and a prize of \$10 to the student who passes the best examination in General Chemistry.

Sigma Tau Prize.—Xi Chapter of Sigma Tau Fraternity offers annually a medal to be awarded to that member of the freshman class in the School of Engineering who maintains the highest scholastic standing in the work of the entire year.

Staughton Prize.—The Staughton Prize, founded by the Reverend Romeo Elton, consists of \$10 awarded annually to the senior student making the best record in the Latin language and literature.

James MacBride Sterrett, Jr., Prize.—This prize, founded in 1911 by Professor James MacBride Sterrett in memory of his son, consists of a gold medal awarded annually to that student who obtains the highest average in Physics 6, 7, and 8.

Charles Clinton Swisher Historical Club Prize.—This prize, founded in 1936 by the Charles Clinton Swisher Historical Club and augmented in 1942 by the bequest of the late Professor Charles Clinton Swisher, is an annual prize of \$30 awarded to the student who submits the best essay covering some phase of medieval history.

Theta Tau Activities Plaque.—Gamma Beta Chapter of Theta Tau Fraternity offers annually a plaque to be awarded to that member of the senior class who has the most outstanding record in activities in the School of Engineering during the entire period of his attendance.

Thomas F. Walsh Prize.—This prize, founded in 1901 by Thomas F. Walsh, consists of \$30 awarded annually to that student who submits the best essay upon some topic in Irish history.

Alexander Wilbourne Weddell Prize.—From a fund established in 1923 by Mrs. Virginia Chase Weddell, an annual prize of \$150 is awarded to a candidate for a degree who writes the best essay on the subject of "the promotion of peace among the nations of the world". The prize essays shall become the property of the University and shall not be printed or published without the written consent of the University. The University reserves the right to withhold the award if no essay attaining the required degree of excellence is submitted.

LOAN FUNDS

Loan funds are administered by the University Committee on Student Loans and Scholarships unless otherwise specified. Applications upon the required forms must be filed in the Office of the Comptroller at least ten days before the first day of registration in each term. Applications for loans to cover the second or third payments of tuition in any term must be filed on or before the tenth day of the month in which the fees are due. Applications for loans cannot be considered if they are received after the dates stated above. Loans will be limited to the amount required for tuition in each case. Borrowers will sign notes for the amount borrowed. The terms of repayment of interest and principal will be arranged at the time of making the loan. When a student withdraws from the University, his loan automatically becomes due. No candidate will be approved for graduation if he is delinquent in a loan obligation incurred for educational purposes.

University Student Loan Fund.—The Trustees of The George Washington University have established a loan fund amounting to \$10,000.

Daughters of the American Revolution Loan Fund.—The District of Columbia Chapters of the Daughters of the American Revolution have established an endowment fund of \$5,000, the income of which is available for interest-bearing loans to descendants of patriots of the American Revolution. At present the loan fund amounts to \$1,309.94.

Henry Strong Educational Foundation.—The Henry Strong Educational Foundation, established at Chicago under the will of General Henry Strong, makes available a fund for loans to both men and women students under the age of twenty-five years, preferably in the upper classes, who possess not only zeal for leadership but also character and those traits tending to leadership, to aid them "in obtaining a practical, literary, scientific, mechanical, or business education".

Henry Strong-William A. Maury Loan Fund.—This fund, also allocated from the funds of the Henry Strong Educational Foundation, is to be loaned to students under the age of twenty-five years in the George Washington University Law School.

Knights Templar Educational Loan Fund.—This fund, contributed and administered by the Grand Commandery of Knights Templar of the District of Columbia, is available for loans to students, preferably in the upper classes, who are residents of the District of Columbia. The amount loaned to a student is limited to \$200, and the terms of repayment are specially arranged in each instance by the Loan Committee of the Knights Templar.

REGULATIONS

A student enrolled in the University is required to conform to the University regulations and to comply with the rules and regulations of the college, school, or division in which he is registered.

If a student knowingly makes a false statement or conceals material information on an application for admission, registration card, or any other University document, his registration may be cancelled and he will be ineligible (except by special action of the Faculty) for subsequent registration in any unit of the University.

ATTENDANCE

A student is not permitted to attend classes until registration has been completed and fees due have been paid. Regular attendance is required. For undue absence in any course, a student may be dropped from the course. Tuition will not be refunded or reduced because of non-attendance.

A student who has been suspended, either for delinquency in payment of fees or for any other reason, is not permitted to attend classes during the period of suspension.

For further regulations regarding attendance, consult the announcements of the several colleges and schools.

CONTINUOUS REGISTRATION

A student who withdraws or is suspended, or is otherwise absent from the University for one term or more, may re-enter and continue his work only under the rules and regulations in force at the time of his return. With the approval of the dean of the college or school concerned, a student may be granted leave of absence; such student should, however, remain technically in residence by paying the usual University fee for each term he is absent.

For the purpose of this regulation, the summer sessions will not be considered a term.

PHYSICAL EDUCATION REQUIREMENTS

Students in the Junior College and freshmen and sophomores in the School of Engineering are required to take Physical Education 1-2 and

11-12 unless they are registered for less than three courses, or unless regular employment during the day makes it necessary to take all classes during the late afternoon hours.

Any other exemptions will be granted only upon written application which has been recommended by the physical education department concerned and approved by the dean of the college or school in which the student is registered.

A student entering the University with advanced standing is not exempt from the physical education requirements unless he has satisfactorily met the requirements elsewhere. Courses in military training are not accepted in satisfaction of these requirements.

The required medical and physical examinations, as specified by the departments of physical education, will be arranged at the time of registration.

SCHOLARSHIP REQUIREMENTS

A student who fails to maintain the scholarship requirements of the college, school, or division in which he is registered may be dismissed from the University.

EXAMINATIONS

Examinations are scheduled in all courses at the end of each term or at the completion of the course.

A student guilty of dishonesty in examinations may be deprived of credit for the courses in which dishonesty occurs and may be dismissed from the University.

For further regulations regarding examinations, consult the announcements of the several colleges, schools, and divisions.

GRADES

Grades are not given out by instructors but are mailed to the student through the Office of the Registrar at the close of each term. Upon request, a copy of the student's grades will be forwarded to his parent or guardian.

The following grading system is used: *A* (90-100 per cent), excellent; *B* (80-89 per cent), good; *C* (70-79 per cent), average; *D* (60-69 per cent), passing; *E*, conditioned, not passing; *F* (below 60 per cent), failing; *Inc.*, incomplete; *W*, withdrawn. *W* is followed by

a letter grade indicating the quality of work the student was doing at the time of withdrawal. A course failed must be repeated with a passing grade in order to be credited. No student may repeat for credit a course in which he has received a grade above *E*, without the permission of the faculty of the college, school, or division in which he is registered. A condition may be removed within one year on terms specified by the instructor, but in no case will a final grade above *D* be given unless the course is repeated in class. A grade of "incomplete" cannot be altered after the lapse of one calendar year except by action of the Faculty.

For graduate work, grades are indicated as "satisfactory", "unsatisfactory", or "incomplete".

For the grading systems of the Law School and the School of Medicine, see the explanations in the announcements of those schools.

WITHDRAWAL FROM COURSES

Withdrawal from any course must be approved by the dean of the college, school, or division in which the student is registered. The grade *F* (failing) will be given in a course dropped without the permission of the dean. Application for withdrawal from any course within one month before the end of the term or two weeks before the end of a summer session will be approved only in exceptional cases. Forms upon which to make requests for withdrawal may be obtained at the office of the dean. (See "Withdrawals and Refunds", page 23.)

QUALITY-POINT INDEX

Quality-points are computed from grades as follows: *A*, four points; *B*, three points; *C*, two points; *D*, one point; *E*, and *F*, no points, for each credit hour for which the student has registered.

Scholarship is computed in terms of the quality-point index, obtained by dividing the number of quality-points by the number of credit hours for which the student has registered, both based on the complete collegiate record. Courses marked *W* or *Inc.* are not considered in determining the index.

CREDIT

Credit toward a degree is given only after regular registration for and satisfactory completion of the required work of classes in the University, or upon the granting of advanced standing in accordance with the regulations of the several colleges and schools.

On request the Registrar will issue to the student a balance sheet showing the amount of work completed and the amount necessary to complete the requirements for a degree.

TRANSFER OF SUMMER SCHOOL CREDIT

A student who plans to attend summer school sessions at another institution with the intention of having credits so obtained apply toward graduation from this University must first secure the written approval of the dean of his college or school. In no event will such credits be recognized to an amount in excess of that which might be earned in a similar period in this institution.

GRADUATION REQUIREMENTS

To be recommended for graduation a student must have met the admission requirements of the college or school, in which he is registered, completed satisfactorily the residence, scholarship, and other requirements for the certificate or degree for which he is registered, and be free from all indebtedness to the University.

Application for Graduation.—Application for a degree or a Junior Certificate should be filed in the Office of the Registrar at the time of registration for the first term of the senior or final year and may not be filed later than the date specified in the University calendar.

Residence Requirements.—In all undergraduate divisions of the University a minimum of one year, or thirty credit hours, must be completed in residence. Summer term work may be counted in residence, but in no case may the period of residence aggregate less than thirty weeks. Unless special permission is granted by the dean of the college or school concerned to pursue work elsewhere, the work of the senior or final year must be completed in residence.

The graduate student must meet the residence requirements for the particular degree for which he is registered.

Scholarship Requirements.—In all undergraduate divisions of the University the scholarship requirement for graduation is a quality-point index of at least 2.00.

The graduate student must meet the scholarship requirements for the particular degree for which he is registered.

Attendance and Conduct.—The University reserves the right to refuse to confer a degree upon a candidate whose attendance or conduct has been unsatisfactory.

Presence at Graduation.—A candidate is required to be present at the graduation exercises unless written application for graduation in absentia is approved by the dean of his college or school.

HONORS

In all undergraduate divisions of the University the degree may be conferred "with distinction", at the discretion of the Faculty, if a student attained a quality-point index of 3.50 or higher on all work taken at this

institution except that taken during the term immediately preceding the granting of the degree. To be eligible for this honor a student must have completed at this institution at least one half of the work required for the degree.

SPECIAL HONORS

Special honors may be awarded by the Faculty to any member of the graduating class for outstanding achievement in the student's major field of work on recommendation of the major department, under the following regulations:

1. The student must have his candidacy for special honors approved by the faculty member representing the major department not later than the beginning of the senior year.
2. The student must meet such other conditions as the major department may set at the time his candidacy is approved.
3. No student will be awarded special honors unless he has a quality-point index of at least 3.00 on all work taken at this institution except that taken during the term immediately preceding the granting of the degree. To be eligible for this honor a student must have completed at this institution at least one half of the work required for the degree.

FORMAL REQUIREMENTS FOR THESES

A thesis submitted in partial satisfaction of requirements for the Master's degree, the professional degrees in engineering, the degree of Doctor of Education, the degree of Doctor of Philosophy must be presented in its final form to the dean of the college or school concerned not later than the date specified in the University calendar. Three* copies of each thesis are required, one typewritten original and two legible and complete carbon copies. Detailed instructions for the styling of all theses should be obtained from the appropriate Dean.

Accepted theses, with accompanying drawings, are the property of the University and will be deposited in the University Library, where the duplicate copies will be bound and made available for circulation. Permission to publish or adapt material in the thesis must be secured from the appropriate faculty.

Special requirements regarding theses are stated in the announcements of the colleges and schools.

TRANSFER OF RECORDS

Official transcripts of student records will be forwarded on request to other institutions. Unofficial copies of records will be issued to the stu-

* In the School of Education, four copies.

dent on request. No charge is made for the first three transcripts; a fee of one dollar is charged for each one thereafter. No certificate of work done will be issued for a student who does not have a clear financial record.

THE LIBRARY

A student registered in the University is entitled to the reference use of the University Library. The Student Activities Book, issued upon payment of the University fee, must be presented as identification.

Library books, with the exception of those in the Law and Medical collections, may be drawn for home use for a period of two weeks. Any book which does circulate is subject to recall by the Librarian at any time. Reserve books and periodicals for collateral reading must be used in the reading rooms when the Library is open. With special permission they may be drawn for overnight use when the Library closes. A fine of twenty-five cents will be charged for the first hour or fraction of an hour and five cents for each hour or fraction thereafter that a reserve book is overdue. Grades of a student will be withheld until his library record is clear.

HOURS

The University Library is open from 8:30 A.M. to 10:30 P.M. each class day (Saturday, 8:30 A.M. to 6:00 P.M.), and from 2:00 to 6:00 P.M. on Sunday.

The Law Library, in Stockton Hall, 720 Twentieth Street, is open from 9:00 A.M. to 11:00 P.M. each class day (Saturday, 9:00 A.M. to 6:00 P.M.), and from 2:00 to 6:00 P.M. on Sunday.

The Medical Library, at 1335 H Street, is open from 8:30 A.M. to 9:00 P.M. each class day (Saturday, 8:30 A.M. to 4:00 P.M.)

RIGHT TO DISMISS STUDENTS

The right is reserved by the University to dismiss any student from the University, or from any class or classes, whenever, in the interest of the student or the University, the University Administration deems it advisable to do so.

RIGHT TO CHANGE RULES

The University and its various colleges, schools, and divisions reserve the right to modify or change requirements, rules, and fees. Such regulations shall go into force whenever the proper authorities may determine.

STUDENT LIFE

RELIGIOUS LIFE

The University recognizes the contribution that religion can make to the education of its students by encouraging them to participate in denominational clubs of their own choice. National Catholic, Hebrew, and Protestant bodies sponsor these religious organizations, which act as links between the University and the local churches. The Director of the University Chapel and the advisers to the various denominational organizations are available throughout the year for consultation on personal problems.

UNIVERSITY CHAPEL

The University Chapel is maintained as a non-sectarian expression of the faith of the University in the contribution that religion can make to the education of its students. Twenty-minute services are held Friday of each week at 12:10 P.M. in the West Room of Columbian House. Lenten Vesper Services are conducted each Wednesday during Lent at 8:00 P.M. in the Upper Room of Columbian House. Representative clergymen of Washington are guest speakers at these non-denominational services.

HEALTH ADMINISTRATION

The University maintains a staff of medical officers and a hospital.

The University Physician for Women maintains an office in the University.

The payment of the University fee entitles the student to certain health services described under the Department of Health Administration.

LIVING ACCOMMODATIONS

UNIVERSITY RESIDENCE HALLS

Women Students.—The Hattie M. Strong Residence Hall is open to women students. Single rooms with breakfast and dinner are \$52.50 a month. Double rooms with the same service are \$42.50 a month a person.

Women students under twenty-three years of age who carry twelve or more credit hours of academic work and who do not live in the dormitory must have their residences approved by the Director of Personnel Guidance before their registrations can be completed. Such approval should be secured at least one week before the beginning of registration.

Men Students.—Staughton Residence Hall is open to men students. Single rooms with breakfast and dinner are \$47.50 a month. Double rooms with the same service are \$42.50 a month a person.

Applications for Reservations.—Applications for reservations in the University residence halls should be made well in advance of the term for which such accommodations are desired.

Forms for application, together with detailed information may be obtained from the Director of Personnel Guidance.

The prices stated above are subject to change without notice.

OFF CAMPUS ACCOMMODATIONS

A registry of near-by rooms is kept in the Office of the Director of Personnel Guidance. Single rooms range in price from \$20 to \$30 a month, double rooms from \$15 to \$20 a month a person. Rooms with board consisting of breakfast and dinner cost from \$40 to \$50 a month a person.

PLACEMENT OFFICE

The Placement Office is maintained to assist graduates and students in finding positions for which their college work has prepared them, and to cooperate with employers who wish to fill vacancies. Enrollment is open to alumni members and students of the University without charge for placement.

For further information address the Placement Office.

STUDENT EMPLOYMENT

An employment service is operated to assist the self-supporting student in finding employment.

The prospective student who expects to earn any part of his expenses and who does not have a definite appointment to a position before coming to Washington should have the means of support for at least one term.

Many out-of-town students secure positions in the departments of the Government in Washington by taking the United States Civil Service examinations in their home states. The hours of employment permit them to pursue a college course in the late afternoon.

STUDENT ACTIVITIES

Control and direction of all student activities are vested in the committees on Extracurricular Activities and Student Relationships. For a list of student activities and rulings governing them see the special printed regulations of the University.

RECOGNITION OF STUDENT ORGANIZATIONS

No student club or society (except social fraternities, sororities, scholastic honor societies, religious or professional clubs or societies) organized as a branch or affiliate of a non-George Washington University organization will be recognized by the Committee on Student Life.

PROPERTY RESPONSIBILITY

The University is not responsible for the loss, in any University building, of personal property belonging to a student.

For further information, catalogues, and application blanks, address the Director of Admissions.

GENERAL INFORMATION

INTRODUCTORY

The Junior College, which comprises the first two years of the standard four-year college program in the liberal arts and sciences, was established in 1930 as a part of the academic reorganization of the University. Prior to 1930, the four-year program had been administered by Columbian College since its organization in 1821.

The Junior College curricula continue the studies of a general cultural nature begun in the secondary schools, and lay a foundation for the more specialized work which is to follow. Emphasis is accordingly laid (1) upon the social, cultural, biological, and physical background of civilization (history, political science, physical and biological sciences, literature, etc.) and (2) upon the discipline necessary to the effective prosecution of more advanced work (English rhetoric and composition, foreign languages, mathematics, etc.).

The Junior College also provides the preprofessional work required for admission to the schools of Law, Pharmacy, Education, and Government, and the first two years of the preprofessional work required by the School of Medicine.

In addition it provides two-year curricula in vocational training, leading to the Junior Certificate.

FRESHMAN WEEK

In order to assist students in making adjustments to college work, a special program of orientation is provided for entering freshmen. Each student is given a scholastic-aptitude test and a physical examination. The results of these tests provide information for the use of faculty advisers in assisting the student to make up his program of study and in advising the student during his first two years of college work. In addition, the entering freshmen attend a series of lectures relating to study methods, student activities, and the general organization and regulations of the University. A separate day is set aside for freshman registration in order that full opportunity may be given for the careful planning of the student's college course.

ADVISORY SYSTEM

In order that students may have opportunities for assistance in planning their courses and also for obtaining personal, educational, and vocational advice in every phase of their academic work during the first two years, a number of members of the Faculty serve as advisers to Junior College students.

Members of the Faculty, selected for their knowledge of Junior College requirements and student programs, advise both incoming freshmen and old students in making up their programs of study for each term. A separate staff of experienced advisers under the chairmanship of the Dean assists those students who find it difficult to make adjustments to college life because of scholastic or other reasons. Students who are "warned" or who are on probation may be required to consult these advisers at regular intervals. Students are encouraged to consult any members of the Advisory Staff or their instructors about college problems at any time.

Copies of notices of "warning" or probation will be sent to the parents or guardians of students on request, and the Dean and members of the Advisory Staff are always available for consultation with parents or guardians concerning student problems.

REGULATIONS

Students in the Junior College are subject to, and are expected to familiarize themselves with the regulations regarding ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 36-41.

SCHOLASTIC-APTITUDE TESTS

Students admitted to the Junior College are required to take the scholastic-aptitude tests of the University.

ENGLISH PLACEMENT EXAMINATIONS

Special placement examinations, required of all entering freshmen, will be conducted by the English Department. These examinations will test the student's proficiency in spelling, grammar, punctuation, and sentence structure; his vocabulary; and, through an impromptu theme, his ability to present his ideas in logical sequence with clarity and effectiveness. On the basis of these tests students will be classified as follows: (1) especially superior students who, by the unanimous decision of the examiners, are regarded as possessing the equivalent discipline of English 1-2 and who, upon payment of the fee required for waiving curriculum requirements

(see page 57), may be relieved of the curriculum requirement of the course; (2) students who score "unsatisfactory" and who will be required to take English 0, *Remedial English* (three credit hours), upon the satisfactory completion of which they will enter English 1-2; and (3) all other students, who will be required to take English 1-2.

FIRST- AND SECOND-GROUP COURSES

A Junior College student may not take second-group courses (courses numbered 101-200) without the written permission of the instructor and of the Dean of the Junior College. A student will not be permitted to postpone a first-group course, required under the curriculum for which he is registered, in order to take a second-group course for elective credit. The principle that first-group courses must be taken in the Junior College years, and advanced courses in Columbian College and the professional schools, will be rigidly adhered to in approving student programs. No student on probation is permitted to take second-group courses except by the express permission of the scholarship committee.

AMOUNT OF WORK

Fifteen or sixteen credit hours, not including required physical education, constitute normal work. A student not on probation may be permitted by the Dean to take seventeen credit hours.

A student having a quality-point index of 3.50 may, with the permission of the Dean, take eighteen or nineteen credit hours. No student may take more than nineteen credit hours, except with the permission of the Committee on Scholarship.

For an employed student working more than twenty-four hours a week, nine credit hours, not including required physical education, constitute normal work. An employed student not on probation may be permitted by the Dean to take ten credit hours. An employed student having a quality-point index of 3.50 may be permitted by the Dean to take twelve or thirteen credit hours.

ATTENDANCE

The student is held responsible to the instructor in charge of the course for which he is registered for all the work of the course, and all absences must be excused before provision will be made for him to make up the work missed.

With the exceptions noted below, occasional absences, not to exceed in number for each term the credit hours for the term, will be automatically excused. (If a course has distinct divisions such as lectures, laboratories, recitations, etc., these excuses apply pro rata to such separate

divisions.) In applying this rule absences immediately preceding or following holiday periods are to be counted double.

Such automatic excuses are intended to cover the occasional minor exigencies and not to constitute an indiscriminate privilege. A student on probation is allowed no automatic excuses.

Excuses for absences from two or more consecutive class periods, and for absences from examinations which have been announced in advance, can be obtained only by making written application to the Dean of the Junior College. All other absences may be excused by the instructor in charge.

A student whose absences from any class, whether excused or unexcused, are in excess of one fourth of the total number of class periods will receive the grade of *F* for the course, except by special ruling of the Dean on recommendation of the instructor in the course.

CLASSIFICATION OF STUDENTS

A student who has satisfactorily completed at least thirty-two credit hours of work, including eighteen credit hours in his curriculum requirements, is classed as a *sophomore*.

THE JUNIOR CERTIFICATE

Upon the satisfactory completion of the requirements of the Junior College, a Junior Certificate is awarded.

REQUIREMENTS FOR THE CERTIFICATE

SCHOLARSHIP

The system of grading and of computing scholarship is described in detail on pages 37 and 38.

In order to receive a Junior Certificate a student must have a quality-point index of at least 2.00.

Honor Roll.—The name of every student who has a quality-point index of 3.50 or higher will be placed on the honor roll and published. No consideration is given to those who have completed a total of less than fifteen credit hours. A place on the honor roll does not necessarily mean that the student will receive honors upon graduation.

Probation.—A student must maintain a quality-point index of at least 2.00, or be placed on probation. The case of each student who has a quality-point index between 1.50 and 2.00, however, will be considered by the Committee on Scholarship, which may retain or remove the pro-

bation. A student remains on probation as long as his quality-point index is below 2.00, or until his probation is removed by the Committee.

Suspension.—A student who has a quality-point index below 1.50 will be suspended. The case of each student who has a quality-point index between 1.35 and 1.50, however, will be considered by the Committee on Scholarship, which may retain him on probation or suspend him.

A student who falls under probation for the third term, whether successive or after an interval, will be suspended.

For the purpose of these rules, the summer sessions are considered a term.

A student suspended for poor scholarship may apply for readmission after an interval of a calendar year. He must then submit evidence to the Committee on Admission and Advanced Standing that during his absence from the University he has so conducted himself as to indicate that he will profit by readmission. A student suspended twice for poor scholarship will not be readmitted.

The foregoing scholarship rules are applied to a student with a limited schedule only when he has undertaken a minimum of fifteen credit hours.

Warnings.—At stated intervals during the academic year instructors file in the Office of the Registrar the names of those students who are doing work of *D* grade or lower. A "warning" will then be transmitted to the student concerned and a copy forwarded to his adviser. A warning constitutes notice to the student that he must consult his adviser within two weeks after receipt of the warning. Upon request a parent or guardian may receive a copy of a warning notice sent to a student. "Warning periods" are established as follows: fall term—November 1 to 15; winter term—March 15 to 30; summer term—each session, third to fourth week.

CURRICULUM REQUIREMENTS

The satisfactory completion of sixty credit hours of college work, exclusive of physical education, is required as outlined in one of the Junior College curricula described below and in the chart facing pages 58 and 59.

Curricula for Admission to Columbian College and the Professional Schools.—Each of the following curricula comprises the first two years of a standard four-year college course and prepares the student for upper division work. Requirements for graduation from the Junior College may not be the same as the requirements for admission to Columbian College or a professional school. Therefore, the student should consult the specific admission requirements of the college or school for which he is preparing.

The first two years of the premedical college work are undertaken in the Junior College in accordance with either curriculum A-I* or A-II*. For the third premedical year the student is registered in Columbian College. Each premedical program must be approved by the premedical adviser.

Curricula for admission to:

1. Columbian College:

A-I*—Prepares for the Bachelor of Arts curriculum in Columbian College.

A-II*—Prepares for the Bachelor of Science curriculum in Columbian College.

2. The Law School:

A-I*, E*, or the equivalent—Prepares for the Bachelor of Laws curriculum in the Law School.

3. School of Pharmacy:

C*—Prepares for the Bachelor of Science curriculum in the School of Pharmacy.

4. School of Education:

D-I (Same as A-I*)—Prepares for the Bachelor of Arts in Education curriculum in the School of Education.

D-II*—Prepares for the Bachelor of Science in Home Economics curriculum in the School of Education.

D-III*—Prepares for the Bachelor of Science in Physical Education for Men curriculum in the School of Education.

D-IV*—Prepares for the Bachelor of Science in Physical Education for Women curriculum in the School of Education.

5. School of Government:

E*—Prepares for the Bachelor of Arts in Government curricula in the School of Government.

Vocational Curricula.—In addition to the above curricula, all of which prepare for admission to upper division colleges and schools, the Junior College offers the following two-year terminal courses.‡

* See the chart facing pages 58 and 59.

‡ The Junior College curriculum in Secretarial Studies comprises the first two years of a four-year curriculum leading to the degree of Bachelor of Science in Secretarial Administration (see special bulletin).

Physical Education

Physical education is required of all students in the freshman and sophomore years. (See "Physical Education Requirements", pages 36 and 37.)

* The Junior College curriculum in Secretarial Studies comprises the first two years of a four-year curriculum leading to the degree of Bachelor of Science in Secretarial Administration (see special bulletin).

‡ Business Administration 51-52 must be substituted for Secretarial Studies 65 by students who are candidates for the degree of Bachelor of Science in Secretarial Administration.

Foreign-Language Requirements

The curriculum requirement in foreign languages is articulated with the admission requirements. For the Junior Certificate a student must have completed satisfactorily the equivalent of two years of college work in a single foreign language.

A student offering for admission four acceptable high school units of a single foreign language, or the equivalent, is not required to take any foreign language. If he offers three units, he must complete the second term of the second-year college course in the same language. If he offers two units, he must complete the entire second-year college course in the same language. If he offers one unit, he must complete the second term of the first-year college course and the entire second-year course in the same language. A student who offers irregular or inadequate preparatory work in a given language, or who has permitted a year or more to elapse since the completion of the second high school unit, must consult the executive officer of the department in question for assignment to proper courses. On written recommendation of the proper executive officer, and with the approval of the Dean of the Junior College, a student may repeat for credit a language course taken in high school.

In some instances foreign languages are required or recommended as a preparation for advanced work in Columbian College and the professional schools. The student should consult his adviser as to these requirements, so that appropriate foreign languages may be included, when necessary, in his Junior College program.

Examinations for Waiving Curriculum Requirements*

A student desiring to omit a required course may take such examination as the department prescribes, and, on passing satisfactorily, he may be relieved of the curriculum requirements in that subject and may qualify for registration in an advanced course. Passing of this examination shall not entitle the student to any hours of credit toward the degree. A student desiring to take such examinations should make the request of the Dean.

A fee of \$5 for each examination must be paid at the Office of the Comptroller and the receipt exhibited at the door of room 105, Building D, on September 22, at 2:00 P.M. for the fall term, and on February 1, at 2:00 P.M. for the winter term. Two hours are allowed for each examination. Should a student wish to take more than one examination, arrangements will be made accordingly.

Honors

Honorable mention with the Junior Certificate may be granted to the student who has a quality-point index of 3.50 or higher.

* This provision does not apply to the premedical student, all of whose required premedical work must be taken in a recognized college of arts and sciences.

GENERAL INFORMATION

INTRODUCTORY

Columbian College was founded in 1821. James Monroe, then President of the United States, aided in obtaining the charter from Congress which established "The Columbian College of the District of Columbia" for the "sole and exclusive purpose of educating youth in the English, learned and foreign languages, the liberal arts, sciences and literature", with full power to confer all degrees "usually granted and conferred in colleges".

In 1930, when the Junior College was established, the name "Columbian College" was bestowed upon the senior college of liberal arts.

THE COLUMBIAN COLLEGE PROGRAM

In The George Washington University, the program for liberal arts and sciences extends from the general collegiate education of the Junior College (the freshman and sophomore years), through the instruction for the Bachelor's degrees of Columbian College (the junior and senior years), and the studies for the Master's degrees which are also in Columbian College, to the graduate discipline leading to the degree of Doctor of Philosophy, which is administered by the Graduate Council.

The purpose of Columbian College is to round out the program of liberal education begun in the Junior College and to bring to a focus educationally the individual talents and aptitudes of the student of liberal arts.

The program involves a comprehensive survey of a field of study, together with such knowledge of other fields as will contribute to the general educational development of the student. A field of study may be confined to one department or may involve a group of related courses in more than one department, or more than one division. The following divisions have been established in The George Washington University based on the relationship of course content, interrelation of methods and prerequisites, and similarity of background and viewpoint:

1. *The Division of Languages and Literatures*.—the departments of Classical Languages and Literatures, English, Germanic Languages and Literatures, and Romance Languages and Literatures.
2. *The Division of Mathematics and the Physical Sciences*.—the departments of Biochemistry, Chemistry, Mathematics, Pharmacology, Physics, and Statistics.
3. *The Division of the Natural Sciences*.—the departments of Anatomy, Bacteriology, Biology, Botany, Geology, Neurology, Pathology, Physiology, Psychology, and Zoology.
4. *The Division of the Social Sciences*.—the departments of Business Administration, Economics, Education, History, Journalism, Law, Philosophy, Political Science, Public Speaking, and Sociology.

REGULATIONS

Students in Columbian College are subject to, and are expected to familiarize themselves with, the regulations regarding ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 36-41.

AMOUNT OF WORK

A full-time student who is not on probation may take ordinarily not more than seventeen credit hours. A student employed more than twenty-four hours a week, who is not on probation, may take not more than ten credit hours.

A full-time student whose quality-point index is 3.50 or higher may take not more than nineteen credit hours. An employed student who meets the same standard may take not more than twelve credit hours.

A student previously unemployed who accepts employment subsequent to registration or at any time during a term is required to report that fact immediately to the Dean, in order that adjustments in schedule may be made, if necessary, to bring his program within the Faculty's limitations upon the amount of work to be carried by an employed student.

ATTENDANCE

The student is held responsible for all the work of the courses in which he is registered, and all absences must be excused by the instructor in charge before provision is made for the student to make up the work missed.

CLASSIFICATION OF STUDENTS

A student who has completed less than thirty credit hours in Columbian College, and who has registered his major at the Office of the Registrar, is classed as a *junior*. A student who has completed thirty credit hours in Columbian College, including at least one course in his major, is classed as a *senior*. A student who has satisfactorily completed the work for the Bachelor's degree, and whose program of study has been approved and filed in the Office of the Registrar, is classed as a *master in course*.

INDEPENDENT STUDY PLAN

Under the independent study plan a student of demonstrated capacity, with special interest in the subject matter of a course, may be permitted to undertake independent study under the personal direction of an instructor, in accordance with the rules of the division in which the subject falls. Credit under this plan is limited to the specific course-credits as designated in the list of courses of instruction in the CATALOGUE.

CORRESPONDENCE AND HOME-STUDY COURSES

No credit is given for work done by correspondence or in home-study courses.

THE BACHELOR'S DEGREES

Upon the satisfactory completion of the undergraduate requirements of Columbian College, the degree of Bachelor of Arts or Bachelor of Science is conferred.

In cooperation with the School of Medicine a seven-year curriculum leading to the combined degrees of Bachelor of Arts and Doctor of Medicine is offered.

In cooperation with the Law School a six-year curriculum leading to the combined degrees of Bachelor of Arts and Bachelor of Laws is offered.

REQUIREMENTS FOR THE DEGREES

SCHOLARSHIP

The system of grading and of computing scholarship is described in detail on pages 37 and 38.

In order to graduate, a student must have a general quality-point index of at least 2.00. In addition, he must have a quality-point index of at

least 2.50 in his major subject. Grades in courses taken at other institutions are not considered in computing the quality-point index.

In computing the quality-point index in the major, all second-group and third-group courses in the major field taken at The George Washington University are included, even though minimum requirements for the major may have been exceeded. Grades received in first-group courses are not considered.

Probation.—A student must maintain a quality-point index of at least 2.00, or be placed on probation. A student remains on probation as long as his quality-point index is below 2.00, or until his probation is removed by the Committee on Scholarship.

Suspension.—A student who has a quality-point index below 1.00 or who is placed on probation for a third term, whether successive or after an interval, is suspended.

A student suspended for poor scholarship may apply for readmission after an interval of a calendar year. He must then submit evidence to the Committee on Admission and Advanced Standing that during his absence from the University he has so conducted himself as to indicate that he will profit by readmission. A student suspended twice for poor scholarship will not be readmitted.

For the purpose of these rules, the summer sessions are considered a term.

The foregoing scholarship rules are applied to a student with a limited schedule only when he has undertaken a minimum of fifteen credit hours.

Use of Correct English

Any student whose English in any course whatever is deemed unsatisfactory may be reported by the instructor to the Dean and to the Committee on the Use of English. The Chairman of the Committee may assign supplementary work, without academic credit, varying in amount with the needs of the student. If the work prescribed is equivalent to a course, the regular tuition fee is charged. The granting of a degree may be delayed for failure to make up any such deficiency in English to the satisfaction of the Committee and the Dean.

CURRICULUM REQUIREMENTS

Every candidate for graduation must satisfy curriculum A-I or A-II, listed below, leading to the degree of Bachelor of Arts or Bachelor of Science. The curriculum requirements include at least sixty credit hours beyond the requirements of the Junior College, and the satisfactory completion of the major (see "The Undergraduate Major", page 67). At least twenty-four credit hours must be taken in subjects not included in

the major.* Not more than twelve credit hours of professional courses (approved by the Dean of Columbian College) may be counted toward the Bachelor's degrees in Columbian College.

After selecting a curriculum, a student may not change to another except by permission of the Dean and on condition that he fulfill the requirements of the curriculum to which he changes as of the date when the change is approved by the Dean.

The freshman and sophomore years of each curriculum will be found in the announcement of the Junior College.

Each student is required to select and file with the Registrar a choice of major† upon entering Columbian College. He may change the major only with the consent of the Dean and of the department or division concerned, and must meet the requirements for the major to which he changes as of the date when the change is approved by the Dean.

First-group courses may be required as prerequisites to undergraduate-major programs, but because of their introductory character may not be counted as part of such programs. (See "Explanation of Course Numbers".)

Examinations for Waiving Curriculum Requirements

A student desiring to omit a required or prerequisite course may take such examination as the department prescribes, and, on passing satisfactorily, he may be relieved of the curriculum or prerequisite requirement in that subject and may qualify for registration in an advanced course. Passing of this examination shall not entitle him to any credit toward the degree. A student desiring to take such examinations should make written request of the Dean.

A fee of \$5 for each examination is to be paid at the Office of the Comptroller and the receipt exhibited at the door of Room 105, Building D, on September 22 at 2:00 P.M. for the fall term, and on February 1 at 2:00 P.M. for the winter term. Two hours will be allowed for the examination. Should a student wish to take more than one examination, arrangements will be made accordingly.

Bachelor of Arts

A-I§. *Curriculum Leading to the Degree of Bachelor of Arts.*—The work of the junior and senior years, including a major, must be approved by the major department or division and by the Dean.

Combined Degrees of Bachelor of Arts and Doctor of Medicine.—A candidate for the combined degrees of Bachelor of Arts and Doctor of Medicine must: (1) complete the premedical college requirements (see page 14 and curriculum A-I or A-II on the chart facing page 58); (2) fulfill the Columbian College residence requirement of at least thirty credit hours; (3) obtain the approval of the Dean of Columbian College at the time of entering the School of Medicine; (4) obtain the recommendation of the Dean of the School of Medicine at the completion of all prescribed courses in the first year of the School of Medicine, at which time the degree of Bachelor of Arts will be conferred (Professional work taken at another institution will not satisfy the major requirement for the combined degrees.); (5) maintain throughout the entire course the scholarship level required for graduation.

Combined Degrees of Bachelor of Arts and Bachelor of Laws.—A candidate for the combined degrees of Bachelor of Arts and Bachelor of Laws must: (1) complete three years of satisfactory college work; (2) fulfill the Columbian College residence requirement of at least thirty credit hours; (3) obtain the approval of the Dean of Columbian College at the time of entering the Law School; (4) obtain the recommendation of the Dean of the Law School at the completion of the first year of the Law School, at which time the degree of Bachelor of Arts will be conferred (Professional work taken at another institution will not satisfy the major requirement for the combined degrees.); (5) maintain throughout the entire course the scholarship level required for graduation.

THE UNDERGRADUATE MAJOR†

There are two types of undergraduate majors: the *New-Type* or field-of-study major; and the *Old-Type* or departmental major.

† For a complete description of the undergraduate major, see the special bulletin.

THE NEW-TYPE MAJOR

Definition of New-Type Major.—Each new-type major covers a carefully worked out field of coordinated study and is under the supervision of the division or divisions concerned. The content of the major is defined in terms of related subject matter, not in terms of courses and hours of credit. The passing of a written examination in the field of the major is evidence that the requirements for the major have been satisfied.

Under the new type, the following majors are offered: (1) American Thought and Civilization, (2) Biology, (3) English Literature, (4) French Literature, (5) History, (6) International Relations, (7) Philosophy, (8) Spanish American Literature, (9) Spanish Literature, (10) Statistics, (11) Zoology.

Of the new-type majors offered, two, those in International Relations and in Biology, extend broadly over the work of their respective divisions, and another, that in the field of American Thought and Civilization, involves studies in two divisions, those of Languages and Literatures and of Social Sciences. The other majors, with the exception of the major in Spanish American Literature, replace old-type majors in their respective fields.

These major fields involve the departments of: English, French, History, Philosophy, Spanish, Statistics, and Zoology. A new candidate for a major in the work of these departments must elect a new-type major. A student who began work on a major in these departments before the new-type major was established will be permitted to complete his old-type major.

Proseminar in the Major

For the convenience of the student a proseminar course is offered in each field of study, under the supervision of the division in which the major is taken. This course, planned and administered by the professor or adviser of the major subject, will advise, guide, and instruct the student in his reading, study, and laboratory exercises in order to assist him in gaining a coordinated knowledge of his field. It is a presentation of the content and methods of the major field as a whole through the organization and coordination of the knowledge obtained in the various informal courses in the major subject and of material not usually included in such courses. This course is not required. Six credit hours but no qualitative grade, may be assigned. When registered in this course, the student will have the privilege of visiting any other course offered in the college.

Proseminars are offered in new-type major fields and are open only to the student who has been accepted as a candidate under that specific new-type major.

The Major Examination

The major examination will normally be taken by the student at the close of the senior year; in the case of the student on a limited schedule, the major examination may be taken not earlier than one calendar year before graduation. A student who fails to pass a major examination may, at the discretion of the Columbian College Committee on Studies, be re-examined at a later regular major-examination period. The educational committees of the respective divisions will have general supervision of the preparation, reading, and grading of major examinations. Major examinations will be held in each regular term on dates fixed by the respective educational committees, but in no case later than January 15 for the fall term, May 15 for the winter term, and August 7 for the summer term.

THE OLD-TYPE MAJOR

Until further notice departmental majors will be offered in the following: Art, Botany, Chemistry, Classical Languages and Literatures, Economics, Geology, Germanic Languages and Literatures, Mathematics, Physics, Political Science, Psychology, Public Speaking, and Sociology.

Requirements for the major will be found under the courses of instruction of the department concerned immediately following the listing of the faculty of the department.

THE MASTER'S DEGREES

Upon the satisfactory completion of the graduate requirements of Columbian College, the degree of Master of Arts or Master of Science is conferred.

DEFINITION OF THE MASTER'S WORK

The study leading to the degree of Master of Arts or Master of Science is a comprehensive survey of a field of knowledge. It is a continuation of the work of the student's undergraduate major and involves a greater acquaintance with scholarly method.

The student must satisfy certain minimum requirements as to previous preparation, residence, ability to read an approved modern foreign (European) language, and courses taken; but these requirements, while essential, are regarded primarily as qualifying measures. The student's knowledge of his field, as demonstrated by his thesis and by the results of his Master's examination (together with such other examinations involving special skills or techniques as the department or division may require), is the basis upon which the Master's degree is conferred.

REQUIREMENTS FOR THE DEGREES

RESIDENCE

An academic year of residence in Columbian College is required, i.e., completion of a minimum of thirty credit hours of work including the thesis, which is counted as the equivalent of six credit hours of course work. Summer term work may be counted in residence, but in no case may the period of residence aggregate less than twenty-seven weeks. Not more than twelve credit hours (which must be approved in advance by the Dean of Columbian College) may be taken in another school or division of this University, and such work may not be counted toward both a degree in that school or division and the Master's degree in Columbian College. No part of the minimum requirement may be taken elsewhere. All work for the degree of Master of Arts or Master of Science must be completed within a maximum of three years, unless the Dean's Council considers the circumstances so unusual as to justify an extension of time.

SCHOLARSHIP

A student whose scholarship is unsatisfactory may be suspended by the Dean upon recommendation of the division under which the student is working. Regarding the system of grading, see pages 37 and 38.

PROGRAM OF STUDIES

The student's program of studies must be outlined in detail at the beginning of his work, in triplicate on forms available at the Office of the Dean. Each program is subject to the approval of the department and the division. The program may be revised as the occasion requires, but any change necessitates a repetition of the procedure just described.

Courses numbered from 1 to 100 may not be credited toward the Master's degree, but may in certain instances be required as a basis for advanced work. (See "Explanation of Course Numbers".)

A student who expects to continue his studies for the degree of Doctor of Philosophy after receiving the Master's degree is strongly advised so to plan his program from the beginning that work for the lower degree may help to prepare him for the higher.

ADMISSION TO CANDIDACY

A student must have been admitted to candidacy, at the discretion of the department and the division concerned, before he begins the last half of his work for the Master's degree. Application for admission to candidacy is made on a form obtained at the Office of the Registrar, and

must be approved by the appropriate representative of the division and by the Dean. If a prospective candidate, in his previous academic work, has not substantially satisfied the prerequisites for the Master's degree, including the undergraduate major as defined by the appropriate department or division, he will not be admitted to candidacy until such deficiency has been made up.

Before being admitted to candidacy the student must also show that he has a reading knowledge (certified by the appropriate foreign-language department) of at least one modern foreign (European) language, selected by the division under which he is studying. A student whose field is a modern foreign language or literature may not offer that language in satisfaction of the reading-knowledge requirement. Examinations in modern foreign languages will be given on Saturday, October 10, Saturday, February 6, and Saturday, May 1, at 2:00 P.M. In exceptional circumstances the respective departments will arrange for examinations at other times.

THE MASTER'S THESIS

The thesis may be of a research, expository, critical, or creative type. The main purpose of a Master's thesis is to demonstrate the student's ability to make independent use of the information and training acquired through his other disciplines, and to furnish objective evidence of his constructive powers in his chosen field. Registration for the thesis must be no later than the beginning of the final year of preparation, unless the professor in charge of the thesis permits registration at the beginning of the final term. The choice of the thesis subject must be approved by the professor in charge of the student's field and recorded in the Office of the Registrar by the date announced in the University calendar. Registration for the thesis is ordinarily made on the basis of three credit hours for two successive terms. In exceptional cases, and with the approval of the professor in charge of the thesis, the student may register for the entire six credit hours during a single term. The typewritten thesis in its final form must have the approval of the professor in charge of the student's field and of the educational committee of the division concerned, and must be presented to the Dean by the student not later than the date announced in the University calendar. Requirements regarding the form of the thesis are stated on page 40.

Payment of tuition for the thesis entitles the candidate, during the academic year of registration, to the advice and direction of the member of the faculty under whom the thesis is to be written. In case a thesis is unfinished, an additional successive academic year may be granted without further tuition payment. If the preparation of the thesis extends beyond the two-year period the student must register for it again, and pay tuition on the same basis as for a repeated course.

THE MASTER'S EXAMINATION

In addition to such other examinations as may be required, the candidate must pass a general written examination on the major subject. Examinations will be held on dates fixed by the respective educational committees, but in no case later than January 15 for the fall term, May 15 for the winter term, and August 7 for the summer term. The provisions of the new plan for undergraduate majors, as far as they concern the general examination for the major, also apply to the Master's examination. A candidate who fails to pass the Master's examination may, in exceptional circumstances and with the specific approval of the division concerned, repeat the examination, but only after the lapse of one term. If he fails a second time, no further opportunity to take the examination will be permitted.

GENERAL INFORMATION

INTRODUCTORY

The Graduate Council, a reorganization of the Graduate School of Letters and Sciences which had heretofore administered the disciplines leading to the Master of Arts and Doctor of Philosophy degrees, was instituted in 1931. Since then the Graduate Council has offered a program of advanced study and research leading only to the degree of Doctor of Philosophy.

The purpose of the Graduate Council of The George Washington University is to create a fellowship between the Masters in Research in the various fields and the students who have apprenticed themselves to these Masters, and through this fellowship to foster a creative spirit in the graduate studies leading to the degree of Doctor of Philosophy. The basic conception of this degree is the attainment of a mastery of related fields of knowledge, achieved without regard to specific courses of instruction and culminating, through original research, in a contribution to knowledge. It is hoped that in the development of this program the historical relationship of master and apprentice may be revived. In keeping with this idea a student, after satisfying certain requirements, is responsible solely to the Master under whom he has signified his desire to work.

* On leave of absence 1942-43.

§ On sabbatical leave fall term 1942-43.

APPLICATION TO UNDERTAKE DOCTORATE DISCIPLINES

A student wishing to undertake work under the Graduate Council must possess an adequate academic preparation for advanced study in the proposed field, as evidenced by satisfactory Bachelor's and Master's degrees, or the equivalent, together with acceptable personal qualities and capacity for creative work.

After an applicant's credentials have been filed with the Director of Admissions of the University, the Chairman of the Graduate Council will appoint a consultative committee (usually composed of five members), which will evaluate the records submitted and interview the applicant. The applicant will then meet the personnel committee of the Graduate Council. When the recommendations of the consultative and personnel committees have been presented, the Graduate Council will act upon the application for candidacy for Fellowship in the Graduate Council.

CANDIDACY FOR COUNCIL FELLOWSHIP EXAMINATION

If accepted, the candidate must demonstrate his ability to read both French and German and must satisfy all other prerequisites for advanced study specified by the consultative committee. The necessary examinations will be arranged by the Chairman of the Graduate Council.

The consultative committee will, after consultation with the candidate, designate a program of study in the several fields of learning on which the candidate must stand examination as a part of the requirements for admission to Fellowship in the Graduate Council. Ordinarily courses of instruction are assigned by the consultative committee only to make up deficiencies.

The candidate will be directed by his consultative committee throughout the entire period of preparation for this Council Fellowship examination.

THE COUNCIL FELLOWSHIP EXAMINATION

Upon application of the consultative committee the Chairman of the Graduate Council will set a date for the Council Fellowship examination and appoint an examining committee, composed of the members of the consultative committee and at least two other members of the Graduate Council. The Council Fellowship examination will be a written examination, conducted during a period of one week. The candidate, in consultation with the Chairman of the Graduate Council, will have des-

ignated the Master with whom he wishes to undertake research if admitted as a Fellow. If he is successful in the Council Fellowship examination and is accepted by the Master, the candidate will be nominated to the Graduate Council for election as a Fellow.

FELLOWSHIP IN THE GRADUATE COUNCIL

When a student has been admitted as a Fellow of the Graduate Council, his consultative committee will be discharged and he will become responsible to his Master alone for the development of his field, the selection of a thesis subject, and the preparation of his thesis. He will be formally inducted into Fellowship, which carries with it the privilege of membership in the Graduate Council, including participation in its general meetings, and unrestricted use of all the academic facilities of the University. The Master may refer the Fellow to other institutions for special study, under arrangements made by the Council.

THE THESIS

Not later than the date specified in the University calendar the Fellow must submit to the Chairman of the Graduate Council one typewritten original and two legible and complete carbon copies of his thesis in its final form and also a typewritten summary of the thesis consisting of not more than 2,500 words. Requirements regarding the form of the thesis are stated on page 40.

The summaries of accepted theses will be printed in a volume forming a number of the University BULLETIN. The successful candidate for the doctorate is required, before receiving his degree, to pay a fee to cover the expense of printing the summary of his thesis.

THE FINAL EXAMINATION

After the presentation of the Fellow's thesis, the Chairman of the Council, upon application of the Master, will set the date of the final examination and appoint the final examination committee. The examiners will include at least five members of the Graduate Council other than the Master, and at least two qualified experts in the Fellow's special field from other institutions of research. The Master will present the Fellow to the examining committee. In this final examination, which will be oral, the Fellow will defend his thesis in relation to the field of learning in which it lies. The examination will be public.

THE DEGREE OF DOCTOR OF PHILOSOPHY

If the Fellow satisfies this committee in respect to the high quality of his contribution to knowledge and his mastery of the field, he will be recommended by the committee to the Graduate Council and, if approved, nominated by the Council to the Board of Trustees of the University for the degree of Doctor of Philosophy.

TEACHING FELLOWSHIPS

Teaching fellowships are available in the departments of Bacteriology, Biochemistry, Botany, Chemistry, Economics, English, History, Physics, Psychology, Romance Languages, Statistics, and Zoology. An announcement regarding qualifications and application for these fellowships will be sent upon request to the Chairman of the Graduate Council.

GENERAL REGULATIONS

Candidates and Fellows in the Graduate Council are subject to, and are expected to familiarize themselves with, the regulations regarding ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 36-41.

RESIDENCE AND CONTINUOUS REGISTRATION

The Graduate Council has no formal regulations concerning the minimum amount of time a student must spend in residence, either in preparation for the Council Fellowship examination or as a Fellow of the Council engaged in doctoral research. The student who undertakes either part of the doctoral program on full or limited schedule must, in accordance with University regulations, maintain continuous registration under the Graduate Council even when the Council has granted a leave of absence for study or residence elsewhere. Failure to maintain registration in each term of the academic year disrupts the residence status of the student under his consultative committee or his Master in Research. In such a case, the student must reapply for admission to the Council, under whatever new conditions and regulations are set up by his consultative committee or by his Master in Research.

A pamphlet describing details of the Graduate Council program will be sent upon request to the Office of the Graduate Council.

It is further provided that no student of this University shall be eligible for the degree of Doctor of Philosophy unless he shall have been recommended by the Committee to the Graduate Council and it shall be the duty of the Graduate Council to recommend to the Board of Regents of the University for the degree of Doctor of Philosophy.

REQUIREMENTS

The student seeking the degree of Doctor of Philosophy shall be required to submit a dissertation in his field of study to the Graduate Council for its approval. The dissertation shall be a work of original research and shall be of such a nature as to contribute to the advancement of knowledge in the field of study. The dissertation shall be submitted to the Graduate Council in triplicate and shall be accompanied by a certificate from the Graduate Council that the student has completed the requirements for the degree of Doctor of Philosophy.

GENERAL REGULATIONS

The Graduate Council shall have the honor to confer the degree of Doctor of Philosophy upon such students as shall have completed the requirements for the degree of Doctor of Philosophy and shall have been recommended by the Graduate Council to the Board of Regents of the University for the degree of Doctor of Philosophy.

The Graduate Council shall have the honor to confer the degree of Doctor of Philosophy upon such students as shall have completed the requirements for the degree of Doctor of Philosophy and shall have been recommended by the Graduate Council to the Board of Regents of the University for the degree of Doctor of Philosophy.

HOSPITAL STAFF APPOINTMENTS

Members of the staff assigned to the University Hospital and Dispensary and those assigned to the Gallinger Hospital Service are listed in the bulletin of the School of Medicine.

GENERAL INFORMATION

INTRODUCTORY

The School of Medicine of The George Washington University was opened in March 1825; of the medical schools now in existence in the United States, it is the eleventh in chronological order of founding. The University Hospital and Dispensary were established in 1898 and made a part of the organization of the School.

The School is a member of the Association of American Medical Colleges and is one of the medical colleges which have been designated continuously as "class A" by the American Medical Association. The degrees of the School of Medicine are recognized by all state examining boards.

* The President of the University and the Dean of the School of Medicine are members of office of all committees.

PLAN OF INSTRUCTION

The George Washington University School of Medicine, recognizing the urgent need for medical services during the war period, reorganized its traditional course in the summer of 1941 so that students could take advantage of the summer months to advance themselves toward early graduation.

Each year of the medical curriculum has traditionally been divided into two semesters of sixteen weeks each. Under the accelerated program the calendar year will be divided into three terms of sixteen weeks each, and it will thus be possible in one calendar year to accomplish the work previously done in one and one-half academic years. The regular four-year course may thus be completed in two and two-thirds years.

Formerly students have been admitted only at the beginning of the fall term. Under the present plan two classes will be admitted each calendar year. The first class will be admitted in June 1942, the second class in February 1943, and succeeding classes every alternate term.

In approving the plan adopted by the Faculty of the School of Medicine, the Board of Trustees authorized its continuance for the period of the war.

EQUIPMENT AND FACILITIES

Medical School Building.—The building housing the School of Medicine is a five-story structure with lecture rooms and classrooms, laboratories, and students' rooms.

Laboratories.—A four-story laboratory building is adjacent to the main medical building. The major laboratories are for anatomy, histology and embryology, bacteriology, hygiene and preventive medicine, biochemistry, pathology, pharmacology and physiology, and clinical microscopy. They are fully equipped to enable students to pursue adequately the laboratory courses and to acquire the technical skill necessary in modern clinical and investigative work.

Medical Library.—The Library contains a selected reference collection of more than 4,000 volumes, and provision is made to add to it the important new medical works. The principal medical periodicals are received regularly.

The University Hospital and the University Dispensary.—The Hospital and Dispensary are adjacent to the School of Medicine and are controlled by the Faculty of Medicine.

GOVERNMENT LIBRARIES AND MUSEUMS

The Library of the Surgeon General's Office of the United States Army is the most complete general medical library in the world. In addition to its great collections of medical works, all leading medical

periodicals of the world are available. This Library, as well as the Library of Congress, the Public Library, and the many excellent libraries of the various Government departments, is available to students and teachers through a service maintained by the Medical School Library.

The Army Medical Museum affords opportunity for studying the conditions met in military and general medicine and surgery. Its collection of anatomical and pathological specimens is unequaled by any other museum in this country. The Museum of Hygiene, the National Museum, the Smithsonian Institution, the Botanic Gardens, and the Department of Agriculture all afford opportunities for study in Medicine and its allied sciences.

CLINICS

The city of Washington, with about a million inhabitants, provides ample clinical material. The University Hospital and Dispensary furnish clinical facilities and a large proportion of the materials studied in the courses in pathology and clinical pathology.

The University Hospital.—All clinics are under the supervision of the Dean, who is also Medical Director of the Hospital. This insures the highest possible utilization of available clinical material for teaching purposes and the proper supervision of clinicians and students; it brings the individual student into direct contact with patients and requires him to do, under authoritative supervision, the clinical and laboratory work necessary for diagnosis and treatment; and it permits proper interpretation of the conditions occurring during the progress of cases and promotes the keeping of adequate records. Clinical and clinico-pathological conferences are held in which the history of cases, the physical findings, laboratory records, and the post-mortem pathology when available, are presented and correlated.

The University Dispensary.—The Dispensary has a large out-patient service in all departments, to which several thousand visits are made annually. Fourth-year students are assigned in rotation by sections for clinical instruction in the Dispensary.

Gallinger Municipal Hospital.—Clinical instruction is available in all branches of medicine. A great wealth of clinical material is afforded in this hospital by ordinance of the municipal authorities of the District of Columbia, whereby one half of the patients are assigned for treatment and clinical teaching to members of the Faculty of this School, nominated by this University. Third-year students serve their clinical clerkships at this institution.

Children's Hospital.—Clinical instruction in pediatrics, dermatology, and orthopedic surgery.

Emergency Hospital and Central Dispensary.—Clinical instruction in medicine, surgery, obstetrics and gynecology, and the specialties.

Garfield Memorial Hospital.—Clinical instruction in gynecology and obstetrics in the out-patient department, on the wards, and in the operating room.

St. Elizabeths Hospital.—Clinical instruction in mental and nervous diseases, medicine, post-mortem work, and gross pathology. This hospital, with five and one-half thousand beds, is maintained by the United States Government. The psychiatric clinic is one of the largest in the world.

Episcopal, Eye, Ear and Throat Hospital.—Clinical instruction in ophthalmology, otology, rhinology, and laryngology.

Columbia Hospital.—Clinical instruction in gynecology and obstetrics in the out-patient department, on the wards, and in the operating room.

ADMISSION, REGISTRATION, FEES AND FINANCIAL REGULATIONS

Students in the School of Medicine are subject to, and are expected to familiarize themselves with, the regulations stated on pages 10-23.

Registration in the School of Medicine is for a period of one year. After the student has entered the courses of instruction he is obligated for the full tuition for the year. No part of the tuition will be refunded upon withdrawal or dismissal for any cause. Acceptance by the School of a student's fees does not in any way obligate the School to accept the student for any subsequent year.

A fee of \$3 to defray the costs of completing the records for final consideration for admission must accompany each application. Fees for each term (including the University fee) are \$275, payable in advance.

Because the number of applicants far exceeds the limit of each class, places can be reserved for only those qualified applicants who remit a deposit of \$100 which will be credited toward the tuition of the first term. Should the matriculant be unable to attend, this initial payment, less a charge of \$50 for registration, transfer, etc., will be returned up to one month before the opening of the term.

Credit for work will not be given until, at the completion of a laboratory course, the student has replaced or paid for all articles of equipment or other University property which he has lost, broken, or destroyed. All breakage or loss not directly traceable to an individual student is assessed pro rata.

COST OF TEXTBOOKS AND STUDENT EQUIPMENT

The minimum cost of necessary textbooks and student equipment (microscope, drawing materials, glass slides, clinical thermometer, stethoscope, hemocytometer, etc.) is approximately as follows: first year, \$150; second year, \$87; third year, \$60; fourth year, \$60; total, \$357.

REGULATIONS

Students in the School of Medicine are subject to, and are expected to familiarize themselves with, the University regulations stated on pages 36-41.

ATTENDANCE

Absence consists in being away from a class or clinic during a scheduled period, entering after the class or clinic has begun, or leaving before either is dismissed.

Absence is not allowed unless an excuse is obtained from the Dean or the instructor.

Excuse for absence due to sickness must be accompanied by a certificate signed by the attending physician and must be filed in the Office of the Dean.

For every unexcused absence a department will deduct one half of one per cent from the student's final grade in the subject involved.

GRADES

Proficiency in all subjects is marked on a basis of *A* (90-100); *B* (80-89); *C* (75-79); *D* (65-74), condition; *E* (below 64) failure; *Inc.*, incomplete. The passing grade in each subject is *C*.

ADVANCEMENT

Any student who has satisfactorily completed the required work of the first, second, or third year of the course and has passed all examinations is eligible for advanced standing, if approved by the Committee on Scholarship.

FAILURE

A student who has failed in any subject will not be advanced until such failure is removed and then only by authority of the Committee on Scholarship. All conditions must be removed at the next make-up examination period provided for this purpose.

EXAMINATIONS

Examinations, which may be written, oral, or practical, will be held at the end of each term.

A student who fails to appear at a regularly scheduled final examination will not be examined until the next regular examination, except by special permission of the Committee on Scholarship. For make-up examinations to remove conditions, a fee of \$5 will be charged for each subject.

SPECIAL UNDERGRADUATE AND GRADUATE ADVANTAGES

PHYSICAL EXAMINATIONS

All first-year students are given a comprehensive physical examination by the Department of Health Administration upon admission to the School of Medicine. The students are informed of the findings and advised regarding such measures as will tend to maintain a high standard of health.

In addition medical students benefit from the complete Tuberculosis Case Finding Program which the School has maintained since 1938-39. Under this program all students receive tuberculin tests, X-ray examinations, and such special attention from chest specialists as is necessary to reduce to a minimum the dangers from tuberculosis to which medical students are believed to be subject. Students are immunized against those diseases for which proven prophylactics exist.

RESERVE OFFICERS' TRAINING CORPS, U. S. ARMY, MEDICAL UNIT

A Medical Unit of the Reserve Officers' Training Corps is established in this School by authority of the Secretary of War, and an officer of the Medical Corps of the Army is detailed to the University for supervision and instruction of the unit.

Membership in the Unit, which is voluntary, is open to any physically fit male student who is a citizen of the United States. The instruction is divided into two two-year courses, the basic and the advanced. Students who satisfactorily complete the basic course may, up to the quota allowed by the War Department, enter the advanced course. A student who enters the advanced course receives approximately \$200 from the Government. He is obligated to complete the course.

A student who successfully completes the course is recommended for a commission in the Medical Section, Officers' Reserve Corps, if he desires appointment. A graduate may, after completion of one year's internship in a civil hospital, compete in the examinations held yearly for appointment as first lieutenant in the Medical Corps, Regular Army.

HOSPITAL APPOINTMENTS

Interns and residents are appointed annually in the University Hospital. Students who, after graduation, desire internships in other hospitals should apply directly to the institution which they wish to enter. A list

of hospitals approved for intern training is published annually in the *Journal of the American Medical Association*, and a copy of the list may be consulted in the Office of the Dean.

COMMISSION ON LICENSURE, DISTRICT OF COLUMBIA

Graduates who wish to take the examinations of the Commission on Licensure, District of Columbia, or desire to use the District license for reciprocity with the states, should apply to the Secretary, Commission on Licensure, Healing Arts Practice Act, District Building, Washington, D. C.

DEPARTMENTS OF INSTRUCTION

The work of the School is organized under the following departments: Anatomy; Bacteriology, Hygiene and Preventive Medicine; Biochemistry; Dermatology and Syphilology; Medicine; Military Science and Tactics; Neurology; Obstetrics and Gynecology; Ophthalmology; Otorhino-laryngology; Pathology; Pediatrics; Pharmacology and Therapeutics; Physiology; Psychiatry; Surgery; and Urology.

CLINICS

Courses of clinical instruction are included in the announcements of the clinical departments. The Dean prepares schedules of clinics and of student section assignments to the various hospitals and dispensaries.

THE DEGREE OF DOCTOR OF MEDICINE

Upon the satisfactory completion of the requirements of the School of Medicine, the degree of Doctor of Medicine is conferred.

REQUIREMENTS FOR THE DEGREE

Every candidate for graduation with the degree of Doctor of Medicine must be at least twenty-one years of age, of reputable character, and free of all indebtedness to the University. He must have satisfied the admission requirements, completed satisfactorily not less than four academic years of study as a matriculated student in Medicine, completed all required courses, and passed satisfactorily all prescribed examinations.

COMBINED ARTS AND MEDICINE CURRICULUM

The candidate registers in the Junior College for the freshman and sophomore years of the premedical curriculum and in Columbian College for the junior year. In order to be recommended for the degree of Bachelor of Arts, he must complete at least ninety credit hours of prescribed college work exclusive of physical education (at least thirty credit hours and one year of residence must be completed in Columbian College), and the first year of the medical curriculum. Upon satisfactory completion of the fourth year in the medical curriculum the student becomes eligible for the degree of Doctor of Medicine.

HONORS

A candidate who has completed the four-year medical course with an average grade of *A* may be recommended for graduation "with distinction".

GENERAL INFORMATION

INTRODUCTORY

The George Washington University Law School, established in 1826, discontinued and reorganized in 1865, is the oldest law school in the District of Columbia. Its course of instruction is planned to fit its graduates for the practice of law in any of the states of the United States or in foreign countries, the law of which is based on the Anglo-American legal system. It is also designed to prepare students for public service as lawyers in the Federal Government or the governments of the states. In 1900 the School took part in the organization of the Association of American Law Schools and it has been a member of the Association since that time. The School is approved by the Council of Legal Education of the American Bar Association. Both men and women are admitted to the School.

ADJUSTMENTS TO THE WAR EMERGENCY

The war emergency has increased the demand for men and women with legal training. To enable students to secure a maximum of legal training in the time available, the Law School's plan of instruction has been modified. The work of the year is organized into three terms known as the fall term, winter term, and summer term. The work undertaken in any one term may be completed by the end of that term. The summer term is divided into two sessions so that work undertaken during one session may be completed during that session.

Mid-term examinations will be given in full subjects, that is those given four hours a week during a term. Students who pass these examinations successfully will be given credit for the first half of such subjects in case they are compelled to leave the school without completing the term. Such students will be permitted to register for the second half of such subjects when they return to the school.

The Dean's Council will endeavor in every way consistent with proper educational standards to approve such special arrangements as may be

‡ The President of the University and the Dean of the Law School are ex officio members of the council.

necessary to meet individual problems arising from the demands made upon students by the war. Students who have such problems are requested to submit them to the Dean of the Law School for the full and immediate consideration of the Dean's Council.

In the field of public law, made doubly important by the war emergency, courses will be offered in Administrative Law, Constitutional Law, Trade Regulation, Labor Law, International Law, and Government Corporations.

During the fall term a new course entitled War Law will be offered. This course, designed to meet more specifically the needs of the war emergency, will consist of four parts: Military Law, International Law of War, War Contracts, and War Trade Regulation. This course will be so scheduled that students may register for it as a whole or for individual parts.

THE LIBRARY

The Law School Library of 23,000 volumes contains the official reports of the decisions of the courts of last resort of all the states prior to the National Reporter System and of fourteen states complete to date; the National Reporter System, complete; the reports of the United States Supreme Court and lower federal courts, and the reports of federal administrative agencies; Shepard's Citations for the units of the Reporter System; the English Reprint and English Law Reports; the United States Statutes; the United States Code, Annotated, and the Federal Code, Annotated; reasonably complete sets of statutes of all of the states; the English statutes; the principal English and American digests and encyclopedias; collections of special reports and annotated cases; and the leading textbooks, casebooks, and legal periodicals.

The Library is open from 9:00 A.M. to 11:00 P.M. each class day (Saturday, 9:00 A.M. to 6:00 P.M.), and from 2:00 to 6:00 P.M. on Sunday.

THE LAW REVIEW

The George Washington Law Review, published by the University, is edited by the Faculty and students of the Law School. It is devoted exclusively to state and federal public law. The location of the University in the National Capital, where the primary sources of federal public law may be observed in operation, affords an unexcelled opportunity for specialization in this field.

The *Review* is edited by a faculty editor-in-chief, a faculty board of associate editors, a board of departmental advisory editors, and a board of student editors. The student editors are chosen each year from those students who have attained senior standing in their work for the degree in Law with an average grade of B or higher.

RESEARCH IN PUBLIC LAW

Washington, the capital of the Nation, furnishes unsurpassed advantages for research in the fields of public law. In it are the offices of the major executive departments, the Congress, the Supreme Court of the United States, and four lower federal courts. In the executive departments and among the many independent establishments of the Federal Government there have been estimated to be between seventy-five and one hundred agencies, the activities of which involve the various branches of public law, particularly administrative law. The student of public law can study at first hand the work of these administrative agencies. He also has available as sources for investigation their records of administrative adjudications. In addition there are more than double the number of law offices in the various departmental and independent agencies the principal business of which is public law.

To promote research in public law, research seminars have been established in the Law School. The purpose of this research is to furnish means for training specialists in public law, either as government lawyers or as lawyers representing individuals or corporations in cases in which the Government is a party, and to assist in the analysis, clarification, formulation, and improvement of public law, substantive and procedural.

Candidates for the graduate degrees in the Law School and seniors who are candidates for the degree of Juris Doctor are eligible to pursue this work. Other students may be admitted with the special permission of the professor in charge.

As part of the research in public law, the Law School has conducted conferences on specific problems of public law. Leading experts in the field under discussion were brought together for these conferences. The results of these conferences were published in *The George Washington Law Review*. The following conferences have been held: Government Corporations, July 1938; Administrative Law, February 1939; Constitutional Law, March 1940; Labor Relations Regulation, March 1941.

THE STUDENT BAR ASSOCIATION

Every student in the Law School is required to be a member of the Student Bar Association. This is organized to enable the student to become better acquainted with problems of the profession, to develop better professional ideals, and to bring about closer contact with members of the profession engaged in active practice of the law.

The work of the Student Bar Association is carried on by various committees and by group and general meetings of a professional and social nature. From time to time lectures are given by outstanding authorities on legal and professional problems.

Each member of the Student Bar Association receives a subscription to *The George Washington Law Review*.

PRACTICE AND PRACTICE COURT

The curriculum is planned to include such training in the fundamentals of practice as is feasible in a law school. Classroom instruction is conducted in the theories of pleading and procedure, trial and appellate practice, and evidence. This instruction includes grounding in the principles of the new Federal Rules of Civil Procedure. In addition each senior student is required to participate in the work of the practice or Moot Court. This includes trying a specified number of cases, both as a senior counsel and junior counsel. For students who are planning to practice patent law, a special section of the court is conducted devoted exclusively to the trial of patent cases.

ORDER OF THE COIF

The Order of the Coif, a national honor society with chapters in thirty-five law schools, aims "to foster a spirit of careful study and to mark in a fitting manner those who have attained a high grade of scholarship". The George Washington University Chapter was established in 1926. Members are elected each year from the highest-ranking 10 per cent of the graduating class of the Law School.

GENERAL REGULATIONS

Students in the Law School are subject to, and are expected to familiarize themselves with, the regulations concerning ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 36-41.

HOURS OF INSTRUCTION

The regular course for full-time students is given from 10:00 A.M. to 1:00 P.M. Employed students may take the regular course in the classes held from 6:30 to 8:20 P.M.

AMOUNT OF WORK

A student who takes a majority of his courses in the full-time sections, from 10:00 A.M. to 1:00 P.M., may, with the permission of the Dean, take work not exceeding sixteen hours a week. For such a student the minimum period of attendance is three academic years.

A student who takes a majority of his courses in the evening sections may not register for more than ten hours a week. For such a student the minimum period of attendance is four academic years.

The amount of work carried by any student may be restricted when, in the judgment of the Dean, the best interests of the student require it.

ATTENDANCE

A student who has been absent from more than 20 per cent of the classes in any subject will not be permitted to take the examination in the subject except with special permission of the Dean's Council.

RESIDENCE REQUIREMENTS

A year's attendance in the evening classes is counted as residence for three fourths of a year. A student admitted with advanced standing must complete at least one year of residence in this School and pass twenty-eight credit hours with the required average for the degree.

GRADES

At the end of each term each student is given a letter grade in each subject completed and a letter grade indicating the average for the term.

Grades are indicated by the letters *A*, excellent; *B*, good; *C*, satisfactory; *D*, poor—below standard for graduation; and *F*, failed.

The grades *A*, *B*, *C*, and *D*, mean that the work has been successfully completed and credit given for the subjects.

F, failed means that the work in the subject has been a failure and that no credit will be given. To obtain credit the student must repeat the subject; but a student who has obtained an average of *C* in the work of the academic year and received a grade of *F* in only one subject may take the next regular examination in that subject, and if on such reexamination he obtains a passing grade he will be given credit in the subject with the grade thus obtained.

EXAMINATIONS

Final written examinations are held at the close of each term. Every student is required to take the regular examinations in the subjects pursued, unless excused by the Dean. A student who, with the consent of the Dean, does not take the final examination in a subject with the class in which he is enrolled may take the next regular examination given in the subject.

No special examinations will be given; except that, upon written application to the Dean's Council, showing sufficient cause, a candidate for a

degree at a convocation before the next regular examination, if he would be entitled to take a postponed examination, may, at the discretion of the Dean's Council, be given a special examination.

EXCLUSION AND PROBATION FOR POOR SCHOLARSHIP

A student who during an academic year fails in courses aggregating eight or more credit hours will be excluded. Such a student is not eligible to be registered in the Law School or to attend classes in the next academic year. He may, however, be admitted to the regular examinations in that academic year in those subjects in which he has made a grade below passing, and if he receives a grade of passing in these subjects with an average sufficient to make his general average not less than *C*, he will be reinstated at the beginning of the academic year next succeeding the passing of these examinations.

A student not subject to exclusion under the foregoing rule who at the end of an academic year has failed to maintain a general average of at least *C*, will be on probation during the next academic year. A student on probation may at the discretion of the Dean be required to reduce his program of study. A student on probation will be excluded at the end of the probationary year unless he has made grades sufficient to give him a general average of at least *C*.

The general average of a student includes all the grades in all the subjects taken while he is in the Law School working for a particular degree. When a subject is repeated or a reexamination is taken, both the first grade and the subsequent grade or grades are counted in the general average.

In special cases in which it is clear that the student's failure does not indicate lack of ability to pursue the study of law, the student who has become subject to exclusion may be readmitted by vote of the Dean's Council of the Law School.

No student is put on probation or excluded because of the work of one term only, or as the result of a program of less than four hours a week during the academic year.

CLASSIFICATION OF STUDENTS

Students are divided into classes on the completion of credit hours as follows: first year, to twenty-seven; second year, twenty-eight to fifty-five; third year, fifty-six or more.

THE DEGREES

IN THE PROFESSIONAL COURSE

These degrees are Bachelor of Laws (LL.B.) and Juris Doctor (J.D.).

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF LAWS

To be recommended for this degree the student must have completed: (1) a residence period of not less than three academic years on a full-time basis (four years on a part-time basis); (2) eighty credit hours with a general average of at least *C*; and (3) the course in Moot Court.

Combined Degrees of Bachelor of Arts and Bachelor of Laws.—A candidate for the combined degrees of Bachelor of Arts and Bachelor of Laws must: (1) complete three years of satisfactory college work; (2) fulfill the residence requirement of at least thirty credit hours of Columbian College, the School of Government, or the School of Education; (3) obtain the approval of the Dean of the college concerned at the time of entering the Law School; (4) obtain the recommendation of the Dean of the Law School at the completion of the first year of the Law School, at which time the degree of Bachelor of Arts will be conferred (Professional work taken at another institution will not satisfy the major requirement for the combined degrees.); (5) maintain throughout the entire course the scholarship level required for graduation.

REQUIREMENTS FOR THE DEGREE OF JURIS DOCTOR

This degree is conferred as a recognition of the completion at the George Washington University Law School, with high rank, of the full professional course of not less than three full years (four years on a part-time basis) including experience in research and legal authorship.

To be recommended for this degree the student must have completed: (1) a residence period of not less than three academic years on a full-time basis (four years on a part-time basis); (2) eighty credit hours with a general average of at least *B*; (3) the course in Moot Court and either the course in Comparative Law or one of the graduate seminars; and (4) one year of acceptable service on the board of student editors of *The George Washington Law Review*, election to which is subject to regulations laid down by the faculty.

IN THE GRADUATE COURSE

These degrees are Master of Laws (LL.M.) and Doctor of Juridical Science (S.J.D.)

REQUIREMENTS FOR THE DEGREE OF MASTER OF LAWS

To be recommended for this degree the student must have completed a residence period of not less than one academic year. He must have completed satisfactorily twenty credit hours of subjects in the graduate curriculum. In individual cases, third- or fourth-year subjects listed in the professional curriculum may be included in the program of study. All requirements for this degree must be completed in a period not exceeding two academic years.

REQUIREMENTS FOR THE DEGREE OF DOCTOR
OF JURIDICAL SCIENCE

To be recommended for this degree the student must have completed a residence period of not less than one academic year. He must have pursued a course of study and research designated by his consultative committee and approved by the Dean's Council of the Law School. At the conclusion of his first year of residence or at such other time as the consultative committee may set, the candidate must pass an oral examination in those fields of study selected by the consultative committee. This examination shall be conducted by the consultative committee and such other members of the faculty as may be assigned by the Dean. The student must then submit a thesis which in the opinion of the examining committee shall constitute a substantial contribution to the field of law concerned and shall be suitable for publication.

A field of study may be selected from the following: Administrative Law, Civil Procedure, Conflict of Laws, Constitutional Law, Evidence, Federal Jurisdiction, Public Corporations, Government Regulation of Business Organization, History of Law, International Law, Labor Law, Municipal Corporations, Trade Regulation, and Trusts.

GENERAL INFORMATION

INTRODUCTORY

The School of Engineering of The George Washington University was organized in 1884 as the Corcoran Scientific School. In 1903 that school was combined with Columbian College in the Department of Arts and Sciences. In 1905 the engineering courses were placed under an administrative organization known as the Washington College of Engineering and in 1909 the name was changed to the College of Engineering and Mechanic Arts. In 1914 the name became the School of Engineering.

Courses leading to the degree of Bachelor of Civil Engineering, Bachelor of Mechanical Engineering, and Bachelor of Electrical Engineering

* Elected by the Faculty. The President of the University and the Dean of the School of Engineering are members ex officio of the council.

are accredited by the Engineers' Council for Professional Development, the recognized accrediting body of the engineering profession, composed of representatives of the American Society of Civil Engineers, the American Institute of Mining and Metallurgical Engineers, the American Society of Mechanical Engineers, the American Institute of Electrical Engineers, the Society for the Promotion of Engineering Education, the American Institute of Chemical Engineers, and the National Council of State Boards of Engineering Examiners.

Courses of instruction leading to the Bachelor's degrees are scheduled so as to make it possible for the employed student to enroll on a part-time basis. The curricula and the teaching staff are the same for both full-time and part-time students.

The addition of a summer term makes it possible for full-time students to work continuously throughout the year and complete the requirements for a degree in two and two-thirds years.

REGULATIONS

Students in the School of Engineering are subject to, and are expected to familiarize themselves with the regulations concerning ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 36-41.

AMOUNT OF WORK

The normal program of studies for full-time students is set forth below under "Curriculum Requirements". The student with a limited schedule is not allowed to carry more than nine credit hours except by permission of the Dean's Council.

CLASSIFICATION OF STUDENTS

Students are classified as *freshmen, sophomores, juniors, and seniors*, in accordance with the curriculum requirements stated on pages 102-4.

THE BACHELOR'S DEGREES

Upon the satisfactory completion of the undergraduate requirements of the School of Engineering, the degree of Bachelor of Civil Engineering, Bachelor of Electrical Engineering, Bachelor of Mechanical Engineering, or Bachelor of Science is conferred. The total number of credit hours for the four-year course is 144.

REQUIREMENTS FOR THE DEGREES

SCHOLARSHIP

The system of grading and of computing scholarship is described in detail on pages 37 and 38.

In order to graduate, a student must have a quality-point index of at least 2.00. No student whose quality-point index is below 2.00 will be admitted to the junior year.

Delinquency in scholarship renders the student liable to be placed on probation or suspended by the Dean's Council. Readmission is subject to approval by the Dean's Council.

CURRICULUM REQUIREMENTS

The satisfactory completion of one of the following curricula is required.

The purpose of this curriculum is to allow a student who has demonstrated his ability to do better than passing work to center his attention upon a group of subjects in which he has special interest. Options may be elected in business administration, chemistry, economics, geology,

mathematics, naval architecture, physics, or statistics. The student's choice of subjects for the entire junior and senior years should be submitted to the Dean's Council for approval before the beginning of the junior year. The student must comply with such requirements as to subjects, schedules, and scholarship as the department concerned may prescribe. This work must be taken at The George Washington University.

THE PROFESSIONAL DEGREES

The professional degree of Civil Engineer, Electrical Engineer, or Mechanical Engineer may be conferred upon a graduate of the School of Engineering who has demonstrated his professional ability.

REQUIREMENTS FOR THE DEGREES

1. Application may not be made sooner than three years after graduation, and then only if the candidate has had responsible charge of engineering work.
2. A detailed statement of the candidate's experience, references, the degree sought, and the title of the thesis must be filed with the Dean eight months before the Commencement at which the degree is to be conferred.
3. If his application is accepted, the candidate must prepare his thesis as required by the executive officer of the department concerned.
4. One typewritten original and two legible and complete carbon copies of the thesis must be presented to the Dean not later than the date announced in the University calendar. Requirements regarding the form of the thesis are stated on page 40.

GENERAL INFORMATION

INTRODUCTORY

In 1867 the foundation for the National College of Pharmacy was laid by the Apothecaries' Association of the District of Columbia. The

* The President of the University and the Dean of the School of Pharmacy are members ex officio of all committees.
 † Elected by the Faculty.

College was opened in 1872 and continued until 1906, when it became affiliated with The George Washington University.

The School of Pharmacy is accredited by the American Council on Pharmaceutical Education.

The School of Pharmacy is a member of the American Association of Colleges of Pharmacy.

Washington offers many opportunities for the study of pharmacy. Not only are the facilities of government laboratories and libraries open to the student, but the School of Pharmacy is located only a few blocks from the American Institute of Pharmacy building, in which has been established a pharmaceutical museum and library, and research laboratories which have brought to Washington the outstanding men of the profession.

REGULATIONS

Students in the School of Pharmacy are subject to and are expected to familiarize themselves with the regulations concerning ADMISSION, REGISTRATION, FEES AND FINANCES as stated on pages 10-23, and the University regulations stated on pages 36-41.

AMOUNT OF WORK

Normal work for any year is that outlined under the head of "Curriculum Requirements", below. A student who wishes to take more than the normal amount of work may do so only with the permission of the Committee on Scholarship, the members of which are guided in their decision by his scholastic record and the extent to which he is employed. A student on probation is limited in the amount of work he may carry.

ATTENDANCE

Except by special permission of the instructor, credit will not be given for any course if absences, including both lecture and laboratory, exceed in number for each term the hours of credit for the term.

Absence consists of being away from a lecture or a laboratory, entering after the lecture or laboratory has begun, or leaving before either is dismissed.

EXAMINATIONS BEFORE STATE BOARDS OF PHARMACY

To be eligible for examination before most state boards of pharmacy the applicant is required to present satisfactory evidence of college graduation and in addition must have had from one to four years of practical experience in a pharmacy where prescriptions are compounded. The student is not encouraged to undertake professional work while attempt-

ing a full course of study. A student who maintains a quality-point index of 2.00 or higher, may be granted permission by the Dean to acquire a limited amount of this professional experience by working in a pharmacy while carrying a full schedule. A student who falls below a quality-point index of 2.00 will be required to reduce his academic load, or to limit his professional-experience time to less than twenty-four hours a week.

THE DEGREE OF BACHELOR OF SCIENCE

Upon the satisfactory completion of the requirements of the School of Pharmacy, the degree of Bachelor of Science in Pharmacy is conferred.

REQUIREMENTS FOR THE DEGREE

SCHOLARSHIP

The system of grading and of computing scholarship is described in detail on pages 37 and 38.

In order to graduate, a student must have a general quality-point index of at least 2.00. In addition, he must have a quality-point index of at least 2.50 in all pharmacy courses.

Probation.—A student must maintain a quality-point index of at least 2.00, or be placed on probation where he will remain as long as he fails to attain this index.

Suspension.—A student who has a quality-point index below 1.00 or who is placed on probation for a third term, whether successive or after an interval, will be suspended. A student who receives a grade of *E* or *F* in two courses in any term will be suspended.

A student suspended for poor scholarship may apply for readmission after an interval of a calendar year. He must then submit evidence to the Dean of the School of Pharmacy that during his absence from the University he has so conducted himself as to indicate that he will profit by readmission. A student suspended twice for poor scholarship will not be readmitted.

The foregoing scholarship rules are applied to a student with a limited schedule only when he has undertaken a minimum of fifteen credit hours.

CURRICULUM

The laboratory method of teaching is used. Recitation classes are held in connection with each course in order to provide systematic drill in the subjects.

The curriculum requirements include at least 130 credit hours. The following curricula lead to the degree of Bachelor of Science in Pharmacy.

GENERAL INFORMATION

INTRODUCTORY

It is the purpose of the School of Education to prepare teachers, supervisors, and administrators for the higher ranges of educational service

* The President of the University and the Dean of the School of Education are members ex officio of all committees.

† Elected by the Faculty.

and to offer opportunities to teachers of experience to extend their education. The School embraces the departments of Education, Physical Education, and Home Economics, and it is affiliated with all the other departments of the University in which the student is likely to elect work. It offers both graduate and undergraduate work.

The schedule of courses is arranged to meet the convenience of both full-time and part-time students. By attending afternoon, Saturday, and summer classes, teachers in the schools of Washington and vicinity may complete all the requirements for a degree without giving up their positions.

REGULATIONS

Students in the School of Education are subject to, and are expected to familiarize themselves with the regulations concerning ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 36-41.

AMOUNT OF WORK

A normal program of work for an undergraduate student is sixteen or seventeen credit hours. A student with a quality-point index of 3.00 or higher may, with the Dean's permission, take nineteen hours. More than nineteen hours may not be taken except by special permission of the Committee on Scholarship.

For an employed student ten credit hours constitute a normal program. A student with a quality-point index of 3.00 or higher for the preceding term may be permitted by the Dean to take twelve or thirteen credit hours.

For a graduate student twelve credit hours, exclusive of the thesis, constitute a normal program. An employed student may not take more than nine credit hours.

THE BACHELOR'S DEGREES

Upon the satisfactory completion of the undergraduate requirements of the School of Education, the degree of Bachelor of Arts in Education, Bachelor of Science in Home Economics, or Bachelor of Science in Physical Education is conferred.

The program of work of each student must be approved by a Faculty adviser. Since each student's program of work will be defined by his particular needs, it is important that the student have a clear conception of his major interest in education, and also that he be familiar with the teaching-certificate requirements in the locality in which he expects to teach.

REQUIREMENTS FOR THE DEGREES

To be recommended for a degree a student must satisfy the admission, residence, scholarship, and curriculum requirements.

RESIDENCE

For full details concerning continuous residence, see page 36.

SCHOLARSHIP

The system of grading and of computing scholarship is described in detail on pages 37 and 38.

In order to graduate, a student must have a quality-point index of at least 2.00.

Probation.—A student who fails to maintain a quality-point index of at least 2.00 will be placed on probation. A student remains on probation as long as his quality-point index is below 2.00, or until his probation is removed by the Committee on Scholarship.

Suspension.—A student who fails to pass (i.e., who receives a grade of *E* or *F*) in half or more than half of his work, based on a minimum of sixteen credit hours, will be suspended.

A student who has been suspended for poor scholarship may within ten days appeal his case to the Committee on Scholarship through the Dean. If the case appears to be remediable and the student appears likely to improve in his scholarship thereafter, the Committee may readmit him on probation. A student who has been denied readmission on probation may petition the Committee on Scholarship through the Dean for readmission after the lapse of a calendar year. A student who has been suspended twice will not be readmitted.

CURRICULUM REQUIREMENTS

In any of the following curricula at least thirty credit hours must consist of courses numbered above 100.

Bachelor of Arts in Education

Students admitted with two years of approved college work are granted the degree of Bachelor of Arts in Education upon the satisfactory completion of sixty-six or more credit hours. This work must include:

*Education (including Observation and Cadet Teaching).....	Credit Hours 18
†Educational Psychology	2 or 3
†Educational Sociology	2 or 3
Subject-matter field	24 or more
Electives	6 to 20

To the extent that courses in the foregoing list are offered for admission, the range of electives is increased.

In accordance with the foregoing general pattern of work for the degree, programs of study are available for elementary school teachers with normal school training and for prospective secondary school teachers in the following teaching fields: English; social studies; history and geography; history, civics, and economics; general science and biology; general science and chemistry; general science and physics; general science and mathematics; French; Spanish; German; Latin; secretarial studies; accounting, banking, and business management; and art. Additional information concerning these programs may be obtained by writing to the Dean.

Normal School Students.—Students from approved normal schools are granted such advanced standing as their credentials warrant. Their unfinished requirements are determined by the Dean.

Subject-Matter Field.—Courses elected within the subject-matter field will depend upon the teaching certificate desired. Usually twenty-four to thirty-six credit hours are required. The subject-matter program should be planned in consultation with, and must be approved by, the Faculty adviser in the field selected. Relevant work completed in normal school or junior college may be counted toward the subject-matter requirements with the approval of the Faculty adviser and the Dean.

Bachelor of Science in Home Economics

The program of work of each student will be planned with the assistance of a Faculty adviser in the Department of Home Economics.

The purpose of the general home-making course is to educate young women for the important responsibility of home-making and to prepare them adequately for modern living.

Since there will be variation in the needs of each student, the general home-making program can be adapted with the assistance of the Faculty adviser to meet any special requirements.

* The choice of electives in education and the number of credit hours in excess of eighteen will depend largely upon the certification requirements that the student wishes to meet. Courses listed under the Department of Education as "Closely Related Courses in Other Departments" are accepted in fulfilling the requirement of eighteen credit hours in education, with the exception of Educational Psychology and Educational Sociology.

† Required in addition to eighteen credit hours in education.

The student desiring to prepare herself to teach another subject in addition to physical education for women may do so by choosing her elective hours from one subject-matter field with the advice of the Dean of the School of Education. Relevant work completed in the Junior College may be counted in this subject-matter field.

THE DEGREE OF MASTER OF ARTS IN EDUCATION

Upon the satisfactory completion of the graduate requirements of the School of Education, the degree of Master of Arts in Education is conferred. This is a professional degree, designed to prepare the student for some particular type of educational service. The program of studies leading to the degree will be selected by the candidate and his consultative committee from the various related departments of the University to give the student an adequate background in his chosen vocational field. For the prospective high school or junior high school teacher this will ordinarily include study in the subject which he is planning to teach as well as in the field of education.

In accordance with the foregoing general pattern of work, graduate programs of study are available in early childhood education, elementary education in the intermediate grades, elementary school administration, guidance, and the various teaching fields in secondary education. Programs of work for teachers-in-service are differentiated from those for students without teaching experience.

ADMISSION TO CANDIDACY

In addition to admission requirements stated on page 16 the applicant for admission to candidacy for the Master's degree must be accepted by the Committee on Admission and Advanced Standing. The

general procedure in meeting this requirement includes scholarship and personality ratings from instructors under whom the candidate has studied, a personal interview with the Dean, and a scholastic-aptitude test.

ADVANCED STANDING

Graduate work completed in other accredited institutions of learning may be credited toward the Master's degree, but a minimum of twenty-four credit hours must be completed at The George Washington University.

Advanced courses completed in excess of the requirements for the Bachelor's degree in this University may be credited toward the Master's degree to the extent of twelve credit hours, provided the work fits in with the student's plan of specialization and is approved in writing by the Dean before being undertaken.

Work completed more than three years prior to registration for the Master's degree at this University will be credited only after the candidate has satisfied the department concerned that he is proficient in the subject matter of the courses offered for credit. Such proficiency may be determined by examination or by other means.

REQUIREMENTS FOR THE DEGREE

RESIDENCE

A candidate must pass in resident study at this University at least two terms, or one term and two six-week summer sessions, or four six-week summer sessions.

AMOUNT OF WORK

A student whose previous preparation in his chosen field has been adequate may complete his requirements, including the thesis, by a minimum of thirty credit hours; others are required to do additional work.

THE THESIS

The program of studies will be rounded out by a thesis, which will count as six hours of credit toward the degree. It may be of a research, expository, critical, or creative type, and is intended to demonstrate the student's ability to make independent use of the information and training that he has acquired, and to furnish objective evidence of his constructive powers in his chosen field. The thesis subject must be approved in writing by the candidate's adviser and recorded in the Office of the Registrar by the date announced in the University calendar.

One typewritten original and three legible and complete carbon copies of the thesis in its final form must be presented to the Dean by the candidate not later than the date announced in the University calendar. Requirements regarding the form of the thesis are stated on page 40.

Payment of tuition for the thesis will entitle the candidate, during the academic year of registration, to the advice and direction of the member of the Faculty under whom the thesis is to be written. In case a thesis is unfinished, an additional successive academic year may be granted without further tuition payment. If the preparation of the thesis extends beyond the two-year period, it must be registered for again, and tuition paid on the same basis as for a repeated course.

FINAL EXAMINATION

In addition to the course examinations, the candidate must pass a final examination on the thesis and its related fields.

If the thesis is submitted more than three years after the course requirements have been completed, a written examination covering the student's complete program of study will also be required.

THE DEGREE OF DOCTOR OF EDUCATION

The requirements for the degree of Doctor of Education cannot be stated in credit hours, but they consist in general of at least two full years of work beyond the degree of Master of Arts in Education or the equivalent. It is the function of these requirements to prepare the student for an administrative or supervisory position, the teaching of education in normal school or college, the teaching of an academic subject in school or college, or specialized types of educational service. The work is given a practical rather than a theoretical bent, and emphasizes the mastery and application of subject matter, both in the study requirements and in the thesis. Special emphasis is placed upon the professional success of the candidate.

The candidate's program of study largely depends upon his previous educational background and his professional objective. Opportunities are provided for study leading to the following professional objectives: school superintendent, secondary school principal, supervisor, director of guidance, director of curriculum development, professor of education, and specialist in educational research.

QUALIFICATIONS OF THE APPLICANT

The candidate for the degree of Doctor of Education must have completed (1) graduate work in fields prerequisite to his objective, equivalent

to that required for the degree of Master of Arts in Education in The George Washington University, and (2) at least three years of successful educational experience.

ADMISSION TO CANDIDACY

To be admitted to candidacy for the degree the applicant must be accepted by the Faculty of the School of Education on the basis of an examination conducted by a committee appointed by the Dean. This examination will usually include the following: (1) a written examination involving problems related to the applicant's background; (2) a scholastic-aptitude test; (3) an oral examination.

CONSULTATIVE COMMITTEE

If the applicant is accepted as a candidate, his consultative committee shall counsel the candidate and guide his work.

The consultative committee, in cooperation with the candidate, shall (1) determine the candidate's fields of study, in each of which the candidate must pass a written examination at least eight months before he presents himself for the degree; (2) formulate a list of course requirements and of readings that will assist him in preparing for these examinations; and (3) designate the tools of investigation that will be needed by the candidate in the prosecution of his study. These tools may include one or more foreign languages, statistical methods, historical criticism, or any others considered essential by the committee. An examination in the tools designated must be passed by the candidate before he takes his comprehensive examination.

THE THESIS

After the candidate has satisfied the requirements enumerated in the preceding section, his committee is dissolved, and he is assigned to a member of the Faculty in whose field the topic of his thesis falls. It is the duty of this person to serve as the candidate's adviser on his thesis and in his field of specialization, and to recommend him to the Dean for the final oral examination when, in his judgment, the candidate's thesis is acceptable.

Not later than the date specified in the University calendar the candidate shall submit to the Dean of the School of Education four copies of his thesis—one typewritten original, on official thesis paper, and three legible and complete carbon copies—and also a typewritten summary of the thesis consisting of not more than 2,500 words. Requirements regarding the form of the thesis are stated on page 40.

The successful candidate is required, before receiving his degree, to pay a fee to cover the expense of printing the summary of his thesis.

THE FINAL EXAMINATION

At least three weeks before the degree is to be conferred the candidate must pass an oral examination on his thesis and on his field of specialization before a committee of the Faculty appointed by the Dean, supplemented by two experts from outside the University appointed by the President. This examination is open to the public, and all are privileged to question the candidate. The Dean, or a member of the Faculty designated by him, will preside at this examination.

THE EDUCATION GUILD

To test methods of greater freedom in preparing for the doctoral examination and of correlating the doctoral work more closely with the candidate's occupation, the University in 1935-36 entered upon an experiment. Persons already professionally employed in Washington and vicinity and known for their leadership in the classroom, in supervision, and in administration were invited to form a group for advanced study and discussion. Each member of this group is under the guidance of a consultative committee and must satisfy all the requirements laid down by the Faculty for the degree of Doctor of Education. Attendance upon seminars is advised but is optional, since directed reading and personal conferences may take the place of the more formal seminar.

This group calls itself "The Education Guild of The George Washington University". It has its own officers and is largely under its own management. Membership, at present restricted to twenty, is subject to invitation, and includes both men and women. Meetings are held from four to six times a year.

GENERAL INFORMATION

INTRODUCTORY

The George Washington University School of Jurisprudence and Diplomacy existed from 1898 to 1913, when it was discontinued as a separate school. The courses were given, however, in Columbian College

* The President of the University and the Dean of the School of Government are members ex officio of all committees.

† Elected by the Faculty.

until September 1928, when training in foreign service and governmental theory and administration was reestablished as a separate branch under the School of Government.

It is the purpose of the School to give the student an understanding of the responsibilities under the Constitution of the United States in the conduct of public office—domestic and foreign. This can be accomplished not through any single course but through a curriculum which correlates social, economic, political, historical, and psychological studies.

The courses in domestic government train in the theory of and practice in local, state, and national positions. The courses in foreign service train the student for the many opportunities offered in the foreign fields to carry out the ideals for which America stands, not only in governmental work but in the much wider field of foreign trade as conducted by private enterprise in all parts of the world. This training fits the student especially to assist American citizens who have occasion to travel or to do business abroad, to understand their reciprocal rights and duties, and to protect them in these rights without infringing upon the rights of others, as well as to collect and report information concerning commercial conditions and opportunities abroad. The student thus gains an insight into international affairs from both the American and the foreign point of view, with a resultant broader understanding of economic and political problems.

REGULATIONS

Students in the School of Government are subject to and are expected to familiarize themselves with, the regulations concerning ADMISSION, REGISTRATION, FEES AND FINANCES as stated on pages 10-23, and the University regulations stated on pages 36-41.

AMOUNT OF WORK

A full-time student not on probation may take ordinarily not more than seventeen credit hours. A student employed more than twenty-four hours a week, who is not on probation, may take not more than ten credit hours.

A full-time undergraduate student whose quality-point index is 3.50 or higher may take not more than nineteen credit hours. An undergraduate student employed more than twenty-four hours a week, whose quality-point index is 3.50 or higher, may take up to twelve credit hours.

Exceptions to these rules will require the approval of the Dean.

ATTENDANCE

The student is held responsible for all the work of the courses in which he is registered, and all absences must be excused by the instructor in charge before provision is made for him to make up the work missed.

CLASSIFICATION OF STUDENTS

A student who holds a Junior Certificate from the Junior College, or the equivalent from another accredited institution, and who has registered his choice of one of the prescribed curricula at the Office of the Registrar, is classed as a *junior*. A student who has completed thirty credit hours in the School of Government is classed as a *senior*. A student who has satisfactorily completed the work for the Bachelor's degree, and who has registered his choice of one of the prescribed fields of study at the Office of the Registrar, is classed as a *master in course*.

INDEPENDENT STUDY PLAN

Under the independent study plan a student of demonstrated capacity, with special interest in the subject matter of a course, may be permitted to undertake independent study under the personal direction of an instructor, in accordance with the rules of the division in which the subject falls. Credit under this plan is limited to the specific course-credits as designated in the list of courses of instruction in this CATALOGUE.

THE DEGREE OF BACHELOR OF ARTS

Upon the satisfactory completion of the undergraduate requirements of the School of Government, the degree of the Bachelor of Arts in Government, with a designation of the major field of study, is conferred. The major fields are Public Affairs, Foreign Service, Foreign Commerce, Public Administration, Business Administration, Public Finance, Public Accounting, and Business and Government Statistics.

A student who has completed the required Junior College work and thirty hours in the School of Government, with a quality-point index of 2.00 or higher, in any of the undergraduate curricula, may be admitted to the Law School, and upon completing the work of the first year in law with an average of C or higher, may upon recommendation of the Dean of the Law School, be granted the degree of Bachelor of Arts in Government. Students who intend to follow this plan must signify their intention in advance with the Dean of the School of Government and all courses must be approved.

REQUIREMENTS FOR THE DEGREE

SCHOLARSHIP

The system of grading and of computing scholarship is described in detail on pages 37 and 38.

In order to graduate, a student must attain the following: (1) a quality-point index in all of his work of at least 2.00, and (2) a quality-point index of at least 2.50 in thirty credit hours, excluding electives, in the work of the third and fourth years.

Probation.—A student must maintain a quality-point index of at least 2.00, or be placed on probation, where he will remain as long as his quality-point index is below 2.00.

Suspension.—A student who has a quality-point index below 1.00 or who is placed on probation for a third term, whether successive or after an interval, will be suspended.

For the purpose of these rules, the summer sessions are considered a term.

A student suspended for poor scholarship may apply for readmission after an interval of a calendar year. He must then submit evidence to the Committee on Admission and Advanced Standing that during his absence from the University he has so conducted himself as to indicate that he will profit by readmission. A student suspended twice for poor scholarship will not be readmitted.

A student with a limited schedule is affected by the foregoing scholarship rules only when he has undertaken fifteen credit hours.

CURRICULUM REQUIREMENTS

Curriculum requirements for the Bachelor's and Master's degrees are stated on pages 132-36.

Examinations for Waiving Curriculum Requirements

A student desiring to omit a required course may take such examination as the department prescribes, and, on passing satisfactorily, he may be relieved of the curriculum requirement in that subject and may qualify for registration in an advanced course. Passing of this examination does not entitle the student to any hours of credit toward the degree. A student desiring to take such examinations should make the request of the Dean.

A fee of \$5 for each examination must be paid at the Office of the Comptroller and the receipt exhibited at the door of room 105, Building D, on September 22 at 2:00 P.M. for the fall term, and on February 1 at 2:00 P.M. for the winter term. Two hours are allowed for the examination. Should a student wish to take more than one examination, arrangements will be made accordingly.

THE DEGREE OF MASTER OF ARTS IN GOVERNMENT*

Upon the satisfactory completion of the graduate requirements of the School of Government, the degree of Master of Arts in Government, with a designation of the major field of study, is conferred. The major fields are Public Affairs, Foreign Service, Foreign Commerce, Public Administration, Business Administration, Public Finance, Public Accounting, and Business and Government Statistics.

ADMISSION TO CANDIDACY

A student is formally recognized as a candidate for the Master's degree only when his application for candidacy has been approved by the Dean. Application is made on a form obtainable at the Office of the Registrar.

Before being admitted to candidacy in the curricula in Public Affairs, Foreign Commerce, or Foreign Service, the student must show a reading knowledge (certified by the appropriate language department) of at least one modern foreign language, to be approved by the Dean. Examinations in modern foreign languages will be given on Saturday, October 10, Saturday, February 6, and Saturday, May 1, at 2:00 P.M.

REQUIREMENTS FOR THE DEGREE

A minimum of thirty credit hours of work, as outlined in the curricula on pages 132-36, must be completed successfully. Variations from these curricula require the permission of the Dean.

Not more than twelve credit hours of work may be taken in another professional school; and work so taken cannot be counted toward degrees in both schools. No part of the minimum requirement may be taken in any other institution.

A second-group course (numbered 101-200), taken either in the undergraduate or graduate years, may be counted toward the Master's degree only when registration for advanced credit has been approved at the beginning of the course by the Dean and by the officer of instruction, and provided that the student has done such extra work in the course as may be prescribed by the instructor.

Work completed more than three years prior to registration for the Master's degree will be counted only if the candidate successfully passes an examination on the subject matter of the work offered for credit.

* For the degree of Master of Arts in Public Personnel Administration, see page 136.

In addition to the course examinations, the candidate must pass a comprehensive written examination in his major field. An oral examination on his thesis may also be required.

No work counted toward a Bachelor's degree may be counted toward a Master's degree.

A student working toward the Master's degree and at the same time completing an undergraduate major must attain a quality-point index of 2.50 or higher in the courses undertaken as part of his undergraduate-major program.

A student who expects to continue his studies for the degree of Doctor of Philosophy after receiving the Master's degree is strongly advised to plan his program from the beginning so that work for the lower degree may help to prepare him for the higher.

RESIDENCE

No credit is granted for work done in absentia, i.e., without formal instruction, except for the thesis, which may be completed in absentia with the permission of the department concerned.

SCHOLARSHIP

A student whose scholarship is unsatisfactory may be suspended by the Dean. Regarding the system of grading, see pages 37 and 38.

CURRICULUM REQUIREMENTS

Curriculum requirements for the Bachelor's and Master's degrees are stated on pages 132-36.

THE THESIS

The thesis must be registered for not later than the beginning of the final year, unless the professor in charge of the thesis permits registration at the beginning of the final term. The choice of the thesis subject must be approved by the professor in charge and recorded in the Office of the Registrar by the date announced in the University calendar. The typewritten thesis in its final form must have the approval of the professor in charge and must be presented to the Dean by the student not later than the date announced in the University calendar. Requirements in regard to the form of the thesis are stated on page 40.

Payment of tuition for the thesis entitles the candidate, during the academic year of registration, to the advice and direction of the member of the Faculty under whom the thesis is to be written. In case a thesis is unfinished, an additional successive academic year is granted without further tuition payment. If the preparation of the thesis extends beyond the two-year period, it must be registered for again, and tuition paid on the same basis as for a repeated course.

CURRICULUM REQUIREMENTS

For recommendation for graduation the School of Government requires, in addition to the appropriate Junior College work (see page 55 and table facing page 59), a minimum of sixty credit hours during the junior and senior college years, as set forth in one of the following curricula. The junior and senior years of these eight curricula lead to the degree of Bachelor of Arts in Government with a designation of the major field of study; the graduate years as here outlined lead to the degree of Master of Arts (see pages 130 and 131) in the respective fields. Electives as well as other subjects must be approved by the Dean.

THE DEGREE OF MASTER OF ARTS IN PUBLIC PERSONNEL ADMINISTRATION

The degree of Master of Arts in Public Personnel Administration is a professional degree designed to provide the necessary pre-entry training for personnel work. The requirements for the degree cannot be stated definitely in terms of credit hours, although a minimum of thirty credit hours including either a thesis (6 credit hours) or field work (6 credit hours) is required. Unless a candidate is already credited with the introductory courses in economics, political science, and psychology prerequisite to admission to second-group courses, he will be required to take these courses without credit toward the Master's degree. Each student's program will be planned in the light of his background and professional objective. A typical program of work is described below. It is assumed that many of these courses will be offered as undergraduate credits and that frequently the program will not exceed thirty credit hours. Students qualified by experience or independent study may satisfy some of these requirements by examination without taking formal courses, although in no case will less than thirty credit hours meet the requirement for the degree.

GENERAL INFORMATION

INTRODUCTORY

The Division of University Students was organized in 1930 in order to make the work of the University in its several divisions more fully accessible to mature students and to provide for the offering of special courses to meet special demands as they might arise from time to time. Students registered in this Division are designated "University students", as distinguished from regularly matriculated undergraduate and graduate students.

REGULATIONS

Students in the Division of University Students are subject to, and are expected to familiarize themselves with, the regulations concerning ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the University regulations stated on pages 36-41.

SCHOLARSHIP

The system of grading and of computing scholarship is described in detail on pages 37 and 38.

Probation.—A student must maintain a quality-point index of at least 2.00, or be placed on probation. The case of each student who has a quality-point index between 1.50 and 2.00, however, will be considered individually. A student will remain on probation as long as his quality-point index is below 2.00, or until his probation is removed.

* The President of the University and the Dean of University Students are members ex officio of the council.

Suspension.—A student who has a total quality-point index below 1.50 will be suspended. The case of each student having a total quality-point index between 1.35 and 1.50, however, will be considered individually.

A student who receives a grade of *E* or *F* in two courses in any two out of three successive terms will be suspended.

A student who falls under probation for the third term, whether out of three successive terms will be suspended.

A student suspended for poor scholarship may apply for readmission after an interval of a calendar year. He must then submit evidence that during his absence from the University he has so conducted himself as to indicate that he will profit by readmission. A student suspended twice for poor scholarship will not be readmitted.

For the purpose of these rules, the summer sessions are considered a term.

Warnings.—At stated intervals during the academic year instructors shall file in the Office of the Registrar the names of those students who are doing work of *D* grade or lower. "Warnings" will then be transmitted to the students concerned. Upon request a parent or guardian may receive a copy of a warning notice sent to a student. A warning constitutes notice to the student that he must consult the Dean within a reasonable time and in any case not later than two weeks after receipt of the warning. "Warning periods" are established as follows: fall term—November 1 to 15; winter term—March 15 to 30; summer term—each session, third to fourth week.

The foregoing scholarship rules are applied to a student with a limited schedule only when he has undertaken a minimum of fifteen credit hours.

TRANSFER TO REGULAR STATUS

A "University student" may be transferred, at his request, to another college or school of the University only upon complying with the regulations of the specific college or school to which he wishes to transfer. The student should familiarize himself with the regulations printed in the University CATALOGUE concerning admission, residence, amount and quality of work. Specifically, he should note that in some cases not more than thirty (30) hours of credit may be transferred from this Division; that at least the last thirty (30) credit hours must be spent in residence in the college or school granting the degree; and that a general quality-point index of 2.00 must be maintained, with an index of 2.50 in the major.

THE DIVISION OF EXTENSION

Cloyd Heck Marvin, Ph.D., LL.D., *President of the University*
Sidney Bartlett Hall, A.M., Ed.D., LL.D., *Director of Extension*

GENERAL INFORMATION

The Division of Extension is an integral part of The George Washington University. Its educational program is designed as a means of extending the services and opportunities of University study to people of the District of Columbia, Virginia, West Virginia, and Maryland. The function of the new Division is to coordinate the offerings of the University and to provide the means and facilities for making these offerings available to those who are unable to come to the campus for all of their studies. Special attention will be given to the needs of the various departments of the Federal Government in their efforts to provide opportunities for their employees to improve their efficiency through further study and likewise to offer programs of study for prospective employees. Provisions have been made for two types of courses and services. They are: (1) credit courses that will be conducted in accordance with existing rules and regulations of the University as to content, examinations, hours, credits, and fees, with the exception that the registration fee will be \$5.00 (tuition will be \$8.00 for each credit hour); (2) non-credit courses that will be provided on the same basis as credit courses and in terms of the needs and ability of the University to provide adequately therefore.

Further details may be obtained by writing to the Director of Extension requesting an Extension Bulletin published by The George Washington University.

THE INTER-AMERICAN CENTER

Cloyd Heck Marvin, Ph.D., LL.D., *President of the University*
George Howland Cox, *Director of the Inter-American Center*

COUNCIL

William Cabell Van Vleck, A.B., LL.B., S.J.D., *Professor of Law*
*Henry Grattan Doyle, A.M., *Professor of Romance Languages*
Walter Andrew Bloedorn, A.M., M.D., *Professor of Medicine*
Robert Whitney Bolwell, Ph.D., *Professor of American Literature*
Elmer Louis Kayser, Ph.D., *Professor of European History*
William Crane Johnstone, Jr., Ph.D., *Professor of Political Science*
Frederick Morris Feiker, B.S. in E.E., D.Eng., *Professor of Engineering Administration*
James Christopher Corliss, A.M., *Adjunct Professor of Inter-American Economics*
Alan Thomas Deibert, A.M., *Associate Professor of Romance Languages*
Wood Gray, Ph.D., *Associate Professor of American History*
Edward Campion Acheson, Ph.D., *Associate Professor of Finance*
Antonio Alonso, A.M., *Assistant Professor of Spanish*

Because of its situation in the National Capital, The George Washington University is able to offer certain types of academic work and to promote and foster conferences, publications, and studies which profit especially by the resources of the Federal Government, the Library of Congress, the Pan American Union, the various embassies and legations, and other institutions located in Washington. Particularly do these advantages apply to work concerning the nations of the Americas. It is intended that the Center shall take advantage of these manifold opportunities, not only by facilitating the offering of regularly constituted courses and special lectures, but also by encouraging directed research and scholarly and informational publications in the broad field of Inter-American relations.

INTER-AMERICAN CENTER ACTIVITIES

1. Lectures on Latin American and Pan American problems, given for students at the University and for a limited number of the public.

* On leave of absence 1942-43.

2. Series of talks at public high schools and private schools, and before civic organizations.
3. Annual series of lectures in Spanish for Spanish-speaking people of Washington.
4. Annual Pan American conference for Washington high school students.
5. Annual mid-winter conference on Pan American affairs, given for the public.
6. Annual conference between representatives of business organizations and government departments.
7. Weekly broadcast in Spanish and Portuguese to Latin America; topics include current American and European affairs.
8. Weekly broadcast in English to the United States; topics include current Latin American affairs.

COURSES ON INTER-AMERICAN SUBJECTS

ECONOMICS

- 185-86 Economic History and Problems of Latin America (3-3)
 285-86 Public and Private Finance in Latin America (3-3)
 287-88 Economic Problems of Latin America (3-3)

HISTORY

- 161-62 Hispanic American Civilization (3-3)
 164 Pan American Relations (3)
 167 Current Latin American and Pan American Problems (2)
 181-82 Diplomatic History of the United States (3-3)
 183 Overseas Expansion of the United States (3)
 261-62 Seminar in Hispanic American History (3-3)
 265-66 The Age of Dictators in Hispanic America (3-3)

ROMANCE LANGUAGES

- 1-2 First-Year Spanish (3-3)
 5-6 Second-Year Spanish (3-3)
 109-10 Spanish Conversation and Composition (3-3)
 129-30 The Spanish American Novel (3-3)
 137-38 Spanish American Literature: South America (3-3)
 139-40 Spanish American Literature: The Caribbean Area (3-3)
 227-28 Seminar in Spanish American Literature (3-3)
 1-2 First-Year Portuguese (3-3)
 5-6 Second-Year Portuguese (3-3)
 127-28 Portuguese and Brazilian Literature (2-2)

GEOLOGY

THE SUMMER TERM

1942

Cloyd Heck Marvin, Ph.D., LL.D., *President of the University*
Mitchell Dreese, Ph.D., *Dean of the Summer Sessions*

GENERAL INFORMATION

The George Washington University is responding to the demands of the Government for professionally and technically trained men and women by expanding the educational program of the summer term from one nine weeks' session to two six weeks' sessions. The various colleges and schools now include in their course offerings for the summer most of the basic courses of the regular year. By taking advantage of this opportunity for intensive summer study, the student may accomplish the equivalent of the work of a full term, and materially shorten the time required for his degree.

The opening date of the summer term has been set so that the student graduating from high school in June may begin his college work immediately and by attending continuously, complete a four-year college program in two and one-half years. The student will be assisted to plan a course of study, so that, should it become necessary for him to enter the armed forces, the civilian public service, or a war production industry before he is graduated, he will be better prepared to make a contribution to the war effort.

Provision is made for the social and recreational side of student life during the summer term. The annual summer party opens the season and is followed by informal open air dances on Friday evenings. Teas are arranged so that new students may become acquainted with their fellow students.

The city of Washington affords a wide variety of recreational opportunities. Wooded trails for hiking, riding, and picnicking wind through Rock Creek Park. Water sports are available on the Potomac River. Tennis courts, golf courses, and other outdoor sports facilities are conveniently located near the University.

REGULATIONS

Students in the summer term are subject to, and are expected to familiarize themselves with the regulations regarding ADMISSION, REGISTRATION, FEES AND FINANCES stated on pages 10-23, and the general University regulations stated on pages 36-41.

COURSES OF INSTRUCTION

The courses of instruction offered in the summer term are included in the alphabetical list of courses, beginning on page 145, and also in the special summer bulletin, which will be sent to all interested persons on request.

COURSES OF INSTRUCTION

THE UNIVERSITY OF CHICAGO

COURSE OF INSTRUCTION

The course of instruction in the Department of Mathematics is designed to give the student a thorough knowledge of the principles and methods of the subject, and to prepare him for the study of the more advanced branches of the science.

COURSE OF INSTRUCTION

COURSES OF INSTRUCTION

On the following pages of this CATALOGUE, under the alphabetically arranged names of the departments of instruction, are listed the courses of instruction offered by the University in the summer of 1942 and in the academic year 1942-43. The courses as here listed are subject to some slight change. The University reserves the right to withdraw any course announced.

HOURS OF INSTRUCTION

Courses of instruction are scheduled in the morning and early afternoon hours for full-time students.

In addition, there are late-afternoon sections of most of the courses of instruction, scheduled from 6:00 to 9:00 P.M. These classes are identical with the morning sections of the corresponding courses, are taught by the same instructors, and carry the same amount of credit. By taking the late-afternoon and summer classes and extending the time of study beyond the customary four years, a student who is able to give only part of his time to college work may complete a regular curriculum and obtain a degree.

EXPLANATION OF COURSE NUMBERS

In all departments of instruction except Medicine and Engineering the number which precedes the name of the course indicates the term in which that course is offered. *An odd number indicates that the course is offered in the fall term; an even number, that it is offered in the winter term; and a double number (e.g., 157-58), that it begins in the fall term and continues in the winter term. For summer term courses, an odd number indicates that the course is offered in the first session; an even number, that it is offered in the second session.* The letter "x" following an odd course number (e.g., 21x) indicates that the course, normally offered in the fall term, is given in the winter term. The letter "x" following an even number course (e.g., 22x) indicates that the course, normally offered in the winter term, is given in the fall term.

In the departments of the School of Medicine, first-year courses are numbered from 101 to 200; second-year courses, from 201 to 300; third-year courses, from 301 to 400; and fourth-year courses, from 401 to 500.

In the Law School, first-year courses are numbered from 101 to 200; second-year courses, from 201 to 300; third-year courses, from 301 to 400; and graduate courses, from 401 to 500.

In all other schools and colleges the following system of numbering is used:

First-group courses.—Courses numbered from 1 to 100, are planned for students in the freshman and sophomore years. With the approval of the adviser and the dean, they may also be taken by juniors and seniors. In certain instances, they may be taken by graduate students to make up undergraduate deficiencies or as prerequisite to advanced courses, but they may not be credited toward a higher degree.

Second-group courses.—Courses numbered from 101 to 200, are planned for students in the junior and senior years. They may be credited toward higher degrees only when registration for graduate credit has been approved at the beginning of the course by the dean responsible for the graduate work and by the officer of instruction, and when the completion of additional work has been certified by the officer of instruction.

Third-group courses.—Courses numbered from 201 to 300, are planned primarily for graduate students. They are open, with the approval of the officer of instruction, to qualified seniors; they are not open to Junior College students or other undergraduates.

INDICATION OF THE AMOUNT OF CREDIT

The number of credit hours given for the satisfactory completion of a course is in most cases indicated in parentheses after the name of the course. Thus, a year course giving three hours of credit each term is marked (3-3), and a term course giving three hours of credit is marked (3). A credit hour usually consists of the completion of one fifty-minute period of class work or of one laboratory period a week for one term.

A dagger (†) preceding the number of a year course indicates that the course may not be entered in the second term and that credit will not be given until the work of both terms has been completed.

ANATOMY

Claude Matthews McFall, LL.B., Ph.D., *Professor of Anatomy, Executive Officer*

Ira Rockwood Telford, Ph.D., *Assistant Professor of Anatomy*

Paul Calabrisi, A.M., *Instructor in Anatomy*

Vern Lauer Zech, B.S., M.D., *Instructor in Anatomy*

101 *Gross Anatomy*

McFall and Staff

Instruction in osteology, followed by the careful dissection and study of the entire body. Fifteen hours a week.

103 *Histology and Embryology*

The Staff

The histogenesis and microscopic structure of the tissues and organs of the human body. Twelve hours a week.

104 *Neuro-Anatomy*

The Staff

Fifteen hours a week.

203-4 *Research*

The Staff

Hours and credits to be arranged.

ART

Norris Ingersoll Crandall, M.Arch., *Professor of Art, Executive Officer*
Donald Chenoweth Kline, B.Arch., *Associate Professor of Art*

STAFF IN THE CORCORAN SCHOOL OF ART

Richard Lahey, *Professor of Drawing and Painting, Principal*
Eugen Weisz, *Professor of Drawing and Painting, Vice Principal*
Kenneth Stubbs, *Professor of Drawing and Painting*
Robert Laurent, *Professor of Sculpture and Carving*

The major in art appreciation.—Prerequisite: Art 1-2, 11-12, 121-22, 131-32, 141-42, 151-52, and 161-62.

The major in drawing and painting.—Prerequisite: Art 11-12, 121-22, and at least forty-two credit hours of drawing and painting. The classes in drawing and painting are held at the Corcoran School of Art.

The major in art for prospective teachers of art in high schools.—The minimum requirements of this curriculum, which leads to the degree of Bachelor of Arts in Education, are stated on pages 116 and 117.

APPRECIATION

FIRST GROUP

1-2 *The Artistic Home* (3-3) Crandall
The development of the home, home furnishing, and decoration. 1942-43 and alternate years, Tues. and Thurs., 6:00 to 7:15 P.M. 1943-44 and alternate years, 12:10 to 1:25 P.M.

†11-12 *Art Criticism* (3-3) Crandall
An introduction to the appreciation of the fine arts and to the interpretation of the paintings of the old and modern masters. 1942-43 and alternate years, Tues. and Thurs., 12:10 to 1:25 P.M. 1943-44 and alternate years, 6:00 to 7:15 P.M.

SECOND GROUP

121-22 *History of Art* (3-3) Kline
Painting and sculpture: their development from prehistoric and ancient sources to the modern period. Mon., Wed., and Fri., 6:00 P.M.

131-32 *History of American Fine Arts* (3-3) Kline
A survey of architecture, furniture, decoration, sculpture, painting, and folk arts in America from the early colonies to the present. Tues. and Thurs., 6:00 to 7:15 P.M.

- 141-42 *Interior Design* (3-3) Kline
The consideration of space, proportion, line, color, and texture—a consideration of personal problems in decoration. Mon., Wed., and Fri., 11:10 A.M.
- 143-44 *Folk Art of America* (3-3) Kline
A survey of Indian arts and crafts and the craft arts of America from the colonial period to the present. Tues. and Thurs., 11:10 A.M. to 12:25 P.M.
- †151-52 *Modern Art* (3-3) Crandall
The interpretation of modern art in Europe. 1942-43 and alternate years, Mon., Wed., and Fri., 6:00 P.M. 1943-44 and alternate years, Mon., Wed., and Fri., 12:10 P.M.
- †161-62 *History of Art Criticism* (3-3) Crandall
A survey of art criticism from ancient Greece to the present; recent criticisms of art in America. Wed., 7:30 to 10:00 P.M.

DRAWING, PAINTING, AND SCULPTURE*†

- 165-66 *Drawing and Painting—Still Life, Life, and Portrait* (6-6) Lahey, Weisz
Section A: daily, 9:00 A.M. to 12:00 M. (Lahey); section B: daily, 9:00 A.M. to 12:00 M. (Weisz); section C: daily except Sat., 7:00 to 9:45 P.M. (Lahey); section D: daily except Sat., 7:00 to 9:45 P.M. (Weisz).
- 167-68 *Life Drawing and Painting* (6-6) Stubbs
Section A: daily except Sat., 9:00 A.M. to 12:00 M.; section B: daily except Sat., 1:00 to 3:45 P.M.
- 173-74 *Antique Drawing* (6-6) Stubbs
Section A: daily, 9:00 A.M. to 12:00 M.; section B: daily except Sat., 1:00 to 3:45 P.M.; section C: daily except Sat., 7:00 to 9:45 P.M.
- 175-76 *Composition* (2-2) Weisz
Criticism—Friday, 1:00 to 2:30 P.M.
- 178 *Out-of-Door Landscape* (3) Lahey
Offered during April and May only, daily except Sat., 1:00 to 3:45 P.M.
- 179-80 *Sculpture* (6-6) Laurent
Portrait-life modeling and composition in clay, plaster, and wood carving. Section A: daily except Sat. (criticism—Friday), 1:00 to 3:45 P.M.; section B: daily except Sat. (criticism—Friday), 7:00 to 9:45 P.M.

* Courses offered by the staff of the Corcoran School of Art may be taken under the same instructor as many as four times with the consent of the Dean of Columbian College and the Principal of the Corcoran School of Art.

† Materials for courses in drawing, painting, and sculpture are to be purchased by the student. A locker fee is charged all students of drawing, painting, or sculpture by the Corcoran School of Art: single locker, \$2 a year (of which \$1 is refunded); double locker, \$1 a year (of which \$.50 is refunded).

181-82 *Etching*

Lahey

Credits to be arranged. 1:00 to 3:45 P.M.

183-84 *Design and Commercial Art*

Hours and credits to be arranged.

185-86 *Advanced Commercial Art*

Hours and credits to be arranged.

ART EDUCATION

140-41 *Teaching of Art (3-3)*

BACTERIOLOGY, HYGIENE, AND PREVENTIVE MEDICINE

Leland Wilbur Parr, Ph.D., *Professor of Bacteriology, Executive Officer*
 Ralph Gregory Beachley, M.D., Dr.P.H., *Adjunct Professor of Public Health Practice*
 Angus MacIvor Griffin, Ph.D., *Assistant Professor of Bacteriology*
 Alden Franklin Roe, Sc.D., *Assistant Professor of Bacteriology*

SEMINAR LECTURERS

Charles Armstrong, B.S., M.D., Sc.D., *Professorial Lecturer in Preventive Medicine*
 Rolla Eugene Dyer, A.B., M.D., LL.D., *Professorial Lecturer in Preventive Medicine*
 Royd Ray Sayers, A.M., M.D., *Professorial Lecturer on Industrial Hygiene*
 Raymond Aloysius Vonderlehr, M.D., *Professorial Lecturer in Preventive Medicine*
 Sara Elizabeth Branham, Ph.D., M.D., Sc.D., *Professorial Lecturer in Preventive Medicine*
 Alice Catherine Evans, M.S., M.D., Sc.D., *Professorial Lecturer in Preventive Medicine*
 William Henry Sebrell, Jr., M.D., *Professorial Lecturer in Preventive Medicine*
 Chester Wilson Emmons, Ph.D., *Professorial Lecturer on Medical Mycology*
 Willard Hull Wright, D.V.M., Ph.D., *Professorial Lecturer on Medical Zoology*

112 *General Bacteriology (4)*

Roe

A study of the fundamentals of bacteriology, including industrial and hygienic applications. Several groups of bacteria, yeasts, and molds are studied in the laboratory. Material fee, \$7.50. Tues., Thurs., and Sat., 9:10 A.M. to 12:00 M.

205 *Advanced Bacteriology*

Roe

Prerequisite: Bacteriology 112. Material fee, \$6. Hours and credits to be arranged.

209 *Bacteriology and Immunology*

Parr, Griffin

Bacteriological technique; study of micro-organisms related to medical and hygienic problems. Methods of diagnosis are stressed and immunological procedures and theory fully treated. Eighteen hours a week for ten weeks.

- 210 *Immunology and Serology* Griffin
Prerequisite: Bacteriology 112 or 209. Hours and credits to be arranged.
- 220 *Fundamentals of Hygiene and Preventive Medicine* (2) Parr and Staff
An introduction to the study of preventive medicine and hygiene, involving the subject matter suitable for the student of medicine who has not yet had clinical training. Two hours a week.
- 303-4 *Research in Bacteriology* The Staff
Hours and credits to be arranged.
- 305-6 *Staff Seminar* (2-2) Parr and Staff
Weekly, first term (Parr, Roe). Weekly, second term (Parr, Griffin).
- 401-2 *Public Health Practice* Beachley
The application of the specialty of public health in health department practice. One hour a week.

BIOCHEMISTRY

Joseph Hiram Roe, Ph.D., *Professor of Biochemistry, Executive Officer*
 Arnold Kent Balls, Ph.D., *Adjunct Professor of Enzymology*
 Alan Hisey, Ph.D., *Assistant Professor of Biochemistry*
 Oliver John Irish, Ph.D., *Instructor in Biochemistry*
 Carl Albert Kuether, A.B., M.S., *Instructor in Biochemistry*

113-14 *Biochemistry* Roe and Staff
 Physiological and clinical chemistry for the first-year medical student.
 Tues. and Thurs., 1:00 to 5:00 P.M. Two lectures and two three-hour laboratory periods a week.

120 *Biochemistry of Foods and Nutrition (4)* Hisey
 Lecture and laboratory course designed particularly for the student in the Department of Home Economics. Material fee, \$12. Mon. and Wed., 1:30 to 4:30 P.M.

221-22 *Biochemistry (4-4)* Hisey
 Lecture and laboratory course for nonmedical students. Prerequisite: Chemistry 152. Material fee, \$12 a term. Mon. and Wed., 9:00 A.M. to 12:00 M.

224 *Biochemistry of the Enzymes (elective)* Balls
 Lecture course dealing with the biochemistry of the enzymes and enzyme reactions. Prerequisite: Biochemistry 113 or 221. 1942-43 and alternate years, Mon., 4:45 P.M. One hour a week.

225 *Biochemical Preparations* The Staff
 Material fee, \$10. Hours and credits to be arranged.

226 *Biochemical Laboratory Methods* Roe, Irish
 Material fee, \$10. Hours and credits to be arranged.

227-28 *Biochemistry Seminar (1-1)* Roe and Staff
 The current literature in the field of biochemistry, mainly for graduate students, but open to a limited number of specially qualified medical students. Fri., 4:45 P.M.

229-30 *Research in Biochemistry* Roe and Staff
 Hours and credits to be arranged.

231-32 *Nutrition (1-1)* Roe and Staff
 For graduate students and qualified medical students (elective).
 Lecture course on the science of nutrition. Prerequisite: Biochemistry 114 or 222. Wed., 5:00 P.M.

BIOLOGY*

Paul William Bowman, Ph.D., *Associate Professor of Biology, Executive Officer*

The major.—Prerequisite: Biology 1-2; two of the following three courses: Botany 1 and 2, Geology 21-22, and Zoology 1-2. The student who majors in biology will be required to demonstrate in the major examination a reasonable knowledge and understanding of the following subjects: classification of plants and animals and their life histories, geology, ecology, evolution, heredity, the physical and cultural development of man, the biological problems of the community and the nation, the historical development of biology, and the great biologists of the past and present. Some of this information he will obtain by taking courses offered in these fields and some by reading and observation under the guidance of his adviser. For further details, see the pamphlet on this subject or consult the adviser.

FIRST GROUP

- 1-2 *Survey in Biology* (3-3) Bowman
 Systematic study of the plant and animal kingdoms, with emphasis upon the interdependence of living things. Review of work done in evolution, heredity, public health, and conservation. Material fee, \$3.00 a term. Sections A and B: Tues., 11:10 A.M.; section C: Wed., 7:00 P.M. Laboratory—section A: Mon., 1:40 to 3:30 P.M.; section B: Tues., 1:40 to 3:30 P.M.; section C: Mon., 6:00 to 8:00 P.M. Trip†—section A: Wed., 1:40 to 4:30 P.M.; section B: Thurs., 1:40 to 4:30 P.M.; section C: Sat., 2:00 to 5:00 P.M., sometimes Fri., 6:00 P.M.
- 27 *Introduction to Genetics* (3) Bowman
 A popular lecture course on the principles of heredity and their application to plant and animal breeding and the betterment of the human race. Tues. and Thurs., 6:00 to 7:15 P.M.

SECOND GROUP

- †107-8 *Evolution* (3-3) Griggs
 Survey stressing the data which have led to the larger generalizations of the science; the derivation and discussion of theories based largely on these data. Prerequisite: one year of college work in biology, botany, geology, or zoology. Mon., Wed., and Fri., 6:00 P.M.
- 115-16 *Principles of Cytology* (3-3) Bowman
 Study of plant and animal cells based on Sharp's *Introduction to Cytology*, with training in preparation of slides and use of laboratory equipment. Prerequisite: one year of college work in biology, botany, or zoology. Material fee, \$6.00 a term. 1943-44 and alternate years, Tues., 6:00 P.M. Laboratory—Tues., 7:00 to 8:50 P.M., and Thurs., 6:00 to 7:50 P.M.

* See also departments of Botany and Zoology, pages 158-60 and 285-87.

† Excursions into the out-of-doors and visits to museums and other places of biological interest.

128 *Genetics* (3)

Bowman

A laboratory course with problems and experiments. Prerequisite: Biology 2 or 27, Botany 1, or Zoology 2. Material fee, \$6.00 Tues. and Thurs., 6:00 to 8:00 P.M.

†137-38 *General Physiology* (3-3)

Yocum

The fundamental physiology of protoplasm as applicable to both animals and plants. Prerequisite: Chemistry 12 and one year of college work in biology, botany, or zoology. 1942-43 and alternate years, Mon., Wed., and Fri., 11:10 A.M.

199-200 *Proseminar: Biology* (3-3)

Bowman

Individually planned and directed work by means of which majors in biology may learn something of those branches not studied in regular courses and may organize and coordinate their knowledge of the field. Hours to be arranged.

THIRD GROUP

201-2 *Seminar: Cytology* (3-3)

Bowman

Individual problems for the advanced student. Prerequisite: Biology 115-16. Hours to be arranged.

211-12 *Research in Cytology*

Bowman

Hours and credits to be arranged.

299-300 *Thesis* (3-3)

Bowman

BOTANY*

Robert Fiske Griggs, Ph.D., *Professor of Botany, Executive Officer*
William Webster Diehl, Ph.D., *Adjunct Professor of Mycology*
Lawson Edwin Yocum, Ph.D., *Associate Professor of Botany*

Minimum requirements for the major.—Twenty-four credit hours of botany beyond the introductory courses, with collaterals as recommended in conference.

FIRST GROUP

1 *Structure and Functions of the Flowering Plant*†§ (3) The Staff

The typical plant as a working mechanism, with the emphasis on the general biological significance of plant physiology. Material fee, \$4.50. Section A: Tues. and Thurs., 9:10 A.M. Laboratory—Fri., 1:40 to 3:30 P.M. Section B: Tues. and Thurs., 11:10 A.M. Laboratory—Thurs., 1:40 to 3:30 P.M. Section C: Tues. and Thurs., lecture and laboratory, 6:00 to 7:50 P.M.

Summer term 1942—10:30 A.M. and two hours of laboratory as arranged.

2 *Survey of the Plant Kingdom*§ (3) The Staff

Study of the different kinds of plants, with emphasis on the evolution of the plant kingdom; practice in identifying flowering plants. Material fee, \$4.50. Section A: Tues. and Thurs., 9:10 A.M. Laboratory—Fri., 1:40 to 3:30 P.M. Section B: Tues. and Thurs., 11:10 A.M. Laboratory—Thurs., 1:40 to 3:30 P.M. Section C: Tues. and Thurs., lecture and laboratory, 6:00 to 7:50 P.M.

Summer term 1942—10:30 A.M. and two additional hours of laboratory as arranged.

5 *Field Botany*§ (6) Griggs

Field trips to neighboring localities of botanical interest, with classroom study.

Summer term—1943 and alternate summers.

SECOND GROUP§

121 *Grasses* (3) Griggs

The taxonomy, morphology, phylogeny, and economics of the Poaceae; the making of a collection; and the determination of a series of representative grasses not available in the vicinity. Text: Hitchcock, *Manual of Grasses*. 1943-44 and alternate years, Mon., 7:00 P.M. Laboratory hours to be arranged.

* See also the departments of Biology and Zoology, pages 156-57 and 285-87.

† Before completing registration for Botany 1, each student must obtain from the representative of the Department an assignment to a laboratory section.

§ Prerequisite to all second group courses: Botany 1 and 2, or 5.

- 122 *Higher Monocots* (3) Griggs
Survey of Arales, Palmales, Liliales, Armaryllidales, Marantales, Orchidales; study of flower morphology and evolutionary tendencies indicated; determination of a series of representative species. 1943-44 and alternate years, Mon., 7:00 P.M. Laboratory—hours to be arranged.

- 123-24 *Dicots* (3-3) Griggs
Survey of selected dicotyledonous orders, the selection varying from year to year; practice in naming unknowns. Text: Pool, *Flowers and Flowering Plants*. 1942-43 and alternate years, Mon., 7:00 P.M. Laboratory—hours to be arranged.

- 131-32 *Mycology* (3-3) Diehl
1942-43 and alternate years, Wed., 7:00 P.M. Laboratory—Tues. and Wed., hours to be arranged.

- 133-34 *Plant Pathology* (3-3) Diehl
Material fee, \$6.00 a term. 1943-44 and alternate years, Wed., 7:00 P.M. Laboratory—Tues. and Wed., hours to be arranged.

- 135-36 *Plant Physiology* (3-3) Yocum
Fall term: mineral and water relations of plants; winter term: organic syntheses and growth. Prerequisite: Chemistry 11-12. Material fee, \$6.00 a term. 1943-44 and alternate years, Mon. and Wed., 6:00 P.M. Laboratory—Mon., 7:00 to 9:00 P.M.

- 141-42 *Plant Ecology* (3-3) Griggs
1942-43 and alternate years, Fri., 7:00 P.M. Laboratory—hours to be arranged.

- 143 *Plant Distribution* (3) Griggs
Plant distribution, especially in the United States and Canada; biological relationships of eastern America with eastern Asia and of lands in the Southern Hemisphere, and their bearing on biological and geological history. 1943-44 and alternate years, Fri., 7:00 P.M. Laboratory—hours to be arranged.

- 144 *Vegetation of the United States* (3) Griggs
Seminar on the areas and characteristics of the principal types of vegetation in the United States. 1943-44 and alternate years, Fri., 7:00 P.M. Laboratory—hours to be arranged.

THIRD GROUP

- 219-20 *Seminar: Morphology* (3-3) The Staff
Hours to be arranged.

- 221-22 *Seminar: Taxonomy* (3-3) Griggs
Hours to be arranged.

- 235-36 *Seminar: Physiology* (3-3) Yocum
Subject for 1942-43: Mineral Nutrition of Plants. Wed., 7:00 to 9:00 P.M.

SPECIAL METHOD COURSE

Biology 172, *Teaching of Science*

BUSINESS ADMINISTRATION

Richard Norman Owens, Ph.D., C.P.A., *Professor of Accounting and Business Administration*

Harold Griffith Sutton, M.S., *Professor of Finance*

Ralph Dale Kennedy, Ph.D., *Professor of Accounting and Business Administration, Executive Officer*

Wilford Lenfestey White, M.B.A., D.C.S., *Professorial Lecturer on Marketing*

Orton Wells Boyd, A.M., C.P.A., *Lecturer in Business Administration*

Arlin Rex Johnson, Ph.D., *Lecturer on Accounting*

Charles Higby Eisenhower, B.S., LL.B., *Lecturer on Accounting*

Jay Lea Chambers, Ph.D., *Lecturer in Business Administration*

Ernest Ferguson Randall, A.M., *Lecturer on Accounting*

Minimum requirements for the major.—See page 134.

FIRST GROUP

51-52 *Principles of Accounting* (3-3) Kennedy and Staff

Rules of debit and credit, underlying principles of accounting records, simple partnership and corporation problems, and the preparation of financial statements. Section A: Tues., Thurs., and Sat., 11:10 A.M.; section B: Mon., Wed., and Fri., 6:00 P.M.; section C: Mon., Wed., and Fri., 7:00 P.M.; section D: Tues. and Thurs., 6:00 to 7:15 P.M.; section E: Tues. and Thurs., 7:25 to 8:40 P.M.

Business Administration 51x—same as Business Administration 51, but offered winter term. Tues. and Thurs., 7:25 to 8:40 P.M.

Business Administration 52x—same as Business Administration 52, but offered fall term. Prerequisite: Business Administration 51, or the approval of the instructor. Tues. and Thurs., 7:25 to 8:40 P.M.

Summer Term 1942—6:00 P.M.

SECOND GROUP

101-2 *Business Organization and Management* (3-3) Owens

Promotion of an enterprise and selection of a form of organization; departmentizing and administration. 1942-43 and alternate years, Mon., Wed., and Fri., 11:10 A.M. 1943-44 and alternate years, Tues. and Thurs., 7:25 to 8:40 P.M.

Summer Term 1942: Business Administration 101x, *Business Organization* (3)—7:00 A.M.; Business Administration 102, *Business Management* (3)—6:00 P.M.

115 *Business Finance* (3)

Sutton
Basic principles involved in the financial policies of business enterprises. Prerequisite: Business Administration 51-52; Economics 1-2. Tues. and Thurs., 6:00 to 7:15 P.M.

Summer Term 1942—7:00 A.M. (Kennedy).

- 118 *Investments* (3) Sutton
 Analysis of factors of investment credit with application to different types of investments; proper selection of investments for various classes of investors; regulation. Prerequisite: Business Administration 115. Tues. and Thurs., 6:00 to 7:15 P.M.
- 121 *Bank Management* (3) Sutton
 Analysis of the lending and investing policies which under various business conditions are best adapted to efficient bank management. Prerequisite: Economics 121-22. 1943-44 and alternate years Mon., Wed., and Fri., 6:00 P.M.
- 127 *Business Forecasting* (3) _____
 Forces and factors underlying fluctuations of business activity and methods of forecasting such fluctuations. Prerequisite: Economics 1-2. 1943-44 and alternate years, Tues. and Thurs., 7:25 to 8:40 P.M.
- 128x *Principles of Insurance* (3) Kennedy
 A general course in underlying principles of property, life, marine, and casualty insurance, and the function of insurance in the economic life of a business or individual. Prerequisite: Economics 1-2. 1942-43 and alternate years, Mon., Wed., and Fri., 6:00 P.M. 1943-44 and alternate years, Tues., Thurs., and Sat., 10:10 A.M.
- 145 *Cost Accounting* (3) _____
 Job order and process systems of cost findings; interrelation of the cost records and the general accounts; standard costs; distribution costs. Prerequisite: Business Administration 51-52. Mon., Wed., and Fri., 7:00 P.M.
- 151-52 *Advanced Accounting* (3-3) Owens
 Corporations and partnerships, valuation, actuarial science, estates, receiverships and reorganizations, consolidated statements, and other topics. Prerequisite: Business Administration 51-52. Section A: Mon., Wed., and Fri., 6:00 P.M.; section B: Mon., Wed., and Fri., 7:00 P.M.
 Summer term 1942—7:10 P.M. (Kennedy, Owens).
- 155 *Analysis of Financial Statements* (3) Kennedy
 Technique of analyzing financial statements for the guidance of operating executives, directors, stockholders, and creditors; valuation of balance sheet items; determination and interpretation of ratios. Prerequisite: Business Administration 151. Tues., Thurs., and Sat., 10:10 A.M.
 Business Administration 155x—same as Business Administration 155 but offered winter term. Mon., Wed., and Fri., 7:00 P.M.
- 159 *Federal Taxation* (3) Boyd
 Tax problems which confront business enterprise: income, excess profits, capital stock, pay roll, and excise taxes. Prerequisite: Business Administration 151. Tues. and Thurs., 7:25 to 8:40 P.M.
- 160 *Governmental Accounting and Budgets* (3) Boyd
 Accounting problems of federal, state, and local government. Budget-

tary control; appropriation accounts; encumbrances; fund accounting. Prerequisite: Business Administration 151-52. Tues. and Thurs., 7:25 to 8:40 P.M.

165 *Auditing* (3)

Owens

Duties and responsibilities of the auditor; principles and procedures in making audits; arrangement of working papers and the preparation of reports. Prerequisite: Business Administration 151-52. Tues. and Thurs., 6:00 to 7:15 P.M.

168 *Accounting Theory and Problems* (3)

Owens

The solution of advanced problems and a discussion of the principles involved. Prerequisite: Business Administration 151-52. Tues. and Thurs., 6:00 to 7:15 P.M.

171 *Principles of Marketing* (3)

White

A survey of marketing, giving particular attention to consumption, retailing, wholesaling, and sales management; the entire marketing structure and its relation to the total economy. Prerequisite: Economics 1-2. Tues. and Thurs., 7:25 to 8:40 P.M.

172 *Marketing Problems* (3)

White

Marketing principles applied to specific distribution policy and operating problems of retailers, wholesalers, and manufacturers handling consumers' and industrial goods. Prerequisite: Business Administration 171. 1943-44 and alternate years, Tues. and Thurs., 7:25 to 8:40 P.M.

174 *Exporting and Importing* (3)

White

Policy and operating questions of foreign marketing—exporting and importing; markets, limitations, and opportunities. Prerequisite: Economics 1-2. 1942-43 and alternate years, Tues. and Thurs., 7:25 to 8:40 P.M.

177-78 *Problems in Retailing* (3-3)

Johnson

Principles and problems in retail merchandising, including markup, inventory valuation, and expense control; also, service and personnel problems. Admission by permission of the instructor. Wed., 8:00 to 10:30 P.M.

181x *Public Utilities* (3)

Kennedy

Public utility characteristics, organization, management, financing, combinations, and accounting; regulation, valuation, and rate-making are stressed. Prerequisite: Economics 1-2. 1942-43 and alternate years, Tues., Thurs., and Sat., 10:10 A.M. 1943-44 and alternate years, Tues. and Thurs., 6:00 to 7:15 P.M.

185 *Principles of Railroad Transportation* (3)

Kennedy

Railroad history, organization, regulations, rate-making theory and practice, accounting, securities, and consolidation. Work of Interstate Commerce Commission stressed. Prerequisite: Economics 1-2. 1942-43 and alternate years, Mon., Wed., and Fri., 6:00 P.M. 1943-44 and alternate years, Tues., Thurs., and Sat., 9:10 A.M.

186 *Principles of Motor, Air, and Water
Transportation* (3)

Kennedy

History, organization, economics, regulations, and rates of motor, air, and water carriers; coordination of transportation. Prerequisite: Economics 1-2. 1942-43 and alternate years, Mon., Wed., and Fri., 6:00 P.M. 1943-44 and alternate years, Tues., Thurs., and Sat., 9:10 A.M.

THIRD GROUP

251-52 *Seminar in Accounting* (3-3)

Owens

Research in accounting problems. Admission by permission of the instructor. Mon., 8:00 P.M.

291-92 *Seminar in Business Administration* (3-3)

Chambers

Admission by permission of the instructor. Fri., 8:00 P.M.

299-300 *Thesis* (3-3)

The Staff

CHEMISTRY

- Colin Mackenzie Mackall, Ph.D., *Professor of Chemistry*
 Benjamin Douglass Van Evera, Ph.D., *Professor of Chemistry, Executive Officer*
 Ralph Edward Gibson, Ph.D., *Adjunct Professor of Chemistry*
 Samuel Nathaniel Wrenn, Ph.D., *Associate Professor of Chemistry*
 *Charles Rudolph Naeser, Ph.D., *Associate Professor of Chemistry*
 DeWitt Clinton Knowles, Jr., M.S., *Assistant Professor of Chemistry*
 Maurice Hart Van Horn, Ph.D., *Assistant Professor of Chemistry*
 Joseph Alfred Ambler, Ph.D., *Lecturer in Chemistry*
 Stephen Brunauer, Ph.D., *Lecturer in Chemistry*
 James Irvin Hoffman, Ph.D., *Lecturer in Chemistry*
 Edward Cook Hendley, B.S., A.M., *Visiting Lecturer in Chemistry*
 *Robert Corbin Vincent, Ph.D., *Instructor in Chemistry*

The Major.—Prerequisite: Chemistry 11-12, 21, and 22; Mathematics 19 and 20; Physics 5, 6, 7, and 8. Required: Chemistry 111-12, 122, 151-52, and 191. The work of the junior and senior years must be approved by the Department. The German language is strongly recommended for all majors, and is essential for all students doing graduate work.

Requirements for the Master's degree.—In addition to the requirements for the Bachelor's degree: Chemistry 131-32, 211-12, 251-52, 291-92, 299-300, and the program must include at least four credit hours of laboratory courses. A reading-knowledge examination in French or German (German preferred) must be passed before the second half of the work is started.

Registration.—Before completing registration for courses in which there are laboratory sections, each student must obtain from the representative of the Department an assignment to a laboratory section.

FIRST GROUP

- 3-4 *Introductory Survey in Physical Science* (Same as Physics 3-4.) (3-3) Mackall, Seeger

A study of energy and matter, their relation to each other, and their significance to man. (Not offered in 1942-43.)

- †11-12 *General Chemistry* (4-4) Van Evera and Assistants

Material fee, ‡ \$9 a term. Section A: Mon. and Wed., 10:10 A.M.; section B: Mon. and Wed., 6:00 P.M. Laboratory—section L: Tues. and Thurs., 10:10 A.M. to 1:00 P.M.; section M: Mon. and Wed., 1:40 to 4:30 P.M.; section N: Tues. and Thurs., 1:40 to 4:30 P.M.; section O: Mon. and Wed., 7:00 to 9:50 P.M.; section P: Tues. and Thurs., 7:00 to 9:50 P.M.

Chemistry 111—same as Chemistry 11, but offered winter term. Section A: Tues. and Thurs., 10:10 A.M.; section B: Tues. and Thurs., 6:00 P.M. Laboratory—section N: Tues. and Thurs., 1:40 to 4:30 P.M.; section P: Tues. and Thurs., 7:00 to 9:50 P.M.

* On leave of absence 1942-43.

‡ A breakage deposit of \$10, payable in advance, is required of the student registered for one or more chemistry courses requiring a material fee.

Chemistry 12x—same as Chemistry 12, but offered fall term. Section A: Tues. and Thurs., 10:10 A.M.; section B: Tues. and Thurs., 6:00 P.M. Laboratory—section N: Tues. and Thurs., 1:40 to 4:30 P.M.; section P: Tues. and Thurs., 7:00 to 9:50 P.M.

Summer term 1942—9:20 A.M. to 1:20 P.M. (Van Horn).

- 21 *Qualitative Inorganic Analysis* Knowles, Van Horn, and Assistants
(4)
Theoretical and practical study of methods of separating and identifying the more common cations and anions. Prerequisite: Chemistry 12. Material fee,* \$9 a term. Section A: Mon. and Wed., 11:10 A.M.; section B: Mon. and Wed., 6:00 P.M. Laboratory—section M: Mon. and Wed., 1:40 to 4:30 P.M.; section P: Tues. and Thurs., 7:00 to 9:50 P.M.

Chemistry 21x—same as Chemistry 21, but offered winter term. Section A: Tues. and Thurs., 10:10 A.M.; section B: Tues. and Thurs., 6:00 P.M. Laboratory—section N: Tues. and Thurs., 1:40 to 4:30 P.M.; section P: Tues. and Thurs., 7:00 to 9:50 P.M.

Summer term 1942—9:20 A.M. to 1:20 P.M. (Knowles).

- 22 *Quantitative Inorganic Analysis* (4) Knowles and Assistants
The principles of gravimetric and volumetric analysis. Prerequisite: Chemistry 21. Material fee,* \$12 a term. Section A: Mon. and Wed., 11:10 A.M.; section B: Mon. and Wed., 6:00 P.M. Laboratory—section M: Mon. and Wed., 1:40 to 4:30 P.M.; section O: Mon. and Wed., 7:00 to 9:50 P.M.

Chemistry 22x—same as Chemistry 22, but offered fall term. Section A: Tues. and Thurs., 11:10 A.M.; section B: Tues. and Thurs., 6:00 P.M. Laboratory—section M: Mon. and Wed., 1:40 to 4:30 P.M.; section O: Mon. and Wed., 7:00 to 9:50 P.M.

Summer term 1942—9:20 A.M. to 1:20 P.M. (Knowles).

SECOND GROUP

- †III-12 *Physical Chemistry* (4-4) Van Horn
Introduction to theoretical chemistry. Prerequisite: Chemistry 22; Mathematics 20; Physics 8. Material fee,* \$9 a term. Section A: Mon. and Wed., 11:10 A.M.; section B: Mon. and Wed., 6:00 P.M. Laboratory—section N: Tues. and Thurs., 1:40 to 4:30 P.M.; section O: Mon. and Wed., 7:00 to 9:50 P.M.; section P: Tues. and Thurs., 7:00 to 9:50 P.M.

- 122 *Advanced Quantitative Analysis* (4) Knowles and Assistants
Application of the fundamental principles of analysis to more difficult separations and determinations. Prerequisite: Chemistry 22. Material fee,* \$12. Thurs., 6:00 P.M. Laboratory—section M: Mon., Wed., and Fri., 1:40 to 4:30 P.M.; section O: Mon., Wed., and Fri., 7:00 to 9:50 P.M.

Summer term 1942—7:00 to 10:00 P.M. (Knowles, Hendley).

* A breakage deposit of \$10, payable in advance, is required of the student registered for one or more chemistry courses requiring a material fee.

- 123 *Qualitative Inorganic Microanalysis* (2) Knowles
The microtechnique of Emich and others applied to qualitative inorganic analysis. Prerequisite: Chemistry 22. Material fee,* \$6. Laboratory—Mon. and Wed., 7:00 to 9:50 P.M., 1943-44 and alternate years.

- †131-32 *Inorganic Chemistry* (2-2)
Chemistry and its theories from the standpoint of the periodic table, with major emphasis on the more common elements. Prerequisite: Chemistry 152. Prerequisite or concurrent registration: Chemistry 111-12. Tues. and Thurs., 6:00 P.M.

- 135-36 *Inorganic Chemistry: Preparations* (2-2)
Application of the technique of inorganic chemistry to the preparation and purification of a selected list of substances. Prerequisite: Chemistry 152. Prerequisite or concurrent registration: Chemistry 111-12. Material fee,* \$12 a term. Laboratory—section M: Mon. and Wed., 1:40 to 4:30 P.M.; section O: Mon. and Wed., 7:00 to 9:50 P.M.

- †151-52 *Organic Chemistry* (4-4) Mackall, Wrenn, and Assistants
151: chemistry of the acyclic carbon compounds. Prerequisite: Chemistry 12; however, students are strongly advised to take Chemistry 21 and 22 before entering this course. Material fee,* \$9. Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Mon., Wed., and Fri., 6:00 P.M. Laboratory—section M: Wed., 1:40 to 4:30 P.M.; section N: Tues., 1:40 to 4:30 P.M.; section O: Wed., 7:00 to 9:50 P.M.
152: chemistry of the cyclic carbon compounds. Prerequisite: Chemistry 151. Material fee,* \$12. Section A: Mon. and Wed., 10:10 A.M.; section B: Mon. and Wed., 6:00 P.M. Laboratory—section M: Wed. and Fri., 1:40 to 4:30 P.M.; section N: Tues. and Thurs., 1:40 to 4:30 P.M.; section O: Mon. and Wed., 7:00 to 9:50 P.M.
Summer term 1942—9:20 A.M. to 1:20 P.M.

- 155 *Organic Chemistry: Preparations* (2) Wrenn
The synthesis of carbon compounds, and a study of the fundamental techniques of purification. Prerequisite: Chemistry 22 and 152. Material fee,* \$12. Laboratory—section N: Tues. and Thurs., 1:40 to 4:30 P.M.; section P: Tues. and Thurs., 7:00 to 9:50 P.M.
Summer term 1942—10:00 A.M. to 1:00 P.M.

- 156 *Qualitative Organic Analysis* (2) Mackall
(formerly 258)
The identification of pure organic compounds, the separation of mixtures, and the identification of their components. Prerequisite: Chemistry 155. Material fee,* \$12. Laboratory—Tues. and Thurs., 7:00 to 9:50 P.M.

- 191 *History of Chemistry* (2) Mackall
The development of chemistry, and the biographies of eminent contributors to the science. Prerequisite: Chemistry 152. Prerequisite or concurrent registration: Chemistry 22. Tues. and Thurs., 6:00 P.M.
Summer term 1942—7:00 P.M.

* A breakage deposit of \$10, payable in advance, is required of the student registered for one or more chemistry courses requiring a material fee.

THIRD GROUP

- 203 *Chemical Kinetics* (2) Brunauer
The rates of chemical reaction and factors influencing them. Prerequisite: Chemistry 112. 1943-44 and alternate years.
- 204 *Catalysis* (2) Brunauer
Prerequisite: Chemistry 203. 1943-44 and alternate years.
- 205 *Surface Chemistry* (2) Brunauer
Prerequisite: Chemistry 112. Tues. and Thurs., 6:00 P.M.
- 206 *Colloid Chemistry* (2) Brunauer
Prerequisite: Chemistry 205. Tues. and Thurs., 6:00 P.M.
- 211-12 *Advanced Physical Chemistry* (2-2) Van Evera
Development and application of the principles of thermodynamics and the kinetic theory to chemical problems. Prerequisite: Chemistry 112. Mon. and Wed., 6:00 P.M.
- 215-216 *Physical Chemistry of Solids, Liquids, and Solutions* (2-2) Gibson
215: solids, liquids, and solutions of nonelectrolytes.
216: thermodynamics and statistical mechanics of solutions. Prerequisite: Chemistry 212. 1943-44 and alternate years.
- 217-218 *Recent Advances in Physical Chemistry* (2-2) Gibson
Prerequisite: Chemistry 212. 1942-43 and alternate years. Mon. and Wed., 7:00 P.M.
- †221-22 *Advanced Quantitative Analysis* (2-2) Hoffman
The theory of the quantitative estimation of the less common elements. Prerequisite: Chemistry 122 and 132. 1943-44 and alternate years, Tues. and Thurs., 6:00 P.M.
- 226 *Quantitative Organic Analysis* (3) Knowles
Micro and semi-micro procedures. Prerequisite: Chemistry 22 and 152; permission of the instructor. Material fee,* \$9. Mon. and Wed., 6:00 to 10:00 P.M.
- †231-32 *Advanced Inorganic Chemistry* (2-2) Hoffman
The chemistry of the less familiar elements. Prerequisite: Chemistry 132 and 152. 1942-43 and alternate years, Tues. and Thurs., 6:00 P.M.
- 251-52 *Advanced Organic Chemistry* (3-3) Wrenn
An introduction to the literature of organic chemistry; the study of the syntheses, reactions, and properties of carbon compounds; the fundamental theories of organic chemistry. Prerequisite: Chemistry 152; prerequisite or concurrent registration: Chemistry 111-12. Mon., Wed., and Fri., 7:00 P.M. Open to the senior student with the permission of the instructor.

* A breakage deposit of \$10, payable in advance, is required of the student registered for one or more chemistry courses requiring a material fee.

- 253 *Advanced Synthetic Organic Chemistry* (3) Wrenn
A critical study of the reactions employed in the synthesis of organic compounds. Prerequisite: Chemistry 252. 1943-44 and alternate years, Tues. and Thurs., 6:00 P.M.
Summer term 1942-7:00 P.M.
- 254 *Stereochemistry* (2) Mackall
The stereochemistry of organic compounds. Prerequisite: Chemistry 252. 1942-43 and alternate years, Tues. and Thurs., 6:00 P.M.
- 255 *Carbohydrates* (2) Ambler
The structure and properties of the carbohydrates. Prerequisite: Chemistry 252. Mon. and Wed., 7:00 P.M.
- 256 *Polypeptides* (2) Ambler
The structure and classification of polypeptides and their derivatives. Prerequisite: Chemistry 252. Mon. and Wed., 7:00 P.M.
- 259 *Advanced Organic Laboratory* (3) Mackall, Wrenn
Application of specialized techniques of organic chemistry to the preparation, isolation, purification, and identification of carbon compounds. Designed primarily to prepare the student for research in the field of organic chemistry. Prerequisite: Chemistry 156; the permission of the instructors. Material fee,* \$12. Hours to be arranged.
- 291-92 *Seminar* (1-1) The Staff
All students registered for Master's degree in chemistry are required to attend this seminar during the time they are working for the degree. A maximum of three credits may be earned. Fri., 6:00 P.M.
- 297-98 *Research* The Staff
Hours, credits, and fees to be arranged.
Summer term 1942—hours to be arranged.
- 299-300 *Thesis* (3-3) The Staff
Summer term 1942—material fee,* \$12 a term. Hours to be arranged.

* A breakage deposit of \$10, payable in advance, is required of the student registered for one or more chemistry courses requiring a material fee.

CIVIL ENGINEERING

Frank Artemas Hitchcock, M.S. in C.E., C.E., *Professor of Civil Engineering, Executive Officer*

Charles Edward Cook, B.S. in E.E., B.S. in C.E., C.E., *Associate Professor of Civil Engineering*

*George Strollo, B.S. in C.E., M.C.E., *Assistant Professor of Civil Engineering*

Carl Hugo Walther, B.E., M.C.E., *Assistant Professor of Civil Engineering*

Joseph Carl Oleinik, B.S. in C.E., M.S., *Associate in Civil Engineering*

Edgar Stover Walker, B.S. in C.E., *Associate in Civil Engineering*

Clarence Edward Bardsley, M.S., Sc.D., Dr. Ing., *Associate in Civil Engineering*

Harold Harrison Dutton, B.S. in C.E., *Associate in Civil Engineering*

William Hayward, B.S. in C.E., *Associate in Civil Engineering*

Minimum requirements for the major.—See pages 102-3.

Summer term 1942.—All odd-numbered courses will be offered.

FIRST GROUP

2 *Surveying* (3) Cook, Walker
Principles, methods, and instruments used in surveying; with field work. Prerequisite: Mathematics 12. Surveying fee, \$6. Section A: Tues. and Thurs., 12:10 P.M.; section B: Mon. and Fri., 7:00 P.M. Field work, Sat., 9:10 A.M. and 1:40 P.M.

14 *Materials and Hydraulics Laboratory* (2) Dutton
Determination of the properties of materials by mechanical tests, and a study of the flow of fluids. Prerequisite or concurrent registration: Civil Engineering 26 and 136. Laboratory fee, \$6. Section A: Tues. and Thurs., 1:40 P.M.; section B: Tues. and Thurs., 8:30 P.M.

15-16 *Navigation* (2-2)
Theory and use of instruments of navigation. Prerequisite: Trigonometry. (Not offered in 1942-43.)

25-26 *Materials of Construction* (2-2) Walther
Nonmetallic materials, with emphasis on cement; metallic materials, with emphasis on iron and steel. Prerequisite or concurrent registration: Chemistry 12. Section A: Tues. and Thurs., 9:10 A.M.; section B: Mon. and Fri., 6:00 P.M.

41 *Graphic Statics* (3) Walther
Fundamental principles; analyses of beams; determination of stresses in roof trusses and framed bents. Prerequisite or concurrent registration.

* On leave of absence 1942-43.

tration: Civil Engineering 122. Drafting-room fee, \$1. Section A: Tues. and Thurs., 11:10 A.M., and Thurs., 1:40 P.M.; section B: Tues. and Thurs., 7:00 P.M., and Tues., 8:00 P.M.

42 *Bridge Stresses* (3)

Walther

Determination of stresses in modern types of bridge trusses. Prerequisite: Civil Engineering 41. Prerequisite or concurrent registration: Civil Engineering 123. Drafting-room fee, \$1. Section A: Tues. and Thurs., 11:10 A.M., and Thurs., 1:40 P.M.; section B: Tues. and Thurs., 7:00 P.M., and Tues., 8:00 P.M.

64 *Highway Engineering* (3)

Cook

Highway economics, location, construction, and maintenance. Prerequisite or concurrent registration: Civil Engineering 25 and 71. Mon., Wed., and Fri., 6:00 P.M.

71 *Route Surveying* (3)

Cook

Curves and earthwork, and methods of location as used on railroads and highways; field work; complete highway location. Prerequisite: Civil Engineering 2. Surveying fee, \$6. Section A: Tues. and Thurs., 10:10 A.M.; section B: Tues. and Thurs., 6:00 P.M. Field work—Sat., 9:10 A.M. to 1:40 P.M.

72 *Railroad Engineering* (3)

Cook

Track construction and requirements, rolling stock, cost and operation of railroads, with field work. Prerequisite: Civil Engineering 71. Surveying fee, \$6. Section A: Tues. and Thurs., 10:10 A.M.; section B: Tues. and Thurs., 6:00 P.M. Field work—Sat., 9:10 A.M. and 1:40 P.M.

SECOND GROUP

101 *Higher Surveying* (4)

Cook, Walker

Elements of geodesy, triangulation, topography, hydrography, and precise and trigonometric leveling, with field work. Prerequisite: Civil Engineering 2. Surveying fee, \$6. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 7:00 P.M. Field work—Sat., 9:10 A.M. and 1:40 P.M.

121 *Analytical Mechanics: Statics* (2)

Strollo

Composition and resolution of forces; axial stresses; centroids; friction. Prerequisite: Physics 6; prerequisite or concurrent registration: Mathematics 20. Section A: Tues. and Thurs., 11:10 A.M.; section B: Tues. and Thurs., 6:00 P.M.

122 *Analytical Mechanics: Dynamics* (3)

Strollo

Kinematics of a particle; kinetics of a body in translation, rotation, and plane motion; work and energy; impulse and momentum. Prerequisite: Civil Engineering 121. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 7:00 P.M.

123 *Strength of Materials* (3)

Strollo

Tension, compression, shear, and torsion; deflection; combined and working stresses. Prerequisite: Civil Engineering 122. Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Mon., Wed., and Fri., 6:00 P.M.

- 136 *Hydraulics* (3) Bardsley
Hydrostatics; flow through pipes and open channels; laminar and turbulent flow. Prerequisite: Civil Engineering 122. Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Mon., Wed., and Fri., 6:00 P.M.
- 147-48 *Structural Design* (2-2) Walther
Computations and drawings for the design of steel structures. Prerequisite: Civil Engineering 42. Drafting-room fee, \$3 a term. Tues. and Thurs., 8:00 P.M.
- 149-50 *Concrete and Masonry Construction* (3-3) Oleinik
Plain concrete; general properties and theory of reinforced concrete; foundations and retaining walls. Prerequisite: Civil Engineering 25 and 123. Civil Engineering 149, laboratory fee, \$6; Civil Engineering 150, drafting-room fee, \$1. Tues. and Thurs., 6:00 P.M., and Mon., 8:00 P.M.
- 151-52 *Statically Indeterminate Structures* (2-2) _____
A study of such structures as continuous spans, rigid frames, and arches by methods of work, slope deflection, and moment distribution. Prerequisite: Civil Engineering 42. Mon. and Fri., 6:00 P.M.
- 181-82 *Water Supply and Sewerage* (3-3) Cook
Collection, storage, purification, and distribution of water; sewerage systems and treatment of sewage. Prerequisite: Civil Engineering 136; Chemistry 21. Civil Engineering 182, drafting-room fee, \$1. Mon., Wed., and Fri., 7:00 P.M.
- 187 *Contracts and Specifications* (2) Bardsley
Contract principles; preparation of contracts; specifications and methods of studying them; examples of contracts and specifications; practice in analyzing and writing specifications. Tues. and Thurs., 7:00 P.M.
- 189-90 *Civil Engineering Proseminar* (1-1) Cook, Walther
Hours to be arranged.

CLASSICAL LANGUAGES AND LITERATURES

*John Francis Latimer, Ph.D., *Associate Professor of Classical Languages and Literatures*

John Hill Monroe, A.M., *Associate in Classical Languages and Literatures*

Management problems, master schedule, public relations. Sat., 9:10 to 11:00 A.M.
- 271 *Administration: the Teacher and School Administration (3)* Fox, Hall
For teachers and prospective administrators. Organization of public education—local, state, and federal; administrative problems of concern to teachers; effective human relationships in administration. Wed., 7:30 to 9:30 P.M.
Summer term 1942—9:20 A.M. (Fox).
- 272 *Supervision: the Teacher and School Supervision (3)* Fox, Hall
For teachers and prospective supervisors. Nature and functions of modern supervision; personnel problems; supervisory techniques; evaluation of school efficiency. Participation in an evaluation survey is required. Wed., 7:30 to 9:30 P.M.
- 273 *Administration: Organization and Administration of a School System (3)* Hall, Fox
For superintendents and those aspiring to this position. Issues, principles, and problems of the superintendency as conditioned by local circumstances. Prerequisite: Education 271-72 or the equivalent. Alternate Thursdays, 4:00 to 6:00 P.M. and 7:30 to 9:30 P.M.
- 274 *Administration: Management Problems of the Superintendent (3)* Hall, Fox
For superintendents and those aspiring to this position. Business management, the budget, construction of buildings, equipment and supplies, pupil transportation. Prerequisite: Education 273 or the equivalent. Alternate Thursdays, 4:00 to 6:00 P.M., and 7:30 to 9:30 P.M.
- 275 *Seminar: State School Administration (3)* Hall
Organization, administration, supervision, instruction, and finance. Prerequisite: Education 271 or the equivalent. Hours to be arranged.
- 276 *Seminar: Public Relations in School Administration (3)* Fox
Factors influencing public approval and disapproval; social interpretation of the program of public education; public relations agencies. Prerequisite: Education 271 or the equivalent. Hours to be arranged.
- 277 *Supervision of Student Teaching (3)* Coynor
For critic teachers. Activities through which the student is inducted into teaching; duties and responsibilities of the training supervisor; evaluation of student teaching. (Not offered in 1942-43.)

- 281 *Audio-Visual Education* (3) Jarman
Selection, organization, and utilization of audio-visual aids; emphasis upon demonstration and practice. Sat., 11:10 A.M. to 1:00 P.M.
- 283-84 *Research Problems* (3-3) Ballou
Investigations in public school education. Admission by permission of the instructor. Hours to be arranged.
- 285 *Extra-classroom Activities in Secondary Schools* (3) Fox
Homeroom programs, student self-government, club activities, assemblies, commencement exercises, school publications, dramatics, field trips. Thurs., 7:30 to 9:30 P.M.
- 287-88 *Clinical Study of Reading Problems* (3-3) Hilder
For advanced students. Diagnostic work under supervision in the Reading Clinic. Admission by permission of the instructor. Sat., 11:10 A.M. to 1:00 P.M. Individual conferences to be arranged.
- 293-94 *Research* (3-3) The Staff
Individual research under the guidance of a member of the staff. Program and conferences arranged with an instructor.
Summer term 1942—Education 293 (3), hours to be arranged.
- 297-98 *Thesis* (3-3) Consultative Committee
Summer term 1942—hours to be arranged.

Minimum requirements for the major.—See pages 102, 103.
Summer term 1942.—All odd-numbered courses will be offered.

FIRST GROUP

9-10 *Elements of Electrical Engineering* (3-3) Akers

Fall term: magnetic and electric circuits, and direct-current instruments and machines; winter term: alternating-current circuits, instruments, and machines. Prerequisite: Physics 12. Prerequisite or concurrent registration: Mathematics 20. Section A: Mon., Wed., and Fri., 12:10 P.M.; section B: Mon., Wed., and Fri., 7:00 P.M.

13-14 *Direct- and Alternating-Current Laboratory* (2-2) The Staff

For the student not majoring in electrical engineering. Experiments in direct and alternating currents and direct- and alternating-current machinery. Prerequisite: Electrical Engineering 10. Laboratory fee, \$6 a term. Section A: Mon., 1:40 P.M.; section B: Fri., 1:40 P.M.; section C: Mon., 7:30 P.M.; section D: Thurs., 7:30 P.M.; section E: Fri., 7:30 P.M.

17-18 *Direct-Current Laboratory* (2-2) The Staff

For the student majoring in electrical engineering. A course in measurements and direct-current dynamo laboratory. Prerequisite: Electrical Engineering 9-10. Laboratory fee, \$6 a term. Section A: Mon., 1:40 P.M.; section B: Fri., 1:40 P.M.; section C: Mon., 7:30 P.M.; section D: Thurs., 7:30 P.M.; section E: Fri., 7:30 P.M.

SECOND GROUP

101 *Electric Circuits* (3) Ennis

Alternating-current-circuit theory. Extensive consideration is given to harmonic analysis and to the study of harmonics in both single-phase and polyphase circuits. Prerequisite: Electrical Engineering 10. Mon., Wed., and Fri., 6:00 P.M.

* On leave of absence 1942-43.

- 102 *Alternating-Current Machinery* (3) Ennis
Particular attention is given to synchronous generators and motors, and to transformers. Prerequisite: Electrical Engineering 101. Mon., Wed., and Fri., 6:00 P.M.
- 103 *Alternating-Current Machinery* (3) Akers
A continuation of Electrical Engineering 102, covering converters, induction motors, and single-phase motors. Prerequisite: Electrical Engineering 102. Mon., Wed., and Fri., 6:00 P.M.
- 111-12 *Electrical Measurements* (2-2)
Theory of direct-current and alternating-current instruments, bridges, and meters. Prerequisite or concurrent registration: Electrical Engineering 101. Tues. and Thurs., 7:00 P.M.
- 125-26 *Principles of Electric Power Transmission* (2-2) Ennis
Mechanical and electrical characteristics of transmission lines; approximate and rigorous solutions by means of hyperbolic functions; steady-state and elementary transient considerations; the more important phases of distribution of electrical energy. Prerequisite: Electrical Engineering 101. Tues. and Thurs., 7:00 P.M.
- 133-34 *Alternating-Current Laboratory* (2-2) Akers, Ennis, O'Halloran
A continuation of Electrical Engineering 17-18, with experiments on alternating-current circuits, instruments, and machinery. Prerequisite: Electrical Engineering 18 and 103. Laboratory fee, \$6 a term. Section A: Mon., 1:40 P.M.; section B: Fri., 1:40 P.M.; section C: Mon., 7:30 P.M.; section D: Thurs., 7:30 P.M.; section E: Fri., 7:30 P.M.
- 136 *Hydro-Electric Engineering* (2) Akers
Present-day theory and practice in hydro-electric engineering. Prerequisite: Electrical Engineering 10; Civil Engineering 136. Tues. and Thurs., 6:00 P.M.
- 137 *Electric Traction* (2) Akers
Theory and practice of modern direct- and alternating-current railways. Prerequisite: Electrical Engineering 10. Tues. and Thurs., 6:00 P.M.
- 140 *Electrical Design* (3) Akers
Principles of design, with reference to materials of construction and electrical equipment. Practical exercises are assigned in connection with classroom work. Prerequisite: Electrical Engineering 103. Drafting-room fee, \$1. Mon. and Fri., 6:00 P.M., and Tues., 7:30 P.M.
- 141-42 *Communication Engineering* (3-3) Ennis
Principles of communication circuits and measurements. Particular attention is given to low and intermediate-frequency phenomena. Prerequisite: Electrical Engineering 101; Physics 132. Laboratory fee, \$6 a term. 1943-44 and alternate years. Lecture—Tues. and Thurs., 6:00 P.M. Laboratory—Tues. or Thurs., 7:30 P.M.

- 143-44 *High-Frequency Communication* (3-3) Ennis
Principles of high-frequency communication circuits and of high-frequency measurement. Prerequisite: Electrical Engineering 101; Physics 132. Laboratory fee, \$6 a term. 1942-43 and alternate years. Lecture—Tues. and Thurs., 6:00 P.M. Laboratory—Tues. or Thurs., 7:30 P.M.
- 189-90 *Proseminar in Electrical Engineering* (1-1) The Staff
Prerequisite: Electrical Engineering 103. Tues., 7:00 P.M.

The major.—The coordinated knowledge which a student must exhibit in the major in English, and upon which he will be examined at the end of his senior year, is summarized under four general headings: (1) the history of English literature from the Anglo-Saxon period to 1900; (2) the chief English writers (a certain familiarity with each man and his main works and a detailed knowledge of Shakespeare); (3) English social and political history, 1300 to 1900, as it bears upon or is reflected in the literature; (4) European intellectual backgrounds and movements which have affected English literature. It is advised that the student planning to major in English elect courses in English and European historical and intellectual backgrounds before his junior year.

The major in American Thought and Civilization.—For details, see the pamphlet on this subject and consult the adviser.

The Staff

Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Tues., Thurs., and Sat., 10:10 A.M.; section C: Mon., Wed., and Fri., 6:00 P.M.; section D: Tues. and Thurs., 6:00 to 7:15 P.M.; section F: Mon., Wed., and Fri., 8:00 P.M.

* On leave of absence 1942-43.

§ On sabbatical leave fall term 1942-43.

‡ Special placement examinations, required of all entering freshmen, will be conducted by the English Department. These examinations will test the student's proficiency in spelling, grammar, punctuation, and sentence structure; his vocabulary; and, through an impromptu theme, his ability to present his ideas in logical sequence with clarity and effectiveness. On the basis of these tests students will be classified as follows: (1) especially superior students who, by the unanimous decision of the examiners, are regarded as possessing the equivalent discipline of English 1-2 and who, upon payment of the fee required for waiving curriculum requirements (see page 57), may be relieved of the curriculum requirement of the course; (2) students who score "unsatisfactory" and who will be required to take English o, *Remedial English* (three credit hours), upon the satisfactory completion of which they will enter English 1-2; and (3) all other students, who will be required to take English 1-2.

RELATED COURSE IN ANOTHER DEPARTMENT

Education 136, *Teaching of English*

GEOLOGY

Ray Smith Bassler, Ph.D., Sc.D., *Professor of Geology, Executive Officer*

Minimum requirements for the major.—Twenty-four credit hours of geology beyond the first-group courses.

FIRST GROUP

5 *Field Geology* (6)

Bassler

Field trips to neighboring localities of geological interest, with classroom study. (Not offered in 1942-43.)

21-22 *Physical and Historical Geology* (3-3)

Bassler

Survey course covering the principles of physiography, geology, and mineralogy. Mon., Wed., and Fri., 7:00 P.M. Field work—hours to be arranged.

SECOND GROUP

121-22 *Paleontology* (3-3)

Bassler

Lectures and laboratory work on classification and structure of fossil invertebrates, vertebrates, and plants, including their use as guide fossils in stratigraphic geology. 1943-44 and alternate years, Fri., 8:00 to 10:00 P.M., other hours to be arranged.

123-24 *Regional Geology of North and South America* (3-3)

Bassler

Lectures and map work on the physiographic regions of the Western Hemisphere, stressing the relationship between geology and geography and culture. 1943-44 and alternate years, Mon., 8:00 to 10:00 P.M., other hours to be arranged.

125-26 *Regional Geology of the Eastern Hemisphere* (3-3)

Bassler

Alternating with Geology 123-24 and with it completing a survey of the world. 1942-43 and alternate years, Mon., 8:00 to 10:00 P.M., other hours to be arranged.

THIRD GROUP

215-16 *Seminar* (3-3)

Bassler

Detailed study and presentation by the class and instructor of some phase of geology with review of current literature. Stratigraphy and advanced paleontology including micro-paleontology will be the sub-

GERMANIC LANGUAGES AND LITERATURES

Edward Henry Sehrt, Ph.D., *Professor of German, Executive Officer*
 Gretchen Louisa Rogers, Ph.D., *Assistant Professor of German*
 Wolfram Karl Legner, Ph.D., *Assistant Professor of German*

Minimum requirements for the major.—Twenty-four credit hours of German beyond first-group courses.

FIRST GROUP

- †1-2 *First-Year German* (3-3) Rogers, Legner
 The essentials of German grammar; translation of easy prose. Section A: Mon., Wed., and Fri., 9:10 A.M.; section B: Tues., Thurs., and Sat., 9:10 A.M.; section C: Mon., Wed., and Fri., 6:00 P.M.; section D: Mon., Wed., and Fri., 7:00 P.M.
 Summer term 1942—6:00 P.M. (Sehrt, Legner).

- †5-6 *Second-Year German* (3-3) Rogers, Legner
 Selections from modern German prose; review of grammar. Prerequisite: German 1-2 or two years of high school German. Section A: Tues., Thurs., and Sat., 9:10 A.M.; section B: Mon., Wed., and Fri., 11:10 A.M.; section C: Mon., Wed., and Fri., 6:00 P.M.; section D: Mon., Wed., and Fri., 7:00 P.M.
 Summer term 1942—7:10 P.M. (Sehrt, Legner).

SECOND GROUP

- †101-2 *Rapid Readings in Modern German Prose* (3-3) Sehrt and Staff
 Section A: Wed. and Fri., 10:10 A.M., third hour in prose composition, Mon., 10:10 A.M., or in scientific readings, Tues., 10:10 A.M.; section B: Wed. and Fri., 6:00 P.M., third hour in prose composition, Mon., 8:00 P.M., or in scientific readings, Mon., 8:00 P.M.
- †103-4 *Goethe's "Faust"* (3-3) Sehrt
 Mon., Wed. and Fri., 7:00 P.M.
- †105-6 *German Classicism* (3-3) Sehrt
 Particularly the works of Goethe and Schiller. Hours to be arranged.
- †107-8 *Advanced Prose Composition* (1-1) Rogers
 Section A: Mon., 10:10 A.M.; section B: Mon., 8:00 P.M.
- 109-10 *German Drama since 1800* (3-3) Sehrt
 Dramas of Kleist, Grillparzer, Hebbel, and Hauptmann. Hours to be arranged.

- †111-12 *The German Romantic Movement* (3-3) Sehrt
Hours to be arranged.
- †113-14 *Scientific German* (1-1) Legner
Prerequisite: German 5-6 or the equivalent. Section A: Tues., 10:10 A.M.; section B: Mon., 8:00 P.M.
- †119-20 *Survey of German Literature* (3-3) Sehrt
Hours to be arranged.

THIRD GROUP

- †201-2 *Middle High German* (3-3) Sehrt
Hours to be arranged.
- †205-6 *Gothic* (3-3) Sehrt

The payment of the University fee entitles the student to health services hereinafter described. Through student reports and those of University officials, the University attempts to keep informed as to all cases of illness among its students. This service is primarily diagnostic in its intent. It also provides first aid in the event of an emergency.

Medical privileges include: (1) the physical examination of every student entering from secondary school;* (2) three visits by the University physician or surgeon, office or residence (District of Columbia) in any one illness, exclusive of a specialist, surgical operation, laboratory, or X-ray examination; (3) hospitalization, including board, medicine, and nursing in the University Hospital for not more than two weeks during a school year—the necessity to be determined by the Director of Health Administration. The duration of hospitalization period (maximum, two weeks) is also to be determined by the Director of Health Administration.

This medical benefit does not apply to illness or disability incurred previous to the University term or prior to payment of the University registration fee.

The student is allowed, if he so desires, to engage physicians and nurses of his own choice, but when he does so he will be responsible for the fees charged.

Rules: (1) The Director of Health Administration is empowered to limit or deny the medical benefits where, in his discretion, a student has, by his misconduct or breach of the rules of the University, made himself ineligible; (2) the Director of Health Administration has authority to determine the necessity and length of hospitalization; (3) a student who has severed his connection with the University is ineligible for medical benefits; (4) a student intending to train for an athletic team is required to pass a thorough examination at the beginning of each term; (5) the above regulations apply also during the summer term of the University.

The University is not responsible for injuries received in inter-collegiate or intra-mural games, or in any of the activities of the physical education departments.

* A charge of \$2 is made by the University if a student fails to appear for a physical examination during the period set for this purpose.

Legality of collective labor action, of ends sought and means used; strike, picketing, boycott, trade agreements; labor injunctions; scope of federal jurisdiction. Landis, *Cases on Labor Law*.
- 333 *Legislation* (2)
A study of the problems and principles of legislation.
- 335-36 *Moot Court* (2-2) Gordon, Craighill, Morris, Edgerton
Open only to students who have completed fifty credit hours. Prerequisite: Law 105 and 239 or 241-42.
- 345-46 *Patent Law* (2-2) Sutton
Substantive patent law; patentability; revision, use, and enforcement of patents; Patent Office practice: Rules of Practice; appeal and interference procedure.
- 349-50 *Patent Moot Court* (2-2) Coe
This course may be elected instead of Law 335-36 to satisfy the Moot Court requirement. Both subjects may not be counted toward a degree.
- 352 *Domestic Relations* (4) Compton
Marriage, annulment, and divorce; rights of husband and wife; rights of parent and child; infants; conflict of laws involving problems of marriage evasion and migratory divorce. Madden and Compton, *Cases on Domestic Relations*. (Not offered in 1942-43.)
Summer term 1942—Mon. through Thurs., 6:30 to 8:40 P.M.
- 353 *Public Utilities* (2)
Limits of regulation of businesses affected with public interest; ascertainment of value of property used for the public service and the fixing of adequate rates of return. Welch et al., *Cases on Public Utility Regulation*.
- 358 *Sales* (4) Oppenheim
Williston and McCurdy, *Cases on Sales*.
Summer term 1942—Mon. through Thurs., 6:30 to 8:40 P.M.
- 364 *Security Transactions* (4) Fryer
Security interests in real and personal property, their creation, transfer, enforcement, and extinguishment, together with security problems in the fields of suretyship and bankruptcy. Sturges, *Cases on Credit Transactions*, 2d ed., 1936. (Not offered in 1942-43.)
Summer term 1942—Mon. through Thurs., 6:30 to 8:40 P.M.
- 371 *Taxation* (2) Collier
Emphasis on the federal estate tax and the federal income tax. Attention given state inheritance and income taxes. Problem of jurisdiction to tax, construction of tax statutes, methods of judicial review

of administrative actions in the tax field, modern excise taxes on business concerns. Magill and Maguire, *Cases on Taxation*, 1936 ed.

- 375 *Trade Regulation I* (4) Oppenheim
Unfair trade practices, combination and monopoly at common law and under various statutes; trade-marks; business torts; Sherman Anti-trust Act; Federal Trade Commission and Clayton Acts; marketing, price and patent practices; Fair Trade Acts; mergers; trade associations; remedies. Oppenheim, *Cases on Trade Regulation*.

- 381-82 *Trusts* (2-2) Moll
Nature, creation elements, administration, termination, modification of trusts; charitable, resulting, construction trusts; liabilities of and to third persons; transfer of beneficiary's interest. Scott, *Cases on Trusts*, 3d ed.

- 383 *War Law: Military Law* (1) King

- 385 *War Law: International Law of War* (1) Murdock

- 387 *War Law: War Contracts* (1) McIntire

- 389 *War Law: War Trade Regulation* (1) Oppenheim

- 404 *Administrative Law II* (4) Davison
Research seminar course in special problems, including the study of specific administrative agencies, federal or state. (Not offered in 1942-43.)

- 405 *Admiralty* (2) Alden
Federal and state jurisdiction; jurisdiction over waters, craft, contracts, torts, crimes, in equitable matters, etc.; laws applicable to maritime workers and maritime liens. Sayre, *Cases on the Law of Admiralty*.

- 411 *Business Associations II* (4)
Seminar: study of the historical background and functioning of the statutes involved in the work of the Securities and Exchange Commission. (Not offered in 1942-43.)

- 416 *Comparative Law* (2) Moll
Historical and comparative study of some of the institutions and principles of the civil law (law of South and Central America and most of the Continent of Europe) compared with those of the common law; the influence of the former upon the latter. Mimeographed materials; textbook to be announced.

- 421 *Constitutional Law II* (4) Collier
Research seminar in contemporary problems in constitutional law; special emphasis on interstate-commerce cases and due process of law.

- 426 *Government Corporations and Instrumentalities* (4) McIntire
Municipal corporations: organization, powers, functions, and legal relations of local governmental units. Federal corporate agencies: or-

ganization, powers, functions, and legal relations of functional governmental units separately incorporated. A research seminar.

431 *International Law* (2)

Murdock

Customary and treaty rights and duties of states; diplomatic and consular agents; treaty interpretation; nationality laws; international courts; claims procedure; war; neutrality. Hudson, *Cases on International Law*, 2d ed.

434 *Interstate Commerce Commission Law and Procedure* (2)

Interstate Commerce Act; the Interstate Commerce Commission; practice and procedure before the Commission. Miller, *Cases and Materials on I.C.C. Law and Procedure*. (Not offered in 1942-43.)

436 *Jurisprudence* (2)

Collier

History of jurisprudence schools of jurists, particularly the nineteenth century schools; sociological jurisprudence; theories of justice; the nature of law; law and morals; law and the state; the scope and subject matter of law; sources and forms of law; the traditional element; analysis of general legal conceptions.

438 *Labor Relations Regulation* (2)

Law of relations between workers and management under the National Labor Relations Act. Ward, *Cases on Labor Relations Regulation*. (Not offered in 1942-43.)

452 *Trade Regulation II* (4)

Oppenheim

A research seminar course in specific problems of trade regulation.

MATHEMATICS

James Henry Taylor, Ph.D., *Professor of Mathematics, Executive Officer*
 Francis Edgar Johnston, Ph.D., *Professor of Mathematics*
 Florence Marie Mears, Ph.D., *Associate Professor of Mathematics*
 John William Wrench, Jr., Ph.D., *Instructor in Mathematics*

Minimum requirements for the major.—Fifteen credit hours of mathematics beyond calculus, i.e., of approved second- and third-group courses.

FIRST GROUP

- 1 *College Algebra and Geometry* (3) The Staff
 Prerequisite: One year of high school algebra and one year of high school trigonometry. Mon., Wed., and Fri., 11:10 A.M.
- 2 *Plane and Spherical Trigonometry* (3) _____
 Prerequisite: Mathematics I. (Hours to be arranged.)
- 11 *Introductory College Mathematics** (3) The Staff
 Rectangular coordinates; trigonometric functions; trigonometric identities; exponents and logarithms; solution of triangles; linear equations; determinants of the third order; quadratic equations; the factor theorem and its use in equations of higher degree; mathematical induction and the binomial theorem; permutations and combinations; the complex-number system. Prerequisite: one year each of high school algebra and high school geometry. Section A: Mon., Wed., and Fri., 9:10 A.M.; section B: Mon., Wed., and Fri., 11:10 A.M.; section C: Mon., Wed., and Fri., 6:00 P.M.; section D: Mon., Wed., and Fri., 7:00 P.M.; section E: Tues. and Thurs., 6:00 to 7:15 P.M.; section F: Tues. and Thurs., 7:25 to 8:40 P.M.
 Mathematics 11x—same as Mathematics 11, but offered winter term. Section A: Tues., Thurs., and Sat., 11:10 A.M.; section B: Mon., Wed., and Fri., 7:00 P.M.; section C: Tues. and Thurs., 7:25 to 8:40 P.M.
 Summer term 1942—7:10 P.M. (Wrench).
- 12 *Plane Analytic Geometry* (3) The Staff
 Prerequisite: Mathematics 11, or two years of high school algebra, one year of high school geometry, and one-half year of high school trigonometry. Section A: Mon., Wed., and Fri., 9:10 A.M.; section B: Mon., Wed., and Fri., 11:10 A.M.; section C: Mon., Wed., and Fri., 6:00 P.M.; section D: Mon., Wed., and Fri., 7:00 P.M.; section E: Tues. and Thurs., 6:00 to 7:15 P.M.; section F: Tues. and Thurs., 7:25 to 8:40 P.M.
 Mathematics 12x—same as Mathematics 12, but offered fall term. Section A: Mon., Wed., and Fri., 9:10 A.M.; section B: Mon., Wed., and Fri., 11:10 A.M.; section C: Mon., Wed., and Fri., 6:00 P.M.; section

* Mathematics 11 (introductory college mathematics) is not available for college credit to the student whose previous training in mathematics meets the prerequisites for Mathematics 12 (Plane Analytic Geometry).

tion D: Mon., Wed., and Fri., 7:00 P.M.; section E: Mon., Wed., and Fri., 7:00 P.M.; section F: Tues. and Thurs., 7:25 to 8:40 P.M.

Summer term 1942—Mathematics 12x—section A: 10:30 A.M.; section B: 6:00 P.M. (Taylor). Mathematics 12, 7:10 P.M. (Mears).

19 *Differential Calculus* (3)

The Staff

Prerequisite: Mathematics 12. Section A: Tues., Thurs., and Sat., 9:10 A.M.; section B: Tues. and Thurs., 6:00 to 7:15 P.M.; section C: Tues. and Thurs., 7:25 to 8:40 P.M.

Mathematics 19x—same as Mathematics 19, but offered winter term. Section A: Mon., Wed., and Fri., 9:10 A.M.; section B: Mon., Wed., and Fri., 11:10 A.M.; section C: Mon., Wed., and Fri., 6:00 P.M.; section D: Mon., Wed., and Fri., 7:00 P.M.

Summer term 1942—Mathematics 19, 6:00 P.M. (Wrench). Mathematics 19x, section A: 10:30 A.M. (Mears); section B: 6:00 P.M. (Johnston).

20 *Integral Calculus** (3)

The Staff

Prerequisite: Mathematics 19. Section A: Tues., Thurs., and Sat., 9:10 A.M.; section B: Tues. and Thurs., 6:00 to 7:15 P.M.; section C: Tues. and Thurs., 7:25 to 8:40 P.M.

Mathematics 20x—same as Mathematics 20, but offered fall term. Section A: Tues., Thurs., and Sat., 10:10 A.M.; section B: Tues. and Thurs., 7:25 to 8:40 P.M.

Summer term 1942—6:00 P.M. (Mears).

SECOND GROUP

102 *Fundamental Concepts of Mathematics* (3)
(Not offered in 1942-43.)

123 *Theory of Equations* (3)
Mon., Wed., and Fri., 6:00 P.M.

Wrench

125 *Advanced Algebra* (3)
(Not offered in 1942-43.)

126 *Advanced Analytic Geometry* (3)
(Not offered in 1942-43.)

132 *Differential Equations* (3)
Mon., Wed., and Fri., 6:00 P.M.

The Staff

Summer term 1942—7:10 P.M. (Johnston).

†135-36 *Projective Geometry* (2-2)
(Not offered in 1942-43.)

†137-38 *Advanced Calculus* (2-2)
Tues. and Thurs., 6:00 P.M.

Mears

142 *Introduction to Infinite Series* (3)
(Not offered in 1942-43.)

* Mathematics 20 is prerequisite to all second-group courses.

- 167 *Fourier Series of Spherical Harmonics* (3)
Prerequisite: Mathematics 132. (Not offered in 1942-43.)
- 171 *Vector Analysis* (3)
(Not offered in 1942-43.)
- 173-74 *Introduction to Applied Mathematics* (3-3) Taylor
Mon., Wed., and Fri., 7:00 P.M.
Summer term 1942—Mathematics 173 (3), 7:00 P.M.

THIRD GROUP

- 220 *Theory of Numbers* (3)
(Not offered in 1942-43.)
- †237-38 *Theory of Functions* (3-3)
(Not offered in 1942-43.)
- 249 *Ordinary Differential Equations* (3)
(Not offered in 1942-43.)
- 250 *Integral Equations* (3)
(Not offered in 1942-43.)
- †255-56 *Differential Geometry* (2-2)
(Not offered in 1942-43.)
- 257 *Theory of Groups* (3)
(Not offered in 1942-43.)
- †265-66 *Modern Algebra* (3-3) Johnston
Mon., Wed., and Fri., 6:00 P.M.
- †267-68 *Calculus of Variations* (2-2) Taylor
Tues. and Thurs., 6:00 P.M.
- 270 *Tensor Analysis* (3)
Prerequisite: Mathematics 171. (Not offered in 1942-43.)
- 271 *Riemannian Geometry* (3)
Prerequisite: Mathematics 255-56 and 270. (Not offered in 1942-43.)
- 275 *Theory of the Potential* (3)
(Not offered in 1942-43.)
- 277 *Partial Differential Equations* (3)
(Not offered in 1942-43.)
- 297-98 *Reading and Research* (3-3) The Staff
Hours to be arranged.
- 299-300 *Thesis* (3-3) The Staff

MECHANICAL ENGINEERING

- *Arthur Frederick Johnson, M.E., Ph.D., *Professor of Mechanical Engineering*
 Frederick Morris Feiker, B.S. in E.E., D.Eng., *Professor of Engineering Administration*
 Benjamin Carpenter Cruickshanks, B.S. in M.E., *Professor of Mechanical Engineering, Acting Executive Officer*
 Garbis Keulegan, Ph.D., *Professorial Lecturer in Mechanical Engineering*
 *Howard Henry Koster, M.S. in M.E., *Assistant Professor of Mechanical Engineering*
 Paul Guthrie Tomalin, *Lecturer on Naval Architecture*
 Edwin Francis Bicknell, B.S. in M.E., *Lecturer in Mechanical Engineering*
 Martin Alexander Mason, B.S. in Eng., Dr. Ing., *Lecturer in Mechanical Engineering*
 Alan Osbourne, B.S., A.B., *Lecturer on Naval Architecture*
 John Babcock Baker, Ph.D., *Lecturer in Mechanical Engineering*
 Robert Gay Trumbull, B.S. in C.E., *Associate in Mechanical Engineering*

Minimum requirements for the major.—See pages 102-4.
Summer term 1942.—All odd-numbered courses will be offered.

FIRST GROUP

- 1 *Engineering Survey and Orientation* (1) Cruickshanks and Staff
 Open to freshmen only. Section A: Mon., 12:40 P.M.; section B: Tues., 7:00 P.M.
- 3 *Mechanical Drawing* (2) Trumbull
 Drafting-room fee, \$3. Section A: Mon. and Fri., 1:40 to 4:30 P.M.; section B: Mon. and Fri., 8:00 to 11:00 P.M.
- 4 *Descriptive Geometry* (2) Trumbull
 Drafting-room fee, \$3. Section A: Mon. and Fri., 1:40 to 4:30 P.M.; section B: Mon. and Fri., 8:00 to 11:00 P.M.
- 5 *Introductory Naval Architecture* (3)
 Nomenclature, functions, and arrangement of hull structure, equipment, and machinery for merchant vessels. Lectures supplemented by visits to shipyards. Hours to be arranged.

* On leave of absence 1942-43.

7 Machine Drawing (2)

Prerequisite: Mechanical Engineering 3 and 4. Drafting-room fee, \$3. Section A: Mon. and Fri., 1:40 to 4:30 P.M.; section B: Mon. and Fri., 8:00 to 11:00 P.M.

8 Mechanism Drawing (2)

Prerequisite: Mechanical Engineering 3, 4, and 13. Prerequisite or concurrent registration: Mechanical Engineering 14. Drafting-room fee, \$3. Section A: Mon. and Fri., 1:40 to 4:30 P.M.; section B: Mon. and Fri., 8:00 to 11:00 P.M.

9-10 Ship Drafting (2-2)

Fairing of lines; displacement, stability curves, midship section, general arrangements and structural detail plans, machinery details. Prerequisite or concurrent registration: Mechanical Engineering 15 and 17. Drafting-room fee, \$3 a term. Tues. and Thurs., 8:00 to 11:00 P.M.

13-14 Mechanism (2-2)

Prerequisite: Mathematics 12. Prerequisite or concurrent registration: Mathematics 19 and 20. Section A: Tues. and Thurs., 12:10 P.M.; section B: Tues. and Thurs., 6:00 P.M.

15-16 Elementary Ship Calculations (2-2)

Form characteristics, detailed weights, displacement, transverse and longitudinal equilibrium, launching. Prerequisite: Mechanical Engineering 5. Tues. and Thurs., 6:00 P.M.

Tomalin

17-18 Marine Engines and Auxiliaries (2-2)

Details, arrangements and performance of steam uniflow, steam turbine, and Diesel propelling plants. Prerequisite or concurrent registration: Mechanical Engineering 5, 13-14, and 111-12. Tues. and Thurs., 7:00 P.M.

Osbourne

SECOND GROUP

101-2 Advanced Ship Calculations (2-2)

Stabilizing model basin practice, powering, steering, launching, hull strength, floodability, vibrations. Prerequisite: Mechanical Engineering 16. Tues. and Thurs., 7:00 P.M.

Tomalin

103-4 Ship Design (2-2)

Prerequisite: Mechanical Engineering 10, 16, and 18. Drafting-room fee, \$3 a term. Tues. and Thurs., 8:00 to 11:00 P.M.

111-12 Thermodynamics (3-3)

With introductory study of laws of Heat Transmission. Prerequisite or concurrent registration: Mathematics 20. Section A: Mon., Wed., and Fri., 9:10 A.M.; section B: Mon., Wed., and Fri., 7:00 P.M.

Cruickshanks

115-16 Mechanical Laboratory (2-2)

Laboratory fee, \$6 a term. Calibration of instruments; calorimetry; testing of prime movers, auxiliaries, and combustion engines. Eight-

Cruickshanks

- hour boiler test required. Prerequisite: Mechanical Engineering 13-14 and 111-12. Fall term—section A: Mon. and Fri., 1:10 P.M.; section B: Mon. and Fri., 8:00 P.M. Winter term—Mon. and Fri., 8:00 P.M.
- 126 *Methods of Manufacture* (2) Koster
 Fixtures, gauging, tools, costs. Prerequisite: Mechanical Engineering 8 and 14; Civil Engineering 26. Tues. and Thurs., 7:00 P.M.
- 127-28 *Machine Design* (2-2) Bicknell
 With stress-analysis lectures. Prerequisite: Mechanical Engineering 112 and 126; Civil Engineering 25, 41, 123, and 136. Drafting-room fee, \$3 a term. Section A: Tues. and Thurs., 1:40 to 4:30 P.M.; section B: Tues. and Thurs., 8:00 to 11:00 P.M.
- 129-30 *Power Plants* (3-3) Cruickshanks
 Study of design, layout, installation, and operation of power plants and equipment. Prerequisite: Mechanical Engineering 112. Mon., Wed., and Fri., 6:00 P.M.
- 131 *Heating and Ventilating* (2) Koster
 Prerequisite: Mechanical Engineering 112. Tues. and Thurs., 6:00 P.M.
- 133 *Combustion Engines* (2) Koster
 Prerequisite: Mechanical Engineering 112; Civil Engineering 123 and 136; Electrical Engineering 10. Section A: Tues. and Thurs., 11:10 A.M.; section B: Tues. and Thurs., 7:00 P.M.
- 138 *Refrigeration* (2) Koster
 Prerequisite: Mechanical Engineering 112. Tues. and Thurs., 6:00 P.M.
- 139 *Fluid Dynamics* (3) Keulegan
 The theories of hydro- and aero-mechanics as influenced by density, viscosity, and turbulence. Prerequisite: Mechanical Engineering 112; Civil Engineering 14. Mon., Wed., and Fri., 7:00 P.M.
- 140 *Dynamics of Machinery* (3) Baker
 Inertia effects, balancing, vibration phenomena. Prerequisite: Mechanical Engineering 115; Civil Engineering 123 and 136. Mon., Wed., and Fri., 7:00 P.M.
- 141-42 *Management Problems* (2-2) Feiker
 Prerequisite: Economics 1-2. Tues. and Thurs., 7:00 P.M.
- 145-46 *Management Controls* (2-2) Hours
 Prerequisite: Economics 1-2; Business Administration 101-2. to be arranged.
- 189-90 *Proseminar in Mechanical Engineering* (1-1) Mason
 Hours to be arranged

MEDICINE

- Walter Andrew Bloedorn, A.M., M.D., *Professor of Medicine, Executive Officer*
- Coursen Baxter Conklin, A.M., M.D., *Clinical Professor of Medicine*
- Charles Robert Lee Halley, A.B., M.D., *Clinical Professor of Medicine*
- Paul Frederick Dickens, M.D., *Clinical Professor of Medicine*
- Harry Filmore Dowling, A.B., M.D., *Clinical Professor of Medicine*
- Charles Powell Cake, M.D., *Adjunct Clinical Professor of Medicine*
- Albert Joseph Sullivan, B.S., M.D., *Adjunct Clinical Professor of Medicine*
- Robert Port Herwick, Ph.D., M.D., LL.B., *Adjunct Clinical Professor of Medicine*
- Frank Adelbert Hornaday, M.S., M.D., *Associate Clinical Professor of Medicine*
- Walter Kendall Myers, B.S., M.D., *Assistant Clinical Professor of Medicine*
- Theodore Judson Abernethy, B.S., M.D., *Assistant Clinical Professor of Medicine*
- Clayton Bernard Ethridge, M.D., *Assistant Clinical Professor of Medicine*
- John Alton Reed, A.B., M.D., *Associate in Medicine*
- Watson William Eldridge, Jr., M.D., *Associate in Medicine*
- John Minor, A.B., M.D., *Associate in Medicine*
- Maurice Protas, A.B., M.D., *Associate in Medicine*
- Bernard Lauriston Hardin, Jr., A.B., M.D., *Associate in Medicine*
- A. Fife Heath, M.D., *Associate in Medicine*
- Bernard Walter Leonard, B.S., M.D., *Associate in Medicine*
- Malcolm Foster Lent, M.D., *Associate in Medicine*
- Benjamin Manchester, M.D., *Associate in Medicine*
- Nicholas Athanasiou Mandelos, M.D., *Clinical Instructor in Medicine*
- Leo T. Brown, M.D., *Clinical Instructor in Medicine*
- Richard Bernard Castell, A.B., M.D., *Clinical Instructor in Medicine*
- George Paul Lemeschewsky, A.B., M.D., *Clinical Instructor in Medicine*
- John Charles Reisinger, M.D., *Clinical Instructor in Medicine*
- Charles Troll Carroll, A.B., M.D., *Clinical Instructor in Medicine*
- John Ellsworth Everett, A.B., M.D., *Clinical Instructor in Medicine*
- Paul Abraham Lichtman, M.D., *Clinical Instructor in Medicine*
- John Bayne Marbury, M.D., *Clinical Instructor in Medicine*
- Gilbert Britt Rude, M.D., *Clinical Instructor in Medicine*
- Hunter Felix Kennedy, M.D., *Clinical Instructor in Medicine*
- Charles Noble Lewis, B.S., M.D., *Clinical Instructor in Medicine*
- Simon Weiner, B.S., M.D., *Clinical Instructor in Medicine*

- Louis Ross, M.D., *Clinical Instructor in Medicine*
 Irving Wolfe Winik, M.D., *Clinical Instructor in Medicine*
 William Kirkman Billingsly, Jr., A.B., M.D., *Clinical Instructor in Medicine*
 Carl Calvin Dauer, A.B., M.D., M.P.H., *Clinical Instructor in Medicine*
 Charles Randolph Hughes, Jr., M.D., *Clinical Instructor in Medicine*
 John Edward Morris, B.S., M.D., *Clinical Instructor in Medicine*
 Russell Crandle Payne, A.B., M.D., *Clinical Instructor in Medicine*
 Lawrence Elias Putnam, A.B., M.D., *Clinical Instructor in Medicine*
 Ruth Benedict, M.D., *Clinical Instructor in Medicine*
 James Theodore Burns, M.D., *Clinical Instructor in Medicine*
 Lawrence Jay Thomas, B.S., M.D., *Clinical Instructor in Medicine*

Locker fee.—A fee of \$1 a term is charged for the use (optional) of a locker.

- 126 *History of Medicine* Halley
 One hour a week.
- 241-42 *Physical Diagnosis* Conklin and Staff
 Demonstrations and practice on the normal and abnormal subject; designed to cover the entire subject of physical diagnosis.
- 244 *General Medicine* Bloedorn, Halley
 Lectures covering general aspects of all phases of medical disease, and including therapeutics. Three hours a week.
- 312 *Radiology and Radiotherapy* The Staff
 One hour a week.
- 324 *Clinical Physiology* Dickens
 Lectures and clinics for the correlation of preclinical and laboratory studies of physiology with altered function as observed in clinic and ward. One hour a week.
- 325-26 *Clinical Clerkship* Dowling and Staff
 Individual case work under strict supervision (student's histories generally accepted as hospital records). Emergency and Gallinger Hospitals.
- 327-28 *Clinical Pathological Conference* Bloedorn, Choisser
 Required in the third and fourth years. Correlation of clinical and post-mortem findings: detailed case descriptions from the clinical point of view, followed by thorough demonstrations, grossly and with lantern slides, of post-mortem findings. One hour a week.
- 349-50 *Grand Ward Rounds* Bloedorn and Staff
 Conducted weekly at Gallinger Hospital. Cases are presented at this conference by members of the Resident Staff and Visiting Staff.
- 417-18 *Physiotherapy* Eldridge
 Lectures and demonstrations of the fundamentals of physical treatment and their applications to general medical diseases. St. Elizabeths Hospital.

420 *Medical Jurisprudence*

Eldridge

Lectures on the legal and ethical rights of physicians, and on the legal problems with which the physician is brought into contact. One hour a week for eleven weeks.

421-22 *Dispensary Clinics*

The Staff

Thorough study of individual cases subsequently reviewed in detail by the Staff. The University and Emergency hospitals.

424 *Clinics*

Bloedorn and Staff

Etiology, diagnosis, and treatment of the usual and more rare diseases, with special emphasis on differential diagnosis and the demonstration of clinical abnormalities found in various morbid processes. Medical School.

425-26 *Clinical Clerkship*

Dickens, Halley

Individual case work under strict supervision (student's histories generally accepted as hospital records). The University and Emergency hospitals.

440 *Clinical Pharmacology*

Herwick

Brief review in materia medica, prescription writing, and the fundamentals of therapeutics; discussion of the pharmacological basis of therapeutics.

498 *Professional Aspects of Military Medicine*

The Staff

Study of problems arising in civilian, industrial, and military life peculiar to the present emergency; lectures by members of the staff and specialists of the Army, the Navy, and the United States Public Health Service on duty in Washington. Two hours a week.

MILITARY SCIENCE AND TACTICS

Philip Weatherly Huntington, M.D., Colonel, Medical Corps, United States Army, *Professor of Military Science and Tactics*
 Clarence Quinter Bunderman, Sergeant, United States Army, *Instructor in Military Tactics*

- 129-30 *Basic Course (First Year)* Huntington
 Legal basis of national defense; organization of the Army and the Medical Department; military law and courts-martial; customs of the service; map reading; military administration.
- 247-48 *Basic Course (Second Year)* Huntington
 Organization and operation of the Medical Department with the Arms; combat orders and problems; map exercises; medical service of Infantry and Cavalry divisions.
- 329-30 *Advanced Course (First Year)** Huntington
 Mess management; military preventive medicine; sanitation; chemical warfare, tactics, defense, and medical aspects.
- 429-30 *Advanced Course (Second Year)** Huntington
 Military history; leadership; diseases peculiar to war; organization and equipment within the division; mobilization; property accounting.

* Students in the first and second year of the advanced course are selected from those who have satisfactorily completed the basic course.

NEUROLOGY

Walter Freeman, Ph.D., M.D., *Professor of Neurology, Executive Officer*

James Winston Watts, B.S., M.D., *Clinical Professor of Neurosurgery*

Hyman David Shapiro, M.D., *Assistant Clinical Professor of Neurology*

Alexander Simon, A.B., M.D., *Associate in Neurology*

Robert Henry Groh, B.S., M.D., *Clinical Instructor in Neurology*

Daniel Jaffe, M.D., *Clinical Instructor in Neurology*

Max Edwards Johnson, A.B., M.D., *Clinical Instructor in Neurology*

249 *Neurology (elective)* Freeman
Methods of study of the nervous system. Gross and microscopic preparations, embryology, comparative anatomy, stimulation and extirpation, human pathology, etc. Laboratory demonstrations. One hour a week.

250 *Neuropathology (elective)* Freeman
Pathology of the nervous system with laboratory demonstrations. One hour a week.

331 *Neurology* Shapiro
Systematic lectures with lantern slides illustrating the chief neurologic syndromes and their anatomic bases. One hour a week for sixteen weeks.

333-34 *Neurology Clinic (elective)* Freeman and Staff
May be elected in the third or fourth year. Neurological outpatient clinic. Consultation of staff on ambulatory cases, demonstration of diagnostic procedures, disposition of neuropsychiatric cases. Three hours a week.

335-36 *Neurologic Conference* Freeman and Staff
Weekly staff conference at Gallinger Municipal Hospital covering interesting problems from the Neurologic Service. One fourth of the class one and one-half hours a week.

383-84 *Ward Neurology* Groh
Daily rounds and frequent assignments at Gallinger Municipal Hospital Neurologic Service. Each student works up a number of cases during his service. One eighth of the class for four weeks.

431 *Neurosurgery (elective)* Watts
Lectures and clinical demonstrations in surgery of the brain, spinal cord, and peripheral nerves. Emphasis is laid upon fundamentals and upon the possibilities of surgery in the relief of symptoms. One hour a week for sixteen weeks.

433-34 *Clinical Neurology* Freeman
Lectures and demonstrations of patients illustrating the diagnosis and treatment of nervous disorders. Material is available at St. Elizabeths

Hospital illustrative of the more common disorders and some of the unusual syndromes. One hour a week.

435-36 *Neurologic Examinations*

Freeman and Staff

Practical instruction in the examination of patients presenting nervous diseases. Detailed examination of six patients is required of each student. St. Elizabeths Hospital. One fourth of the class, two hours a week.

OBSTETRICS AND GYNECOLOGY

- Howard Francis Kane, A.B., M.D., *Professor of Obstetrics and Gynecology, Executive Officer*
- Radford Brown, M.D., *Professor of Obstetrics and Gynecology*
- Elijah White Titus, Phar.D., M.D., *Clinical Professor of Obstetrics and Gynecology*
- Jacob Kotz, M.D., *Clinical Professor of Obstetrics and Gynecology*
- Henry Lauran Darner, A.B., M.D., *Clinical Professor of Obstetrics and Gynecology*
- Herbert Percy Ramsey, A.B., M.D., *Clinical Professor of Obstetrics and Gynecology*
- John Louis Parks, M.S., M.D., *Adjunct Clinical Professor of Obstetrics and Gynecology*
- William Preston Haynes, A.B., M.D., *Associate in Obstetrics and Gynecology*
- George Nordlinger, A.B., M.D., *Associate in Obstetrics and Gynecology*
- William Raymond Thomas, M.D., *Associate in Obstetrics and Gynecology*
- Joseph Harris, A.B., M.D., *Associate in Obstetrics and Gynecology*
- Laurence Lee Cockerille, M.D., *Associate in Obstetrics and Gynecology*
- Samuel Mayer Dodek, A.M., M.D., *Associate in Obstetrics and Gynecology*
- Bernard Notes, M.D., *Associate in Obstetrics and Gynecology*
- Russell Jon Jansen, M.D., *Associate in Obstetrics and Gynecology*
- Helen Gladys Kain, B.S., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Esther Alsylvia Nathanson, A.B., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Katherine Elizabeth Parker, A.M., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Harry Samuel Douglas, A.B., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Howard Pope Parker, M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Roger O'Donnell, Jr., A.B., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- William Dandridge Terrell, Jr., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- James Albert Dusbabek, M.D., *Clinical Instructor in Obstetrics and Gynecology*

- Barton Winters Richwine, M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Samuel Hazen Shea, A.B., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Clarence Kendall Fraser, Ph.B., M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Julius Robert Epstein, M.D., *Clinical Instructor in Obstetrics and Gynecology*
- Morton Selwyn Kaufman, M.D., *Clinical Instructor in Obstetrics and Gynecology*
- 253-54 *Pregnancy, Normal and Abnormal* Dodek, O'Donnell
Lectures and recitations on the physiology and management of pregnancy and its complications. One hour a week.
- 337-38 *Labor, Normal and Abnormal* Kane, Nordlinger
Lectures, recitations, and demonstrations on the mechanism and course of labor and its complications. Two hours a week.
- 344 *Gynecology* Brown
Lectures on the principles of gynecological surgery. One hour a week for seven weeks.
- 345-46 *Manikin Demonstrations* Harris
The mechanism of labor and various types of operative delivery demonstrated to sections of the class. One hour a week.
- 439 *Gynecological Pathology (elective)* Brown
Lectures on the essentials of gynecological pathology, and demonstrations and study of gross and microscopic material discussed in the lectures. One hour a week.
- 441-42 *Clinical Obstetrics* The Staff
Observation of, and participation in, the work of the pre- and post-natal clinics, on the wards, and in the delivery rooms of the University, Gallinger, Columbia, and Garfield Hospitals.
- 443-44 *Clinical Gynecology* The Staff
Observation of, and participation in, the work of the out-patient clinics, on the wards, and in the operating rooms of the University, Gallinger, Columbia, and Garfield Hospitals.
- 445 *Female Endocrinology and Operative Gynecology* Kotz, Darner
Lectures on the physiology and pathology of the endocrine system in women and on the principles of gynecological surgery. One hour a week.

OPHTHALMOLOGY

William Thornwall Davis, M.D., *Professor of Ophthalmology, Executive Officer*

Ernest Alfred Watson Sheppard, M.D.C.M., *Associate Clinical Professor of Ophthalmology*

George Victor Simpson, M.D., *Assistant Clinical Professor of Ophthalmology*

Edgar Leonard Goodman, M.D., M.M.S., *Associate in Ophthalmology*

Ronald Atmore Cox, A.B., M.D., *Associate in Ophthalmology*

Walter Joseph Romejko, M.D., *Clinical Instructor in Ophthalmology*

Sterling Bockoven, M.D., *Clinical Instructor in Ophthalmology*

Frank Duncan Costenbader, M.D., *Clinical Instructor in Ophthalmology*

Carmen Robert Naples, B.S., M.D., *Clinical Instructor in Ophthalmology*

Richard Wallace Wilkinson, M.D., *Clinical Instructor in Ophthalmology*

351-52 *Ophthalmology*

Davis and Staff

A lecture course presenting the principles of ophthalmology, with special reference to topics of importance to the general practitioner. One hour a week for twenty weeks.

447 *Clinic*

Davis and Staff

Intensive training in diseases of the eye; etiology, diagnosis, and treatment in the application to clinical cases. Episcopal Hospital. Three hours twice a week.

OTO-RHINO-LARYNGOLOGY

Daniel Bruce Moffett, A.B., M.D., *Professor of Oto-rhino-laryngology,
Executive Officer*

William Herndon Jenkins, M.D., *Clinical Professor of Oto-rhino-laryn-
gology*

Leroy Lee Sawyer, Jr., A.B., M.D., *Assistant Clinical Professor of Oto-
rhino-laryngology*

David Davis, A.B., M.D., *Associate in Oto-rhino-laryngology*

Don R. Johnson, LL.B., M.D., *Associate in Oto-rhino-laryngology*

Aubrey David Fischer, M.D., *Clinical Instructor in Oto-rhino-laryn-
gology*

Jeter Carroll Bradley, M.D., *Clinical Instructor in Oto-rhino-laryn-
gology*

Lyman Brooke Tibbets, Phar.D., M.D., *Clinical Instructor in Oto-rhino-
laryngology*

Joel Norton Novick, M.S., M.D., *Clinical Instructor in Oto-rhino-
laryngology*

Homer King Vann, M.D., *Clinical Instructor in Oto-rhino-laryngology*

John Gordon Bell, M.D., *Clinical Instructor in Oto-rhino-laryngology*

Catharine Birch, A.B., M.D., *Clinical Instructor in Oto-rhino-laryngology*

451 *Oto-rhino-laryngology*

Moffett, Jenkins

Lectures and demonstrations on anatomy, physiology, and diseases of the ear, nose, and throat, bronchoscopy and esophagoscopy. Two hours a week.

454 *Bronchoscopy*

Davis

A series of lectures on the fundamental principles and the use of instruments, including both the bronchoscope and esophagoscope. One hour a week for eight weeks.

456 *Clinic*

The Staff

Practical clinical instruction in the diagnosis and treatment of diseases of the ear, nose, and throat. Episcopal Hospital. One and one-half hours twice a week.

PATHOLOGY

Roger Morrison Choisser, B.S., M.D., *Professor of Pathology, Executive Officer*

Thomas Martin Peery, A.B., M.D., *Associate Professor of Pathology*

Richard Edward Kelso, M.D., *Instructor in Pathology*

Pearl Holly, M.S., M.D., *Instructor in Pathology*

Irving Lowell Marks, B.S., M.D., *Instructor in Pathology*

236 *Clinical Pathology*

Choisser and Staff

Lectures and laboratory work covering aspects of laboratory diagnosis of disease, including a study of: urinalysis, blood counting, the anemias, leukemias, and other blood dyscrasias. Examination of exudates, transudates, stomach contents, spinal fluids, and stools also emphasized. Three hours a week.

259-60 *Pathology*

Choisser, Peery

Malformations, inflammations, degenerations and neoplasms; special pathology of the organs and specific diseases. The laboratory work consists of the gross and microscopic study of diseased tissues. Necropsies are held regularly at the University and Municipal hospitals.

307 *Necropsy (elective)*

The Staff

Students assist in the performance of necropsies. Fresh gross specimens and microscopic sections from each case are presented at weekly conferences. Current literature relating to cases is reviewed and presented by the students.

327-28 *Clinical Pathological Conference*

Choisser, Bloedorn

Required in the third and fourth years. Case histories are presented and discussed by members of the staff and student body; necropsy and clinical findings are compared, and gross and microscopic specimens examined. One hour a week.

460 *Research*

Choisser

Hours and credits to be arranged.

461 *Tumors*

Choisser and Staff

Sixteen lectures and laboratory periods covering experimental production of tumors by means of carcinogens. Microscopic diagnosis of tumors in stressed. One hour a week.

PEDIATRICS

Harry Hampton Donnally, A.M., M.D., *Professor of Pediatrics, Executive Officer*

Preston Alexander McLendon, B.S., M.D., *Clinical Professor of Pediatrics*

Charles Aurelius Schutz, M.D., *Clinical Professor of Pediatrics*

Margaret Mary Nicholson, A.B., M.D., *Clinical Professor of Pediatrics*

Edward Lewis, M.D., *Clinical Professor of Pediatrics*

Lewis Kaigler Sweet, A.B., M.D., *Adjunct Clinical Professor of Pediatrics*

Elizabeth Emery Chickering, A.B., M.D., *Associate in Pediatrics*

Aaron Nimetz, A.B., M.D., *Associate in Pediatrics*

William Staton Anderson, A.B., M.D., *Associate in Pediatrics*

Mabel Harlakenden Grosvenor, A.B., M.D., *Associate in Pediatrics*

John Augustine Washington, A.B., B.S., M.D., *Associate in Pediatrics*

Carolyn Snyder Pincock, A.B., M.D., *Clinical Instructor in Pediatrics*

Herbert Harold Diamond, M.D., *Clinical Instructor in Pediatrics*

Dorothy Steinkle Jaeger, M.D., *Clinical Instructor in Pediatrics*

354 *Pediatrics*

Nicholson

Ward walks and weekly clinic. Gallinger Hospital. Two sections.

355-56 *Pediatrics*

Schutz

Lectures on diseases and malformations of the newly born. Growth, metabolism, nutrition, nutritional diseases, therapeutics, habit, preventive pediatrics, and social aspects are considered. One hour a week for twenty-four weeks.

357-58 *Clinic*

Pincock

Clinical instruction in the care and diseases of the newly born, congenital malformations, birth injuries, and prematurity. Gallinger Hospital. One fourth of the class, one hour a week.

359-60 *Contagious-Disease Clinic*

The Staff

Bedside instruction in scarlet fever, diphtheria, etc. Gallinger Hospital. One fourth of the class, one hour a week. Ward walks twice a week.

463-64 *Child-Welfare and Preventive Clinic*

Schutz

Clinical course in the infant and the pre-school child. Children's Hospital, Child Welfare Center. One section, one hour a week.

465-66 *Clinic*

The Staff

Out-patient clinic; minor to serious disorders of children, emotional life of the child, habit formations, and behavior problems. Children's Hospital. One section, Mon., Tues., Wed., and Fri., one and one-half hours.

467-68 *Clinic*

Donnally

Teaching clinic. Children's Hospital. Entire class, one and one-fourth hours a week.

469-70 *Clinical Clerkship*

The Staff

Ward walks, physical diagnosis, pediatric procedures, bedside instruction in contagious diseases, laboratory and necropsy instruction, diagnosis of urgent cases. Children's Hospital. One fourth of the class. Mon., Tues., Wed., and Fri., 9:30 A.M. to 4:30 P.M.

471-72 *Allergy Clinic*

Donnally

Prerequisite: Bacteriology 209. Practical work in the Allergy Clinic of Children's Hospital may be obtained by a small group of senior students. Two afternoons a week.

PHARMACOLOGY AND THERAPEUTICS

George Byron Roth, A.B., M.D., *Professor of Pharmacology, Executive Officer*

Edgar William Ligon, Jr., Ph.D., *Instructor in Pharmacology*

Launcelot Johnson Flemister, Jr., Ph.D., *Instructor in Pharmacology*

263 *Pharmacology*

Roth and Staff

Laboratory instruction covering both the chemical nature and the biological effects of drugs. Five hours a week.

265 *Pharmacology*

Roth

Lectures and demonstrations to correlate the most prominent facts relating to the more important therapeutic agents. Drugs found in the *United States Pharmacopoeia* and *New and Non-official Remedies* are stressed. Three hours a week.

267 *Pharmacology Conference*

Roth and Staff

One hour a week.

269 *Prescription Writing*

Roth

Sixteen one-hour conferences on the form of the prescription, with practical exercises.

362 *Research*

Roth and Staff

Hours and credits to be arranged.

PHARMACY

- *William Paul Briggs, M.S., *Professor of Pharmacy*
 Lea Gene Gramling, Ph.D., *Assistant Professor of Pharmacology and Pharmacognosy*
 Lloyd Walter Hazleton, Ph.D., *Assistant Professor of Pharmacology*
 Charles Watson Bliven, M.S., *Assistant Professor of Pharmaceutical Chemistry, Acting Executive Officer*
 Asa Vernon Burdine, *Lecturer on Pharmaceutical Economics*
 Leopold Henry Forster, Ph.G., *Instructor in Hospital Pharmacy*
 Frank Fortunato, M.S., *Research Associate in Pharmacology.*

SEMINAR LECTURERS

- James Johnson Durrett, M.S., M.D., *Professorial Lecturer on Drug Control Problems*
 Evander Francis Kelly, Phar.D., Sc.D., *Professorial Lecturer on Pharmaceutical Organizations*
 Carson Peter Frailey, Phar.D., *Professorial Lecturer on Industrial Pharmacy*
 Warren Fales Draper, A.B., M.D., *Professorial Lecturer on Public Health*
 Frederick John Cullen, Ph.G., M.D., *Professorial Lecturer on Drug Manufacture*
 Harrison Estell Howe, Sc.D., LL.D., D.Eng., *Professorial Lecturer on Scientific Literature*
 James Albert Horton, LL.B., *Professorial Lecturer on Drug Trade Regulations*
 John Christian Krantz, Jr., Ph.D., *Professorial Lecturer on Pharmaceutical Research*
 Justin Lawrence Powers, Ph.D., *Professorial Lecturer on Official Drug Standards*
 George Clemens Ruhland, M.D., *Professorial Lecturer on Hygiene and Sanitation*
 Robert Lee Swain, Phar.D., LL.B., *Professorial Lecturer on Contemporary Pharmacy*
 George Potter Larrick, *Professorial Lecturer on Drug Control*
Minimum requirements for the degree.—See pages 110-12.

* On leave of absence, 1942-43.

FIRST GROUP

- 1-2 *Principles of Pharmacy* (2-2) Bliven
Pharmaceutical mathematics and fundamental laboratory technique. Material fee, \$6 a term; breakage deposit,* payable in advance, \$5 a year. Mon. and Wed., 9:10 A.M. Laboratory—Fri., 9:10 to 11:00 A.M.
- 21-22 *Operative Pharmacy* (4-4) Gramling
The theory and manufacture of pharmacopoeial and formulary preparations. Material fee, \$9 a term; breakage deposit,* payable in advance, \$10 a year. Mon. and Wed., 11:10 A.M. Laboratory—fall term: Wed. and Thurs., 1:40 to 4:30 P.M.; winter term: Mon. and Wed., 1:40 to 4:30 P.M.
- 23-24 *Pharmacognosy* (3-3) Gramling
Macroscopic and microscopic. Prerequisite: Botany 1. Material fee, \$6 a term. Tues. and Thurs., 10:10 A.M. Laboratory—Fri., 1:40 to 4:30 P.M.

SECOND GROUP

- 102 *Dispensing Pharmacy* (4)
Compounding of typical prescriptions and a study of incompatibilities. Prerequisite: Pharmacy 2 and 22. Material fee, \$9; breakage deposit,* payable in advance, \$5 a year. Mon. and Wed., 10:10 A.M. Laboratory—Tues. and Thurs., 1:40 to 4:30 P.M.
- 103 *Dispensing Pharmacy* (4)
Continuation of Pharmacy 102. Material fee, \$9; breakage deposit,* payable in advance, \$5 a year. Tues. and Thurs., 10:10 A.M. Laboratory—Tues. and Fri., 1:40 to 4:30 P.M.
- 105-6 *Pharmacology I* (2-2) Gramling
Uses of official and new nonofficial drugs; biologicals, glandular products, first aid, and medical requisites. Mon. and Wed., 9:10 A.M.
- 108 *History of Pharmacy* (1)
Fri., 11:10 A.M.
- 109 *Organic Pharmaceutical Chemistry* (3) Bliven
Preparation and qualitative testing of official organic chemicals and chemical preparations. Material fee, \$9; breakage deposit,* payable in advance, \$5 a year. Prerequisite: Chemistry 152. Tues. and Thurs., 10:10 A.M. Laboratory—Fri., 1:40 to 4:30 P.M.
- 110 *Inorganic Pharmaceutical Chemistry* (3) Bliven
Preparation and qualitative testing of official inorganic chemicals and chemical preparations. Material fee, \$9; breakage deposit,* payable in advance, \$5 a year. Prerequisite: Chemistry 21. Mon. and Wed., 11:10 A.M. Laboratory—Wed., 1:40 to 4:30 P.M.

* The maximum deposit for two or more courses is \$10. In case the student's breakage totals more than this amount, he will be required to make an additional deposit.

- 151 *Advanced Pharmacognosy* (2) Gramling, Fortunato
Microscopical. Prerequisite: Pharmacy 24. Material fee, \$6. Laboratory—Mon. and Fri., 1:40 to 3:30 P.M.
- 153-54 *Pharmacology II* (3-3) Hazleton
Laboratory work in basic pharmacological technique. Prerequisite: Pharmacy 106; Physiology 115 and 117. Material fee, \$6 a term. Hours to be arranged.
- 165-66 *Pharmacology III* (3-3) Hazleton
Pharmacodynamics, toxicology, and biological assays. Prerequisite: Pharmacy 24 and 106; Physiology 115 and 117. Pharmacy 166, material fee, \$9. Fall term: Tues., Thurs., and Fri., 9:10 A.M. Winter term: Tues. and Thurs., 9:10 A.M. Laboratory—Fri., 1:40 to 4:30 P.M.
- 168 *Clinical Laboratory Methods* (2) Hazleton, Fortunato
The application of biochemical techniques. Prerequisite: Bacteriology 112. Prerequisite or concurrent registration: Biochemistry 222. Material fee, \$6. Hours to be arranged.
- 172 *Advanced Dispensing Pharmacy* (2) _____
The equipment and management of professional pharmacies and advanced dispensing. Prerequisite: Pharmacy 103. Material fee, \$9; breakage deposit,* payable in advance, \$5 a year. Thurs., 10:10 A.M. Laboratory—Mon., 1:40 to 4:30 P.M.
- 173 *Quantitative Pharmaceutical Analysis I* (4) Bliven
Theory and application of official methods of analysis. Prerequisite: Pharmacy 110. Material fee, \$9; breakage deposit,* payable in advance, \$5 a year. Mon. and Wed., 11:10 A.M. Laboratory—Mon. and Wed., 1:40 to 4:30 P.M.
- 174 *Quantitative Pharmaceutical Analysis* (4) Bliven
Drug analysis. Prerequisite: Pharmacy 173 or Chemistry 22. Material fee, \$9; breakage deposit*, payable in advance \$5 a year. Tues. and Thurs., 11:10 A.M. Laboratory—Tues. and Thurs., 1:40 to 4:30 P.M.
- 176 *Pharmaceutical Law* (1) _____
Fri., 9:10 A.M.
- 178 *Pharmaceutical Economics* (2) Burdine
Fri., 11:10 A.M. to 1:00 P.M.
- 181 *Advanced Pharmacology I* (2) Gramling
Special problems and studies in the field of pharmacology. Prerequisite: Pharmacy 106. Prerequisite or concurrent registration: Pharmacy 165. Hours to be arranged.
- 184 *Advanced Pharmacology II* (2) Gramling
Advanced biologicals and glandular products. Prerequisite: Pharmacy 106. Prerequisite or concurrent registration: Pharmacy 166. Tues. and Thurs., 10:10 A.M.

* The maximum breakage deposit for two or more courses is \$10. In case the student's breakage totals more than this amount, he will be required to make an additional deposit.

186 *Pharmaceutical Chemistry (2)*

Bliven

A study of the relationship of structure to action of synthetic drugs.
Prerequisite: Pharmacy 109. Tues. and Thurs., 10:10 A.M.

187-88 *Seminar (1-1)*

The Seminar Staff

A symposium covering the various phases of Pharmacy. Fri., 10:10 A.M.

192 *Prescription Practice (no credit)*

Forster

The compounding of prescriptions and manufacture of medicinal preparations in the University Hospital Pharmacy. Required of seniors.

PHILOSOPHY

Christopher Browne Garnett, Jr., Ph.D., Litt.D., *Associate Professor of Philosophy, Executive Officer*

The major.—The major in philosophy, administered under the new plan, provides an opportunity for the student to become acquainted with the broader and more fundamental aspects of his world and his civilization.

FIRST GROUP

- 1-2 *Introduction to Philosophy* (3-3) Garnett
 The course is designed to introduce the student to the vital issues, both theoretical and practical, with which human intelligence is confronted in the present age. Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Mon., Wed., and Fri., 6:00 P.M.
 Summer term 1942—Philosophy IX (3), 6:00 P.M.

SECOND GROUP

- 111-12 *History of Philosophy* (3-3) Garnett
 An historical survey of the large periods and the main philosophers in the Orient and the Western world. Tues., Thurs., and Sat., 9:10 A.M.
- 121 *Logic* (3) Garnett
 A critical study of deductive logic, induction, and the application of the principles of reflective thought in the natural and social sciences. (Not offered in 1942-43.)
 Summer term 1942—7:10 P.M.
- 132 *Ethics* (3) Garnett
 A study of wisdom in conduct in personal and group life. (Not offered in 1942-43.)
- 142 *Contemporary American Philosophy* (3) Garnett
 A comparative study of the general philosophies of Dewey, Perry, Pratt, Stace, Whitehead, Santayana, and Fite. (Not offered in 1942-43.)
- 151 *Problems in the Philosophy of the Sixteenth and Seventeenth Centuries* (3) Garnett
 A comparative study of the general philosophies of Bruno, Bacon, Descartes, Malebranche, Spinoza, Leibniz, and Newton. (Not offered in 1942-43.)

155-56 *Philosophical Movements in the Eighteenth Century* (3-3)

Garnett

A study of the general culture of the Enlightenment with special emphasis upon science, art, literature, religion, and politics. Ability to read French and German is desirable. (Not offered in 1942-43.)

199-200 *Proseminar: Readings for the Major* (3-3)

Garnett

Hours to be arranged.

THIRD GROUP

221-22 *Research* (3-3)

Garnett

Special problems in philosophy. Hours to be arranged.

299-300 *Thesis* (3-3)

Garnett

PHYSICAL EDUCATION FOR MEN*

William Jennings Reinhart, B.B.A., *Professor of Physical Education for Men, Executive Officer*

William Henry Myers, A.M., *Associate Professor of Physical Education for Men*

Albert Michael Haringer, B.S., *Assistant Professor of Physical Education for Men*

This Department includes all the recognized athletic activities of the men students of the University.

Two years of physical education (Physical Education 1-2 and 11-12) are required of all men for graduation, except those students exempt under the regulations stated on pages 36-37.

Upon entering the University, all freshmen or other undergraduate students who have not fulfilled the physical education requirement are given a medical examination. Assignments for medical examination will be given at the time of registration. The students who satisfy the requirements of this examination are immediately given a physical-efficiency test of general bodily skills. All other students are assigned activities according to their individual needs. If the physical-efficiency test is passed satisfactorily, the student may elect his activity from the following lists:

Group A

Badminton
Golf
Gymnastics
Handball
Swimming
Tennis
Tumbling

Group B

Basketball
Softball
Speedball
Touch Football
Volleyball

Two terms of activity must be from Group A and two terms of activity from Group B unless a substitution is approved by the Department. If the physical-efficiency test is not passed, the student is assigned to individual exercise.

The Department furnishes gymnasium uniforms and personal equipment upon a small payment.

Minimum requirements for the Dual-Major Teacher's Course.—See page 118.

Minimum requirements for the Single-Major Teacher's Course.—See page 118.

Minimum requirements for the minor.—Prerequisite: Physical Education 42, 43-44, 45-46 (all of these courses may be satisfied by examination), 47, 50, 58. Required: twelve credit hours of second- or third-group courses in physical education, including 101, 102, 105-6, and four credit hours of activity physical education.

FIRST GROUP

1-2 Freshman Physical Education (2-2)[‡]

Four periods of supervised activity a week. Locker and towel fee, \$2 a term. Assignment for activities and hours to be arranged.

The Staff

* The University is not responsible for injuries received in inter-collegiate or intra-mural games, or in any of the activities of the departments of physical education.

‡ Freshmen and sophomores in the School of Engineering are required to take two, instead of four, periods of physical education a week for which they receive one, instead of two, credits a term.

- 11-12 *Sophomore Physical Education (2-2)** The Staff
Four periods of supervised activity a week. Locker and towel fee, \$2 a term. Assignment for activities and hours to be arranged.
- 39-40 *Introduction to Physical Education (3-3)* Myers
Elementary study of problems and scope of field; critical survey of skills, rules, and attitudes relative to motor activities.
Summer term 1942—7:00 A.M.
- 42 *Aquatic Sports, First Aid, and Lifesaving (2)* The Staff
Fri., 1:00 to 3:00 P.M.
- 43-44 *Techniques of Indoor and Outdoor Activities for Freshmen (2-2)* The Staff
A critical survey of the fundamental skills, rules, organization, appreciations, and attitudes in these activities. Mon. and Wed., 1:40 to 3:30 P.M.
- 45-46 *Techniques of Indoor and Outdoor Activities for Sophomores (2-2)* The Staff
Tues. and Thurs., 1:40 to 3:30 P.M.
- 47 *Introduction to Physical Education (2)* Myers
An orientation course presenting in elementary form the problems of physical education, vocational analysis, historical implication, scientific foundations, and scope of field. Tues. and Thurs., 8:10 A.M.
- 48 *Fundamentals and Nature of Play (2)* The Staff
Critical study of the theory of play; study of the play activities of childhood and youth; types of recreation; playground activities. Tues. and Thurs., 8:10 A.M.
- 49 *Introduction to Methods in Physical Education (2)* The Staff
Essential facts of education, psychology, and sociology, with special reference to the problem of method in physical education. Prerequisite: Psychology 1 and 22; Sociology 27 and 28. Tues. and Thurs., 1:40 P.M.
- 50 *Beginning Anatomy and History of Hygiene (3)* Myers
Relationship of anatomy to physical education; fundamentals of health; and elementary physiological functioning of the body. Prerequisite: Biology 1-2. Mon., Wed., and Fri., 1:40 P.M.
- 58 *First Aid and Care of Athletic Injuries (2)* The Staff
Prevention and emergency care of injuries of all types, with special reference to first aid, bandaging, and massage. A practical course. Prerequisite: Physical Education 50; Biology 1-2. Tues. and Thurs., 1:40 P.M.

* Freshmen and sophomores in the School of Engineering are required to take two, instead of four, periods of physical education a week for which they receive one, instead of two, credits a term.

SECOND GROUP

- 101 *Principles of Physical Education* (2) Reinhart
The interpretation of objectives of physical-education activities under leadership, in terms of development, adjustment, and standards. Prerequisite: Physical Education 39-40 or 47. Mon. and Wed., 9:10 A.M.
- 102 *Administration and Organization of Physical Education* (2) Reinhart
The administration of a unified program; a study of physical-education plants, athletic fields, and equipment. Prerequisite: Physical Education 39-40 or 47. Tues. and Thurs., 9:10 A.M.
- 103 *Applied Anatomy and Physiology* (3) Myers
The anatomical and physiological effects of physical-education activity. Prerequisite: Physical Education 50; Zoology 1-2. Mon., Wed., and Fri., 1:40 P.M.
- 105-6 *Directed Teaching in Physical Education Activities* (2-2) The Staff
Practical demonstration of teaching procedures in adapting activities to the various problems in the secondary school organization. Prerequisite: a minimum of twelve credit hours in physical education. Hours to be arranged.
- 107-8 *Methods in Major Sport Activities* (2-2) The Staff
Teaching procedures in adapting major sport activities to the several age-period groups and to individual differences existing in the secondary school organization. Prerequisite: demonstration of a fair degree of skill in these various activities; Physical Education 49. Fall term: Tues. and Thurs., 9:10 A.M.; winter term: Tues. and Thurs., 11:10 A.M.
- 109-10 *Methods in Minor Sport Activities* (2-2) The Staff
The scientific procedures in adapting these various activities to a secondary school physical-education program. Prerequisite: demonstration of a fair degree of skill in these various activities. Fall term: Tues. and Thurs., 11:10 A.M.; winter term: Tues. and Thurs., 9:10 A.M.
- 111 *Leadership Organization in the Intramural Program* (2) The Staff
Principles of administration, organization, and supervision of intramural activities in the physical-education program of the junior high schools, senior high schools, and colleges. Prerequisite: Physical Education 39-40 or 47 and 49. Mon. and Wed., 1:40 P.M.
Physical Education 111X—same as Physical Education 111, but offered winter term. Mon. and Wed., 1:40 P.M.
- 112 *Methods in Health Education* (3) Myers
Principles involved in the teaching of health at different age levels. Prerequisite: Physical Education 50; Zoology 1-2. Mon., Wed., and Fri., 9:10 A.M.

- 113 *Psychological Analysis of Activities* (2) Reinhart
A detailed analysis of the mental processes during participation in physical-education activities. Prerequisite: Psychology 1 and 22. Tues. and Thurs., 11:10 A.M.
- 116 *Community and Personal Hygiene* (2) Myers
Application of principles of health to community and personal life; sources of material for general health knowledge. Prerequisite: Physical Education 50; Zoology 1-2. Tues. and Thurs., 1:40 P.M.
- 117 *Kinesiology of Sports for the Physically Handicapped* (3) Myers
Methods employed in the teaching of body mechanics which are adapted to the prevention and correction of physical disabilities. Prerequisite: Physical Education 50 and 103; Zoology 1-2. Mon., Wed., and Fri., 10:10 A.M.
- 118 *Tests and Measurements in Physical Education* (3) Myers
A critical study of achievement tests in physical education; statistical methods; methods of constructing achievement tests. Prerequisite: Physical Education 39-40 or 47. Mon., Wed., and Fri., 10:10 A.M.
- 133-34 *Observation and Practice Teaching* (3-3) The Staff
Required of every major student in the junior or senior year. Assignments are made to schools in Washington, D. C., and vicinity. Prerequisite: Education 131. Hours to be arranged.
- 141-42 *Administration of Community Recreational Programs* (2-2) Reinhart
The administrative organization of recreational projects; social organization of recreation; problems of program content. Field trips; observation; practical work. Prerequisite: Physical Education 48. Mon. and Wed., 1:40 P.M.
Summer term 1942—8:10 A.M.

THIRD GROUP

- 201-2 *Seminar: Test Construction in Physical Education* (3-3) Myers
Current trends in the various phases of testing in physical education. Originality and research ability must be shown in a term report. Prerequisite: Physical Education 118. Tues., 7:30 to 9:30 P.M.

PHYSICAL EDUCATION FOR WOMEN*

Ruth Harriet Atwell, A.M., *Professor of Physical Education for Women, Executive Officer*

Helen Bennett Lawrence, A.M., *Assistant Professor of Physical Education for Women*

Jenny Emsley Turnbull, A.M., *Assistant Professor of Physical Education for Women*

Elizabeth Burtner, A.M., *Instructor in Physical Education for Women*

Helen Taylor, A.M., *Associate in Physical Education for Women*

Ruth Evelyn Preston, M.S., *Associate in Physical Education for Women*

Two years of physical education (Physical Education 1-2 and 11-12) are required of all women for graduation, except of students exempt under the regulations stated on pages 36-37. In the fall a complete medical and physical examination is given each student for the purpose of discovering individual needs. Those students whose examinations indicate the desirability of remedial or restricted activity are assigned to a program especially adapted to their needs. This limited program includes moderate sports and individual body mechanics in small groups under careful supervision.

The required costume for physical education classes may be purchased at the Student Club.

Minimum requirements for the major.—For the first two years in Junior College see page 55. For the last two years in the School of Education see page 119. Students desiring to prepare themselves to teach another subject in addition to physical education may do so by choosing their elective hours in one subject-matter field with the advice of the Dean of the School of Education.

FIRST GROUP

1-2 *Freshman Physical Education (1-1)*

The Staff

One lecture on personal hygiene and two periods of activity a week.

Personal hygiene: study of a well-balanced program for daily living based on the general physiological laws of personal hygiene. Section A: Mon., 12:10 P.M.; section B: Tues., 12:10 P.M.

Activities: fall season, soccer or field hockey; winter season, dance, basketball, badminton, ice skating, fencing, or individual body mechanics; spring season, elementary, intermediate, or advanced swimming, or (if the swimming test has been passed) archery, canoeing, golf, tennis, or lacrosse. Locker and towel fee, ‡ \$2 a term. Section A: Mon. and Fri., 1:40 P.M.; section B: Tues. and Thurs., 1:40 P.M.; section C: Mon. and Fri., 2:40 P.M.; section D: Tues. and Thurs., 2:40 P.M.

11-12 *Sophomore Physical Education (1-1)*

The Staff

Two periods of activity a week. Fall season, field hockey, soccer, golf, archery, tennis, or riding; winter season, dance, basketball, badminton,

* The University is not responsible for injuries received in inter-collegiate or intra-mural games, or in any of the activities of the departments of physical education.

‡ The locker and towel fee is required for registration in one or more of the activity courses.

ice skating, fencing, or individual body mechanics; spring season, swimming, or (if the swimming test has been passed) tennis, golf, archery, canoeing, or lacrosse. Locker and towel fee,* \$2 a term. Section A: Wed. and Fri., 11:10 A.M.; section B: Wed. and Fri., 12:10 P.M.; section C: Mon. and Fri., 1:40 P.M.; section D: Tues. and Thurs., 1:40 P.M.; section E: Mon. and Fri., 2:40 P.M.; section F: Tues. and Thurs., 2:40 P.M.

13-14 Skill Techniques in Physical Education

The Staff

Activities (2-2)

Practice in basic motor skills for prospective teachers in the following: (1) team sports—field hockey, soccer, basketball, softball, and speedball; (2) dance—folk, tap, modern; (3) body mechanics; (4) individual and dual sports—swimming, tennis, golf, badminton, archery; (5) graded games for all ages; (6) self-testing activities—tumbling, stunts, achievement tests. Programs are arranged according to individual needs. Locker and towel fee,* \$2 a term. Wed., 1:40 to 4:30 P.M.; other hours to be arranged.

15-16 Skill Techniques in Physical Education

The Staff

Activities (2-2)

Continuation of Physical Education 13-14. Locker and towel fee,* \$2 a term. Wed., 1:40 to 4:30 P.M.; other hours to be arranged.

18 Kinesiology (3)

Lawrence

A study of the anatomical mechanism of movement; analysis of the action of the muscles in physical-education activities. Prerequisite: Biology 1-2 or Zoology 1-2 and an approved course in anatomy. Mon., Wed., and Fri., 9:10 A.M.

21 Human Anatomy (3)

Preston

Study of the forms and structure of the human body. Prerequisite: Zoology 1-2 or Biology 1-2.

SECOND GROUP

101-2 Individual Body Mechanics and Physical Examinations (3-3)

Lawrence

Cause and correction of faulty body mechanics and other abnormal physical conditions; physical-examination methods used in the diagnosis of physical defects; program adaptation to special cases. Prerequisite: Physical Education 18; Zoology 1-2 or Biology 1-2 and an approved course in anatomy. Mon., Wed., and Fri., 10:10 A.M.

103 Nature and Function of Play (2)

Atwell

The significance of play in human growth and development; social and physical aspects of play; play activities in relation to age levels. Tues. and Thurs., 6:00 P.M.

104 History and Principles of Physical Education (3)

Atwell

Prerequisite: Physical Education 103. Mon., Wed., and Fri., 9:10 A.M.

* The locker and towel fee is required for registration in one or more of the activity courses.

109-10 *Methods of Teaching Physical Education Activities (2-2)* The Staff

Teaching procedures and officiating, with opportunities for practice in teaching the following: (1) team sports; (2) individual and dual sports; (3) graded games; (4) dance; (5) body mechanics. Locker and towel fee,* \$2 a term. Wed., 1:40 to 4:30 P.M.; other hours to be arranged.

112 *Administration of Physical Education (3)* Atwell
Organization and administration of physical education in elementary and secondary schools, colleges, and recreational centers. Prerequisite: Physical Education 103 and 104. Mon., Wed., and Fri., 11:10 A.M.

113-14 *Methods of Teaching Physical Education Activities (2-2)* The Staff

Continuation of Physical Education 109-10. Locker and towel fee,* \$2 a term. Wed., 1:40 to 4:30 P.M.; other hours to be arranged.

116 *Clinical Work in Individual Body Mechanics and Physical Examinations (3)* Lawrence

Practice in giving physical examinations, analysis of results, prescription and teaching of corrective exercises; observation in orthopedic clinics in city; first aid and care of athletic injuries, with instruction in bandaging and massage. Prerequisite: Physical Education 18 and 101-2; Zoology 1-2. Hours to be arranged.

117 *Tests and Measurements in Physical Education (2)* Atwell

Critical survey of tests in physical activities; methods of test construction; elementary statistics. Tues. and Thurs., 11:10 A.M.

118 *Camp Leadership (1)* Atwell and Lecturers

Philosophy and administration of modern camps. Lectures and discussions by specialists in the various phases of camping; field trips; workshop in camp activities; seminar on camp administration. Additional credit for field work in camp under supervision may be arranged. Thurs., 7:30 to 9:30 P.M.

133-34 *Observation and Cadet Teaching (3-3)* Atwell, Burtner

Directed teaching with weekly conferences in junior and senior high schools.

RELATED COURSES IN THE DEPARTMENT OF EDUCATION

Education 147, *Proseminar: The Organization of the School Health Program*

Education 148, *Proseminar: Methods and Materials in Health Instruction*

* The locker and towel fee is required for registration in one or more of the activity courses.

PHYSICS

Thomas Benjamin Brown, Ph.D., *Professor of Physics, Executive Officer*
 Walter Lynn Cheney, Ph.D., *Professor of Physics*
 George Antony Gamow, Physics D., *Professor of Theoretical Physics*
 *Edward Teller, Ph.D., *Professor of Physics*
 Raymond John Seeger, Ph.D., *Associate Professor of Physics*
 George Martin Koehl, A.M., *Associate in Physics*
 Lawson Morell McKenzie, A.M., *Associate in Physics*

The major.—Prerequisite: Physics 6, 7, 8, and 55; Mathematics 19 and 20.
 Required for the Bachelor of Arts degree: Physics 113-14, 116, 121-22, 125, and four credit hours of second-group laboratory courses; Mathematics 132. Required for the Bachelor of Science degree: same courses as for the Bachelor of Arts degree, plus Mathematics 171.

FIRST GROUP

3-4 *Introductory Survey in Physical Science*† (Same as Chemistry 3-4) (3-3) Mackall, Seeger
 A study of energy and matter, their relation to each other, and their significance to man. (Not offered in 1942-43.)

5 *General Physics* (3) Seeger and Staff
 Introduction to the scientific method as used in the study of energy and forces: physical properties of solids, liquids, and gases; phenomena of heat and light. Material fee, \$6. Lecture—section A: Tues., 11:10 A.M.; section B: Tues., 6:00 P.M. Recitation and laboratory—section L: Thurs., 11:10 A.M., and Wed., 1:40 to 3:30 P.M.; section M: Thurs., 1:40 P.M. and 2:40 to 4:30 P.M.; section N: Fri., 1:40 P.M. and 2:40 to 4:30 P.M.; section R: Thurs., 6:00 P.M., and Tues., 8:00 to 10:00 P.M.; section S: Thurs., 6:00 P.M., and Wed., 8:00 to 10:00 P.M.
 Physics 5x—same as Physics 5, but offered winter term, (Cheney). Lecture—Fri., 11:10 A.M. Recitation and laboratory—section A: Mon., 11:10 A.M., and Wed., 11:10 A.M. to 1:00 P.M.; section B: Mon., 1:40 P.M., and 2:40 to 4:30 P.M.

6 *General Physics*‡ (3) Seeger and Staff
 Mechanics, wave-motion, sound, and the theory of optical instruments. Offered winter term. Prerequisite: Physics 3-4, or 5. Material fee, \$6. Lecture—section A: Tues., 11:10 A.M.; section B: Tues., 6:00 P.M. Recitation and laboratory—section L: Thurs. 11:10

* On leave of absence 1942-43.

† Physics 6, 7, and 8 constitute the basic course in physics. Students who have credit for high school physics from an accredited high school may omit Physics 3-4, or 5 as a prerequisite to Physics 6 and 7, provided that they pass a qualifying examination given at the beginning of the course (Physics 6 or Physics 7).

‡ Before completing registration for Physics 5, 6, 7, or 55, each student must obtain from the representative of the Department an assignment to a class section.

A.M. and Wed., 1:40 to 3:30 P.M.; section M: Thurs., 1:40 P.M. and 2:40 to 4:30 P.M.; section P: Thurs., 6:00 P.M. and Mon., 8:00 to 10:00 P.M.; section R: Thurs., 7:00 P.M., and Tues., 8:00 to 10:00 P.M.; section S: Thurs., 6:00 P.M., and Wed., 8:00 to 10:00 P.M.; section T: Thurs., 7:00 P.M., and 8:00 to 10:00 P.M.

Summer term 1942—Section A: Mon., Wed., and Fri., 11:40 A.M.; laboratory—Tues., 1:40 to 3:30 P.M. Section B: Mon., Wed., and Fri., 7:10 P.M.; laboratory—Tues., 7:10 to 9:10 P.M. (Seeger)

7 General Physics* (3)

Cheney and Staff

Electricity; magnetism; the principles underlying the uses of electric power in everyday life. Offered fall term. Prerequisite: Physics 3-4, or 5. Material fee, \$6. Lecture—section A: Thurs., 11:10 A.M.; section B: Thurs., 6:00 P.M. Recitation and laboratory—section K: Tues., 1:40 P.M. and 2:40 to 4:30 P.M.; section L: Wed., 1:40 P.M. and 2:40 to 4:30 P.M.; section N: Tues., 11:10 A.M., and Fri., 1:40 to 4:30 P.M.; section P: Tues., 6:00 P.M., and Mon., 8:00 to 10:00 P.M.; section R: Tues., 7:00 P.M. and 8:00 to 10 P.M.; section S: Tues., 6:00 P.M. and Wed., 8:00 to 10:00 P.M.; section T: Tues., 7:00 P.M., and Thurs., 8:00 to 10:00 P.M.

Summer term 1942—Mon., Wed., and Fri., 6:00 P.M.; laboratory—Tues., 8:10 to 10:10 P.M. (Seeger).

8 General Physics* (2)

Brown, Cheney

The experimental evidence concerning the nature of light, electricity, and matter; practical developments of modern physics, such as X-ray apparatus, electron tubes, and radio. Prerequisite: Physics 6 and 7. Section A: Tues. and Thurs., 11:10 A.M.; section B: Tues. and Thurs., 6:00 P.M.

Summer term 1942—Tues. through Fri., 7:10 P.M., (Cheney).

55 Physical Measurements (2)

Brown

Theory and use of the methods of precise measurement in the several fields of physics. Prerequisite: Physics 6 and 7. Prerequisite or concurrent registration: Mathematics 19. Material fee, \$6. Section A: Tues., 1:40 P.M.; laboratory—Tues., 2:40 to 4:30 P.M. Section B: Wed., 7:00 P.M.; laboratory—Fri., 7:00 to 9:00 P.M.

Summer term 1942—Wed. and Fri., 7:10 P.M.; laboratory: Tues. and Thurs., 7:10 to 9:10 P.M. (Cheney).

SECOND GROUP

113-14 Molecular and Atomic Physics (3-3)

Gamow

Constituent particles of matter; kinetic theory and the properties of macroscopic bodies; spectra and the structure of atoms and molecules; introduction to chemical physics. Prerequisite: Physics 8; Mathematics 20. Tues. and Thurs., 7:25 to 8:40 P.M.

* Physics 6, 7, and 8 constitute the basic course in physics. Students who have credit for high school physics from an accredited high school may omit Physics 3-4, or 5 as a prerequisite to Physics 6 and 7, provided that they pass a qualifying examination given at the beginning of the course (Physics 6 or Physics 7).

Before completing registration for Physics 5, 6, 7, or 55, each student must obtain from the representative of the Department an assignment to a class section.

- 116 *Optics* (3) Cheney
Geometrical optics; elementary theory of wave motion; interference, diffraction, polarization, and dispersion of light; laws of black-body radiation. Prerequisite: Physics 8; Mathematics 20. 1943-44 and alternate years, Mon., Wed., and Fri., 6:00 P.M.
- 121-22 *Mechanics and Heat* (3-3) Cheney
Fall term: statics, elasticity, dynamics of solids and fluids, and gravitation; winter term: acoustics; thermometry; heat conduction; the laws of thermodynamics with applications to physical systems. Prerequisite: Physics 8 Mathematics 20. 1942-43 and alternate years, Mon., Wed., and Fri., 6:00 P.M.
- 125 *Principles of Electricity* (3) Cheney
Fundamental phenomena of electricity and magnetism; circuit theory, including elementary alternating-current circuits; terrestrial magnetism; atmospheric electricity. Prerequisite: Physics 8; Mathematics 20. 1943-44 and alternate years, Mon., Wed., and Fri., 6:00 P.M.
- 132 *Electronics* (3) Brown
The phenomena of electron emission from solids; the physical properties of electron tubes, and the principles underlying their basic applications. Prerequisite: Physics 8 and 125 or Physics 8 and Electrical Engineering 101. Material fee, \$6. Lecture—Mon. and Wed., 7:00 P.M. Laboratory—Fri., 7:00 to 9:00 P.M.
- 143-44 *Modern Experimental Physics* (3-3) Brown
Experimental methods for the study of the physical properties of electrons, atoms, and molecules. Material fee, \$6 a term. 1943-44 and alternate years.
- 155-56 *Advanced Physical Measurements* (2-2) Brown
An individual program of experiments arranged for each student in accordance with his preparation and his special interests. Prerequisite: Physics 55 and 116, or 122, or 125. Material fee, \$6 a term. 1942-43 and alternate years, Tues. and Thurs., 8:10 to 10:00 P.M.

THIRD GROUP

- 201-2 *Modern Physical Theories* (2-2) Gamow
Elements of relativity, quantum theory, and nuclear physics. Prerequisite: Physics 113-14. 1942-43 and alternate years, Tues. and Thurs., 6:00 P.M.
- 211-12 *Classical Physical Theory* (3-3) Brown
Fall term: dynamics of systems of particles and of rigid bodies; generalized coordinates. Winter term: dynamics of elastic bodies and fluids; electromagnetic field theory. Prerequisite: Physics 121-22 and 125; Mathematics 132 and 171. Mon., Wed., and Fri., 6:00 P.M.
- 215 *Electrodynamics* (3) Teller
Theory of moving electric charges; electric oscillations and the interactions between electric and magnetic fields and matter. Pre-

- requisite: Physics 121-22 and 125; Mathematics 171. Offered in 1943-44 and alternate years, Mon. and Wed., 6:10 to 7:25 P.M.
- 216 *Theory of Elastic Bodies* (3) Seeger
Statics of deformable bodies; theory of vibrating systems; wave propagation; applications to geophysics. Prerequisite: Physics 121-22; Mathematics 132 and 171. 1943-44 and alternate years, Mon., Wed., and Fri., 7:00 P.M.
- 217-18 *Statistical Physics* (3-3) Seeger
Foundations of classical and quantum statistics; kinetic theory of gases; fluctuation phenomena; thermodynamic properties of matter and radiation. Prerequisite: Physics 113-14, 121-22. 1942-43 and alternate years, Mon., Wed., and Fri., 7:00 P.M.
- 221-22 *Quantum Mechanics* (3-3) Seeger
Formulation and application of laws holding within the atom; the relation of these laws to those of classical physics. Prerequisite: Physics 113-14 and 211-12 or 215. 1942-43 and alternate years, Mon., Wed., and Fri., 6:00 P.M.
- 243 *Experimental Electronics* (3) Brown
Advanced laboratory work of research character. Prerequisite: Physics 132 and 143. Either term, admission by special permission.
- 261 *Nuclear Physics* (3) Gamow
Radioactivity, nuclear transformations, new particles; astrophysical applications. Prerequisite: Physics 113-14 and 211-12. 1943-44 and alternate years.
- 266 *Relativity and Gravitational Theory* (3) Gamow
Basic principles; relativistic mechanics and electrodynamics; theory of gravitation; cosmology. Prerequisite: Physics 215 or 211-12. 1943-44 and alternate years.
- 271 *Structure of Molecules* (3)
Chemical physics with emphasis upon the chemical bond and on molecular spectra. Either term on a conference basis, admission by special permission. (Not offered in 1942-43.)
- 273 *Structure of Metals* (3) Seeger
Theory of the motion of electrons in a crystal lattice, with applications to the physical properties of metals. Either term on a conference basis, admission by special permission.
- 275 *Structure of Stars* (3) Gamow
Advanced work on stellar structure and energy sources. Either term on a conference basis, admission by special permission.
- 291-92 *Seminar: Recent Developments in Physics* (1-1) The Staff
Individual investigations of special problems. All students registered for Master of Arts work in physics are required to attend this sem-

inar during the time they are working for this degree. They may register for credit for a maximum of three credit hours. Mon., 8:00 to 10:00 P.M., alternate weeks.

299-300 *Thesis* (3-3)

The Staff

SPECIAL METHOD COURSE

Biology 172, *Teaching of Science*

PHYSIOLOGY

Errett Cyril Albritton, A.B., M.D., *Professor of Physiology, Executive Officer*

Chester Elwood Leese, Ph.D., *Associate Professor of Physiology*

Robert Custis Grubbs, M.S., M.D., *Assistant Professor of Physiology*

Alma Fogelberg, Ph.D., *Instructor in Physiology*

115 *Physiology* (3)

Leese and Staff

Lectures for academic students covering the fundamentals of physiology in its various subdivisions. Prerequisite: one year of general science or one term of a biological science. Section A: Tues., Thurs., and Sat., 9:10 A.M.; section B: Tues. and Thurs., 5:20 to 6:35 P.M.

117 *Physiology* (1)

Fogelberg, Grubbs

Laboratory exercises in the fundamentals of physiology, for academic students. Prerequisite: Physiology 115 or the equivalent. The two, 115 and 117, may be taken concurrently. Material fee, \$12. Sat., 10:10 A.M. to 1:00 P.M.

132 *Physiology*

Albritton and Staff

Four divisions, sixteen lectures each, as follows: (1) blood, heart, circulation, respiration, and acid-base balance; (2) nutrition, digestion, metabolism, excretion, temperature regulation, and water balance; (3) sensory reception, central nervous processes, and somatic and visceral motor activity; (4) the endocrine glands and reproduction.

134 *Experimental Physiology*

Albritton and Staff

Laboratory work accompanying Physiology 132. Nine hours a week.

200 *Physiology of Activity* (1 or 2)

Albritton

The circulatory, respiratory, endocrine, metabolic, and other adaptations, immediate and long term, accompanying activity. May be taken for two credits with additional work. Prerequisite: Physiology 115 or the equivalent. Tues., 9:10 A.M.

269-70 *Problems in Physiology*

Albritton and Staff

Hours and credits to be arranged.

272 *Experimental Method*

Albritton

Design of controlled experiments in medical or biological investigation; errors in design; criticism and judgment of evidence, and tests of the statistical significance of experimental results. May be taken for one credit with additional work. Eight lectures, hours to be arranged.

274 *The Psycho-Physiology of Personality*

Leese

Lectures on the genesis and expression of personality, with emphasis on the physiological approach. May be taken for one credit with additional work. Eight lectures, hours to be arranged.

275-76 *Research*

Albritton and Staff

Hours and credits to be arranged.

POLITICAL SCIENCE

Warren Reed West, Ph.D., *Professor of Political Science, Executive Officer*

William Crane Johnstone, Jr., Ph.D., *Professor of Political Science*

Henry Reining, Jr., Ph.D., *Professorial Lecturer on Public Administration*

John Albert Tillema, Ph.D., LL.M., S.J.D., *Associate Professor of Political Science*

*John Withrow Brewer, Ph.D., *Associate Professor of International Law*
Luis Siegfried Quintanilla, L.-ès-L., Diplômé, Ph.D., *Lecturer in Political Science*

Karl Ernest Stromsem, Ph.D., *Lecturer on Public Administration*

Edgar Berryhill Young, A.B., *Lecturer on Public Personnel Administration*

Dick Carlson, B.B.A., *Visiting Lecturer in Political Science*

Minimum requirements for the major.—Prerequisite: Political Science 9-10. Required: twenty-four credit hours of second- or third-group courses in political science, including twelve credit hours from Political Science 111, 112, 117, 121, 122, 171, 181, and 182; and nine credit hours from one of the following groups: Group A, Political Science 115, 116, 124, 151, and 152; Group B, Political Science 121, 122, 127, 128, 130, and 141; Group C, Political Science 171, 181, 182, 192, 193, 194, and 294.

FIRST GROUP

9-10 *Government of the United States*‡ (3-3)

West, Tillema

Section A: Mon., Wed., and Fri., 11:10 A.M.; section B: Tues. and Thurs., 6:00 to 7:15 P.M.

Summer term 1942—Political Science 9 (3), section A: 11:40 A.M.; section B: 6:00 P.M. Political Science 10x (3), 7:10 P.M.

Development of the literatures of the Spanish-speaking countries of Central America, the West Indies, and Mexico. Lectures, collateral reading, and class analysis of important works. 1943-44 and alternate years, Tues. and Thurs., 7:25 to 8:40 P.M.
- 197-98 *Proseminar: Readings for the Major in Spanish American Literature* (3-3) Corliss
Conferences and group discussions. Hours to be arranged.
- 199-200 *Proseminar: Readings for the Major in Spanish Literature* (3-3) Alonso
Conferences and group discussions. Hours to be arranged.

THIRD GROUP

- 225-26 *Seminar in Spanish Literature* (3-3) Doyle (Not
Prerequisite: a second-group course in Spanish literature. offered in 1942-43.)
- 227-28 *Seminar in Spanish American Literature* (3-3) Corliss
Prerequisite: a second-group course in Spanish American literature. 1942-43 and alternate years, hours to be arranged.
- 249-50 *Old Spanish* (3-3) Doyle
Literature and philology: *Poema del Cid*, *Libro de Buen Amor*, *Conde Lucanor*, etc.; Menéndez Pidal's *Manual elemental de gramática histórica española* and Ford's *Old Spanish Readings*. Prerequisite: a second-group course in Spanish literature; an elementary knowledge of Latin. (Not offered in 1942-43.)
- 299-300 *Thesis* (3-3) The Staff

ROMANCE LANGUAGES

SPECIAL METHOD COURSE

- 176 *Teaching of Romance Languages* (2) Doyle
Current methods and materials. (Not offered in 1942-43.)

SECRETARIAL STUDIES

Dorothy Helene Veon, A.M., *Assistant Professor of Secretarial Studies*
 Mary Winifred Cox, A.B., *Associate in Secretarial Studies*

Requirements for the Junior Certificate in Secretarial Studies.—See pages 55-56.
Requirements for the degree of Bachelor of Science in Secretarial Administration.
 See special bulletin.

- 1 *Elementary Typewriting* (3) Veon
 Fundamentals of typing; styles of business letters and forms; principles of tabulation. Laboratory fee, \$6. Section A: daily except Sat., 11:10 A.M. to 12:30 P.M.; section B: Mon., Wed., and Fri., 7:00 to 9:00 P.M.

- 2 *Intermediate Typewriting* (3) Veon
 The business letter and its arrangement, advanced tabulation, manuscript typing, office forms, stencil cutting, and legal documents. Prerequisite: Secretarial Studies 1 or the equivalent; ability to type 30 words a minute. Laboratory fee, \$6. Section A: daily except Sat., 11:10 A.M. to 12:30 P.M.; section B: Mon., Wed., and Fri., 7:00 to 9:00 P.M.

- 7 *Remedial Typewriting* (1) Veon
 Analysis of individual difficulties in operating techniques; principles of and practice in tabulation. Designed specifically for government employees who wish to improve the quality and quantity of their work. Prerequisite: ability to type 30 words a minute. Laboratory fee, \$1.50. Tues. and Thurs., 6:00 P.M.

- 11 *Elementary Shorthand* (5) Veon, Cox
 A functional study of Gregg shorthand correlating dictation and transcription. Minimum speed of 60 words a minute attained. Section A: daily except Sat., 9:10 A.M.; section B: daily except Sat., 6: P.M.

- 12 *Intermediate Shorthand* (5) Veon, Cox
 Review of shorthand principles; increasing speed and efficiency in shorthand through training in English grammar, syntax, and vocabulary; typewriting problems; and analysis of transcriptions. Minimum speed of 80 words a minute attained. Prerequisite: Secretarial Studies 11 or the equivalent; ability to take dictation at 60 words a minute. Section A: daily except Sat., 9:10 A.M.; section B: daily except Sat., 6:00 P.M.

- 15-16 *Advanced Transcription and Typewriting Problems* (3-3) _____

Dictation and transcription involving the vocabularies used in general business, banking, government, law, medicine, and transportation. Minimum speed of 120 words attained. Advanced office typewriting problems and projects with emphasis on speed and accuracy. Prerequisite: Secretarial Studies 11, and 12, or the equivalent; ability

to take dictation at 80 words a minute and to transcribe accurately; ability to type 50 words a minute. Laboratory fee, \$3 a term. Section A: Mon., Wed., and Fri., 1:10 to 3:00 P.M.; section B: Tues and Thurs., 7:00 to 9:30 P.M.

17-18 *Reporting (3-3)*

Principles and practices of reporting conferences and court testimony. Prerequisite: Secretarial Studies 15-16, or the equivalent; ability to take dictation at 120 words a minute. Laboratory fee, \$1.50 a term. Hours to be arranged.

21 *Business Occupations (2)*

Analysis of the structure of business firms; departments, and services; study of business equipment. Field trips; individual occupational study of a secretarial field (medical, legal, governmental, etc.) and Thurs. 10:10 A.M. Veon

22 *Filing and Indexing (2)*

Survey of filing systems and methods of indexing. Practice in the use of filing and indexing equipment. Laboratory fee, \$3. Tues. and Thurs., 6:00 P.M.

41 *Business Mathematics (3)*

Discounts and interests; annuities; investment evaluation; inventories and depreciations; etc. Tues. and Thurs., 1:10 to 2:30 P.M. Veon

42 *Applied Bookkeeping for Secretaries (3)*

Training in modern bookkeeping procedure; thorough grounding in the fundamental principles of accounting involved in general records, ledgers, and working papers; special units on banking procedure, social security bookkeeping, and office routine. Tues. and Thurs., 1:10 to 2:30 P.M. Veon

51-52 *Business Writing (3-3)*

Fall term: letter appraisal and the principles of good writing applied to correspondence and reports, especially those in the Federal Government. Winter term: special emphasis on service, adjustment, collection, and sales letters; the writing of brief reports, and articles; study of words and vocabulary building. Prerequisite: English 1 and 2. Mon., Wed., and Fri., 6:00 P.M.

54 *Secretarial Practice (3)*

Training in secretarial duties; study of secretarial equipment and supplies. Actual office experience involving the taking of dictation and the transcribing of various materials; composing business letters, reports, and other forms; preparing bills, statements, financial forms, and statistical records; filing practice. Prerequisite: Secretarial Studies 15, 22, 41-42, and 51, or the equivalent. Laboratory fee, \$4.50. Hours to be arranged with the instructor. Veon

57 *Review of English Usage for Government Secretaries (2)*

Intensive review of grammar, punctuation, capitalization, sentence structure, etc. Text: *Government Printing Office Style Manual*. Veon

which is supplemented by style manuals of various governmental departments and agencies. Mon. 7:00 to 9:00 P.M.

65 *Business Law* (3)

Survey of legal problems involved in contracts, agency, negotiable instruments, sales, insurance, and partnerships. (Not to be offered in 1942-43.)

102 *Secretarial Administrative Problems* (3)

Veon

Principles and problems involved in administering stenographic units and the supervising of stenographic personnel. Admission by permission of the instructor. Mon., 7:00 to 9:30 P.M.

SOCIOLOGY

Carl Douglas Wells, B.D., Ph.D., *Associate Professor of Sociology,*
Executive Officer

The major.—Prerequisite: Sociology 27 and 28. Required: twenty-four credit hours of second- and third-group courses in sociology. With special permission, a maximum of six credit hours of the following closely related courses may be counted toward the major: Economics 141, 142, and 146; History 171-72; Philosophy 132; Psychology 125, 151, and 154; Statistics 102. Additional courses from this list are highly recommended as electives.

FIRST GROUP

- 27 *Organization of Society* (3) Wells
The origin and development of culture; man's social nature; types of groups and social institutions; social processes; social change and social control. Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Mon., Wed., and Fri., 6:00 P.M.
- 28 *Problems of Society* (3) Wells
Population problems; psycho-physical problems; problems of race and nativity, social institutions, and social control in war and peace. Section A: Mon., Wed., and Fri., 10:10 A.M.; section B: Mon., Wed., and Fri., 6:00 P.M.

SECOND GROUP

- 121 *Educational Sociology* (3) Wells
The relation of the school to the community; school culture; social control in the school; sociological principles for the construction of the curriculum. 1942-43 and alternate years, Mon., Wed., and Fri., 11:10 A.M. 1943-44 and alternate years, Mon., Wed., and Fri., 7:00 P.M.
Summer term 1942—7:10 P.M.
- 125 *Rural Sociology* (3) Wells
The origin and development of rural culture; types of rural communities; rural social institutions and personalities; relation to city life; present rural problems and rural planning. (Not offered in 1942-43.)
- 126 *Urban Sociology* (3) Wells
The origin and growth of cities; types of cities; their social structure, composition, functions, and problems; urban personalities and institutions; urbanization and social control; city planning. (Not offered in 1942-43.)
- 135 *Child-Welfare Problems* (3) Wells
Social aspects of infant and child morbidity and mortality; socializing the child through the home, play group, and school; the physically

handicapped child; dependent children; child labor; juvenile delinquency. Tues. and Thurs., 7:25 to 8:40 P.M.

136 *Criminology* (3)

The nature, types, and distribution of crime; causes of criminal behavior; the machinery of justice; types of treatment; recidivism; rehabilitation; crime-prevention programs. Field trips to local penal institutions. Tues. and Thurs., 7:25 to 8:40 P.M.

145 *Social Control* (3)

Wells

History of social control; social control in peace and war; the systems, techniques, and fields of social control; social control and the future of civilization. Mon., Wed., and Fri., 7:00 P.M.

146 *Social Planning* (3)

Wells

Utopian social planning; sociological principles basic to sound social planning; social planning in peace and war; social planning and the New Deal; limitations of social planning. Mon., Wed., and Fri., 7:00 P.M.

151 *Social Research* (3)

Case study, life history, survey, and other tools of research will be studied, examples in literature examined, and some practice given in their use. (Not offered in 1942-43.)

176 *The Modern Family* (3)

Wells

Historical backgrounds; war and family; the family and development of personality; modern problems of celibacy, courtship, marriage relations, economic adjustment, parent-child relations. 1942-43 and alternate years, Mon., Wed., and Fri., 11:10 A.M. 1943-44 and alternate years, Mon., Wed., and Fri., 7:00 P.M.

199-200 *Proseminar for Major Students* (3-3)

Wells

Thurs., 8:10 P.M.

THIRD GROUP

215-16 *Seminar* (3-3)

Wells

Community studies and other types of original research. Hours to be arranged. (Not offered in 1942-43.)

299-300 *Thesis* (3-3)

Wells

STATISTICS

Frank Mark Weida, Ph.D., *Professor of Statistics, Executive Officer*
 John Randolph Riggleman, Ph.D., *Lecturer in Statistics*
 Walter Frederick Crowder, Ph.D., *Lecturer in Statistics*
 Solomon Kullback, Ph.D., *Lecturer in Statistics*

Minimum requirements for the major.—Prerequisite: Mathematics 11, 12, 19, and 20; Psychology 1 and 2; an introductory course in one of the social sciences, one of the biological sciences, or one of the physical sciences. Required: an understanding of the underlying mathematical theory employed to characterize, compare, and elucidate quantitative or qualitative measurements which are found in (1) the history of statistics, (2) characterization numbers, (3) correlation, (4) frequency distributions and time series, (5) graphical analysis, and (6) collection and presentation of statistical data; a minimum of twenty-four credit hours of second-group courses in departments unrelated to statistics. For further details, see the pamphlet on this subject or consult the adviser.

FIRST GROUP

†1-2 *Elementary Statistics* (3-3)

Introduction to scientific method of gathering and tabulating properties and measures of attributes; elementary principles of their analysis and their limitations and interpretations in various fields of knowledge. Prerequisite: at least one entrance unit in algebra. Laboratory fee, \$5.00 a term. 1942-43 and alternate years, Lecture—Tues., Thurs., 6:00 P.M. Laboratory—section N: Mon., 8:00 to 9:40 P.M.; section O: Tues., 8:00 to 9:40 P.M. 1943-44 and alternate years, Lecture—Tues. and Thurs., 11:10 A.M. Laboratory—section M: Tues. and Thurs., 12:10 to 1:00 P.M.

Kullback and Staff

†3-4 *Theory of Investment, Social Insurance, Life Insurance* (3-3)

Interest and discount; annuities; bond and stock valuation; depreciation; life annuities; life insurance premiums; reserves; unemployment and sickness benefits. Prerequisite: at least one entrance unit in algebra. 1942-43 and alternate years, Tues. and Thurs., 11:10 A.M. to 12:25 P.M. 1943-44 and alternate years, Tues. and Thurs., 6:00 to 7:15 P.M.

Weida

SECOND GROUP

†101-2 *Economic and Sociological Statistics* (3-3)

Sources of data; collecting and assembling of statistics; tabulation; graphical analysis; averages; measures of dispersion; frequency dis-

Weida and Staff

tributions; index numbers; time series; the normal curve; correlation. Prerequisite: at least one entrance unit in algebra. Laboratory fee, \$5 a term. Lecture—section A: Mon. and Wed., 11:10 A.M.; section B: Tues. and Thurs., 6:00 P.M. Laboratory—section P: Wed., 8:00 to 9:40 P.M.; section Q: Thurs., 8:00 to 9:40 P.M.; section R: Fri., 8:00 to 9:40 P.M.; section S: Mon. and Wed., 12:10 to 1:00 P.M. Summer term 1942—7:10 to 8:30 P.M.

103 *Charts and Graphs* (3)

Riggleman

Construction, reproduction, publication, and use of statistical charts, graphs, and maps, particularly in the fields of economics, business, and sociology. Prerequisite: at least one entrance unit in algebra. Laboratory fee, \$5. 1942-43 and alternate years, Tues. and Thurs., 7:25 to 8:40 P.M.

104 *Mechanical Tabulation* (3)

Riggleman

The theory and use of the various sorting and tabulating machines; code cards and their preparation for particular and extensive types in analysis. Prerequisite: at least one entrance unit in algebra. 1942-43 and alternate years, Tues. and Thurs., 7:25 to 8:40 P.M.

105 *Index Numbers* (3)

Crowder

Types of index numbers developed and compared; methods of weighting; the reversal and circular tests; speed of calculation and other practical considerations. Prerequisite: Statistics 101-2. Tues. and Thurs., 6:00 to 7:15 P.M.

106 *Statistical Analysis of Economic Fluctuations* (3)

Crowder

Analysis of prices, price movements, production, employment, cost of living; technique of analyzing business cycles and structural changes in the economy; forecast of business changes. Prerequisite: Statistics 101-2; Economics 1-2. Tues. and Thurs., 6:00 to 7:15 P.M.

†113-14 *Business and Government Statistics* (3-3)

Riggleman

External statistics; internal data; statistical technique in forecasting, market analysis, time and wage studies; investment analysis, price situations. Prerequisite: Statistics 101-2. (Not offered in 1942-43.)

115 *Applied Sampling* (3)

Riggleman

Theory of sampling, its application and limitations; detailed consideration of stratified and directed sampling; practical exterior tests of reasonableness, representativeness, and adequacy. Prerequisite: Statistics 101-2. 1943-44 and alternate years, Tues. and Thurs., 7:25 to 8:40 P.M.

116 *Organization and Management in Statistical Work* (3)

Riggleman

Planning projects; estimating costs; conducting surveys; use of mechanical equipment; organization of a statistical department; selection and management of personnel. Prerequisite: Statistics 101-2. 1943-44 and alternate years, Tues. and Thurs., 7:25 to 8:40 P.M.

- 117-18 *Analysis of Variance and Covariance* (3-3) Kullback
Variation traceable to specific sources; estimation of experimental error; correlation and frequency analysis; problems of practical sampling and their analysis. Prerequisite: Statistics 101-2. Mon., Wed., and Fri., 7:00 P.M.
- 129 *Introduction to Statistics in Psychology and Education* (3) The Staff
Graphical presentation; tabulation; averages; measures of representativeness, reliability, and variation; simple correlation. Prerequisite: at least one entrance unit in algebra. Mon., Wed., and Fri., 10:10 A.M.
Statistics 129x—same as Statistics 129, but offered winter term, Mon., Wed., and Fri., 6:00 P.M.
- 131-32 *Statistics in Psychology and Education* (3-3) Weida and Staff
Sources of data; assembling of statistics; tabulation; graphical analysis; averages; dispersion; frequency distributions; intelligence and achievement quotients; normal curve; correlation. Prerequisite: at least one entrance unit in algebra. Laboratory fee, \$5 a term. Lecture—Tues. and Thurs., 7:25 P.M. Laboratory—section O: Tues., 8:00 to 9:40 P.M.; section Q: Thurs., 8:00 to 9:40 P.M.
- 134 *Factor Analysis* (3) Weida
The resolution of mental abilities into factors; the two-factor theory; the multiple-factor theory; tetrads and tetrad differences; tetrad correlation and reliability; overlapping variables. Prerequisite: Statistics 131-32. Mon., Wed., and Fri., 6:00 P.M.
- 141 *Medical Biometry and Statistics* (3) Weida
Data and laws of human mortality, morbidity, and demography; averages; dispersion; frequency functions; sampling; correlation; chi and other tests. Prerequisite: at least one entrance unit in algebra. (Not offered in 1942-43.)
- 151 *Least Squares and Theories of Error* (3) Weida
Moment coefficients; the normal and other error functions; Legendre's principle; practical Fourier analysis; likelihood; chi-test. Prerequisite: Mathematics 20. Mon., Wed., and Fri., 7:00 P.M.
- 152 *Curve Fitting* (3) Weida
Empirical and graduation functions; generating function; cumulants; Thiele's semi-invariants; Pearson and other systems of curves. Prerequisite: Mathematics 20. Mon., Wed., and Fri., 7:00 P.M.
- 153 *Econometrics* (3) Weida
Mathematical methods applied by classical and modern writers to exchange, production, supply and demand, utility and disutility, and interest and taxation. Prerequisite: Statistics 101-2. Mathematics 20. 1942-43 and alternate years, Mon., Wed., and Fri., 6:00 P.M.
- †157-58 *Intermediate Theoretical Statistics* (3-3) Kullback
Adjustments of observations; curve fitting; design of experiment; simple sampling; theories of dispersion; expectation; frequency func-

tions; Thiele's semi-invariants; Gram-Charlier series. Prerequisite: Mathematics 20. Mon., Wed., and Fri., 6:00 P.M.
Summer term 1942—6:00 P.M. (Weida).

169 *History of Statistics* (3) Weida

The origin, development, and importance of various statistical conceptions; the work and life of the contributors to statistical theory and practice. Prerequisite: Statistics 101-2, 157-58, or the equivalent. Hours to be arranged.

†199-200 *Proseminar: Theoretical and Applied Statistics* (3-3) Weida

This course is designed to coordinate the content of the baccalaureate major. Admission by permission of the instructor. Hours to be arranged.

THIRD GROUP

†255-56 *Probability* (2-2) Weida

Scope; classical definition, limit definition; Bayes' theorem; Bernoulli's theorem; expectation; law of large numbers; probabilities in continuum; limit theorems; distribution laws. Admission by permission of the instructor. 1942-43 and alternate years, Mon., 8:00 to 9:40 P.M.

†257-58 *Advanced Theoretical Statistics* (3-3) Weida

Contour integrals; characteristic functions; matrices; quadratic forms; sampling theory; measures of relation; contingency analysis; maximum likelihood; individual differences. Admission by permission of the instructor. 1943-44 and alternate years, Mon., Wed., and Fri., 6:00 P.M.

261 *Numerical Analysis* (3) Weida

Interpolation; numerical differentiation and integration; mechanical quadrature and cubature; numerical solution of differential and integral equations. Admission by permission of the instructor. (Not offered in 1942-43.)

†263-64 *Statistical Inference* (2-2) Kullback

Sample space; methods for estimating population parameters; fiducial inference and its application to testing hypotheses; Neyman-Pearson theory of testing hypotheses. Admission by permission of the instructor. 1943-44 and alternate years, Tues. and Thurs., 7:25 P.M.

†265-66 *Multivariate Analysis* (2-2) Kullback

Multivariate normal distribution; sample variances and covariances; tests of significance; problems of estimation. Admission by permission of the instructor. 1942-43 and alternate years, Tues. and Thurs., 7:25 P.M.

†267-68 *Characteristic Functions, Theory and Applications* (2-2) Kullback

Fourier integrals; set functions; inversion formulas; limit theorems; applications to the distribution problem in statistics. Admission by permission of the instructor. (Not offered in 1942-43.)

- †295-96 *Seminar: Applied Statistics (3-3)* Weida
Reading and research in applied statistics. Admission by permission of the instructor. Hours to be arranged.
- †297-98 *Seminar: Theoretical Statistics (3-3)* Weida
Reading and research in theoretical statistics. Admission by permission of the instructor. Hours to be arranged.
- †299-300 *Thesis (3-3)* The Staff
Hours to be arranged.

SURGERY

Charles Stanley White, M.D., *Professor of Surgery, Executive Officer*
 Daniel LeRay Borden, A.M., M.D., *Clinical Professor of Surgery*
 Harry Hyland Kerr, M.D.C.M., *Clinical Professor of Surgery*
 Paul Stirling Putzki, M.D., *Clinical Professor of Surgery*
 Arch Lockhart Riddick, B.S., M.D., *Clinical Professor of Surgery*
 William Berry Marbury, M.D., *Clinical Professor of Surgery*
 Custis Lee Hall, M.D., *Clinical Professor of Surgery*
 Guy Whitman Leadbetter, B.S., M.D., *Clinical Professor of Surgery*
 James Ross Veal, A.B., M.D., *Adjunct Clinical Professor of Surgery*
 John Hugh Lyons, M.S., M.D., *Associate Clinical Professor of Surgery*
 Herbert Hermann Schoenfeld, M.D., *Associate Clinical Professor of Surgery*
 William Warren Sager, M.S., M.D., *Associate Clinical Professor of Surgery*
 Benjamin Franklin Dean, Jr., M.S., M.D., *Assistant Clinical Professor of Surgery*
 Alec Horwitz, M.S., M.D., *Assistant Clinical Professor of Surgery*

137 *First Aid*

The Staff

Lectures by the staff and practical exercises conducted by qualified Red Cross First Aid Instructors designed to enable the student to complete the "standard" course in First Aid and to appreciate the value and limitations of such training. One hour a week.

- 279-80 *General Surgery* Borden, Sager
Course of lectures and recitations covering surgical diseases of the neck and chest, herniae, amputations, and pre- and post-operative treatment. One hour a week for twenty-eight weeks.
- 281 *Anesthesia (elective)* Chipman
Theoretical and practical instruction is given in the use of general and local anesthetic agents. One hour a week for nine weeks.
- 282 *Fractures and Dislocations* Leadbetter
One hour a week.
- 283 *Surgical Technique* Marbury
Series of demonstrations of surgical instruments and appliances. The preparation of the patient, the operating room, the materials commonly used, and the duties of each member of an operating team. One hour a week.
- 371-72 *General Surgery* Putzki, Riddick
Course of lectures and recitations covering surgery as applied to the neck, thorax, gastro-intestinal tract, and the bones and skeletal muscles. One hour a week.
- 373-74 *Ward Walks* The Staff
Well-organized group ward-rounds are made with the visiting physicians and their respective staffs in the course of their usual rounds. Gallinger and Emergency hospitals.
- 375-76 *Surgical Clinic* The Staff
Clinical teaching and demonstrations on the care of the various surgical diseases, with special emphasis on the pre- and post-operative management. Gallinger and Emergency hospitals.
- 379-80 *Surgical Clinic* White and Staff
Demonstration to the entire class of the various surgical diseases, with stress upon the differential diagnosis and pre- and post-operative care. Gallinger Hospital. One hour a week.
- 381-82 *Clinical Clerkship* The Staff
The student is assigned and required to work up thoroughly the cases for diagnosis and treatment. Gallinger and Emergency hospitals.
- 478 *Orthopedics* Hall
Etiology, pathology, symptomatology, and treatment of congenital and acquired diseases of the bones and joints, and the clinical instruction in treatment and in the use of appliances for the correction of deformities. One hour a week.
- 481 *General Surgery* White
One hour a week.
- 483-84 *Dispensary Clinic* The Staff
Dispensary instruction in the principles and practice of surgery. Instruction of small groups is given in general surgery and the specialties.

including anesthesia, neurosurgery, orthopedics, proctology, and oral surgery. University and Emergency hospitals.

- 485-86 *Special Problems in Surgery* Sager, Dean
General surgical diagnosis, with special emphasis on the diagnosis and differential diagnosis of surgical diseases and post-operative complications. One hour a week.

- 488 *Surgical Clinic* Borden and Staff
Demonstration to the entire class of the various surgical diseases. One hour a week.

- 489 *Surgical Anatomy* Horwitz
One hour a week.

UROLOGY

Frederick August Reuter, M.D., *Professor of Urology, Executive Officer*
 Thomas Carlton Thompson, B.S., M.D., *Clinical Professor of Urology*
 Charles Perry Howze, M.D., *Associate in Urology*
 Gilbert Ottenberg, A.M., M.D., *Clinical Instructor in Urology*
 William Glenn Young, M.D., *Clinical Instructor in Urology*
 William Dabney Jarman, B.S., M.D., *Clinical Instructor in Urology*

491-92 *Urology*

Reuter

Lectures covering the entire field of urology, including diagnosis, treatment, and morbid pathology. One hour a week.

493-94 *Clinics*

The Staff

Clinical teaching and demonstrations on the care of urological cases, with special emphasis on the pre- and post-operative management. Operative clinics and clinical teaching. Gallinger and Children's hospitals.

495-96 *Clinics*

Reuter and Staff

Clinical demonstrations and teaching in the dispensary, with special attention given to diagnostic procedures. Emergency and University hospitals. One part of each section daily.

ZOOLOGY *

Donnell Brooks Young, Ph.D., *Professor of Zoology*
Ira Bowers Hansen, Ph.D., *Associate Professor of Zoology, Executive Officer*

Lloyd Ancil Spindler, Sc.D., *Lecturer in Zoology*
Edith Elizabeth Mortensen, A.M., *Instructor in Zoology*

The major.—Prerequisite: Zoology 1-2. The student must at the end of his senior year exhibit a correlated knowledge of the following fields: (1) classification, structure, and ecological relations of animals, both invertebrate and vertebrate; (2) embryological development and life histories of important animal types; (3) general principles of physiology, heredity, and evolution; (4) the development of biological principles, hypotheses and theories as revealed in the study of the history of zoology.

The student will obtain this knowledge in part by taking courses offered in these fields and in part by individual study under the direction of his adviser. For further details, see the pamphlet on this subject or consult the adviser.

Premedical students are required to take Zoology 1-2.

FIRST GROUP

1-2 *Introduction to Zoology* (4-4) Young, Mortensen

An introduction to the study of the structure, functions, and relation of animals, and of the fundamental biological principles involved. Material fee, \$4.50 a term. Section A: Tues. and Thurs., 9:10 A.M.; section B: Mon. and Fri., 6:00 P.M. Laboratory—section M: Tues. and Thurs., 11:10 A.M. to 1:00 P.M.; section N: Tues. and Thurs., 1:40 to 3:30 P.M.; section O: Mon. and Wed., 8:00 to 10:00 P.M.

Summer term 1942—Mon. through Thurs., 7:10 P.M., and daily 8:20 to 10:20 P.M. (Young, Hansen).

†5-6 *Field Zoology* (3-3) Mortensen

THE GRADUATE ENDOWMENT FUND

The Graduate Endowment Fund was founded by the class of 1926 with the object of providing endowment to be used for the development of the University. Membership is limited to seniors and graduates who sign a pledge of \$100, payable annually in ten equal installments.

The pledge notes and funds are held in trust. When the principal reaches the sum of \$100,000, the Board of Administrators of the Fund may pay to the University such sums as it may vote for erection of buildings, acquisition of sites, maintenance, and purchase of equipment. At no time may money be drawn so as to leave a balance of less than \$50,000 on deposit.

On request, the Alumni Secretary of the University will furnish pledge blanks to alumni.

HONOR SOCIETIES

Phi Beta Kappa.—A national honor society recognizing "outstanding intellectual capacity well employed" in the field of liberal arts and sciences. Senior and junior students who are candidates for the degree of Bachelor of Arts or Bachelor of Science in Columbian College (in exceptional cases, senior and junior students in other non-professional divisions of the University) and who have shown broad cultural interests, distinguished scholarly achievement, high character, general promise, and scholarly ideals may, to a number not exceeding 15 per cent of a class, be elected to membership by the Faculty members of the Alpha Chapter of the District of Columbia.

Sigma Xi.—A national scientific honor society, the purpose of which is to encourage original investigation in science pure and applied. Outstanding graduate students in the sciences are eligible for full membership, and undergraduates who have shown marked ability in research may be elected to associate membership.

Order of the Coif.—A national legal society, the purpose of which is to foster a spirit of careful study and to mark in a fitting manner those who have attained a high grade of scholarship. Members are elected each year from the highest 10 per cent of the graduating class of the Law School.

Sigma Tau.—A national engineering fraternity, the purpose of which is to recognize scholarship and professional attainment.

Alpha Lambda Delta.—A national fraternity established to encourage and reward high scholarship and attainment, membership in which is limited to those freshman women who attain a scholastic average of at least 3.50.

Artus.—A national economics society.

Delphi.—An intersorority society.

Delta Sigma Rho.—A national forensic honor society.

Gate and Key.—An interfraternity society.

Iota Sigma Pi.—A national honorary chemical society for women.

Kappa Kappa Psi.—A national honorary fraternity, the purpose of which is to encourage good fellowship, leadership, scholarship, and musical ability among college band members.

Mortar Board.—A national honorary society for senior college women, stressing leadership, scholarship, and service.

Omicron Delta Kappa.—A national fraternity emphasizing leadership in extracurricular activities.

Phi Eta Sigma.—A national fraternity established to encourage and reward high scholarship and attainment, membership in which is limited to those freshman men who attain a scholastic average of at least 3.50.

Pi Gamma Mu.—A national social-science society.

Pi Lambda Theta.—A national honorary fraternity for women in the field of education.

Sigma Gamma Epsilon.—A national honorary geology fraternity.

Sigma Pi Sigma.—A national honorary physics fraternity.

Smith-Reed-Russell Society.—A scholastic society in the School of Medicine. Students of the third and fourth years who maintain a scholastic average of 86 per cent are eligible for associate membership.

William Beaumont Medical Society.—A society founded with the object of encouraging and stimulating medical students in work of individual investigation.

STUDENTS REGISTERED

1941-42

The names of all students registered appear in alphabetical order. Students who were registered for the first semester only are indicated by a dagger (†); students registered for the second semester only are indicated by a double dagger (‡).

The college, school, or division in which the student is registered is indicated after each name. Arabic numerals indicate the hours of credit at the date of first registration for 1941-42. Roman numerals after the names of students in the School of Medicine and the Law School indicate the year of the course in which each student is registered.

The following abbreviations are used:

Jun.—The Junior College
Col.—Columbian College
Grad.—The Graduate Council
Med.—The School of Medicine
Law—The Law School
Eng.—The School of Engineering
Pharm.—The School of Pharmacy

Ed.—The School of Education
Govt.—The School of Government
Univ.—The Division of University Students
Spec.—Special
Uncl.—Unclassified

DEPARTMENT OF DEFENSE COURSES

1941-42

STAFF OF INSTRUCTION

ORIENTAL LANGUAGES

Acker, William R. B., Ph.D., *Lecturer in Oriental Languages*

CIVILIAN PILOT TRAINING

Jones, Walter, *Lecturer in Aeronautics*

Lechner, Anna B., A.M., *Lecturer in Aeronautics*

Phillips, Joseph Warren, B.S. in M.E., M.E., Ph.D., *Lecturer in Aeronautics*

Venn, Lidie Cordray, A.B., M.P.H., Cert. Aeronautical Knowledge,
Ground Instr. Cert., *Lecturer in the Preliminary Course*

ENGINEERING

Abbett, Robert W., M.S. in C.E., C.E., *Associate in Contracts, Specifications, and Engineering Relations*

Amirikian, Arsham, C.E., *Lecturer in Structural Welding Design*

Anderson, Bruce E., A.B., *Lecturer in Propellants and High Explosives*

Anderson, George Lincoln, Sr., *Lecturer in Heating, Ventilating, and Air Conditioning*

Ask, R.E., B.S. in C.E., *Lecturer in Photogrammetry*

Astin, Allen V., Ph.D., *Lecturer in Direct Current and Alternating Current Circuits*

Balleison, Charles, M.S. in M.E., *Associate in Small Arm Weapons and Ammunition*

Beall, Stewart Hall, B.S. in C.E., *Lecturer in Elementary Design-Detail*

Benson, Bernard H., *Associate in Internal Combustion Engines*

Bert, John Davison, B.S. in Ind. Eng., *Laboratory Lecturer in General Welding Design*

Betz, Fred, *Laboratory Assistant for Concrete Inspection and Testing and Construction Materials*

Blai, Boris, Jr., A.M., *Lecturer in War Department Supervision and Management Problems*

Blake, Roland Patton, B.S., *Lecturer in Fundamentals of Safety Engineering*

Bluhm, Leslie Edward, B.S. in M.E., *Lecturer in General Welding*

Boucher, Henry N., B.S., *Educational Supervisor of Planning Courses, and Lecturer in Comprehensive Planning and Planning Seminar*

Brooks, Alfred H., B.S., M.L. Arch., *Associate in Planning Seminar*

- Brown, Darwin Charles, A.B., LL.B., M.B.A., *Lecturer in Human Relations in Supervision*
- Brown, William Fuller, Jr., Ph.D., *Lecturer in Advanced Electrical Theory*
- Bruce, Clarence Smoot, B.S. in M.E., *Lecturer on Internal Combustion Engines*
- Buckmaster, James Lloyd, B.S. in C.E., *Lecturer in Aerial and Ground Methods of Mapping and Cartography*
- Bues, Harry W., Jr., M.S., *Lecturer in Principles of War Department Supervision*
- Burger, Clarence W., Jr., *Associate in General Engineering Drafting*
- Cahn, Leonard, *Laboratory Assistant in Introduction to Radio Communication*
- Carlson, Dick, B.B.A., *Lecturer in Human Relations in Supervision*
- Carlston, Charles Othell, B.S., A.M., *Lecturer in Human Relations in Supervision*
- Clarke, Harry Newton, *Lecturer and Supervisor in Human Relations in Supervision*
- Cole, Fred Leland Victor, A.B., *Lecturer in Human Relations in Supervision*
- Cole, Peter Aldrich, A.B., Sc.D., *Lecturer in Introductory Applied Optics*
- Crocker, J. Allen, B.S. in E.E., *Lecturer in Electrical Motor Application and Control*
- Cruickshanks, Benjamin Carpenter, B.S. in M.E., *Supervisor in Mechanical Engineering*
- Crump, Warren C., *Lecturer in Map Making and Interpretation*
- Culp, Byron J., B.S. in M.E., *Lecturer in Fire Protection Engineering*
- Cunningham, Robert Teed, B.S. in N.Arch., M.S., *Lecturer in Ship Construction*
- Cuthill, Robert W., B.S. in M.E., *Associate in Metal Components of Ammunition*
- Dake, Charles P., Ph.B., *Lecturer in Human Relations in Supervision*
- Darnell, Richard C., B.S., *Supervisor in Propellants and High Explosives and Lecturer in Artillery Design; Supervisor of Ordnance Courses and Lecturer in Advanced Mechanics of Artillery Design; and Supervisor and Lecturer in Instrumentation*
- Davis, John Jefferson, A.B., *Lecturer in Principles of War Department Supervision*
- Davis, Merle H., B.S., *Lecturer in Metal Components of Ammunition*
- Deuterman, Martin, B.S. in C.E., C.E., *Lecturer in Structural Steel Design, and Lecturer in Theory of Reinforced Concrete Design*
- Diamond, Harry, M.S. in E.E., *Lecturer in Radio Communication*
- Dubin, Eugene Arthur, B.S. in Arch.E., *Associate in Stress Analysis by Moment Distribution*

- Dutton, Harold H., B.S. in C.E., *Lecturer in Construction Materials, Properties, Tests, and Specifications*
- Emshwiller, John Patterson, B.S. in C.E., *Lecturer in Stress Analysis by Moment Distribution*
- Engen, Gilbert Adolph, B.S. in C.E., *Associate in Map Making and Interpretation*
- Ennis, Alfred G., D.Eng., *Supervisor of Electrical Engineering*
- Eno, Arthur Raymond, B.S. in M.E., *Lecturer in Heating, Ventilating, and Air Conditioning*
- Erps, Harry R., B.S. in C.E., LL.B., *Lecturer in Theory of Reinforced Concrete Design*
- Feiker, Frederick Morris, B.S. in E.E., D.Eng., *Institutional Representative and Lecturer in Factory Production Procedures*
- Fox, J. George, B.S. in M.E., *Associate in Heating, Ventilating, and Elements of Air Conditioning*
- Fuhrman, Ralph Edward, B.S. in C.E., M.S. in Eng., *Lecturer in Water Supply, Sewerage, and Camp Sanitation*
- Grabel, Godfrey B., B.S. in C.E., *Lecturer in Welding Design*
- Gulbrandson, Don I., B. C.E., *Associate in Building Construction Superintendence and Fundamentals of Industrial Safety*
- Hiemke, Hugo William, B.S. in Chem. Eng., M.S. in Metallurgy, *Lecturer in the National Defense Training Courses*
- Higginson, W. S., M.S., *Associate in Cartography and Lecturer in Topographic Drafting*
- Hilderbrand, George P., B.C.S., *Associate in the National Defense Training Courses*
- Hitchcock, Frank Artemas, M.S. in C.E., C.E., *Director*
- Hoyem, Oliver, Litt.B., *Lecturer in the National Defense Training Courses*
- Hunter, Daniel O., B.S. in E.E., *Lecturer in Principles of Radio*
- Huntoon, Robert D., Ph.D., *Laboratory Associate in Introduction to Radio Communication*
- Ingram, Harry L., Jr., *Associate in Structural Welding Design*
- Jacobs, Donald H., A.M., M.S., *Lecturer in Applied Optics*
- Jacobs, Harry V., *Associate in Plane Table Topography*
- Johnstone, Don, B.S. in C.E., *Lecturer in the Preparation of Engineering Reports; Lecturer in Contracts, Specifications, and Engineering Relations*
- Johnstone, Harry Williams, Ph.D., *Lecturer in War Department Supervision and Management Problems*
- Kaplan, Erwin I., B.S. in C.E., *Associate in City Planning—Site Planning*
- Kittell, Charles, Ph.D., *Lecturer in Advanced Electrical Theory*
- Lord, Lindsay, B.S., *Lecturer in Ship Construction*
- McComb, Archibald H., Jr., B.S., *Associate in Ship Construction*

- McCoy, Walter Taylor, Jr., *Associate in Inspection of Engineering Defense Metals*
- McDaniel, Allen B., B.S. in Arch. Eng., *Principal Lecturer in Building Construction and Supervision*
- McDermith, Harry, B.S. in C.E., *Associate in Cartography*
- McVay, Millard Sayre, B.S. in E.E., M.S. in Physics, *Lecturer in Advanced Engineering Mathematics*
- Melton, Presley W., B.S., *Lecturer in Principles of War Department Supervision*
- Niekum, Philip, B.S., Graduate U. S. Naval Post Grad. School, *Lecturer in Inspection of Defense Materials*
- Oleinik, Joseph Carl, B.S. in C.E., M.S., *Lecturer in Concrete Inspection and Testing*
- Olmert, Kenneth Rudolph, B.C.S., *Associate in War Department Supervision and Management Problems*
- Orndorff, Roy Lee, B.S., C.E., *Associate in Building Construction and Supervision*

GENERAL INFORMATION

INTRODUCTORY

The School of Medicine of The George Washington University was opened in March 1825; of the medical schools now in existence in the United States, it is the eleventh in chronological order of founding. The University Hospital and Dispensary were established in 1898 and made a part of the organization of the School.

The School is a member of the Association of American Medical Colleges and is one of the medical colleges which have been designated continuously as "class A" by the American Medical Association. The degrees of the School of Medicine are recognized by all state examining boards.

PLAN OF INSTRUCTION

The George Washington University School of Medicine, recognizing the urgent need for medical services during the war period, reorganized its traditional course in the summer of 1941 so that students could take advantage of the summer months to advance themselves toward early graduation. *to permit the completion of its*

Each year of the medical curriculum has traditionally been divided into two semesters of sixteen weeks each. Under the accelerated program the calendar year will be divided into three terms of sixteen weeks each, and it will thus be possible in one calendar year to accomplish the work previously done in one and one-half academic years. The regular four-year course may thus be completed in two and two-thirds years.

Formerly students have been admitted only at the beginning of the fall term. Under the present plan two classes will be admitted each calendar year. The first class will be admitted in June 1942, the second class in February 1943, and succeeding classes every alternate term.

In approving the plan adopted by the Faculty of the School of Medicine, the Board of Trustees authorized its continuance for the period of the war.

EQUIPMENT AND FACILITIES

Medical School Building.—The building housing the School of Medicine is a five-story structure with lecture rooms and classrooms, laboratories, and students' rooms.

Laboratories.—A four-story laboratory building is adjacent to the main medical building. The major laboratories are for anatomy, histology and embryology, bacteriology, hygiene and preventive medicine, biochemistry, pathology, pharmacology and physiology, and clinical microscopy. They are fully equipped to enable students to pursue adequately the laboratory courses and to acquire the technical skill necessary in modern clinical and investigative work.

Medical Library.—The Library contains a selected reference collection of more than 4,000 volumes, and provision is made to add to it the important new medical works. The principal medical periodicals are received regularly.

The University Hospital and the University Dispensary.—The Hospital and Dispensary are adjacent to the School of Medicine and are controlled by the Faculty of Medicine.

GOVERNMENT LIBRARIES AND MUSEUMS

The Library of the Surgeon General's Office of the United States Army is the most complete general medical library in the world. In addition to its great collections of medical works, all leading medical periodicals of the world are available. This Library, as well as the Library of Congress, the Public Library, and the many excellent libraries of the various Government departments, is available to students and teachers through a service maintained by the Medical School Library.

The Army Medical Museum affords opportunity for studying the conditions met in military and general medicine and surgery. Its collection of anatomical and pathological specimens is unequaled by any other museum in this country. The Museum of Hygiene, the National Museum, the Smithsonian Institution, the Botanic Gardens, and the Department of Agriculture all afford opportunities for study in Medicine and its allied sciences.

CLINICS

The city of Washington, with about a million inhabitants, provides ample clinical material. The University Hospital and Dispensary furnish clinical facilities and a large proportion of the materials studied in the courses in pathology and clinical pathology.

The University Hospital.—All clinics are under the supervision of the Dean, who is also Medical Director of the Hospital. This insures the highest possible utilization of available clinical material for teaching purposes and the proper supervision of clinicians and students; it brings the individual student into direct contact with patients and requires him to do, under authoritative supervision, the clinical and laboratory work necessary for diagnosis and treatment; and it permits proper interpretation of the conditions occurring during the progress of cases and promotes the keeping of adequate records. Clinical and clinico-pathological conferences are held in which the history of cases, the physical findings, laboratory records, and the post-mortem pathology when available, are presented and correlated.

The University Dispensary.—The Dispensary has a large out-patient service in all departments, to which several thousand visits are made annually. Fourth-year students are assigned in rotation by sections for clinical instruction in the Dispensary.

Gallinger Municipal Hospital.—Clinical instruction is available in all branches of medicine. A great wealth of clinical material is afforded in this hospital by ordinance of the municipal authorities of the District of Columbia, whereby one half of the patients are assigned for treatment and clinical teaching to members of the Faculty of this School, nominated by this University. Third-year students serve their clinical clerkships at this institution.

Children's Hospital.—Clinical instruction in pediatrics, dermatology, and orthopedic surgery.

Emergency Hospital and Central Dispensary.—Clinical instruction in medicine, surgery, obstetrics and gynecology, and the specialties.

Garfield Memorial Hospital.—Clinical instruction in gynecology and obstetrics in the out-patient department, on the wards, and in the operating room.

St. Elizabeths Hospital.—Clinical instruction in mental and nervous diseases, medicine, post-mortem work, and gross pathology. This hospital, with five and one-half thousand beds, is maintained by the United States Government. The psychiatric clinic is one of the largest in the world.

Episcopal, Eye, Ear and Throat Hospital.—Clinical instruction in ophthalmology, otology, rhinology, and laryngology.

Columbia Hospital.—Clinical instruction in gynecology and obstetrics in the out-patient department, on the wards, and in the operating room.

ADMISSION

Ninety semester hours of credit applicable toward a degree in this University or another college of liberal arts and sciences are required for admission to the School of Medicine.

SPECIFIC EDUCATIONAL REQUIREMENTS

Secondary School Requirements

Of the fifteen secondary school units required, three must be in English, two in one foreign language (ancient or modern), one in algebra, one in geometry, one in history, and one in science (botany, chemistry, physics, or zoology). Eleven of the units offered must be in English, foreign language, mathematics, science, and history.

Premedical College Requirements

NINETY SEMESTER HOURS

1. Chemistry, sixteen semester hours as follows: (a) eight semester hours of general inorganic chemistry, of which at least four semester hours are laboratory work (qualitative analysis may be counted as general inorganic chemistry); (b) eight semester hours of organic chemistry, of which four semester hours are laboratory work.

2. Physics, eight semester hours, of which at least two semester hours are laboratory work. It is recommended that this course be preceded by one in trigonometry.

3. Biology, eight semester hours, of which at least four semester hours are laboratory work. This requirement may be satisfied by a course of eight semester hours in either general biology or zoology, or by a course of four semester hours each in zoology and botany, but not by botany alone.

4. English composition and literature, six semester hours: the usual introductory college course, or its equivalent. The student should develop facility in speaking and writing English.

5. Modern foreign language: a reading knowledge, preferably of French or German.

6. Electives. It is recommended that the remaining semester hours required include: (a) comparative vertebrate anatomy; (b) qualitative and quantitative chemical analysis; (c) social science and psychology.

ADVANCED STANDING

A student who has satisfactorily attended one or two years at any other "class A" medical school, and who has the necessary preliminary educational requirements, may be admitted to advanced standing.

APPLICATION FOR ADMISSION

1. Full directions for application will be furnished on request. The applicant should ask the registrar of each college previously attended

to send an official transcript of record to the Director of Admissions, The George Washington University. Photostatic copies of credentials without the original signature of the certifying authority are not satisfactory.

2. A recent photograph, with signature, is required of each applicant.

3. As the number of qualified applicants for admission to the School each year far exceeds its capacity, the candidate for admission should secure from the colleges attended completely compiled premedical credentials and send them for evaluation well in advance of the term for which he is applying.

4. A fee of \$3 to defray the costs of completing the records for final consideration for admission must accompany each application.

REGISTRATION AND ADMISSION TO CLASSES

Registration in the School of Medicine is for a period of one academic year (two successive sixteen-week terms). After the student has entered the courses of instruction he is obligated for the full tuition for the academic year. No part of the tuition will be refunded upon withdrawal or dismissal for any cause. Acceptance by the School of a student's fees does not in any way obligate the School to accept the student for any subsequent year, and the right is reserved to drop any student from the School whenever, in the interest of the student or the School, the Faculty deems it advisable to do so.

Students are admitted to classes on presentation of the Comptroller's ticket, which is issued when all required fees have been paid.

FEEES AND FINANCIAL REGULATIONS

The following fees are prescribed by statute:

University fee, for each term or for any part thereof.....	\$8.00
Tuition fee, for each academic year.....	534.00
Fee for special examinations, for each subject.....	5.00
Graduation fee	20.00

UNIVERSITY FEE

Payment of the University fee, charged all students, covers all expenses incident to registration and, in addition secures to them the following University privileges: (1) the issuance of three certified transcripts of record, if and when desired; (2) the services of the Placement Office; (3) the use of the University library facilities, except as otherwise des-

ignated; (4) gymnasium privileges; (5) admission to all athletic contests, unless otherwise specified; (6) subscription to the *University Hatchet*, the student newspaper; (7) admission to University debates; (8) medical attention and hospital services as described under the Department of Health Administration, page 33. These privileges, however, with the exception of the issuance of transcripts, terminate, and a student is no longer in residence, when he withdraws or is dropped from the University.

PAYMENT OF FEES

Fees for each term (including the University fee) are \$275, payable in advance.

All fees are payable at the Office of the Cashier of the University, 725 Twenty-first Street NW. Fees due must be paid at the time of registration; no student is permitted to complete registration or to attend classes until fees are paid.

On account of the many applications for admission, and as the size of each class is limited, places can be reserved only for those qualified applicants who remit a deposit of \$100 which will be credited toward the tuition of the first term. Should unusual circumstances arise whereby the matriculant is unable to attend, this initial payment, less a charge of \$50 for registration, transfer, etc., will be returned up to one month before the opening of the session.

Students will be required to pay for injury to apparatus and other University property. All breakage and loss not directly traceable to an individual student are assessed pro rata. Each student is required, at the completion of laboratory courses, to replace or pay for all articles of equipment which he has lost, broken, or destroyed. Credit for work will not be given until this is done.

COST OF TEXTBOOKS AND STUDENT EQUIPMENT

The minimum cost of necessary textbooks and student equipment (microscope, drawing materials, glass slides, clinical thermometer, stethoscope, hemocytometer, etc.) is approximately as follows: first year, \$150; second year, \$87; third year, \$60; fourth year, \$60; total, \$357.

LIVING ACCOMMODATIONS

Application for room reservations should be made well in advance of the term for which such accommodations are desired.

Forms for application, together with detailed information may be obtained from the Director of Personnel Guidance.

The prices stated below are subject to change without notice.

WOMEN STUDENTS

The Hattie M. Strong Residence Hall is open to women students. Single rooms with breakfast and dinner are \$52.50 a month. Double rooms with the same service are \$45.50 a month a person.

A woman student under twenty-three years of age who carries twelve or more semester hours of academic work must have her residence approved by the Director of Personnel Guidance before her University registration can be completed. Such approval should be secured at least one week before the beginning of registration.

MEN STUDENTS

Limited dormitory facilities are provided for men. Single rooms with breakfast and dinner are \$47.50 a month. Double rooms with the same service are \$42.50 a month a person. The men's fraternities have houses which provide living accommodations for their members.

A registry of near-by rooms is kept in the Office of the Director of Personnel Guidance where inquiries in respect to housing should be addressed. Single rooms range in price from \$20 to \$30 a month, double rooms from \$15 to \$20 a month a person. Rooms with board consisting of breakfast and dinner cost from \$40 to \$50 a month a person.

SCHOLARSHIPS, PRIZES, LOAN FUNDS

The John Hitz Metzgerott Scholarship is available to students in the School of Medicine.

The Ordronaux Prize of \$80 is awarded to the member of the graduating class of the School of Medicine who has completed the four-year medical course with the highest scholastic standing.

The following loan funds are available to students in the School of Medicine: Daughters of the American Revolution Loan Fund and the Henry Strong Educational Foundation Loan Fund.

For particulars regarding scholarships, prizes, and loan funds, address the Chairman of the Faculty Committee on Student Loans and Scholarships, The George Washington University.

GENERAL REGULATIONS

Students in the School of Medicine are subject to, and are expected to familiarize themselves with, the general University regulations stated in the University Catalogue.

ATTENDANCE

Absence consists in being away from a class or clinic during a scheduled period, entering after the class or clinic has begun, or leaving before either is dismissed.

Absence is not allowed unless an excuse is obtained from the Dean or the instructor.

Excuse for absence due to sickness must be accompanied by a certificate signed by the attending physician and must be filed in the Office of the Dean.

For every unexcused absence a department will deduct one half of one per cent from the student's final grade in the subject involved.

GRADES

Proficiency in all subjects is marked on a basis of *A* (90-100); *B* (80-89); *C* (75-79); *D* (65-74), condition; *E* (below 64) failure; *Inc.*, incomplete. The passing grade in each subject is *C*.

Advancement

Any student who has satisfactorily completed the required work of the first, second, or third year of the course and has passed all examinations is eligible for advanced standing, if approved by the Committee on Scholarship.

Failure

A student who has failed in any subject will not be advanced until such failure is removed and then only by authority of the Committee on Scholarship. All conditions must be removed at the next make-up examination period provided for this purpose.

EXAMINATIONS

Examinations, which may be written, oral, or practical, will be held at the end of each term.

A student who fails to appear at a regularly scheduled final examination will not be examined until the next regular examination, except by special permission of the Committee on Scholarship. For make-up examinations to remove conditions, a fee of \$5 will be charged for each subject.

SPECIAL UNDERGRADUATE AND GRADUATE ADVANTAGES

HEALTH ADMINISTRATION

The payment of the University fee entitles students to health services hereinafter described. Through reports from the students and University officials, the University attempts to keep informed as to all cases of illness among its students. This service is primarily diagnostic in its intent. It also provides first aid in the event of an emergency.

Medical privileges include: (1) the physical examination of all students entering from secondary schools;* (2) three visits by the University physician or surgeon, office or residence (District of Columbia) in any one illness, exclusive of a specialist, surgical operation, laboratory, or X-ray examination; (3) hospitalization, including board, medicine, and nursing in the University Hospital for not more than two weeks during an academic year—the necessity to be determined by the Director of Health Administration. The duration of hospitalization period (maximum, two weeks) is also to be determined by the Director of Health Administration.

This medical benefit does not apply to illness or disability incurred previous to the University term or prior to payment of the University registration fee.

Students are allowed, if they so desire, to engage physicians and nurses of their own choice, but when they do so they will be responsible for the fees charged.

Rules: (1) The Director of Health Administration is empowered to limit or deny the medical benefits where, in his discretion, a student has, by his misconduct or breach of the rules of the University, made himself ineligible; (2) the Director of Health Administration has authority to determine the necessity and length of hospitalization; (3) students who have severed their connection with the University are ineligible for medical benefits; (4) students intending to train for athletic teams are required to pass a thorough examination at the beginning of each semester; (5) the above regulations apply also during the Summer Sessions of the University.

PHYSICAL EXAMINATIONS

All first-year students are given a comprehensive physical examination by the Department of Health Administration upon admission to the School of Medicine. The students are informed of the findings and ad-

* A charge of \$2 is made if a student fails to appear for a physical examination during the period set for this purpose.

vised regarding such measures as will tend to maintain a high standard of health.

In addition medical students benefit from the complete Tuberculosis Case Finding Program which the School has maintained since 1938-39. Under this program all students receive tuberculin tests, X-ray examinations, and such special attention from chest specialists as is necessary to reduce to a minimum the dangers from tuberculosis to which medical students are believed to be subject. Students are immunized against those diseases for which proven prophylactics exist.

RESERVE OFFICERS' TRAINING CORPS, U. S. ARMY, MEDICAL UNIT

A Medical Unit of the Reserve Officers' Training Corps is established in this School by authority of the Secretary of War, and an officer of the Medical Corps of the Army is detailed to the University for supervision and instruction of the unit.

Membership in the Unit, which is voluntary, is open to any physically fit male student who is a citizen of the United States. The instruction is divided into two two-year courses, the basic and the advanced. Students who satisfactorily complete the basic course may, up to the quota allowed by the War Department, enter the advanced course. A student who enters the advanced course receives approximately \$200 from the Government. He is obligated to complete the course and to attend one summer camp of six weeks, for which he receives \$21 a month, travel allowance, all camp equipment, uniforms, and medical attention. A student who successfully completes the course is recommended for a commission in the Medical Section, Officers' Reserve Corps, if he desires appointment. A graduate may, after completion of one year's internship in a civil hospital, compete in the examinations held yearly for appointment as first lieutenant in the Medical Corps, Regular Army.

HOSPITAL APPOINTMENTS

Interns and residents are appointed annually in the University Hospital.

Students who, after graduation, desire internships in other hospitals should apply directly to the institution which they wish to enter. A list of hospitals approved for intern training is published annually in the *Journal of the American Medical Association*, and a copy of the list may be consulted in the Office of the Dean.

COMMISSION ON LICENSURE, DISTRICT OF COLUMBIA

Graduates who wish to take the examinations of the Commission on Licensure, District of Columbia, or desire to use the District license

for reciprocity with the states, should apply to the Secretary, Commission on Licensure, Healing Arts Practice Act, District Building, Washington, D. C.

UNIVERSITY MEDICAL SOCIETY

The George Washington University Medical Society was established in 1905. All alumni and members of the Faculty are eligible for membership on election. Meetings of the Society are held in the School of Medicine on the third Saturday evening of each month from October to May. Senior students are invited to attend the meetings of this Society.

DEPARTMENTS OF INSTRUCTION

The work of the School is organized under the following departments: Anatomy; Bacteriology, Hygiene, and Preventive Medicine; Biochemistry; Dermatology and Syphilology; Medicine; Military Science and Tactics; Neurology; Obstetrics and Gynecology; Ophthalmology; Otorhino-laryngology; Pathology; Pediatrics; Pharmacology and Therapeutics; Physiology; Psychiatry; Surgery; and Urology.

CLINICS

Courses of clinical instruction are included in the announcements of the clinical departments. The Dean prepares schedules of clinics and of student section assignments to the various hospitals and dispensaries.

THE DEGREE OF DOCTOR OF MEDICINE

Upon the satisfactory completion of the requirements of the School of Medicine, the degree of Doctor of Medicine is conferred.

REQUIREMENTS FOR THE DEGREE

Every candidate for graduation with the degree of Doctor of Medicine must be at least twenty-one years of age, of reputable character, and free of all indebtedness to the University. He must have satisfied the admission requirements, completed satisfactorily not less than four academic years of study as a matriculated student in Medicine, completed all required courses, and passed satisfactorily all prescribed examinations.

COMBINED ARTS AND MEDICINE CURRICULUM

The candidate registers in the Junior College for the freshman and sophomore years of the premedical curriculum and in Columbian College for the junior year. In order to be recommended for the degree of Bachelor of Arts, he must complete at least ninety semester hours of prescribed college work exclusive of Physical Education (at least thirty semester hours and one year of residence must be completed in Columbian College), and the first-year of the medical curriculum. Upon satisfactory completion of the fourth year in the medical curriculum the student becomes eligible for the degree of Doctor of Medicine.

HONORS

A candidate who has completed the four-year medical course with an average grade of *A* may be recommended for graduation "with distinction".

For application blanks, and further information, address the Director of Admissions, The George Washington University, Washington, D. C.

COURSES OF INSTRUCTION

On the following pages of this BULLETIN, under the alphabetically arranged names of the departments of instruction, are listed the courses of instruction offered by the School of Medicine. The courses here listed are subject to some slight change. The University reserves the right to withdraw any course announced.

EXPLANATION OF COURSE NUMBERS AND SYMBOLS

The number which precedes the name of a course indicates the term of the academic year in which that course is offered. An odd number indicates that the course is offered in the first term; an even number, that it is offered in the second term; and a double number (e.g., 343-44), that it begins in the first term and continues in the second.

A number in parentheses after the name of a nonprofessional course indicates semester hours of credit.

First-year courses are numbered from 101 to 200; second-year courses, from 201 to 300; third-year courses, from 301 to 400; and fourth-year courses, from 401 to 500.

- 205 *Advanced Bacteriology* Roe
Prerequisite: Bacteriology 112. Hours and credits to be arranged.
- 209 *Bacteriology and Immunology* Parr, Griffin
Bacteriological technique; study of micro-organisms related to medical and hygienic problems. Methods of diagnosis are stressed and immunological procedures and theory fully treated. Eighteen hours a week for ten weeks.
- 210 *Immunology and Serology* Griffin
Prerequisite: Bacteriology 112 or 209. Hours and credits to be arranged.
- 220 *Fundamentals of Hygiene and Preventive Medicine (2)* Parr and Staff
An introduction to the study of preventive medicine and hygiene, involving all the subject matter suitable for the student of medicine who has not yet had clinical training. Two hours a week.
- 303-4 *Research in Bacteriology* The Staff
Hours and credits to be arranged.
- 305-6 *Staff Seminar (2-2)* Parr and Staff
Weekly first term (Parr, Roe). Weekly second term (Parr, Griffin).
- 401-2 *Public Health Practice* Beachley
The application of the specialty of preventive medicine in health department practice. One hour a week.

BIOCHEMISTRY

Joseph Hiram Roe, Ph.D., *Professor of Biochemistry, Executive Officer*
 Arnold Kent Balls, Ph.D., *Adjunct Professor of Enzymology*
 Helen Marie Dyer, Ph.D., *Assistant Professor of Biochemistry*
 Oliver John Irish, Ph.D., *Instructor in Biochemistry*
 Alan Hisey, Ph.D., *Instructor in Biochemistry*

- 113-14 *Biochemistry* Roe and Staff
 Physiological and clinical chemistry for the first-year medical student.
 Tues. and Thurs., 1:00 to 5:00 P.M. Two lectures and two three-hour laboratory periods a week.
- 120 *Biochemistry of Foods and Nutrition (4)* Dyer
 Lecture and laboratory course designed particularly for the student in the Department of Home Economics. Mon. and Wed., 1:30 to 4:30 P.M.
- 221-22 *Biochemistry (4-4)* Dyer
 Lecture and laboratory course for nonmedical students. Prerequisite: Chemistry 152. Mon. and Wed., 9:00 A.M. to 12:00 M.
- 224 *Biochemistry of the Enzymes (elective)* Balls
 Lecture course dealing with the biochemistry of the enzymes and enzyme reactions. Prerequisite: Biochemistry 113 or 221. 1942-43 and alternate years, Mon., 4:45 P.M. One hour a week.
- 225 *Biochemical Preparations* The Staff
 Hours and credits to be arranged.
- 226 *Biochemical Laboratory Methods* Roe, Irish
 Hours and credits to be arranged.
- 227-28 *Biochemistry Seminar (1-1)* Roe and Staff
 The current literature in the field of biochemistry, mainly for graduate students, but open to a limited number of specially qualified medical students. Fri., 4:45 P.M.
- 229-30 *Research in Biochemistry* Roe and Staff
 Hours and credits to be arranged.
- 231-32 *Nutrition (1-1)* Roe and Staff
 For graduate students and qualified medical students (elective). Lecture course on the science of nutrition. Prerequisite: Biochemistry 114 or 222. Wed., 5:00 P.M.

DERMATOLOGY AND SYPHILOLOGY

- Harry Ford Anderson, M.D., *Professor of Dermatology and Syphilology, Executive Officer*
 George William Creswell, A.B., M.D., *Associate in Dermatology and Syphilology*
 Russell Joseph Fields, B.S., M.D., *Associate in Dermatology and Syphilology*
 Theodore Claremont Chen Fong, M.D., *Clinical Instructor in Dermatology and Syphilology*
 Hayden Kirby-Smith, B.S., M.D., *Clinical Instructor in Dermatology and Syphilology*
 Leon Hugh Warren, A.B., M.D., *Clinical Instructor in Dermatology and Syphilology*

- 313-14 *Dermatology and Syphilology* Anderson
 Lectures on diseases of the skin and syphilis. One hour a week.
- 316 *Neurosyphilis* Fong
 Lectures, clinical demonstrations, and practical diagnostic and therapeutic procedures. One hour a week for eight weeks.
- 317-18 *Clinic* The Staff
 Case demonstrations, diagnosis, and treatment of skin diseases and syphilis. Three hours a week. Gallinger Hospital.
- 407-8 *Clinic* Anderson
 Dermatology and syphilology in infants and children. Children's Hospital. Two hours a week.
- 409-10 *Clinic* Anderson
 Clinical demonstration, diseases of the skin. One hour a week. Emergency Hospital.
- 411-12 *Clinic* The Staff
 Clinical demonstrations, diseases of the skin, and diagnosis and therapy of syphilis. One hour a week. University Hospital.
- 413-14 *Clinic* Creswell
 Diagnosis, laboratory procedures, and treatment of syphilis. Two hours a week. Southwest Health Center.

126 *History of Medicine*

Halley

One hour a week.

241-42 *Physical Diagnosis*

Conklin and Staff

Demonstrations and practice on the normal and abnormal subject; designed to cover the entire subject of physical diagnosis.

244 *General Medicine*

Bloedorn, Halley

Lectures covering general aspects of all phases of medical disease, and including therapeutics. Three hours a week.

312 *Radiology and Radiotherapy*

Elward

One hour a week.

324 *Clinical Physiology*

Dickens

Lectures and clinics for the correlation of preclinical and laboratory studies of physiology with altered function as observed in clinic and ward. One hour a week.

325-26 *Clinical Clerkship*

Dowling and Staff

Individual case work under strict supervision (student's histories generally accepted as hospital records). Emergency and Gallinger hospitals.

327-28 *Clinical Pathological Conference*

Bloedorn, Choisser

Required in the third and fourth years. Correlation of clinical and post-mortem findings: detailed case descriptions from the clinical point of view, followed by thorough demonstrations, grossly and with lantern slides, of post-mortem findings. One hour a week.

349-50 *Grand Ward Rounds*

Bloedorn and Staff

Conducted weekly at Gallinger Hospital. Cases are presented at this conference by members of the Resident Staff and Visiting Staff.

417-18 *Physiotherapy*

Eldridge

Lectures and demonstrations of the fundamentals of physical treatment and their applications to general medical diseases. St. Elizabeths Hospital.

420 *Medical Jurisprudence* Eldridge
Lectures on the legal and ethical rights of physicians, and on the legal problems with which the physician is brought into contact. One hour a week for eleven weeks.

421-22 *Dispensary Clinics* The Staff
Thorough study of individual cases subsequently reviewed in detail by the Staff. The University and Emergency hospitals.

424 *Clinics* Bloedorn and Staff
Etiology, diagnosis, and treatment of the usual and more rare diseases, with special emphasis on differential diagnosis and the demonstration of clinical abnormalities found in various morbid processes. Medical School.

425-26 *Clinical Clerkship* Dickens, Halley
Individual case work under strict supervision (student's histories generally accepted as hospital records). The University and Emergency hospitals.

440 *Clinical Pharmacology* Herwick
Brief review in materia medica, prescription writing, and the fundamentals of therapeutics; discussion of the pharmacological basis of therapeutics.

NEUROLOGY

Walter Freeman, Ph.D., M.D., *Professor of Neurology, Executive Officer*

James Winston Watts, B.S., M.D., *Associate Clinical Professor of Neurosurgery*

Hyman David Shapiro, M.D., *Assistant Clinical Professor of Neurology*

Alexander Simon, A.B., M.D., *Associate in Neurology*

Robert Henry Groh, B.S., M.D., *Clinical Instructor in Neurology*

Paul Chodoff, A.B., M.D., *Clinical Instructor in Neurology*

249 *Neurology (elective)* Freeman
Methods of study of the nervous system. Gross and microscopic preparations, embryology, comparative anatomy, stimulation and extirpation, human pathology, etc. Laboratory demonstrations. One hour a week.

250 *Neuropathology (elective)* Freeman
Pathology of the nervous system with laboratory demonstrations. One hour a week.

331 *Neurology* Shapiro
Systematic lectures with lantern slides illustrating the chief neurologic syndromes and their anatomic bases. One hour a week for sixteen weeks.

333-34 *Neurology Clinic (elective)* Freeman and Staff
May be elected in the third or fourth year. Neurological outpatient clinic. Consultation of staff on ambulatory cases, demonstration of diagnostic procedures, disposition of neuropsychiatric cases. Three hours a week.

335-36 *Neurologic Conference* Freeman and Staff
Weekly staff conference at Gallinger Municipal Hospital covering interesting problems from the Neurologic Service. One fourth of the class one and one-half hours a week.

383-84 *Ward Neurology* Groh
Daily rounds and frequent assignments at Gallinger Municipal Hospital Neurologic Service. Each student works up a number of cases during his service. One eighth of the class for four weeks.

431 *Neurosurgery (elective)* Watts
Lectures and clinical demonstrations in surgery of the brain, spinal cord, and peripheral nerves. Emphasis is laid upon fundamentals and upon the possibilities of surgery in the relief of symptoms. One hour a week for sixteen weeks.

433-34 *Clinical Neurology*

Freeman

Lectures and demonstrations of patients illustrating the diagnosis and treatment of nervous disorders. Material is available at St. Elizabeths Hospital illustrative of the more common disorders and some of the unusual syndromes. One hour a week.

435-36 *Neurologic Examinations*

Freeman and Staff

Practical instruction in the examination of patients presenting nervous diseases. Detailed examination of six patients is required of each student. St. Elizabeths Hospital. One fourth of the class, two hours a week.

OBSTETRICS AND GYNECOLOGY

Observation of, and participation in, the work at the out-patient clinics, on the wards, and in the operating rooms of the University, Gallinger, Columbia, and Garfield Hospitals.

445 *Female Endocrinology and Operative Gynecology* Kotz, Darner
Lectures on the physiology and pathology of the endocrine system in women and on the principles of gynecological surgery. One hour a week.

OPHTHALMOLOGY

William Thornwall Davis, M.D., *Professor of Ophthalmology, Executive Officer*

Ernest Alfred Watson Sheppard, M.D.C.M., *Associate Clinical Professor of Ophthalmology*

George Victor Simpson, M.D., *Assistant Clinical Professor of Ophthalmology*

Edgar Leonard Goodman, M.D., M.M.S., *Associate in Ophthalmology*

Ronald Atmore Cox, A.B., M.D., *Associate in Ophthalmology*

Walter Joseph Romejko, B.S., M.D., *Clinical Instructor in Ophthalmology*

Inez Edith Wilber, M.D., *Clinical Instructor in Ophthalmology*

351-52 *Ophthalmology*

Davis and Staff

A lecture course presenting the principles of ophthalmology, with special reference to topics of importance to the general practitioner. One hour a week for twenty weeks.

447 *Clinic*

Davis and Staff

Intensive training in diseases of the eye; etiology, diagnosis, and treatment in their application to clinical cases. Episcopal Hospital. Three hours twice a week.

OTO-RHINO-LARYNGOLOGY

Daniel Bruce Moffett, A.B., M.D., *Professor of Oto-rhino-laryngology, Executive Officer*

William Herndon Jenkins, M.D., *Clinical Professor of Oto-rhino-laryngology*

Leroy Lee Sawyer, Jr., A.B., M.D., *Assistant Clinical Professor of Oto-rhino-laryngology*

David Davis, A.B., M.D., *Associate in Oto-rhino-laryngology*

Don R. Johnson, LL.B., M.D., *Associate in Oto-rhino-laryngology*

Aubrey David Fischer, M.D., *Clinical Instructor in Oto-rhino-laryngology*

Jeter Carroll Bradley, M.D., *Clinical Instructor in Oto-rhino-laryngology*

Lyman Brooke Tibbets, Phar.D., M.D., *Clinical Instructor in Oto-rhino-laryngology*

Joel Norton Novick, M.S., M.D., *Clinical Instructor in Oto-rhino-laryngology*

451 *Oto-rhino-laryngology* Moffett, Jenkins
Lectures and demonstrations on anatomy, physiology, and diseases of the ear, nose, and throat, bronchoscopy and esophagoscopy. Two hours a week.

454 *Bronchoscopy* Davis
A series of lectures on the fundamental principles and the use of instruments, including both the bronchoscope and esophagoscope. One hour a week for eight weeks.

456 *Clinic* The Staff
Practical clinical instruction in the diagnosis and treatment of diseases of the ear, nose, and throat. Episcopal Hospital. One and one-half hours twice a week.

PATHOLOGY

Roger Morrison Choisser, B.S., M.D., *Professor of Pathology, Executive Officer*

Thomas Martin Peery, A.B., M.D., *Assistant Professor of Pathology*

Thelma Brumfield Dunn, A.B., M.D., *Associate in Pathology*

Pearl Holly, M.S., M.D., *Associate in Pathology*

Richard Edward Kelso, M.D., *Instructor in Pathology*

Stuart Wellington Lippincott, A.B., M.D., *Research Associate in Pathology*

236 *Clinical Pathology*

Choisser and Staff

Lectures and Laboratory work covering aspects of laboratory diagnosis of disease, including a study of: urinalysis, blood counting, the anemias, leukemias, and other blood dyscrasias. Examination of exudates, transudates, stomach contents, spinal fluids, and stools also emphasized. Three hours a week.

259-60 *Pathology*

Choisser, Peery

Malformations, inflammations, degenerations and neoplasms; special pathology of the organs and specific diseases. The laboratory work consists of the gross and microscopic study of diseased tissues. Necropsies are held regularly at the University and Municipal hospitals.

307 *Necropsy (elective)*

The Staff

Students assist in the performance of necropsies. Fresh gross specimens and microscopic sections from each case are presented at weekly conferences. Current literature relating to cases is reviewed and presented by the students.

327-28 *Clinical Pathological Conference*

Choisser, Bloedorn

Required in the third and fourth years. Case histories are presented and discussed by members of the staff and student body; necropsy and clinical findings are compared, and gross and microscopic specimens examined. One hour a week.

460 *Research*

Choisser

Hours and credits to be arranged.

461 *Tumors*

Choisser and Staff

Sixteen lectures and laboratory periods covering experimental production of tumors by means of carcinogens. Microscopic diagnosis of tumors is stressed. One hour a week.

PEDIATRICS

Harry Hampton Donnally, A.M., M.D., *Professor of Pediatrics, Executive Officer*

Preston Alexander McLendon, B.S., M.D., *Clinical Professor of Pediatrics*

Charles Aurelius Schutz, M.D., *Clinical Professor of Pediatrics*

Margaret Mary Nicholson, A.B., M.D., *Clinical Professor of Pediatrics*

Edward Lewis, M.D., *Clinical Professor of Pediatrics*

Lewis Kaigler Sweet, A.B., M.D., *Adjunct Clinical Professor of Pediatrics*

Elizabeth Emery Chickering, A.B., M.D., *Associate in Pediatrics*

Aaron Nimetz, A.B., M.D., *Associate in Pediatrics*

William Staton Anderson, A.B., M.D., *Associate in Pediatrics*

Mabel Harlakenden Grosvenor, A.B., M.D., *Associate in Pediatrics*

John Augustine Washington, A.B., B.S., M.D., *Associate in Pediatrics*

Carolyn Snyder Pincock, A.B., M.D., *Clinical Instructor in Pediatrics*

Laurence Pray, A.B., M.D., *Clinical Instructor in Pediatrics*

354 *Pediatrics*

Nicholson

Ward walks and weekly clinic. Gallinger Hospital. Two sections.

355-56 *Pediatrics*

Schutz

Lectures on diseases and malformations of the newly born. Growth, metabolism, nutrition, nutritional diseases, therapeutics, habits, preventive pediatrics, and social aspects are considered. One hour a week for twenty-four weeks.

357-58 *Clinic*

THE UNIVERSITY

HISTORY AND ORGANIZATION

The idea of a university in the Capital of the Nation was sponsored by George Washington, who during his public life urged the establishment of such an institution and who in his will left fifty shares of stock in the Potomac (Canal) Company for the endowment of a university to be established in the District of Columbia "to which the youth of fortune and talents from all parts thereof might be sent for the completion of their Education in all the branches of polite literature;—in arts and Sciences,—in acquiring knowledge in the principles of Politics & good Government".

The George Washington University is the successor of Columbian College in the District of Columbia, which was chartered by an act of Congress of February 9, 1821. In 1873 the name was changed to "Columbian University" and in 1904 to "The George Washington University".

The University as it is now organized consists of the Junior College, comprising the work of the freshman and sophomore years; Columbian College, the senior college of liberal arts, which offers work leading to the Bachelor's and Master's degrees; the Graduate Council, which offers work leading to the degree of Doctor of Philosophy; the professional schools, which include Medicine, Law, Engineering, Pharmacy, Education, and Government; the Division of University Students, which leads to no degree but makes the work of the University accessible to the mature student; the Division of Extension; the Inter-American Center; and the Summer Sessions.

ACADEMIC STATUS

The George Washington University is on the approved list of the Association of American Universities, the standard accrediting body for the United States. This fact not only assures to students the academic standards of this accrediting body, but also is important to those who desire to transfer credits from one institution to another.

The University is also accredited by its regional accrediting agency, the Middle States Association of Colleges and Secondary Schools, and is on the approved list of the American Association of University Women.

The Law School is a charter member of the Association of American Law Schools and is approved by the Council of Legal Education of the American Bar Association.

LOCATION

The George Washington University is in downtown Washington, four blocks west of the White House and east of the Potomac River with its extensive parkway. Within a few blocks are the buildings housing the offices of many of the departments of the Government, including the Department of State, the Department of the Treasury, the Department of War, the Department of Justice, the Department of the Navy, the Department of the Interior, the Department of Agriculture, the Department of Commerce, and the Department of Labor. The Corcoran Gallery of Art, the Pan American Union Building, and the National Academy of Sciences are also near by; and the Capitol and the Library of Congress are readily accessible.

ACADEMIC STATUS

The George Washington University is on the approved list of the Association of American Universities, the standard accrediting body for the United States. This fact not only assures to students the academic standards of this accrediting body, but also is an honor to those who desire to transfer credits from one institution to another. The University is also accredited by its regional accrediting agency, the Middle States Association of Colleges and Secondary Schools, and is on the approved list of the American Association of University Women.

THE LAW SCHOOL

1992

The Law School is a charter member of the Association of American Law Schools and is approved by the Council of Legal Education of the American Bar Association.

Location

The George Washington University is in downtown Washington, four blocks west of the White House and east of the Potomac River with its extensive parking lot. Within a five block area the buildings housing the offices of many of the departments of the Government, including the Department of State, the Department of the Treasury, the Department of War, the Department of Justice, the Department of the Navy, the Department of the Interior, the Department of Agriculture, the Department of Commerce, and the Department of Labor. The Customs Gallery of Art, the Smithsonian Annex Building, and the National Academy of Sciences are also near by, and the Capitol and the Library of Congress are easily accessible.

GENERAL INFORMATION

INTRODUCTORY

The George Washington University Law School, established in 1826, discontinued and reorganized in 1865, is the oldest law school in the District of Columbia. Its course of instruction is planned to fit its graduates for the practice of law in any of the states of the United States or in foreign countries, the law of which is based on the Anglo-American legal system. It is also designed to prepare students for public service as lawyers in the Federal Government or the governments of the states. In 1900 the School took part in the organization of the Association of American Law Schools and it has been a member of the Association since that time. The School is approved by the Council of Legal Education of the American Bar Association.

‡ On leave of absence 1942-43.

ADJUSTMENTS TO THE WAR EMERGENCY

The war emergency has increased the demand for men and women with legal training. To enable students to secure a maximum of legal training in the time available, the Law School's plan of instruction has been modified. The work of the year is organized into three terms known as the fall term, winter term, and summer term. The work undertaken in any one term may be completed by the end of that term. The summer term is divided into two sessions so that work undertaken during one session may be completed during that session.

Mid-term examinations will be given in full subjects, that is those given four hours a week during a term. Students who pass these examinations successfully will be given credit for the first half of such subjects in case they are compelled to leave the school without completing the term. Such students will be permitted to register for the second half of such subjects when they return to the school.

The Dean's Council will endeavor in every way consistent with proper educational standards to approve such special arrangements as may be necessary to meet individual problems arising from the demands made upon students by the war. Students who have such problems are requested to submit them to the Dean of the Law School for the full and immediate consideration of the Dean's Council.

During the fall term a new course entitled War Law will be offered. This course, designed to meet more specifically the needs of the war emergency, will consist of four parts: Military Law, International Law of War, War Contracts, and War Trade Regulation. This course will be so scheduled that students may register for it as a whole or for individual parts.

THE LIBRARY

The Law School Library of 23,000 volumes contains the official reports of the decisions of the courts of last resort of all the states prior to the National Reporter System and of fourteen states complete to date; the National Reporter System, complete; the reports of the United States Supreme Court and lower federal courts, and the reports of federal administrative agencies; Shepard's Citations for the units of the Reporter System; the English Reprint and English Law Reports; the United States Statutes; the United States Code, Annotated, and the Federal Code, Annotated; reasonably complete sets of statutes of all of the states; the English statutes; the principal English and American digests and encyclopedias; collections of special reports and annotated cases; and the leading textbooks, casebooks, and legal periodicals.

The Library is open from 9:00 A.M. to 11:00 P.M. each class day (Saturday, 9:00 A.M. to 6:00 P.M.), and from 2:00 to 6:00 P.M. on Sunday.

THE LAW REVIEW

The George Washington Law Review, published by the University, is edited by the Faculty and students of the Law School. It is devoted exclusively to state and federal public law. The location of the University in the National Capital, where the primary sources of federal public law may be observed in operation, affords an unexcelled opportunity for specialization in this field.

The *Review* is edited by a faculty editor-in-chief, a faculty board of associate editors, a board of departmental advisory editors, and a board of student editors. The student editors are chosen each year from those students who have attained senior standing in their work for the degree in Law with an average grade of *B* or higher.

THE STUDENT BAR ASSOCIATION

Every student in the Law School is required to be a member of the Student Bar Association. This is organized to enable the student to become better acquainted with problems of the profession, to develop better professional ideals, and to bring about closer contact with members of the profession engaged in active practice of the law.

The work of the Student Bar Association is carried on by various committees and by group and general meetings of a professional and social nature. From time to time lectures are given by outstanding authorities on legal and professional problems.

Each member of the Student Bar Association receives a subscription to *The George Washington Law Review*.

PRACTICE AND PRACTICE COURT

The curriculum is planned to include such training in the fundamentals of practice as is feasible in a law school. Classroom instruction is conducted in the theories of pleading and procedure, trial and appellate practice, and evidence. This instruction includes grounding in the principles of the new Federal Rules of Civil Procedure. In addition each senior student is required to participate in the work of the practice or Moot Court. This includes trying a specified number of cases, both as a senior counsel and junior counsel. For students who are planning to practice patent law, a special section of the court is conducted devoted exclusively to the trial of patent cases.

ORDER OF THE COIF

The Order of the Coif, a national honor society with chapters in thirty-six law schools, aims "to foster a spirit of careful study and to mark in a fitting manner those who have attained a high grade of scholarship". The George Washington University Chapter was established in 1926. Members are elected each year from the highest-ranking 10 per cent of the graduating class of the Law School.

ADMISSION

APPLICATION FOR ADMISSION

An applicant for admission must obtain from the Office of the Director of Admissions an application blank which he must fill out completely and return.

A recent photograph, with signature, of the applicant must be attached to the blank.

To insure prompt action, applications should be filed not later than July 1 for the fall term, January 1 for the winter term, and May 1 for the summer term.

The applicant must request the registrar of each higher institution previously attended to mail directly to the Office of the Director of Admissions the transcript of his record, *even though credits were not earned*, together with an honorable dismissal from the institution last attended. The student must be in good standing as to scholarship and conduct, and must be eligible to return to the previously attended institutions in the semester for which he or she seeks admission to The George Washington University.

For the Degrees in the Professional Course

Bachelor of Laws.—Men and women will be admitted as candidates for this degree provided there have been filed in the Office of Admissions official transcripts of record showing the satisfactory completion of not less than two years of college work which is defined as one-half of the four-year course of study acceptable for a bachelor's degree in an approved college or university. This requirement has been adopted for the period of the present national emergency.

Juris Doctor.—The degree of Bachelor of Arts or the equivalent from an approved college or university is required.

ADVANCED STANDING

Advanced standing toward the degree of Bachelor of Laws may be granted for work successfully completed in other law schools which are members of the Association of American Law Schools.

Applicants for admission with advanced standing must file certified transcripts of record showing high school, college, and law credits. The right is reserved to refuse such credit, in whole or in part, or to allow it conditionally or after examination, and credit given may be withdrawn for subsequent poor work. No student admitted with advanced standing will be recommended for the degree of LL.B. until he has completed in this School at least one full year of residence and passed successfully twenty-eight credit hours with the required average for the degree. No student will be admitted who has been in attendance at another law school and who is ineligible, because of poor scholarship, to return to that school.

Students planning to attend summer school sessions at other law schools and desiring to use credits obtained at such schools in their course at this Law School must first have the courses they wish to take approved by the Dean. In no event will credits be recognized in excess of those which might be obtained in a similar period in this School.

Advanced standing toward the degree of Juris Doctor for work in other law schools will not be granted.

For the Degrees in the Graduate Course

Master of Laws.—Applicants must show the satisfactory completion of not less than two years college work in an approved college or university and must have received the degree of Bachelor of Laws, or an equivalent degree, from an approved law school.

Doctor of Juridical Science.—The following are required: (1) the degree of Juris Doctor from this Law School; or (2) the degree of Bachelor of Arts from an approved college, the degree of Bachelor of Laws or the equivalent (earned with high rank), from an approved law school, capacity for scholarly work in the field of law, and acceptance as a candidate by the Dean's Council of the Law School.

Unclassified Students

A person eligible for admission to regular standing but not a candidate for a degree may, at the discretion of the Dean, be admitted as an unclassified student.

REGISTRATION

Before attending classes each student must present himself in person for registration. No student will be registered in the Law School until proper credentials have been filed and approved (see "Admission", above).

Registration is for the term or session only.

A late-registration fee of \$5 will be charged each student who is permitted to register after the regular registration days. No registration may be made after the first two weeks of a term.

Registration may be changed only with the permission of the Dean.

FEES AND FINANCIAL REGULATIONS

Graduation fee	20.00
Fee for special examinations, for each subject.....	5.00
Late-registration fee, charged each student who fails to register within the designated period.....	5.00
Service fee, charged each student whose payments, not met when due on the seventeenth day, are paid between the eighteenth and twenty-third days, inclusive, of the month in which payment is due.....	1.00
Reinstatement fee, charged each student who is reinstated after being suspended for delinquency in fees.....	5.00
Fee for printing and filing summary of doctoral thesis.....	50.00

UNIVERSITY FEE

Payment of the University fee covers all of the expenses incident to registration and, in addition, secures the following University privileges: (1) the issuance of three certified transcripts of record, if and when desired; (2) the services of the Placement Office; (3) the use of University library facilities, except as otherwise designated; (4) gymnasium privileges; (5) admission to all athletic contests, unless otherwise specified; (6) subscription to the *University Hatchet*, the student newspaper; (7) admission to University debates; (8) medical attention and hospital services as described under "Health Administration", page 25. These privileges, however, with the exception of the issuance of transcripts, terminate, and a student is no longer in residence, when he withdraws or is dropped from the University.

STUDENT BAR ASSOCIATION FEE

This fee is charged all students. It secures membership in the Student Bar Association. Among the privileges of this membership is a subscription to *The George Washington Law Review* for the term.

PAYMENT OF FEES

All fees are payable at the Office of the Cashier, 725 Twenty-first Street NW. No student is permitted to complete registration or to attend classes until all fees are paid. Fees for each term are due and payable in advance at the time of registration.

Subject to the approval of the Comptroller, a student may sign a contract for term charges, except for the University fee and other fees payable in advance, permitting payments as follows:

Fall term—one third at the time of registration, plus the University fee and deposits; one third on November 17; one third on December 17.

Winter term—one third at the time of registration, plus the University fee and deposits; one third on March 17; one third on April 17.

A student who fails to meet payments when due, on the seventeenth day, but who pays his fees between the eighteenth and twenty-third days, inclusive, of the month in which payment is due is charged a service fee of \$1. A student who fails to meet payments by the twenty-third day of the month in which payment is due will be suspended and may not attend classes until he has been officially reinstated and has paid all accrued fees and a reinstatement fee of \$5. A suspended student may not be reinstated for the term after two weeks from the date of suspension. Applications for reinstatement are to be made to the Dean.

WITHDRAWALS AND REFUNDS

Application for withdrawal from the University or for change in class schedule must be made in person or in writing to the Dean. Notification to an instructor is not an acceptable notice.

In authorized withdrawals and changes in schedules, financial adjustments will be made as follows:

Fall term—withdrawal dated on or before November 15, cancellation of the second and third payments; withdrawal dated on or before December 15, cancellation of the third payment. No refund or reduction will be allowed on a withdrawal dated subsequent to December 15.

Winter term—withdrawal dated on or before March 15, cancellation of the second and third payments; withdrawal dated on or before April 15, cancellation of the third payment. No refund or reduction will be allowed on a withdrawal dated subsequent to April 15.

In no case will the University fee or any part of an initial payment of fees be refunded, and in no case will tuition be reduced or refunded because of nonattendance upon classes.

Payment applies only to the term for which a registration charge is incurred and in no case will this payment be credited to another term.

Authorization to withdraw and certification for work done will not be given a student who has not a clear financial record.

SCHOLARSHIPS, PRIZES, LOAN FUNDS

Charles Worthington Dorsey Memorial Scholarship.—This scholarship, established as a memorial to Charles Worthington Dorsey, Bachelor of Laws '81, Master of Laws '82, is awarded upon the recommendation of the Faculty of the Law School to a needy and promising graduate of Columbian College or other division of the University, with a Bachelor of Arts or other equivalent degree, who has maintained an average of *B* as an undergraduate student and who desires to pursue the study of law as a full-time student. The scholarship covers tuition for the course leading to the first degree from the Law School, Bachelor of Laws or Juris Doctor, provided that the holder maintains an average of *B*. The right is reserved to suspend the benefits of the scholarship for cause at any time. The scholarship is awarded ordinarily once every three years.

All other scholarships are administered by the University Committee on Student Loans and Scholarships. Application should be made to the Registrar of the University.

The following prizes are awarded annually in the Law School:

Ellsworth Prize.—The Ellsworth Prize of \$25, established by the late Mr. Fritz von Briesen, is awarded to the student doing the best work in the subject of Patent Law Practice. It was awarded in 1940-41 to Wilbur Allison Schaich.

John Bell Larner Prize.—This prize, established by the bequest of John Bell Larner, consists of a medal which is awarded annually to that member of the graduating class in the Law School who attains the highest average grade in the entire course for the degree of Bachelor of Laws. It was awarded in 1940-41 to Paul McLennan Roca.

John Ordronaux Prizes.—These prizes were established in 1909 by the bequest of John Ordronaux. The amount of \$35 is awarded annually to the student in the Law School who has attained the highest average grade in the first-year, full time, regular course; and \$35 to the student who has attained the highest average grade in the second-year, full-time, regular course. The former was awarded in 1940-41 to Leonard Sparks Mewhinney and the latter to James Campbell Bigler.

Through the generosity of friends of the University a number of loan funds are available to students in the Law School. Among them is the Henry Strong-William A. Maury Loan Fund established by the Henry Strong Educational Foundation in memory of Henry Strong and William A. Maury. Application for loans should be made to the Comptroller of the University.

GENERAL REGULATIONS

Students in the Law School are subject to, and are expected to familiarize themselves with, the general University regulations stated in the University Catalogue.

HOURS OF INSTRUCTION

Morning sections: Monday and Wednesday, 10:00 A.M. to 12:50 P.M. Tuesday, Thursday, and Saturday, 10:00 to 11:50 A.M.

Evening sections: Monday through Friday, 6:30 to 8:20 P.M.

Employed Students.—The Law School is continuing the policy which it has pursued for many years of furnishing instruction to students who are employed either in the offices of the Federal Government or privately. Students who are employed during the day may attend evening sections. Students who are employed during the afternoon or evening may pursue a limited program in the morning sections. The course of instruction for the employed students is organized on a four-year basis. Additional credit, however, is given for work in the summer term.

Full-time Students.—A curriculum is provided for students having no substantial outside employment. The curriculum for these students is organized on a three-year basis.

AMOUNT OF WORK

A student who takes a majority of his courses in the full-time sections, from 10:00 A.M. to 1:00 P.M., may, with the permission of the Dean, take work not exceeding sixteen hours a week. For such a student the minimum period of attendance is three academic years.

A student who takes a majority of his courses in the evening sections may not register for more than ten hours a week. For such a student the minimum period of attendance is four academic years.

The amount of work carried by any student may be restricted when, in the judgment of the Dean, the best interests of the student require it.

ATTENDANCE

Regular attendance on classes is required and is necessary for successful work. A student who is deficient in class attendance in any subject may, by action of the Dean's Council, be barred from taking the examination in that subject.

RESIDENCE REQUIREMENTS

A year's attendance in the evening classes is counted as residence for three fourths of a year. A student admitted with advanced standing must complete at least one year of residence in this School and pass twenty-eight credit hours with the required average for the degree.

GRADES

At the end of each term each student is given a letter grade in each subject completed and a letter grade indicating the average for the term.

Grades are indicated by the letters *A*, excellent; *B*, good; *C*, satisfactory; *D*, poor—below standard for graduation; and *F*, failed.

The grades *A*, *B*, *C*, and *D*, mean that the work has been successfully completed and credit given for the subjects.

F, failed, means that the work in the subject has been a failure and that no credit will be given. To obtain credit the student must repeat the subject; but a student who has obtained an average of *C* in the work of the academic year and received a grade of *F* in only one subject may take the next regular examination in that subject, and if on such reexamination he obtains a passing grade he will be given credit in the subject with the grade thus obtained.

EXAMINATIONS

Final written examinations are held at the close of each term. Every student is required to take the regular examinations in the subjects pursued, unless excused by the Dean. A student who, with the consent of the Dean, does not take the final examination in a subject with the class in which he is enrolled may take the next regular examination given in the subject.

No special examinations will be given; except that, upon written application to the Dean's Council, showing sufficient cause, a candidate for a degree at a convocation before the next regular examination, if he would be entitled to take a postponed examination, may, at the discretion of the Dean's Council, be given a special examination.

EXCLUSION AND PROBATION FOR POOR SCHOLARSHIP

A student who during an academic year fails in courses aggregating eight or more credit hours will be excluded. Such a student is not eligible to be registered in the Law School or to attend classes in the next academic year. He may, however, be admitted to the regular examinations in that academic year in those subjects in which he has made a grade below passing, and if he receives a grade of passing in these subjects with an average sufficient to make his general average not less than *C*, he will be reinstated at the beginning of the academic year next succeeding the passing of these examinations.

A student not subject to exclusion under the foregoing rule who at the end of an academic year has failed to maintain a general average of at least *C*, will be on probation during the next academic year. A student on probation may at the discretion of the Dean be required to reduce his program of study. A student on probation will be excluded at the end of the probationary year unless he has made grades sufficient to give him a general average of at least *C*.

The general average of a student includes all the grades in all the subjects taken while he is in the Law School working for a particular degree. When a subject is repeated or a reexamination is taken, both the first grade and the subsequent grade or grades are counted in the general average.

In special cases in which it is clear that the student's failure does not indicate lack of ability to pursue the study of law, the student who has become subject to exclusion may be readmitted by vote of the Dean's Council of the Law School.

No student is put on probation or excluded because of the work of one term only, or as the result of a program of less than four hours a week during the academic year.

CLASSIFICATION OF STUDENTS

Students are divided into classes on the completion of credit hours as follows: first year, to twenty-seven; second year, twenty-eight to fifty-five; third year, fifty-six or more.

RIGHT TO DROP STUDENTS

The right is reserved by the University to drop any student from the University, or from any class or classes, whenever, in the interest of the student or the University, the University Administration deems it advisable to do so.

STUDENT LIFE

LIVING ACCOMMODATIONS

University Residence Halls

Women Students.—The Hattie M. Strong Residence Hall is open to women students. Single rooms with breakfast and dinner are \$55 a month. Double rooms with the same service are \$48 a month a person.

Women students under twenty-three years of age who carry twelve or more credit hours of academic work and who do not live in the dormitory must have their residences approved by the Director of Personnel Guidance before their registrations can be completed. Such approval should be secured at least one week before the beginning of registration.

Men Students.—Staughton Residence Hall is open to men students. Single rooms with breakfast and dinner are \$50 a month. Double rooms with the same service are \$45 a month a person.

Applications for Reservations.—Applications for reservations in the University residence halls should be made well in advance of the term for which such accommodations are desired.

Forms for application, together with detailed information may be obtained from the Director of Personnel Guidance.

The prices stated above are subject to change without notice.

Off Campus Accommodations

A registry of near-by rooms is kept in the Office of the Director of Personnel Guidance. Single rooms range in price from \$20 to \$30 a month, double rooms from \$15 to \$20 a month a person. Rooms with board consisting of breakfast and dinner cost from \$40 to \$50 a month a person.

PLACEMENT OFFICE

The Placement Office is maintained to assist graduates and students in finding positions for which their college work has prepared them, and to cooperate with employers who wish to fill vacancies. Enrollment is open to alumni members and students of the University without charge for placement.

For further information address the Placement Office.

Student Employment

An employment service is operated to assist the self-supporting student in finding employment.

The prospective student who expects to earn any part of his expenses and who does not have a definite appointment to a position before com-

ing to Washington should have the means of support for at least one term.

Many out-of-town students secure positions in the departments of the Government in Washington by taking the United States Civil Service examinations in their home states. The hours of employment permit them to pursue a college course in the late afternoon.

HEALTH ADMINISTRATION

The payment of the University fee entitles the student to health services hereinafter described. Through reports from the students and University officials, the University attempts to keep informed as to all cases of illness among its students. This service is primarily diagnostic in its intent. It also provides first aid in the event of an emergency.

Medical privileges include: (1) the physical examination of every student entering from secondary school;* (2) three visits by the University physician or surgeon, office or residence (District of Columbia) in any one illness, exclusive of a specialist, surgical operation, laboratory, or X-ray examination; (3) hospitalization, including board, medicine, and nursing in the University Hospital for not more than two weeks during a school year—the necessity to be determined by the Director of Health Administration. The duration of hospitalization period (maximum, two weeks) is also to be determined by the Director of Health Administration.

This medical benefit does not apply to illness or disability incurred previous to the University term or prior to payment of the University registration fee.

The student is allowed, if he so desires, to engage physicians and nurses of his own choice, but when he does so he will be responsible for the fees charged.

Rules: (1) The Director of Health Administration is empowered to limit or deny the medical benefits where, in his discretion, a student has, by his misconduct or breach of the rules of the University, made himself ineligible; (2) the Director of Health Administration has authority to determine the necessity and length of hospitalization; (3) a student who has severed his connection with the University is ineligible for medical benefits; (4) a student intending to train for an athletic team is required to pass a thorough examination at the beginning of each term; (5) the above regulations apply also during the summer term of the University.

The University is not responsible for injuries received in inter-collegiate or intra-mural games, or in any of the activities of the departments of physical education.

*A charge of \$2 is made if a student fails to appear for a physical examination during the period set for this purpose.

THE DEGREES

IN THE PROFESSIONAL COURSE

These degrees are Bachelor of Laws (LL.B.) and Juris Doctor (J.D.).

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF LAWS

To be recommended for this degree the student must have completed: a residence period of not less than three academic years on a full-time basis (four years on a part-time basis) in an approved law school, the last year to be in this School; and eighty credit hours with a general average of at least *C*, in courses described on pages 28-33, including the course in Moot Court.

Combined Degrees of Bachelor of Arts and Bachelor of Laws.—A candidate for the combined degrees of Bachelor of Arts and Bachelor of Laws must: (1) complete three years of satisfactory college work; (2) fulfill the residence requirement of at least thirty credit hours of Columbian College, the School of Government, or the School of Education; (3) obtain the approval of the Dean of the college concerned at the time of entering the Law School; (4) obtain the recommendation of the Dean of the Law School at the completion of the first year of the Law School, at which time the degree of Bachelor of Arts will be conferred (Professional work taken at another institution will not satisfy the major requirement for the combined degrees.); (5) maintain throughout the entire course the scholarship level required for graduation.

REQUIREMENTS FOR THE DEGREE OF JURIS DOCTOR

This degree is conferred as a recognition of the completion at the George Washington University Law School, with high rank, of the full professional course of not less than three full years (four years on a part-time basis) including experience in research and legal authorship.

To be recommended for this degree the student must have completed: (1) a residence period of not less than three academic years on a full-time basis (four years on a part-time basis) in an approved law school, the last year to be in this school; (2) eighty credit hours with a general average of at least *B*, in courses described on pages 28-33, including the course in Moot Court and either the course in Comparative Law or one of the graduate seminars; and (3) one year of acceptable service on the

board of student editors of *The George Washington Law Review*, election to which is subject to regulations laid down by the faculty.

HONORS

The degree of Bachelor of Laws or of Juris Doctor "with distinction" will be awarded the student who obtains a general average of *A* in the work for the degree.

IN THE GRADUATE COURSE

These degrees are Master of Laws (LL.M.) and Doctor of Juridical Science (S.J.D.).

REQUIREMENTS FOR THE DEGREE OF MASTER OF LAWS

To be recommended for this degree the student must have completed a residence period of not less than one academic year. He must have completed satisfactorily twenty credit hours of subjects in the graduate curriculum. In individual cases, third- or fourth-year subjects listed in the professional curriculum may be included in the program of study. All requirements for this degree must be completed in a period not exceeding two academic years.

REQUIREMENTS FOR THE DEGREE OF DOCTOR OF JURIDICAL SCIENCE

To be recommended for this degree the student must have completed a residence period of not less than one academic year. He must have pursued a course of study and research designated by his consultative committee and approved by the Dean's Council of the Law School. At the conclusion of his first year of residence or at such other time as the consultative committee may set, the candidate must pass an oral examination in those fields of study selected by the consultative committee. This examination shall be conducted by the consultative committee and such other members of the faculty as may be assigned by the Dean. The student must then submit a thesis which in the opinion of the examining committee shall constitute a substantial contribution to the field of law concerned and shall be suitable for publication.

A field of study may be selected from the following: Administrative Law, Civil Procedure, Conflict of Laws, Constitutional Law, Evidence, Federal Jurisdiction, Public Corporations, Government Regulation of Business Organization, History of Law, International Law, Labor Law, Municipal Corporations, Trade Regulation, and Trusts.

COURSES OF INSTRUCTION

The courses of instruction listed below are subject to change. The University reserves the right to withdraw any course announced.

The number which precedes the name of a course indicates the term in which that course is offered. An odd number indicates that the course is offered in the fall term; an even number, that it is offered in the winter term; and a double number (e.g., 241-42), that it begins in the fall and continues in the winter term.

First-year courses are numbered from 101 to 200; second-year courses, from 201 to 300; third year courses, from 301 to 400; and graduate courses, from 401 to 500.

The number of hours of credit given for the satisfactory completion of a course is indicated in parentheses after the name of the course. Thus, a year course giving two hours of credit each term is marked (2-2), and a term course giving two hours of credit is marked (2).

LETTER OF TRANSMITTAL

December 15, 1942

TO THE PRESIDENT AND THE BOARD OF TRUSTEES
THE GEORGE WASHINGTON UNIVERSITY
WASHINGTON, D. C.

GENTLEMEN:

I am submitting herewith the Report of the Comptroller of The George Washington University for the fiscal year ended August 31, 1942. This report is a review of the budget operations for the year and is based on the budget approved by the Board of Trustees of the University.

The accounts of the University are kept and its financial reports set up as far as practicable in conformance with the recommendations of the National Committee on Standard Reports for Institutions of Higher Education. Under that plan the funds of the University are classified in various fund groups, and the accounts and financial statements are set up to segregate clearly the assets and liabilities of each of these groups as indicated in the balance sheet, Exhibit A.

R. G. Rankin & Co., certified public accountants, have examined the accounts of the University for the past year, and their report is appended herewith.

A condensed summary of the principal facts in the report is presented below and on succeeding pages, followed by detailed Exhibits and Schedules.

Respectfully submitted,
HENRY W. HERZOG
Comptroller

CONDENSED SUMMARY

CURRENT FUNDS—UNRESTRICTED

These funds represent unrestricted assets which are available for immediate use in the current operation of the University.

OPERATING INCOME

Operating income for the year was \$1,911,350.50 (Schedule 1).

Scholarships were awarded to students from the following sources: current funds unrestricted (Schedule 2—Page 4), \$16,726.19; endowment income (Schedule 9—Page 3), \$3,004.91.

To meet the educational responsibilities of wartime, the University adopted an accelerated program designed to satisfy immediate war needs and the needs of the postwar future. This program was made possible by year-round instruction on a three term basis and required for the completion of college work.

The United States Government through the National Youth Administration made available the sum of \$23,497.50 for the employment of 213 students in various projects at the University. Since the funds were not handled by the University, the amount is not included in the income and expense schedules.

In the interest of National Defense, the University conducted 93 short engineering courses of college grade under Public Act No. 146, 77th Congress, 1st Session, Title II, Subheading "Education and Training, Defense Workers (National Defense)", to provide training for properly qualified trainees. The United States government appropriated \$115,776.73 for these courses of which \$100,427.02 was expended in the 1941-42 year (Schedules 1 and 2). The balance of \$15,349.71 was deferred to the 1942-43 year and of this amount \$1,916.40 was used, the balance of \$13,433.31 being refunded to the Government.

OPERATING EXPENSE

Operating expense for the year was \$1,771,680.43 (Schedule 2).

SURPLUS

The operating net income for the year was \$139,670.07. At the end of the fiscal year 1941-42, the Current Funds Unrestricted Surplus amounted to \$49,535.77. A summary of changes affecting Surplus appears on Exhibit B.

CURRENT FUNDS—RESTRICTED

Gifts, grants, and income from endowments comprise these funds which consist of currently expendable assets, limited as to disposition.

During the year restricted gifts for immediate use amounted to \$1,208.96 (Page 70); other restricted gifts for use as needed or specified amounted to \$71,689.75 (Page 70); restricted endowments earned \$76,105.90.

A summary of changes affecting these funds appears on Exhibit C.

LOAN FUNDS

For the assistance of students seeking financial aid, loan funds have been established by the University and by other organizations (Schedule 10). Loans are made at a low rate of interest and when repaid the interest is added to the principal.

During the year, loans were made to 426 students. Gifts of \$10,677.00 were made to the Loan Funds (Schedule 10).

A summary of changes affecting these funds appears on Exhibit D.

ENDOWMENT FUNDS

The principal of all endowment funds amounts to \$2,498,317.47, including Reserves for Protection of Investments of the Consolidated Endowment Funds and the Scottish Rite Endowment Fund which have a credit balance of \$71,586.83. These funds are represented by assets which, under the terms of wills, deeds of gift, or under the by-laws of the University, must be held in perpetual trust for income-producing purposes. The principal amount and purpose of every endowment fund of the University are recorded on Schedule 11. A description of the funds begins on page 72.

"Consolidated Endowment Funds" consist of sixty-seven endowments with a total value of \$909,442.99 (Schedule 4—Page 5). The assets of these funds are combined to eliminate the possibility of partial or total loss of any fund through the failure of a specific investment, and to avoid temporary suspension of income; it also prevents carrying uninvested small cash balances in amounts not adapted to investment, and gives all funds equality of treatment. Unless otherwise restricted by the donors, the assets of all new endowments are added to the assets of the Consolidated Endowment Funds. Their earnings are recorded in one income account and distributed at the end of the year to the participating funds in the proportion each fund bears to the total of the entire group. This income, after deductions for amortization of premiums on investments and 10% of the balance as a reserve against losses (Schedule 11), was distributed to the participating funds at the end of the past year at the rate of 3.4638% (Schedule 9).

The Scottish Rite Fund earned 3.6343% net income on its investments during the year just ended.

Pledges to the School of Medicine Endowment Fund on August 31, 1942, totaled \$38,380.

During the year the last lot of the original 180 lots, in the city of Washington, D. C., granted to the University by act of Congress approved July 14, 1832, in the value of \$25,000, was sold and the Congressional Professorship Fund was thus increased to \$158,709.04 (Schedule 11 and Appendix—Page 3).

Net income of endowment funds for the year was \$92,202.71 (Schedule 9—Page 3).

A summary of changes affecting these funds appears on Exhibit E.

PLANT FUNDS—UNEXPENDED

Cash and other assets not yet expended for development of the physical plant comprise this type of fund (Schedule 6).

There was expended from these funds during the past year \$320,605.94 for land, buildings, and equipment (Schedule 12).

Unexpended Plant Funds, including \$2,970.78 Reserve for Protection of Investments, total \$349,733.28 (Exhibit F), which is largely invested in temporary investments (Schedule 6).

The Dimock Fund of \$6,121.10, bequeathed to the University by the late Susan Whitney Dimock, has temporarily been set up as a fund for plant additions pending disposition by the Board of Trustees (Schedule 12 and Appendix—Page 6).

A summary of changes affecting these funds appears on Exhibit F.

PLANT FUNDS—INVESTED IN PLANT

The investment in the physical plant of the University includes land, buildings, and equipment; their total value August 31, 1942, was \$5,110,692.94 (Exhibit A).

Additions to land and buildings during the year totaled \$357,461.94 (Schedule 8). Equipment was increased by \$65,830.73 (Schedule 7). Trust notes payable were reduced by \$43,800.00 (Exhibit G).

Additional expenditures on the Lisner Auditorium amounted to \$275,054.94 (Schedule 8—Page 1) increasing the valuation to \$772,134.95. It is expected that the building will be completed during 1942-43. Since the shape of the Auditorium was necessarily changed when it was found impossible to purchase 720 21st Street, N. W., the Board of Trustees at a meeting on December 10, 1942, authorized the transfer of \$65,307 from the General Funds to the Lisner Auditorium Fund to reimburse the latter fund for the purchase of the following properties now separated from the Auditorium site by 720 21st Street:

714 21st Street, N. W.	\$40,000
716 21st Street, N. W.	8,885
718 21st Street, N. W.	16,422
	<hr/>
	\$65,307

A summary of changes affecting these funds appears on Exhibit G.

AUDIT CERTIFICATE

December 15, 1942

TO THE PRESIDENT AND THE BOARD OF TRUSTEES
THE GEORGE WASHINGTON UNIVERSITY
WASHINGTON, D. C.

GENTLEMEN:

We have examined the balance sheet of THE GEORGE WASHINGTON UNIVERSITY as at August 31, 1942, and the statements of current operating income and expense, current funds surplus, and other fund transactions for the fiscal year then ended, have reviewed the system of internal control and the accounting procedure of the University, and, without making a detailed audit of the transactions, have examined or tested accounting records of the University and other supporting evidence, by methods and to the extent we deemed appropriate.

In our opinion, the balance sheet and related statements of current operating income and expense, current funds surplus, and other fund transactions included in the accompanying Report of the Comptroller of the University, present fairly the financial position of The George Washington University as at August 31, 1942, and the results of operations for the fiscal year then ended, in conformity with accepted principles of university and college accounting applied on a basis consistent with that of the preceding year.

Respectfully submitted,
